E-mail a copy of the applicant's resume by clicking on drop down box of Selection Action and click on Forward Applicant. Enter e-mail address and subject. This will forward only that applicant's resume.

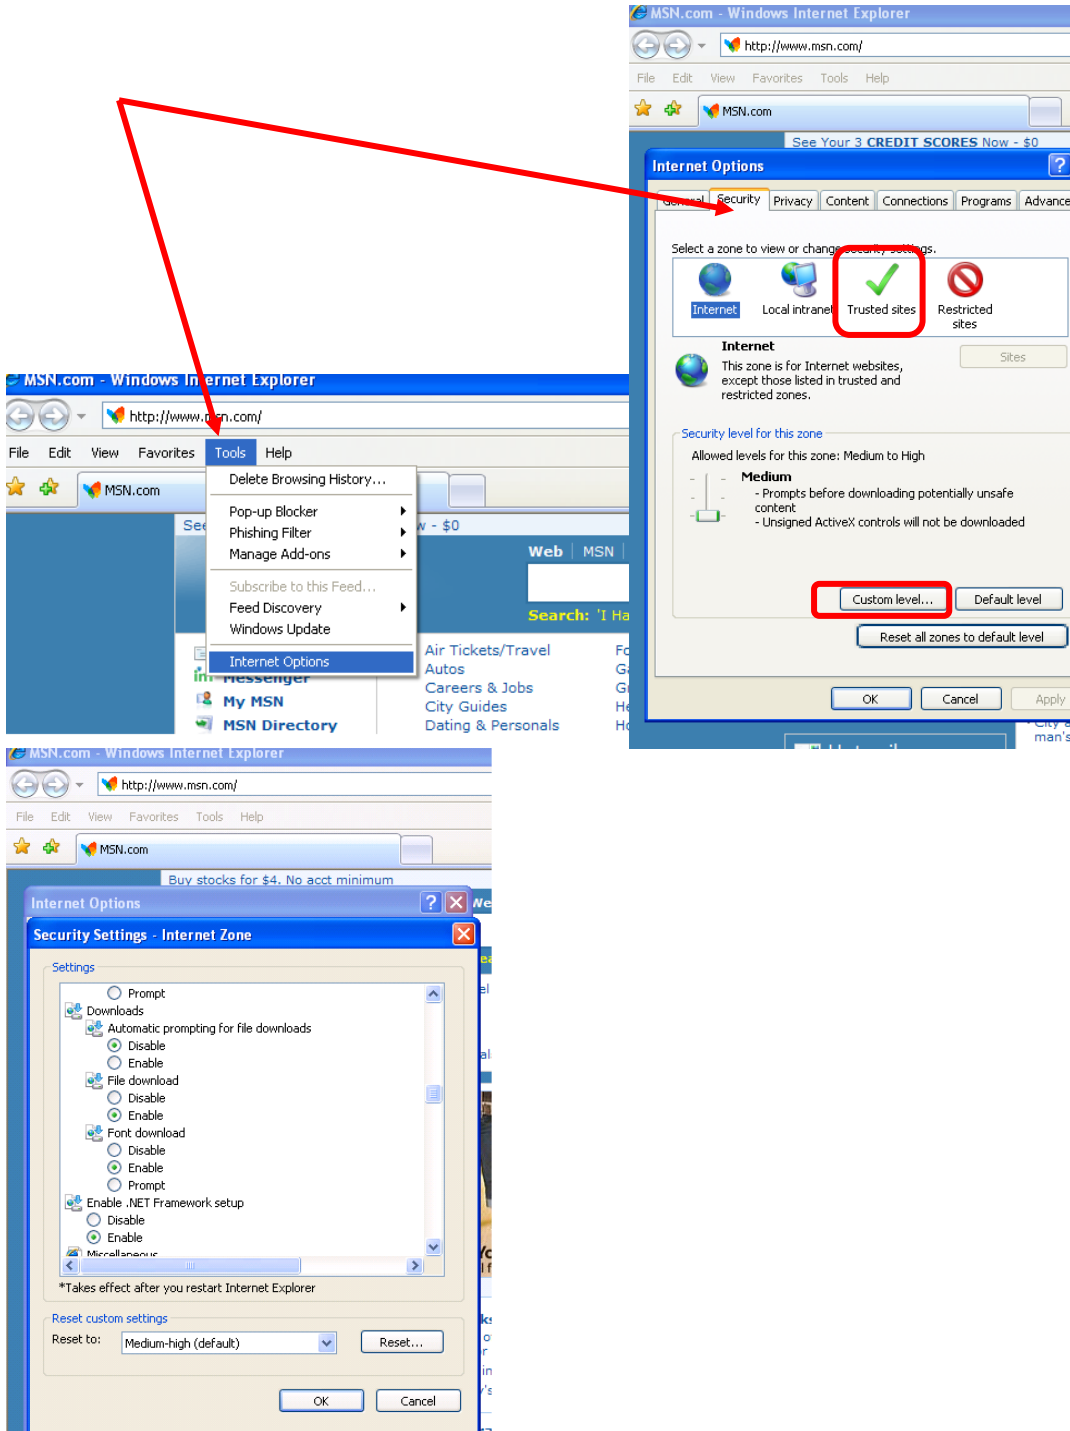

E-mail multiple resumes by using the **Group Action** drop down box located at the bottom of **Job Opening** page. E-mail all resumes by clicking on **Select all** next to the Group Action box. Then choose forward applicant from **Select Group Action** drop down box menu.

You can also e-mail only certain resumes. Click on check box next to applicant name and then choose forward applicant from **Select Group Action** drop down box menu.

VIEWING & MANAGING APPLICANT RESUMES

The most common reason resumes cannot be viewed is due to files being blocked. In order to stop files from being blocked you need to do two things.

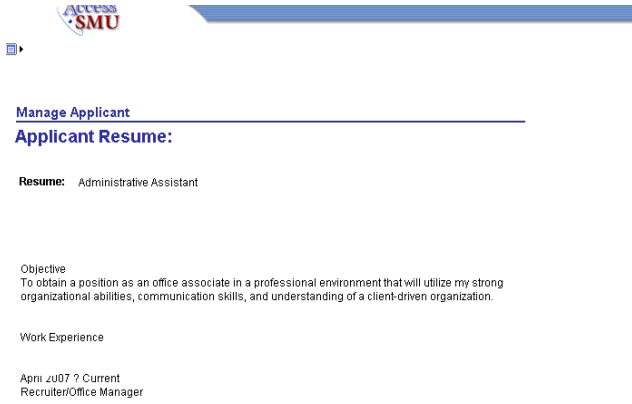

1. In a browser session go to *Tools, Internet Options* and choose the *Security* tab. Choose *Trusted Sites* and click on the *Sites* button. Add https://*.smu.edu to the list and click the *Close* button.
2. Click the *Custom level...* button. Scroll down to the *Downloads* section. Set *Automatic prompting for file downloads* to **Enable**. Click *OK*, and say *Yes* to the warning. Click *OK* again.
