

December Commencement was once again a memorable experience for our students and parents and staff, as Stephanie notes in her inspired comment below (page 3). We all enjoyed the Division Holiday Luncheon and many of us enjoyed the first Gingerbread House decorating contest. Who knew we had such talented folks among us! Also in December, the Admission staff sent out the first admission

decisions to eager prospective first-years.

On Jan. 13th the Division helped welcome our new spring students through our participation in spring AARO. Now January is almost over and our students are starting to settle into the new term. The admission staff is reading files for those who will get a decision in March. Financial Aid and the Office of the Bursar are still working with current students and gearing up to answer all

the questions coming from the 2015 prospective students as well. We are a Division that impacts lives in so many ways! Everyone stay healthy because we still have many busy months ahead. My thanks to Matthew Myers, new to my staff, who is helping me with the newsletter.

DES SPOTLIGHT

Graduation is more than a teameffort – it is both a sprint and a marathon, and most people only get to see the final sprint. Thanks for all that you did during the marathon of planning and preparation which culminated in such a happy day for our newest alumni. This will be a memory that they, and their families, cherish long after the last fanfare has played. You are memory makers
