# Challenges:

- ✓ **SMU – Dallas: Urban, fast-paced, multi-tasking mecca. Taos is the Yin to Dallas' Yang**
- ✓ **Smaller range of class offerings**
- ✓ **Very Focused Learning Atmosphere**

# The Benefits:

Students focus on 1-2 courses at a time

Faculty teach only one course at a time

Small course size: Classes rarely exceed 16 students, most have 6-10 students

Students perform better, achieve higher grades, appreciate the course materials

# Campus Living

- *Faculty are housed in apartments ranging from 1-3 bedrooms*
- *10-12 faculty/families*
- *Maximum of 108 students*
- *Chef-prepared meals*
