Admissions. Anthropology is divided into four subfields: I) archaeology, II) cultural/social anthropology, III) anthropological linguistics, and IV) physical anthropology. In addition to providing the basis for careers in the sub disciplines, anthropology provides a background for professional careers in teaching, research, international affairs, medicine, business, or law. A grade of C- or better must be earned in all courses taken in fulfillment of the requirements for the Anthropology major. Majors must achieve a minimum 2.00 G.P.A. in Anthropology and are urged to consult their departmental advisor periodically to review their progress. To learn more about admissions, visit the <u>Dedman College</u> website. (http://www.smu.edu/Admission/Apply.aspx)

Requirements for the B.A. Degree. Intended for students who desire general training in anthropology within a liberal arts curriculum. Thirty (30) term hours of anthropology are required, of which twenty-one (21) must be advanced. Of the 30 hours, ANTH 2301 is required. In addition, all candidates for the B.A. major must take at least three term hours in each subfield of anthropology (i.e., archaeology, cultural/social anthropology, anthropological linguistics, and physical anthropology).

Requirements for the B.S. Degree. Intended for students who wish more specialized training in anthropology, it provides a strong foundation for students intending to pursue a graduate degree. Thirty-six term hours of anthropology are required, of which 24 must be advanced. Of the 36 hours, the following courses are required: ANTH 2301; 2315; 2363; and either 5334 or 5335; six term hours of fieldwork-related study (generally 5381 or 5382 *and* 4333 or 5681; alternatives need to be approved by the Director of Undergraduate Studies); one of the following: 3361 or 5359; and either 4399 or three term hours of independent study (4191, 4192, 4291, 4292, 4391, or 4392). In addition, three term hours of statistics (e.g. STAT 2331), and six term hours of world language are required.

Requirements for the Minor. A 15-hour minor may be taken in one of three tracks: Archaeology, Cultural Anthropology, or General Anthropology; an 18-hour track may be taken in Biomedical Anthropology. ANTH 2301 is common to all four minors, with the remaining courses selected from a list published in the SMU catalog. Please see <u>www.smu.edu/anthro</u> for more information about these requirements. A grade of *C*- or better must be earned in all advanced courses taken in fulfillment of the requirements for an anthropology minor.

The Departmental Distinction Program. This program is open to junior and senior anthropology majors with outstanding academic records. Graduation with departmental distinction is designated on the diploma of those who successfully complete the program. To earn departmental distinction, a student must: (a) complete the usual course work for a B.A. or B.S. degree with at least a 3.50 G.P.A. in anthropology and with at least a 3.00 G.P.A., overall; (b) with a grade of *B* or higher, pass ANTH 5334 and ANTH 5335 or complete a substantial independent reading program (for three term-hours credit that replaces one of these) on the history, conceptual foundations, or methodological problems of the discipline; (c) with a grade of *A* or *A*-, conduct a research project (for three term hours credit in ANTH 4391, 4392, or 4399); and complete a significant research paper that is a minimum of 20 pages of text, includes a bibliography, and is written in appropriate subdisciplinary professional style and format; and (d) pass an oral examination of one hour in length (with at least three departmental faculty members), covering the results of the research project and general issues and concepts in anthropology according to the subfield specialty.
