

POWER PLAYS™

DRILLING INTO GEOTHERMAL ENERGY APPLICATIONS

#SMUPowerPlays

January 10-11, 2018

SMU Campus, Dallas, TX

The SMU Geothermal Lab is hosting our 9th international energy conference, **Power Plays: Drilling into Geothermal Energy Applications**, on January 10-11, 2018 on the SMU campus in Dallas, Texas. Power Plays will advance the understanding of geothermal resources in conjunction with waste-heat and direct-use applications, providing attendees with strategies for developing clean energy.

Increase your company's visibility to a broad cross-section of the geothermal and energy communities as a sponsor of the SMU Power Plays conference by contacting Cathy Chickering Pace or Maria Richards.
