### TEXAS CLOVIS FLUTED POINT SURVEY FORM

Please attach a tracing, photograph, or photocopy of both faces of the fluted point with a ruler for scale. Be sure to show the outline of the flute(s), broken areas, and the extent of edge grinding as clearly as possible. Measurements in centimeters/grams are preferred. Refer to the illustration as a guide for measurements.

1. Maximum length	<input type="text"/>	2. Maximum width	<input type="text"/>
3. Basal width	<input type="text"/>	4. Distance from maximum width to base	<input type="text"/>
5. Maximum blade thickness	<input type="text"/>	6. Distance from maximum thickness to base	<input type="text"/>
7. Maximum thickness	<input type="text"/>	8. Basal depth	<input type="text"/>
9. Obverse flute length	<input type="text"/>	10. Obverse flute width	<input type="text"/>
11. Reverse flute length	<input type="text"/>	12. Reverse flute width	<input type="text"/>
13. Number of flutes obverse	<input type="text"/>	14. Number of flutes reverse	<input type="text"/>
15. Length of grinding left edge (obverse)	<input type="text"/>	16. Length of grinding right edge (obverse)	<input type="text"/>
17. Basal grinding?	<input type="text" value="Yes No"/>	18. Weight (unit of weight?)	<input type="text"/>
19. Breaks? How many?	<input type="text" value="Yes No"/>	20. Measurements in	<input type="text" value="cm in"/>

21. Location and context of point discovery: \_\_\_\_\_

\_\_\_\_\_

(Please be as specific as possible: include County name)

22. Artifacts or features found with the point: \_\_\_\_\_

\_\_\_\_\_

23. Color and type of stone material: \_\_\_\_\_

\_\_\_\_\_

24. Please print name and address:
