SOUTHERN METHODIST UNIVERSITY

In 1911, a Methodist education commission made a commitment to establish a major Methodist university in Texas. More than 600 acres of open prairie and $300,000 pledged by a group of Dallas citizens secured the university for Dallas, and it was chartered as Southern Methodist University. In appreciation of the city's support, the first building to be constructed on the campus was named Dallas Hall. It remains the centerpiece and symbol of SMU. When the University opened in 1915, it consisted of two buildings, 706 students, a 35-member faculty and total assets of $636,540. The original schools of SMU were the College of Arts and Sciences, the School of Theology and the School of Music.

SMU is owned by the South Central Jurisdiction of the United Methodist Church. The first charge of its founders, however, was that it become a great university, not necessarily a great Methodist university. From its founding, SMU has been nonsectarian in its teaching and committed to the values of academic freedom and open inquiry.

Today, Southern Methodist University offers a comprehensive curriculum through Dedman College – the college of humanities and sciences – and six schools: Meadows School of the Arts, Edwin L. Cox School of Business, School of Engineering, Perkins School of Theology, Dedman School of Law, and Annette Caldwell Simmons School of Education and Human Development.
The University offers 113 undergraduate majors, Master’s degrees in over 100 areas, professional degrees in two disciplines, Ph.D. degrees in 25 fields, and 34 certificate programs.

Enrollment for Fall 2007 was 10,829, including 6,176 undergraduate students and 4,653 graduate and professional school students. SMU students come from all 50 states, the District of Columbia, Puerto Rico and 78 countries. About 80 percent of first-year students received some form of financial assistance for 2007-2008. About 21 percent of the student body are minorities; 63 percent of undergraduates and 49 percent of graduate students report religious affiliation; 12 percent are Methodist, 13 are Roman Catholic. Also represented in the student body are other Protestant denominations and other religions, including Judaism, Buddhism and Islam.

In addition to preparing students for graduate and professional schools, or more directly for their life’s work, the University strives to enhance their social, moral, intellectual and religious development so that they may lead worthy lives as individuals and citizens of the nation and of the world.
The academic procession and the regalia worn by the faculty and officers of the University symbolically represent the continuing link between the modern American university and the founding of the great medieval universities in Europe – chief among them Bologna, Paris and Oxford. As those institutions were derived from the Catholic Church, the universities adopted many of the ceremonial trappings of the church in their official public functions.

The mace of the University, a symbol of the authority vested in the president by the Board of Trustees and representing the covenant between the president and the faculty, is borne by the president of the Faculty Senate. Though the order of the procession varies from university to university, at Southern Methodist University it proceeds from the chief marshal through the ranks of the faculty and the officers of the University to the president, who is preceded by the mace-bearer.

The caps and gowns worn in the procession also vary from place to place. There are variations in design to indicate the degrees held by the wearers, and many universities in America have introduced colorful gowns and other distinguishing details (in place of the customary clerical black from which all originated). The Bachelor's gown is a simple robe falling in straight lines from an elaborate yoke. Its distinguishing characteristic is the long pointed sleeves. Master's gowns are arranged so that the arm emerges from a long sleeve through a slit at the wrist (replacing a former slit at the elbow). In most cases, the Doctor's gown is marked by velvet panels down the front and around the neck, and by three bars of the same material on the bell-shaped sleeves. It is cut much fuller than the other gowns and may be ornamented in color. Faculty colors are occasionally seen in the sleeve bars and paneling.

The caps, too, vary according to the customs of the university from which the wearer received a degree. While most American universities adopted the “mortarboard” style of Oxford, others have chosen styles based on other European institutions. The color of the tassel worn with the cap may be black for any degree, or the color may be that of the faculty of the major field of learning (e.g., Arts, Engineering, Law, etc.). Persons holding doctoral degrees and governing officials of institutions are entitled to wear tassels of
gold metallic thread. Such tassels are usually sewn in place. It is common practice, although not universal, that a ceremony is made of moving the tassel from the right to the left side of the cap at the moment the degree is awarded.

Within the great varieties of styles and colors in gowns and caps, there has been one universally accepted code for the hood worn trailing down the wearer's back. Originally, it was like the hood on the habit worn by monks. Nowadays, the hood through length and color shows the degree and the specialization of the wearer, and the university that granted the degree. The Bachelor's, Master's, and Doctor's hoods are 3 feet, $3\frac{1}{2}$ feet and 4 feet long, respectively. The velvet trimming in the same order is 2, 3 and 5 inches wide. The color of the trim identifies the faculty. A partial list of faculty colors follows: Arts, Letters, Humanities – White; Music – Pink; Business – Drab; Philosophy – Dark Blue; Engineering – Orange; Science – Golden Yellow; Fine Arts – Brown; Theology – Scarlet; Law – Purple. The lining of the hood – that portion most visible from the rear – indicates the institution awarding the degree. SMU's hood lining, for example, is blue with red chevron.

The University's ceremonial banners were designed by Robert B. Chambers, associate professor emeritus of theatre, Meadows School of the Arts, and fabricated by Mamie Chambers. The banners bear heraldic designs with the color of trim identifying each school and group ushered this evening.

Through these colorful ceremonies, SMU symbolically displays the continuity of its educational purposes with the origins of organized learning in the Western world.

AMERICA THE BEAUTIFUL

O beautiful for spacious skies, for amber waves of grain;
for purple mountain majesties above the fruited plain!
America! America!
God shed his grace on thee,
and crown thy good with brotherhood from sea to shining sea.

O beautiful for heroes proved in liberating strife,
who more than self their country loved, and mercy more than life!
America! America!
May God thy gold refine,
till all success be nobleness, and every gain divine.

O beautiful for patriot dream that sees beyond the years
thine alabaster cities gleam, undimmed by human tears!
America! America!
God mend thine every flaw,
confirm thy soul in self-control, thy liberty in law.

VARSITY

Oh we see the Varsity,

Varsity, Varsity

As she towers o’er the hill

over there.

And our hearts are filled with joy,

SMU, SMU

Alma mater, we’ll be true

forever!
