

View Class Permissions

Step	Action
1.	Click the Records and Enrollment link. 
2.	Click the Term Processing link. 
3.	Click the Class Permissions link. 
4.	Click the Class Permissions link. 
5.	Enter the desired information into the Term field.
6.	Enter the desired information into the Subject Area field.
7.	Enter the desired information into the Catalog Nbr field.
8.	Click the Search button. 
9.	Class permissions are now displayed. Students are still required to enroll to use the permission. At the bottom of the page, the students who are assigned class permissions are displayed under the Class Permission Data section.
10.	Click the Show all columns button to see permissions assigned and any comments associated with the student's permission. 
11.	Note: SMU is not currently using the Permissions to Drop tab.
12.	End of Procedure.
