

Spanish Major Requirements for Heritage Spanish Speakers

Spanish heritage speakers are Spanish/English bilingual individuals who have grown up in Spanish-speaking environments in the United States.

Students of Spanish heritage who matriculate in SMU prior to Fall 2013 must accumulate 24 term hours of advanced courses to complete the Spanish major. These eight courses must include the following:

- Two of the following conversation/composition courses: 4355 and 3373 or 3374,
- 4358,
- 4395,
- A minimum of nine term hours of 5000-level courses in literature and linguistics, including at least one course in Spanish Peninsular literature and one course in Spanish American literature, and
- One elective.

In addition:

a) All 3000-level courses must be taken before registering for any 5000-level course. Exceptions will be made for Study Abroad courses. At home, the only exceptions allowed are 4395 that can be taken with 5000 Linguistics courses and 4357 that can be taken with 5000 Literature courses. 4385 can also be taken simultaneously with or after completion of 5000 level courses. Individual courses may have prerequisites.

b) The electives must be from the same level as the highest-level course the student is taking. The student cannot take electives from a level lower than the level in which s/he is enrolled. E.g. if the student is taking 5000-level courses, the elective can only be another 5000-level course, and not a 3000 or 4000-level course.

Recommendations:

Study abroad in a Spanish-speaking country is strongly recommended (see Spanish webpage listing for Study Abroad for a selection of programs).

Suggested electives outside the Spanish area are a second foreign language, courses listed under the Latin American Studies major, literary theory, other foreign literature in translation, English and American Literature.

ALL MAJORS AND PROSPECTIVE MAJORS SHOULD ALSO REVIEW THE SUGGESTIONS AND INFORMATION LISTED UNDER THE “ADVISING” HEADING OF THE WEBPAGE, AND VIEW THE SAMPLE FOUR-YEAR SCHEDULES PROVIDED THERE.
