## LETTER FROM THE CHAIR OF THE BOARD OF TRUSTEES

**S**MU's momentum keeps building.

Thanks to the support of alumni, parents and friends, the University continued to take giant steps forward in 2009-10. This Annual Report highlights the progress made in the last fiscal year and documents SMU's extraordinary growth as an educational institution dedicated to preparing tomorrow's leaders and meeting society's challenges.

Funds for new scholarships ensured that the University was able to attract academically gifted students from around the United States. Recruiting and retaining such students is central to achieving an average SAT score of 1300, a key goal of SMU's Strategic Plan.

Support for faculty and academic programs made it possible for SMU's talented teachers and researchers to expand our understanding in a range of disciplines. This support also helped the University continue to attract new scholars and experts. These pioneers, in turn, attract students interested in specific disciplines and spur discovery that adds vitality to the region's economy and cultural life.

Support for new facilities and campus enhancements continued to shape the special place that is SMU.

This report also chronicles other areas of progress. These include SMU's growing presence as a truly global institution, marked by its attractiveness to international students, the addition of new study abroad programs and innovative research on issues facing society and the world.

In addition, the University added new academic units and strengthened existing programs that emphasize social engagement and responsibility.

The University's momentum has not gone unnoticed. In one key measure, SMU rose 12 points in the *U.S. News & World Report* rankings, from number 68 to 56 among the best national universities.

As chair of the Board of Trustees, it has been deeply gratifying – and genuinely exciting – to see this progress unfold. It is a testament to the inspiring commitment of donors at all levels. Great credit also goes to President R. Gerald Turner, who has outlined a grand vision for the University. He and his administrative team have continued to execute his bold plan even as the economic climate posed difficult and unanticipated challenges.

As I end my term as chair, I want to extend best wishes to my successor, Caren H. Prothro. Under her guidance, and with the continued support of those who care about the University, SMU will continue to lay the foundation for an extraordinary new century of achievement.

## LETTER FROM THE PRESIDENT

T

his Annual Report highlights a year of remarkable progress, in spite of the economic challenges faced by individuals and institutions nationwide. While we continue to monitor carefully and guide strategically SMU's financial profile, we are pleased to report ongoing achievement throughout the University.

We completed the second public year of SMU Unbridled: The Second Century Campaign having raised \$438 million – well above expectations – en route to our goal of \$750 million. To date, the campaign has raised funds naming the Annette Caldwell Simmons School of Education and Human Development, the Bobby B. Lyle School of Engineering and the Roy M. Huffington Department of Earth Sciences in Dedman College. It also has supported 12 endowed academic institutes, centers and initiatives; 17 endowed faculty positions; 207 new endowed scholarships; and 13 new or renovated facilities. And while we aimed for 19 percent alumni participation as of May 31, we reached 21 percent in gifts and pledges.

The return on investment in people and programs is evident in several trends for SMU. By May, we knew that we would be enrolling the largest first-year class in our history, 1,479; and that the quality of the class would remain high – both achievements directly linked to gifts for scholarships.

Support for academic progress also influenced SMU's rise to number 56 in the *U.S. News & World Report* rankings of national universities. Although rankings are not the definitive word on the overall quality of a university, they are markers that attract considerable attention and discussion among prospective students and families. But by any measure, SMU is increasingly attractive to greater numbers of high-achieving students.

Our commitment to providing students with a vibrant campus experience received a major boost with the Mustangs' football turnaround and victory in the Sheraton Hawaii Bowl. Other SMU teams won three conference championships, and 10 advanced to postseason play.

In 2010 we have even more reasons to look forward with enthusiasm. That's because in 2011 we will celebrate the centennial of SMU's founding, and in 2015 the centennial of its opening. We're forming volunteer committees to plan commemorations over the five-year centennial period, honoring our past, but even more importantly, looking toward our second century of achievement.

Thank you for your ongoing support in bringing us to this historic milestone.

A handwritten signature in black ink, appearing to read "R. Gerald Turner".

R. GERALD TURNER

**UNBRIDLED LEARNING**

## STUDENT QUALITY

The best students are a key component of a top educational institution, excelling in the classroom and bringing energy and vitality to campus life. In 2009-10 SMU continued to increase student quality, in part through ongoing investment in a range of merit-based scholarships that draw young scholars from across the United States and around the world. Through their accomplishments, awards and engagement in social issues, these students are enhancing the University's reputation as a nationally recognized center for teaching and learning.

### SCHOLARSHIPS SUPPORT STUDENT QUALITY

Merit-based scholarships continued to support SMU's successful drive to increase student quality, a key goal of the University's Strategic Plan. Read more about merit-based scholarships on page 11. (Left) President's Scholar and psychology major Rachel Kittrell '12.

## RECORD NUMBERS OF STUDENTS *apply to SMU*

In an important measure of the growing national awareness of SMU's offerings and quality, the University received the most applications in its history in spring 2010 for admission the following fall. The record 9,000 applications is part of a steady increase in the number of students wanting to attend the University and roughly doubles the number of applications received just a decade earlier.

### GRADUATE RESEARCHER IDENTIFIES NEW DINOSAUR SPECIES

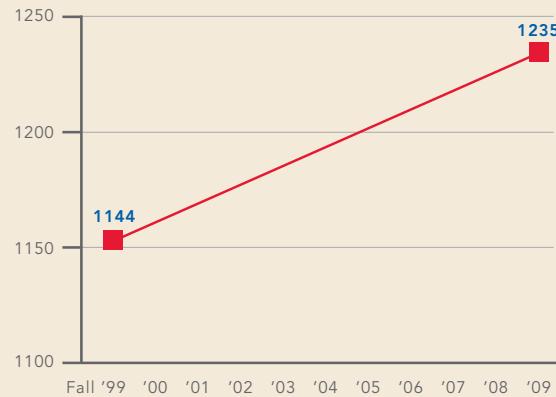

Timothy S. Myers, a postdoctoral researcher in Dedman College's Huffington Department of Earth Sciences, led a team that identified and named a newfound species of winged reptile, or pterosaur, that once inhabited Texas. Myers dubbed the lizard *Aetodactylus halli* following the discovery of a 95-million-year-old jawbone found outside Dallas by an amateur fossil hunter. Myers was featured in a story by *National Geographic News* in April and also appeared in numerous stories about the find in the national media.

### SAT Score Rise Reflects Increase in Students' Academic Quality

First-year students entering SMU in fall 2009 had the highest average SAT scores in the University's history. The score of 1235 was 91 points higher than the average score of just a decade earlier, and takes SMU closer to achieving its goal of an average SAT score of 1300. During the same period, applications to SMU have nearly doubled and admission selectivity has increased. Almost a third of the first-year undergraduate applicant pool for 2009-10 had scores of 1300 or above, and the University admitted a record number of applicants with SAT scores above 1300. The SAT score is the most widely recognized national, quantitative measure of student academic strength and the average SAT score of students contributes to university rankings by *U.S. News & World Report*. SMU has proven that investment in scholarships and student recruitment and retention strengthens the University's ability to compete nationally for top students.

#### RISING TEST SCORES

Average SAT Scores for Fall Entering Classes

## Undergraduate Researchers Examine Range of Subjects

Teen pregnancy, immigration in North Texas and the role of nonprofit organizations in Zambia were among the range of topics examined by undergraduate researchers in 2009-10. The Undergraduate Research Assistant Program connected 72 students to ongoing faculty research in 10 departments. Other research opportunities were offered by school-specific programs, such as the Hamilton Undergraduate Research Scholars in Dedman College and the Meadows Exploration Awards in Meadows School of the Arts. In addition, 11 interdisciplinary student teams were awarded grants to investigate important Dallas issues such as education, health and energy through the Provost's Office's Big iDeas program.

## MERIT-BASED SCHOLARSHIPS DRAW TOP STUDENTS

SMU's ability to compete for top students was supported by a growing number of merit-based scholarships offered by the University in 2009-10, as well as scholarships offered by schools that target students with specific interests. Twenty-eight first-year students received full-tuition President's Scholarships, contributing to a total of 91 for all four years. Hunt Leadership Scholarships were awarded to 26 incoming undergraduate students, contributing to a total of 83. School scholarship programs reflected the model of the Edwin L. Cox BBA Scholars program, which provides financial support for highly qualified undergraduate students who express advance interest in business as a major. Other school scholarship programs include the Dedman College Scholars Program, the Lyle Scholars Program and the Meadows Scholars Program.

## Student Body Diversity Grows

SMU's student body is becoming increasingly diverse, as minority students made up almost a quarter of first-year students entering the University in fall 2009 (Class of 2013). That represented a 30-percent increase over the number of minority first-year students who entered in fall 2006 (Class of 2010) and a 35-percent increase over the number of minority first-year students who entered in 2004 (Class of 2008).

## UNIVERSITY ESTABLISHES ART HISTORY PH.D. PROGRAM

In February the Board of Trustees approved a resolution establishing a new Ph.D. program in art history in Meadows School of the Arts. It will be the first art history doctoral program in North Texas and one of only a few in the state.

## ACADEMIC TRAVEL *enriches* STUDENT EXPERIENCE

Students took their research and studies beyond the University's borders throughout 2009-10. Nine students spent summer 2009 as Maguire and Irby Family Public Service Interns and worked with nonprofits as close as Dallas and as far away as Pakistan and Peru. Forty undergraduates were granted Richter Research Fellowships through the University Honors Program to conduct independent research projects around the world, from studying the state of non-profit organizations in Kenya to analyzing archaeology and art at SMU-in-Taos.

### DEDMAN LAW SELECTIVITY INCREASES

Dedman School of Law has become increasingly selective in admissions during the last dozen years. In 2009, 22.3 percent of applicants were admitted as full-time students and 19.6 percent were admitted to the part-time evening program. By contrast, 45 percent of applicants were granted admission in 1999.

### Meadows Students Learn from Top Washington Officials

Seventeen students in the Journalism and Corporate Communications and Public Affairs divisions of Meadows School of the Arts rubbed elbows with Washington, D.C., movers and shakers as part of the University's Hilltop on the Hill program in October. Students learned about the art of political communication from D.C. journalists, government officials and SMU alumni, as well as the newly appointed director of the George W. Bush Institute, Ambassador James K. Glassman. Participants also wrote firsthand reports of their own experiences for the SMU Adventures website.

# STUDENTS WIN PRESTIGIOUS NATIONAL AWARDS

## SAS DATA MINING SHOOTOUT

SMU's Data Mining Team was named the nation's best at analyzing and comparing vast amounts of computer data. Dedman College economics Ph.D. candidates Michael Fulmer, Jingjing Ye and Steven Gregory won the 2009 SAS Data Mining Shootout held in October and co-sponsored by SAS, Dow and Central Michigan University Research Corporation. Students participating in the competition were asked to determine the best locations in the United States for a biofuel plant using a new hybrid gas by analyzing extensive U.S. crop yield data and variables such as county weather patterns and soil characteristics.

UNBRIDLED DISCOVERY

## FACULTY AND ACADEMIC EXCELLENCE

Outstanding faculty members are central to the mission of a great university. SMU's faculty is committed to educating the next generation of leaders, conducting research on cutting-edge issues and creating new knowledge in a wide range of fields. In 2009-10, SMU faculty members continued to be recognized for their excellence by national organizations. Top educational institutions also require facilities that support learning and exploration. The series raises nearly \$1 million annually for the prestigious President's Scholars Program.

During spring break 2010, SMU community members gave their time and talents to those in need. The SMU chapter of Engineers Without Borders in the Lyle School traveled to Central America to assess water resources in a Guatemalan village. The Embrey Human Rights Program in Dedman College took students to concentration camps and other World War II sites in Estonia, Latvia and Lithuania. Corporate communications and public affairs students and faculty from the Meadows School volunteered in Uganda's rural villages in support of women and children. And as part of Alternative Spring Break, students, faculty and staff served organizations in Denver, Taos, Los Angeles, Tennessee and Mexico, where they learned about issues such as the environment, homelessness and public health.

### SMU LAW ALUMNI LEAD CEO RANKS

More attorneys who are corporate CEOs earned their legal degrees at SMU than at any other law school in the United States. Three of the nine Fortune 50 companies whose CEO is an attorney are SMU law graduates, according to a report by *ABA Journal* published in May: David Dillon '76 (Kroger); Edward Rust, Jr. '75 (State Farm); and Angela Fick Braly '85 (WellPoint).

### Hyer Lane Honors SMU's First President

SMU unveiled Robert S. Hyer Lane in April, commemorating the 99th anniversary of Hyer's selection as SMU's first president. His grandson, Robert Hyer Thomas '53, '57, spoke at the unveiling on behalf of the Hyer family. Hyer Lane, formerly Hilltop Lane, runs from University Boulevard, past Hyer Hall and Fondren Library Center and Hyer Hall, to McFarlin Boulevard. Following the ceremony, Thomas (standing, fourth from right), Gail Griffin Thomas '58 (to her husband's right) and members of their extended family were joined by R. Gerald Turner, SMU's 10th president (standing, far right) and Brad E. Cheves, vice president for Development and External Affairs (far left).

## MUSTANG PLAZA and MALL DEDICATED

The SMU community celebrated the dedication of the new Mustang Plaza and Mall in September. The mall links Moody Coliseum with Dedman Center for Lifetime Sports and Doak Walker Plaza and is designed to be the main thoroughfare to and from proposed new sophomore housing.

### MUSTANG TEAMS WIN CONFERENCE CHAMPIONSHIPS

In addition to the football team, three other SMU teams – women's cross country and men's and women's swimming and diving – won conference championships in 2009-10. Ten of SMU's 13 teams advanced to postseason competition. Thirty-four SMU student athletes were named Conference USA Academic Medal Winners, and 183 SMU student-athletes were named to the Conference USA Commissioner's Honor Roll.

SMU broke ground in June 2009 on the Payne Stewart Golf Learning Center at the Dallas Athletic Club. The center includes a teaching facility, clubhouse with men's and women's locker rooms, Hall of Champions, coaches' offices and a four-hole short game course. Stewart '79, an SMU alumnus and golf legend, won three major championships before his death in 1999.

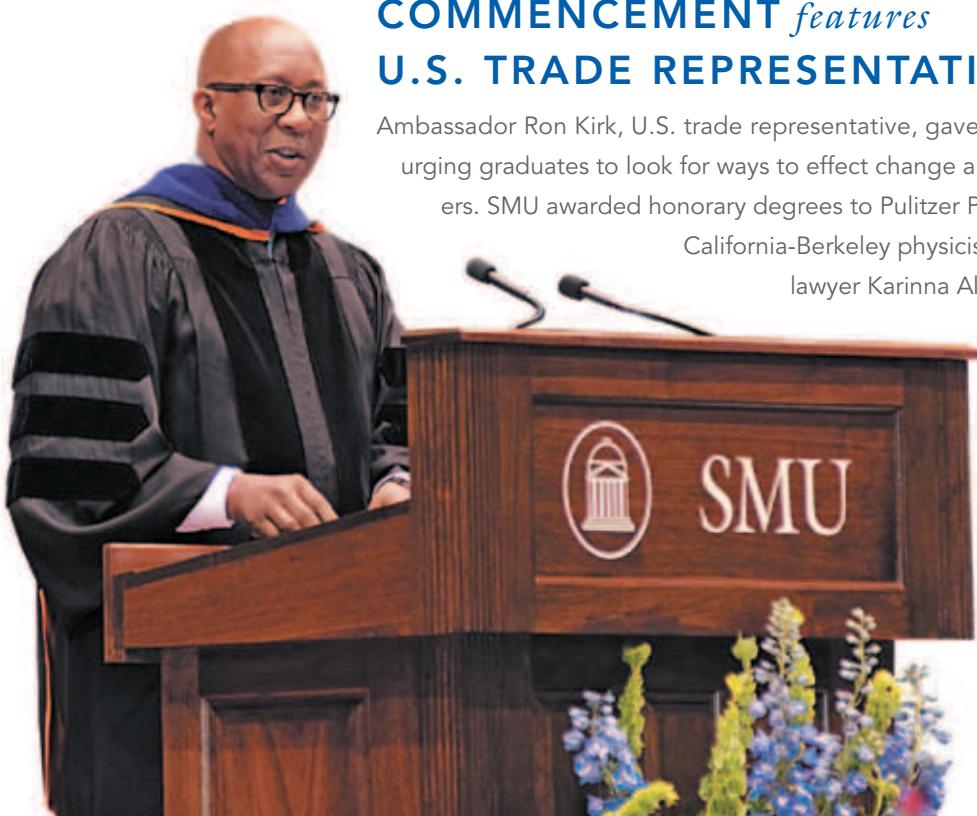

## CAMPUS COMMUNITY WALKS FOR CANCER RESEARCH

SMU's Greek organizations recruited more than 850 campus community members to walk all night to raise money and awareness for cancer research at Relay for Life in April. Sponsored by the SMU Panhellenic Council, the 12-hour walk along Bishop Boulevard reinforces the message that cancer never sleeps and symbolizes the need to move forward in the fight against the disease. Funds raised benefited the American Cancer Society.

### ACADEMIC SUPPORT

## ENDOWMENT REPORT

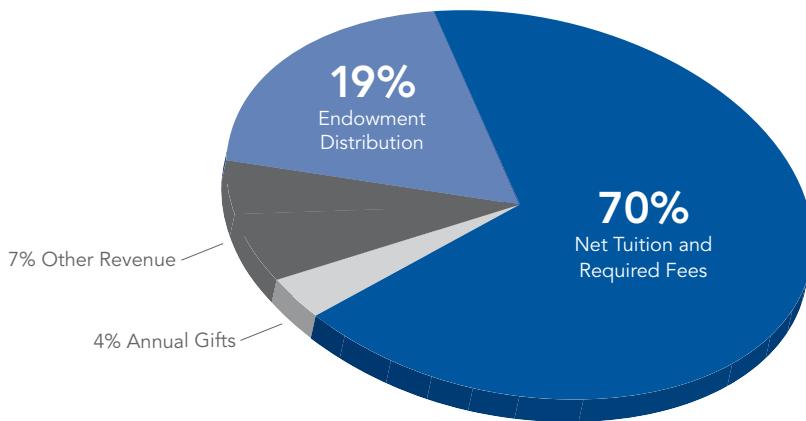

SMU's endowment rebounded along with the U.S. financial markets and recovered part of the decline experienced in the previous fiscal year. Market value increased by \$37.1 million during the 2009-10 fiscal year, reaching \$1.07 billion as of May 31. The endowment also received \$25.2 million in new gifts – an important indicator of the confidence our supporters have in our ability to invest and manage the portfolio. Endowment spending provided significant support to University operations, with \$56.7 million allocated to educational programs, scholarships, libraries and faculty support.

The investment return for the endowment portfolio for the one-year period ending May 31, 2010, was 7.2 percent. Publicly traded investments, which averaged 60 percent of total assets during the period, returned 13.8 percent and were a major contributor to performance. Private or illiquid investments, which averaged 40 percent of total assets, returned 0.6 percent and detracted from performance. Private investment performance tends to lag that of the public markets; the endowment's investment in private strategies has been a major contributor to performance in previous years.

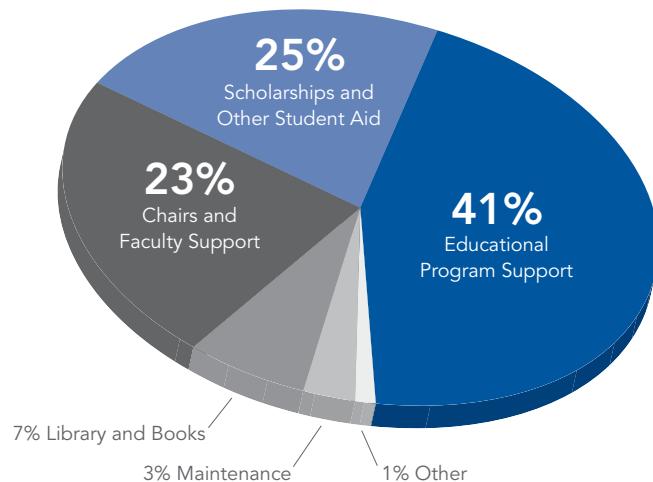

Although financial markets rebounded during the year, the investment environment remains challenging. As always, the University remains focused on pursuing investment strategies and identifying opportunities that will enable the endowment to meet its long-term goals and allow support for SMU's programs and priorities to grow over time.

## CAMPAIGN UPDATE

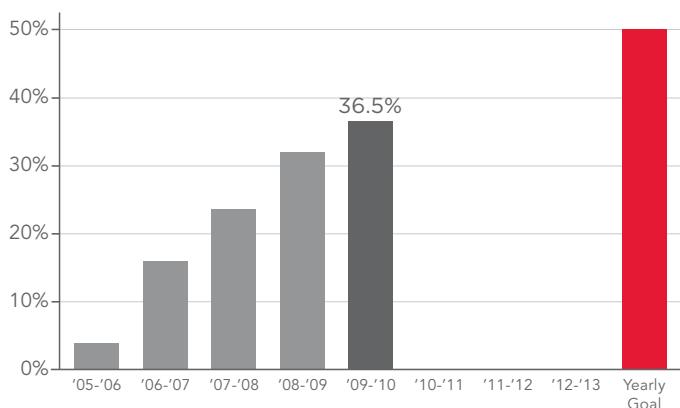

During year two of The Second Century Campaign's public phase, the University continued to take significant strides in every area. The campaign ended its second public phase year on May 31 having raised a total of \$438 million, more than 58 percent of the overall campaign goal of \$750 million.

Thus far in the campaign, the University has added endowed funding for 207 scholarships, compared to a total of 171 endowed scholarships created during the entirety of the last campaign, "A Time to Lead," which ran from 1997 to 2002. The impact of this investment in scholarships is clear. The average SAT score of first-year students entering in fall 2009 was the highest in SMU's history. The score of 1235 was 91 points higher than the average score of just a decade earlier and takes SMU closer to achieving its goal of an average SAT score of 1300.

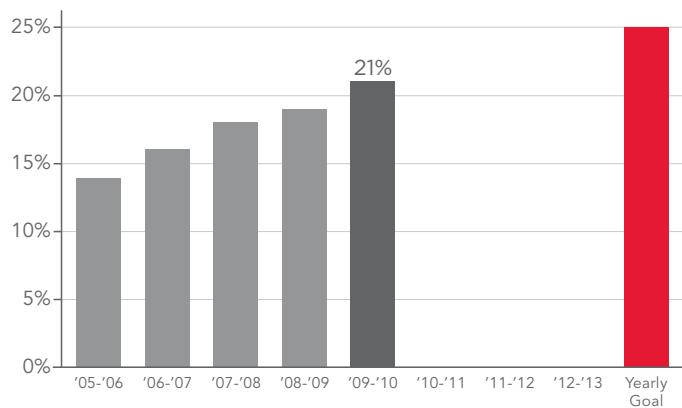

In the past year, the campaign responded to volunteer support and launched in three new cities: St. Louis, San Francisco and Denver.

Despite the economic conditions, fiscal year 2009-10 proved to be a strong year for giving, the third highest in SMU history and the largest for giving to SMU Athletics.

PARTICIPATION GOAL: 50% BY 2013**

**CAMPAIGN YEARLY ALUMNI

## YEARLY GIVING

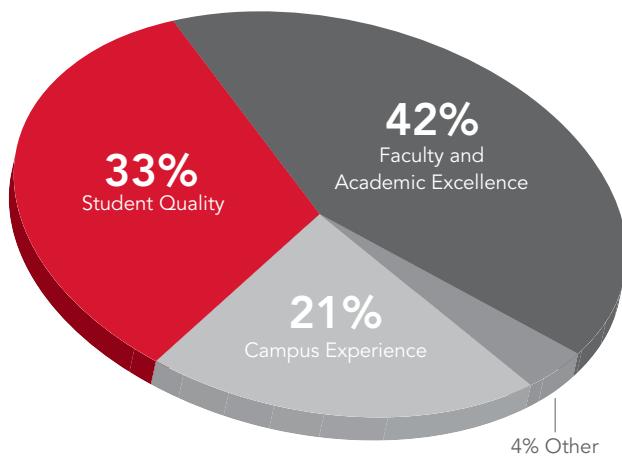

SMU continues to receive strong support from alumni, parents, friends and organizations, inspired in large part by The Second Century Campaign, communicating a vision for the University's second century. Highlights of the fiscal year 2009-10 progress include:

- The third highest yearly giving total in the University's history, with more than \$71 million in cash contributions received during the year.
- New annual giving records for SMU Athletics, the second consecutive year of achievement. Operating gifts to Athletics reached an all-time high of \$5.47 million. Contributions to the Mustang Club also reached new levels, exceeding \$2 million.
- 23 new scholarship endowments were established, enhancing recruitment and retention opportunities for our students.
- Four new faculty position endowments were established, bringing the number of substantially endowed faculty positions to 79, toward a campaign goal of 100.
- The number of alumni participating in SMU's future continues to rise. This year, 21 percent of alumni made a gift to the University.
- 36 percent of alumni have made at least one gift thus far in the campaign.
- The number of donations made online doubled from the year before. The University continued to increase outreach to alumni through technology, particularly with social media networking, video channels online and dedicated online giving challenges.
- This year, SMU advanced to its highest ranking ever in the top tier of national universities in the 2011 edition of *Best Colleges* published by *U.S. News & World Report*. The level of alumni support contributes to University rankings. SMU ranked 56th among 191 institutions, up from 68th the previous year and 73rd in 2004.
