You have requested a password reset.

Please use this link to complete the password reset process: [REDACTED]

Upon accessing the system, you will be required to reset your password.

Regards,

QuikPAY College

Click on the link

Set Password

John Doe [REDACTED] 

### Set Password

For security reasons, you must change your password.

Passwords based on dictionary words, names or dates are not secure. Passwords based on a passphrase can be both strong and easy to remember. For example: "My aunt Mae was born in 1923". By taking the first letter of each word, your password could be: "MaMwbi1923". If you are using a common phrase such as "There is no such thing as a free lunch" replace at least one letter with a number, for example: "T1nst44fl".

New Password:	<input type="password"/>
Confirm Password:	<input type="password"/>

[Continue](#)

NOTE: Password must be at least eight(8) characters long and must include at least two (2) letters and two (2) numbers.
