STUDENT REPORTS ATTEMPTED SEXUAL ASSAULT

An SMU student reported she was the victim of an attempted sexual assault by an unknown male as she was walking in the 3100 block of Mockingbird Lane near Ford Stadium about 8:30 p.m. Sunday, Sept. 8, 2013. The student told police she was able to fight off the attacker. The unidentified suspect was last seen running west on Mockingbird Lane.

The suspect is described as a black male about 6 feet tall and of muscular build. He was clean shaven, wearing a red shirt, and white or silver shorts that fell below the knees.

Anyone with information about this matter is asked to contact the SMU Police Department at 214-768-3388. Information also may be reported anonymously through the SMU Police Department’s Silent Witness Program by calling 214-SMU-2TIP or online at http://www.smu.edu/2tip.

Personal Safety Tips

If you are sexually assaulted:

- Call the police and seek medical attention immediately. Time is critical in such cases. Call 911 or the SMU Police at 214-768-3333.

- Have a Sexual Assault Exam performed at Presbyterian Hospital. SMU Police are available to take you to the hospital, but you can go without the police.

- A representative from SMU Psychological Services for Women will be available to accompany you (call 214-768-4795).

- Don't bathe or shower. A medical doctor will need to gather forensic evidence from you.

- Save your clothing, bed sheets, pillow covers, etc. Do not wash them. Police will need these items, too.

- Seek counseling from SMU Psychological Services for Women at 214-768-2277.

Other safety tips:

- When you are first getting to know someone, be cautious of your surroundings and make sure others know where you are.

- Never drink from an open container that has been out of your possession for any length of time.
CRIME ALERT

- If you think you may have been drugged, seek medical attention immediately and contact the police.

- Exercise caution when you are with people you do not know.

- Be responsible with alcohol. If you are intoxicated, you are less alert and become an easy target for an attacker.
