Benefits Enrollment via [my.SMU.edu](https://my.smu.edu)

Review your benefits options! Information on your options is available on the SMU HR website and in this Benefits Guide.

Consider your choices carefully! Once you have submitted your elections, you cannot make changes to your benefits unless you have a subsequent qualifying life event or during the next Open Enrollment period.

Flexible Spending Accounts & the Health Savings Account! If you want to contribute to one or both Flexible Spending Accounts (FSAs) or the Health Savings Account (HSA), you are required to make a new election each year during Open Enrollment. If you do not make a new election, you will not be able to contribute to the FSAs/HSA for the upcoming plan year.

Get Ready to Enroll! Be sure you have **accurate** dates of birth and Social Security Numbers for yourself and any dependent(s) you want to cover. You will also need your SMU Employee ID and password to log in to [my.SMU.edu](https://my.smu.edu).

Enroll by your deadline! New Faculty/Staff must make their benefit elections within 31 days of their hire date.

If you do not make your elections within this 31-day window, you will have only SMU-paid Basic Life coverage until your next enrollment opportunity. Faculty/Staff making changes due to qualifying life events or during an Open Enrollment period must make their benefit elections within 31 days of their qualifying event date or within the designated Open Enrollment period.

Follow-up! Verify the correct deductions are taken from your paycheck. Immediately email the Benefits Department at benefitsu@smu.edu if you find any discrepancies.

Important! Once you enter and save dependent information (i.e., name, date of birth, SSN, relationship, gender, marital status, etc.) you cannot edit that information. If you find anything that requires correction, send an email to benefitsu@smu.edu.

Eligibility

Who Is Eligible

Employee Eligibility

If you regularly work 20 hours or more per week, you are eligible to enroll in SMU's benefits plans during your first 31 days of employment, within 31 days of a qualified "Life Event," or during the annual Open Enrollment.

Dependent Eligibility

Eligible dependents include your legal spouse and dependent children. "Children" are defined as your natural children, stepchildren, legally adopted children, and children under your legal guardianship. Physically or mentally disabled children of any age who are incapable of self-support are eligible for continued coverage. Proof of disability is required. Watch for a dependent eligibility letter from UnifyHR with more information.

- **Medical:** Children through age 25 – even if the child no longer attends college, doesn't live with his/her parents, is married, and/or is not a declared dependent.
 - » Coverage ends on the day prior to attainment of age 26.
- **Dental:** Unmarried children through age 25 (regardless of student status).
 - » Coverage ends on the day prior to attainment of age 26.
- **Vision:** Unmarried children through age 24 (regardless of student status).
 - » Coverage ends on the last day of the month in which the 25th birthday occurs.
- **Supplemental Life Insurance:** Unmarried children through age 24 (regardless of student status) and unmarried natural or adopted grandchildren, through age 24, who are financially dependent upon you for support.
- **Accidental Death & Dismemberment (AD&D):** Unmarried children through age 24 (regardless of student status) and unmarried natural or adopted grandchildren, through age 24, who are financially dependent upon you for support.

Covering dependents who are not eligible is a violation of both the Internal Revenue Code and University policy. It is very important you understand SMU's dependent eligibility requirements.

If you find that you are currently covering a dependent under a SMU benefit plan who does not meet the eligibility requirements, please notify the Department of Human Resources immediately.

If your child becomes ineligible for coverage you must notify the Department of Human Resources at benefitsu@smu.edu.

Qualifying Life Events

You have an opportunity to enroll in SMU benefits when you first become eligible as a new employee. The next opportunity you have to change your benefits choices is during annual Open Enrollment each year. Annual Open Enrollment typically occurs in October.

Once you have made your enrollment choices, you generally cannot make any changes until the next annual Open Enrollment. However, you may make certain changes if you have a Qualifying Life Event that affects your benefits. Typical Qualifying Life Events include, but are not limited to:

- Marriage or divorce;
- Birth or adoption of a child;
- Death of a spouse or other eligible dependent;
- Enrollment in (or loss of) state or federal medical coverage;
- Change in your spouse's or child's employment resulting in gain or loss of eligibility for employer's benefits.

If you have a Qualifying Life Event, you must contact the Department of Human Resources immediately. You also must submit documentation of the event (a marriage license, birth certificate, death certificate, etc.).

You will have **31 days** from the date of your Life Event to make allowable benefits changes via [my.SMU.edu](https://my.smu.edu). Please contact the Department of Human Resources immediately at benefitsu@smu.edu. Provide your SMU ID and the Life Event type and date. Instructions will be emailed to you.

Medicaid/CHIP Special Enrollment Period

The group health plans provided by SMU include two additional special enrollment opportunities. These Qualifying Life Events occur when:

- You (the employee) or your dependent's Medicaid or CHIP (Children's Health Insurance Program) coverage is terminated as a result of loss of eligibility; or
- You (the employee) or your dependent becomes eligible for a premium assistance subsidy under Medicaid or CHIP.

You must request this special enrollment within 60 days of the loss of Medicaid or CHIP coverage, or within 60 days of when eligibility for premium assistance under Medicaid or CHIP is determined. The 31 day notice is still required for all other special enrollments.

IMPORTANT NOTE: Newborns are NOT automatically added to your coverage under SMU's benefit plans.

Benefits Cost – Full Pay Year Employees

Paying For Benefits – 2023

SMU pays a significant portion of the overall cost of your medical and dental benefits. The amount you pay will depend on the choices you make. The table below illustrates the monthly cost of coverage for full pay year employees. Please see pages 8 and 9 for the monthly and bi-weekly cost of coverage for partial pay year employees.

On average, SMU employees pay 35% of the overall medical and pharmacy costs. The employee and SMU contributions listed in the tables above and on pages 8 – 9 are just one part of the total overall medical and pharmacy cost. Other variables that contribute to the overall medical and pharmacy cost include co-pays (depending on plan election) and coinsurance, both of which are payment toward the annual deductible and out-of-pocket maximum.

Medical Coverage

SMU's medical plans, administered by BlueCross BlueShield of Texas (BCBSTX), include the \$2,000 deductible PPO and the \$3,000 and \$5,000 High Deductible Health Plans (HDHPs). All of the plans cover a wide variety of medical services, but coverage under the HDHPs is very different than coverage under the \$2,000 deductible plan.

\$2,000 Deductible PPO

A Preferred Provider Organization (PPO) health plan allows for more flexibility and more choices when it comes to your health care. A PPO plan offers a network of health care providers to choose from, and you have the freedom to receive care from any in- or out-of-network doctor, specialist or hospital without a referral – even when you travel. Keep in mind, however, that your out-of-pocket medical costs will be substantially higher if you use an out-of-network provider.

For many people, health care typically involves a visit to a primary care physician (PCP) or a specialist. With the \$2,000 deductible plan, you pay a \$25 copay for a PCP office visit and \$75 for a specialist office visit. Office visits are not subject to the deductible unless the doctor orders lab work or other tests.

For prescription medications, you pay coinsurance. For example, you will pay 30% for a generic medication and the plan pays 70%. If you order “maintenance” medications such as asthma, cholesterol and blood pressure medications via Prime Therapeutics' Express Scripts home delivery service, your cost is capped at \$20 for a generic medication and \$98 for a preferred brand medication. Prescription medications are not subject to the \$2,000 medical deductible with this plan, but brand name medications are subject to a \$100 annual deductible.

Other health services such as a MRI or CT scan, surgery, and hospitalization are subject to your deductible so you would pay the cost of the service until your deductible is satisfied, then you and the plan share the remaining cost. For example, if you have a \$20,000 surgery, you pay the first \$2,000, then the plan pays 80% and you pay 20%, up to your annual out-of-pocket maximum. For more details, be sure to review pages 12 – 14.

For the most current list of in-network providers, go online to the Doctor and Hospital Finder at www.bcbstx.com (select Blue Choice PPO plan option when prompted).

\$3,000 and \$5,000 High Deductible Health Plans (HDHPs)

The \$3,000 and \$5,000 HDHPs are also PPOs but are very different than the \$2,000 deductible plan. Below, and on pages 13 – 14, is important information regarding the HDHPs:

- With the exception of preventive care services like annual physicals, health screenings and immunizations, the \$3,000 and \$5,000 HDHPs pay nothing until you satisfy the deductible. You pay the rate that has been negotiated between BCBSTX and the physician for office visits and you pay the full cost of prescription medications until the deductible is satisfied.
- Once the deductible is satisfied, the \$3,000 HDHP pays 100% of all costs except \$25 or \$75 copays for physician office visits, \$300 copay for emergency room visits (if not admitted), and coinsurance for prescription drugs. You continue to pay these copays and coinsurance until you reach the out-of-pocket maximum, at which time the plan pays 100% for all covered services for the remainder of the calendar year.
- For the \$5,000 HDHP, once the deductible is satisfied, you have also satisfied the out-of-pocket maximum and the Plan pays 100% for all covered services for the remainder of the calendar year.
- The family deductible for the \$3,000 and \$5,000 HDHPs works the same way as the \$2,000 deductible PPO. No covered participant will contribute more than the individual deductible amount to the “family” deductible.

Preventive Benefits – Routine Physicals, Screenings, and Immunizations

All three medical plans cover 100% of the cost of in-network routine annual physicals, age-recommended screenings (including breast, bone density, prostate and colon screenings), and immunizations for you and your enrolled dependents. These preventive services are not subject to your deductible or office visit copays.

- **IMPORTANT:** If your doctor submits a claim for a screening or a physical exam under a diagnostic code (vs. a routine preventive code), the claim will be applied to your deductible. The only exception will be for a colonoscopy, which will be paid at 100% for individuals enrolled in the \$2,000 deductible Medical plan, regardless of whether the claim is coded as diagnostic or routine preventive. Per IRS regulations, the diagnostic colonoscopy exception does not apply to individuals enrolled in the \$3,000 or \$5,000 HDHPs.

After you satisfy the annual deductible the Plan pays 100% with the exception of office visit copays, emergency room copays, and prescription drug coinsurance – all of which continue to apply to your annual out-of-pocket maximum. The plan pays 100% of eligible expenses after you reach the out-of-pocket maximum.

IMPORTANT: About Medicare Part D Coverage

If you enroll in the \$3,000 HDHP with the HSA and you are eligible for Medicare (or will be Medicare eligible in the next few years), it's important to know that this plan does not provide "creditable coverage" should you enroll in the Medicare Part D prescription plan going forward. This means if you enroll in this plan and later enroll in Medicare Part D, you will incur a 1% late enrollment fee for every month you remain in this plan past your eligibility for Medicare.

Prescription Drug Coverage

Prescription drug benefits are administered by Prime Therapeutics. You have the choice of purchasing your Generic, Preferred Brand Name, and Non-Preferred Brand Name prescriptions through local retail pharmacies or through the Express Scripts home delivery service home delivery service. Specialty medications are only available through the home delivery service via Accredo Prime's specialty pharmacy.

Retail Prescription Program

The retail prescription program utilizes a network of participating pharmacies. To receive the highest benefit level, you must use a participating pharmacy. Prescriptions filled at non-participating pharmacies are generally not covered.

Home Delivery Prescription Program

The Express Scripts home delivery service should be used for prescription medications that you take on a regular basis (maintenance medications). Specialty medications are *only* available through the home delivery service via Accredo specialty pharmacy. You can order up to a 90-day supply of your maintenance medication(s) and 30-day supply for specialty medications. All home delivery medications will be mailed directly to your home, often at reduced cost to you. Using the home delivery service program is convenient because you can avoid trips to the pharmacy and get a 90-day supply at one time (for maintenance medications). If you have any questions regarding the home delivery service for any of your prescriptions, please call 1-833-715-0942.

Specialty Prescription Program

Your prescription drug plan includes coverage for certain specialty medications. Specialty medications are generally high-cost injectable drugs with special handling or storage requirements that require careful adherence to treatment protocols. Mastectomy Coverage

The medical plans cover surgery after a mastectomy to:

- Reconstruct the breast on which the mastectomy was performed.
- Reconstruct the other breast to produce a symmetrical appearance.

This coverage is required by federal law. Protheses and physical complications in all stages of the mastectomy, including lymphedemas, are also covered.

Maternity Coverage

In accordance with federal law, SMU's Medical plans do not restrict benefits, for any hospital length of stay in connection with childbirth for the mother or newborn child, to less than 48 hours following a vaginal delivery or less than 96 hours following a Caesarean delivery.

However, federal law generally does not prevent the mother's or newborn's attending care provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours, as applicable).

Dental Coverage

SMU's Dental Plan is administered by BlueCross BlueShield of Texas (BCBSTX). The Dental Preferred Provider Organization (DPPO) allows you to visit any dentist, without referrals, for all of your dental care. If you use a BlueCare® in-network dentist, you will generally pay less for your care.

If you choose a dentist outside of the BlueCare® network, your share of costs will be higher and you may need to file your own claims.

You will receive a BCBSTX ID Card, which you must present at the time you receive services. If you also enroll in the SMU Medical Plan, you will have one BCBSTX ID card which you will use for medical services, prescription medications, and dental services.

Health Savings Account (HSA)

If you enroll in either the \$3,000 or \$5,000 High Deductible Health Plan (HDHP), you should also take advantage of a special tax-savings feature called a Health Savings Account (HSA). The HSA, which is administered by BenefitWallet, is a tax-free bank account you use to help pay the cost of eligible health care expenses.

- **This is an important feature since neither the \$3,000 nor the \$5,000 HDHP pay any benefits, with the exception of preventive care services, until you satisfy your deductible.**

You can keep your HSA if you change health plans or jobs, become unemployed, move to a different geographic area or change your marital status.

You make contributions to your account via pretax payroll deductions, reducing your taxable income. You can use the HSA to pay for qualified health care expenses, such as:

- Expenses applied to your HDHP deductible
- Amounts above reasonable and customary charges for out-of-network services
- Dental and vision expenses not covered by your dental and vision plan

Who Is Eligible?

In order to participate in a HSA, you:

- must be enrolled in the \$3,000 or \$5,000 HDHP
- cannot be covered by any other health plan that is not a HDHP
- cannot be currently enrolled in Medicare or Tricare
- cannot have received medical benefits through the Department of Veterans Affairs (VA) during the preceding 3 months
- cannot be claimed as a dependent on another person's tax return

Even if you do not contribute to the HSA, you cannot contribute to SMU's Health Care FSA if you are enrolled in either the \$3,000 or \$5,000 HDHP.

HSA Contribution Limits

For 2023, you can contribute up to a maximum of \$3,850 for an individual or up to \$7,750 for a family. **If you are age 55 or older, you can contribute an additional \$1,000.** Your contributions are deducted from your paycheck on a pretax basis, reducing in your taxable income. The money is placed in an account, where it earns interest after you contribute a certain amount. The money in your HSA is always yours to keep.

HSA Fees: SMU pays the monthly account fee on behalf of active employees contributing to the HSA with BenefitWallet. Other fees are the responsibility of the HSA participant.

How to Set Up Your Account

Once you enroll in the SMU \$3,000 or \$5,000 HDHP, you will receive a Welcome Packet from BenefitWallet. The Welcome Packet will provide instructions for opening your account online. Please do so as soon as possible, as a delay in opening your account could cause your contributions to be rejected.

Also, the Welcome Packet will provide a Master Signature Form. We'd encourage you to complete and return that form to BenefitWallet. You would also use this form to order a free set of checks that can be used with your account. Returning the Master Signature Form will save you time and effort if you ever have to change the name or address on your account.

- ***If you do not follow the instructions and activate your account immediately you will not have access to your contributions.***
- After your account is open, you will be issued a debit card in your name. You may order an additional card, free of charge, for your spouse or tax dependent child on the BenefitWallet website. Cards in addition to the first two are assessed a fee of \$5.
- If you would like your out-of-pocket expenses, including the deductible, to be automatically debited from your HSA, contact BenefitWallet at 1-877-635-5472 to sign up for auto-adjudication.

If You Have Money Left at Year-End

Any money left in your account at the end of the year remains there. You can use it to help pay your qualified health care expenses in future years. If you leave SMU, you take your HSA with you. There are no "use it or lose it" rules with HSAs.

For More Information

If you have questions about the HSA or want to take advantage of BenefitWallet's online customer service tools, visit the BenefitWallet website at www.mybenefitwallet.com.

In case of a tax audit by the IRS, it's important to save your receipts for all health care expenses you've paid out of your HSA.

Visit smu.edu/hr > Benefits and Wellness > Health and Other Benefits > Spending Accounts > Health Savings Account

Flexible Spending Accounts (FSAs)

Flexible Spending Accounts (FSAs), administered by WEX, enable you to pay for qualified expenses on a pretax basis.

If you enroll, you choose an annual amount you want to contribute. Your contributions are deducted each pay period and deposited in your account. Since this money is deducted from your paycheck on a pretax basis, you reduce your taxable income.

For more details regarding eligible expenses, visit <https://www.wexinc.com/insights/benefits-toolkit/eligible-expenses/>.

Health Care FSA

The Health Care FSA is used to pay for eligible out-of-pocket health expenses. The maximum amount you can contribute to the Health Care FSA is **\$2,850** per employee. The plan includes a special rollover feature which allows up to \$570 of your unused 2023 Health Care FSA balance to roll over into your 2023 Health Care FSA. Please keep this in mind while making your 2023 benefit elections. Any eligible rollover balance will automatically post to your account after the March 31st run-out period (the deadline to submit eligible expenses you previously incurred).

Dependent Care FSA

The Dependent Care FSA is used to pay for eligible day care expenses for a dependent that lives with you and is under age 13 (or disabled and any age). You must claim this person as a dependent on your income tax return. If you are married and file a joint return, or you file a single or head of household return, the annual contribution limit is **\$5,000**. If you are married and file separate returns, you can each elect **\$2,500** for the calendar year. To qualify for a Dependent Care FSA, it is not a requirement that both you and your spouse are employed. However, reimbursements from your Dependent Care FSA cannot exceed the lower of your or your spouse's (if married) earned income.

FSA or Tax Credit?

A child-care tax credit is available on your federal income tax return. Expenses you pay through the Dependent Care FSA reduce the tax credit you may claim. If you earn less than \$25,000, you may benefit more by using the tax credit. Ask a tax advisor which is better for you.

You can roll over up to \$570 of your unused 2022 Health Care FSA balance into 2023. Any additional Health Care FSA amounts, as well as any unspent Dependent Care FSA balance will be forfeited per the Internal Revenue Service's "use it or lose it" rule for these accounts.

Additionally, if you have an unused 2022 Health Care FSA balance that rolls over into 2023, you will be ineligible to contribute to a Health Savings Account in 2023 if you switch to the \$3,000 or \$5,000 HDHP in 2023.

Keep in mind, if you enroll in the \$3,000 or \$5,000 HDHP, you cannot contribute to the SMU Health Care FSA.

Why Bother With an HSA or FSA?

Reduce Your Taxable Income and Save!

Let's say you and your family average \$2,000 a year in out-of-pocket health care expenses (medical, prescription, dental and vision expenses) that your SMU health plans don't fully cover (copays, deductibles, and coinsurance).

- **If you enroll in the \$2,000 Deductible PPO**, contribute \$2,000 (or more) to the Health Care FSA to reimburse yourself for the \$2,000 estimated out-of-pocket expense. You need to be careful about how much you contribute to the FSA since any Health Care FSA funds over \$570 remaining in your account at the end of the year are forfeited and do NOT rollover to future years. The maximum annual Health Care FSA contribution is \$2,850.
- **If you enroll in the \$3,000 or \$5,000 HDHP**, contribute \$2,000 (or more) to the Health Savings Account (HSA) to reimburse yourself for the \$2,000 estimated out-of-pocket expense. Any HSA funds remaining in your account at the end of the year will rollover from year-to-year to help pay for future eligible expenses. The maximum annual HSA contribution is \$3,650 for an individual and \$7,300 for family coverage, plus an additional \$1,000 if you are age 55 or older.

	No FSA or HSA Contribution	Health Care FSA Contribution	HSA Contribution
Monthly Income*	\$3,917	\$3,917	\$3,917
Monthly Contribution Pretax Deduction	No Contribution	\$167	\$167
Monthly Taxable Income Less FSA/HSA Contribution	\$3,917	\$3,750	\$3,750
Monthly Federal Income & Social Security Tax**	\$1,279	\$1,224	\$1,224
Monthly Remaining Income	\$2,638	\$2,526	\$2,526
Monthly Tax Savings	\$0	(\$55)	(\$55)
Annual Tax Savings	\$0	(\$660)	(\$660)

* Assumes \$47,000 annual salary.

** Assumes 25% tax bracket and 7.65% FICA tax (SS & Medicare).

- By using pretax dollars to pay for eligible health care expenses, the *Health Care FSA or the HSA allows you to save \$55 a month (\$660 a year) that you would otherwise pay in taxes!*
- HSAs offer three separate tax savings benefits: pre-tax contributions, tax-free interest and investment earnings, and tax-free payments for qualified medical expenses. Thus, if used for qualified medical expenses, these dollars are never taxed! FSAs offer two tax savings benefits: pre-tax contributions and tax-free payments for qualified medical expenses. Just remember all HSA dollars rollover to the next year, but FSA dollars generally must be used by the end of the calendar year as any Health Care FSA balance over \$570 is forfeited and does NOT rollover to future years.
