**FACTS ABOUT MEAL PLANS**

- All resident students must purchase a meal plan Dining Membership. First-year residential students are required to have either Plan A or Plan A Plus or Plan A Premium. After completing the first full year, a resident student may select from Plan A, Plan A Plus, Plan A Premium, Plan B or Plan C.
- Resident students who are senior- or graduate-level may also select Plan D or Plan E to fulfill housing board plan contract requirements.
- Each meal plan Dining Membership listed above is available to nonresident students.
- Members with Plans A, B, C, D and H may eat in the Umphrey Lee Center (RFoC@Lee) or in McElvaney Hall (Mac's Place) by using membership access swipes.
- Members with Plan E may eat in the residential restaurants by paying the door entry rate using Flex Dollars.
- All members are allowed to bring guests, provided members are present at the time of transaction. Guests (up to five per term) of members on Plan A, or Plan A Plus and Plan A Premium are admitted by accessing membership guest access swipes. Guests of members on Plans B, C, D and H (up to five guests per each member entry) are admitted by accessing additional access swipes from the member's plan. Guests of those members on Plan E are admitted by paying the door entry rate per guest from the member's Flex Dollars account.

- Flex Dollars are stored-value, declining-balance programs that work on the same principles as a debit card.
- Flex Dollars may be used to purchase meals or commodities at any SMU Dining Services location on campus.
- Flex Dollar balances carry over from fall to spring terms. At the end of spring term all unused Flex Dollar balances are forfeited.
- Door rates or residential dining for nonmembers for the Umphrey Lee Center (RFoC@Lee) are: \$7.50 (plus tax) for breakfast, \$8.75 (plus tax) for lunch and \$10.00 (plus tax) for dinner. Rates for continuous service periods between standard-meal periods are calculated at the prior meal-period rate.
- A Dining Membership may be changed through the last day of add/drop, allowing one change per term for all members. (For the fall term the date is August 24 and for the spring term, the date is January 25.) Unless a different meal plan is selected, students automatically will be enrolled in the same meal plan selected for the fall term.

For more information, call SMU Dining Services at 214-768-2367.

- PONY EXPRESS account holders may present their SMU ID card in lieu of cash to make purchases throughout campus and at selected off-campus merchants.
- PONY EXPRESS accounts are honored at all dining facilities on campus at individual meal plan rates.
- PONY EXPRESS accounts may be canceled on or before the payment due date. After this time, accounts may not be canceled unless a student graduates or withdraws from school.
- PONY EXPRESS balances of less than \$25 will not be refunded, and any remaining balance will be forfeited to the University.
- Points will be carried over from term to term until a student graduates.
- Any credit remaining on the PONY EXPRESS account at the point of graduation will be refunded to the student after all debt to the University has been paid.
- PONY EXPRESS accounts with no posted activity over a 12-month period will be closed, and any remaining balance will be forfeited to the University.
- A student must promptly notify the SMU Office of Parking and ID Card Services, commonly known as Park 'N Pony, if an SMU ID card is lost or stolen. The ID card will be canceled immediately. ## STUDENT HEALTH CENTER

The mission of the SMU Health Service is to provide primary care services and health education, which will promote an environment of personal and community health, enhancing academic productivity and reducing the incidence of medically related attrition.

All students who pay the maximum general student fee will have access to the Health Center without paying the \$140 fee. Both undergraduate and graduate students taking 11 credit hours or fewer, or those not paying the maximum general student fee, must request the Health Center option at the time of registration or pay the fee at the Health Center at the time of treatment. The health fee covers unlimited primary care, physician visits at no charge and all counseling services. There is a charge for specialized physician care, laboratory tests, X-rays, pharmaceuticals and supplies, which

\*Students who pay less than the maximum general student fee and did not choose the \$140 Health Center option will be charged \$50 per visit.

may be charged to students' University accounts or paid at the time of the visit. Students enrolled in the Student Health Insurance Plan (SHIP) pay only their co-pay at the time of their visit; their remaining insurance-covered charges for their Health Center treatment will be billed directly to the insurance company.

- Students registered for 12 credit hours or more are automatically charged the health fee as a part of their general student fee
- Students registered for 11 credit hours or fewer: Students choose Health Center option at the time of registration.

**Option 1:** \$140

Student pays Health Center fee at the time of registration.

**Option 2:** None

Student pays fee at the Health Center at the time of treatment or chooses not to use the Health Center.

## MANDATORY HEALTH INSURANCE

SMU is committed to the health and well-being of all students. The Student Health Center is here to serve and provide students with medical care while attending the University. In order to ensure that students have appropriate health care coverage, a mandatory health insurance requirement was passed by the President's Executive Council in February 2008. This mandatory health insurance policy requires domestic students, both undergraduate and graduate, enrolled in nine or more credit hours to maintain insurance coverage as a condition of enrollment. All international students enrolled in one or more credit hours **must** enroll in the Student Health Insurance Plan (SHIP), unless they receive a special waiver personally granted by the SMU Insurance Department.

SMU has partnered with Academic HealthPlans and BlueCross BlueShield of Texas to offer those students in need of health insurance coverage a student-focused comprehensive medical plan designed to provide convenient and affordable access to medical care whether students are at school, at home or traveling or studying abroad. To view the SHIP benefits brochure, please visit [AHPcare.com/smu](http://AHPcare.com/smu).

SMU's mandatory policy requires those students with enrolled status mentioned above to provide documentation of comparable current insurance coverage or to enroll in the SHIP on a term basis. Students will do so by selecting the "Health Insurance" button in the Student Center component of **Access.SMU** after they have enrolled for classes each term. Domestic students already maintaining their own private coverage **must** waive SHIP coverage prior to the deadlines, which are August 24 for fall 2012 and January 25 for spring/summer 2013, in order to avoid automatic enrollment into SHIP and thereby having the semi-annual premium of \$922 applied to their University accounts.

## FINANCIAL POLICIES

Students are individually responsible for their financial obligations to the University. All students are charged tuition based on their primary academic career at the University.

A student whose University account is overdue or who is in any manner indebted to the University will be denied the recording and certification services of the Office of the Registrar, including the issuance of a transcript or diploma, and may be denied readmission until all obligations are fulfilled. The Division of Enrollment Services may stop the enrollment or cancel the completed enrollment of a student who has a delinquent account or debt.

Once the outstanding debts have been paid, the student will need to obtain clearance from a member of the Division of Enrollment Services before being allowed to register, request a transcript or receive a diploma from the University.

The Division of Enrollment Services may assess all attorneys' fees, other reasonable collection costs (up to 50 percent) and charges necessary for the collection of any amount not paid when due. Matriculation in the University constitutes an agreement by the student to comply with all University rules, regulations and policies.

### Payment of Accounts

Payment of tuition, fees, room, board and all other charges is done online through the SMUpay option in **Access.SMU**. Students select the method of payment (either electronic check or credit card).

A check returned dishonored will constitute nonpayment of account and must be replaced by cash, cashier's check or money order. This nonpayment may result in withdrawal from the University and the requirement that the payment of the student's account for future terms be made by cash, cashier's check or money order prior to enrolling. A \$30 charge will be assessed each time a payment is returned.

**It is the student's responsibility to ensure that the Office of the University Bursar receives payments by the due date. At the time of electronic payment, a receipt will be provided. Invoices of charges are sent to the student's SMU email account. If an invoice has not been received two weeks prior to the due date, students should contact the Office of the University Bursar. The enrollment of students whose accounts remain unpaid after the due date may be canceled at the discretion of the University. Students enrolling after the official University due date must pay at the time of enrollment.**

If proceeds from state and federal loans are to be used to pay a student account, the check must be in the Office of the University Bursar for distribution by the payment due date.

#### **Schedule Changes**

A student who drops a course during the scheduled add/drop period, but remains enrolled in other courses, will not be charged tuition and fees for the dropped course. (Undergraduate students pay the same tuition for 12-18 credit hours.) There will be no reduction in tuition charges for any course(s) dropped after the scheduled add/drop period. A student who drops all courses will be canceled or withdrawn, depending on the date of the transaction.

#### **Late Payment Fee**

Any student whose account remains unpaid after the payment due date will be assessed a late payment fee at the time the account is past due. The late payment fee is \$50 on outstanding balances of \$250 to \$999.99. The late payment fee is \$150 on outstanding balances of \$1,000 to \$5,000. The late payment fee for balances over \$5,000 will be assessed at 3 percent on the outstanding balance, up to a maximum late payment fee per term of \$750. Also, after the monthly payment due date has passed, a 1.5 percent past due fee on the unpaid balance will be assessed to both the student and miscellaneous accounts.

#### **Direct Charge Policy**

SMU permits students to have purchases from the SMU Bookstore and the SMU Computer Corner charged directly to their miscellaneous student accounts. Charges are billed monthly and are due on the date specified on the bill. Students with outstanding balances on their miscellaneous account will be charged 1.5 percent monthly on the past due balance. Students who have an outstanding balance during their tenure at SMU may lose the privilege to use direct charges from the SMU Bookstore and the SMU Computer Corner. Students with repeated delinquencies on the account and/or returned checks will lose the privilege for the remainder of their matriculation at SMU.

#### **Student Refunds**

If the proceeds from student loans have been received by SMU prior to the first day of class and the student is eligible for a refund, the Office of the University Bursar will automatically begin processing refunds for mailing a paper refund check, debit card or direct deposit (ACH transaction) at the time the proceeds are posted to the student's tuition account. Federal regulations state that the earliest date a refund can be processed, if the funds are on the tuition account, is 10 days prior to the first day of class. Additionally, federal regulations require SMU to process refunds within 14 days from the first day of class of a student's primary academic career. If loans are received after the first day of class, students need to allow 14 days from the date the proceeds are applied to the tuition account for a refund to be processed. Refund checks will be mailed to the student's home address for student account refunds and mailing address for miscellaneous account refunds, unless the student notifies the Office of the University Bursar otherwise. If the check is not received, a replacement refund check will be issued two weeks after the original check was mailed.

All refunds, except PLUS loans, Prepayment accounts, the SMU Monthly

Payment Plan and international wires, will be made payable to the student. International wires will be refunded by wire to the originating wire account less a \$35 wire processing fee. The PLUS loan borrower can request the refund to be processed to the student by submitting a Parent PLUS Release form. If the refund is issued by check, the student may request in writing that the refund be sent to another party. Any outstanding debts to the University will be deducted from the credit balance, which does not include Title IV funds, prior to issuing a refund check. Any outstanding debts to the University that include Title IV funds must have an Authorization to Credit Account form (ACA) and/or an Authorization to Credit Account Parent form (ACAP) on file in order to transfer funds to cover current award year debts. All other debts should be paid directly by the student.

If at any time a credit (financial aid, dropped course or overpayment) appears on your SMU account as a result of a credit card payment, the refund will be credited back to the credit card up to the amount charged. If any additional credit remains, a refund will be issued for the student.

Refunds also can be sent electronically to a student's bank account. The student must sign up for direct deposit through ACH at [access.smu.edu](https://access.smu.edu). Click Student Services/Finances/Finances Home/Account Summary/My SF eSpace/Refund Disbursement. This process eliminates the wait for refunds sent through the mail. ACH refunds are quick, secure and convenient.

Refunds are continuously processed throughout the year as financial aid is applied to student accounts. Students may call or come by the Office of the University Bursar in the Division of Enrollment Services to check on the status of a refund 14 days after funds have been applied to the tuition account.

#### **Withdrawals from the University**

Students desiring to withdraw from the University must initiate a Student Petition for Withdrawal form, secure approval from their academic dean and submit the form to the Office of the University Registrar. The effective date of the withdrawal is the date the Student Petition for Withdrawal is processed in the registrar's office. No refunds are made without an official withdrawal. Discontinuance of class attendance or notification to instructors of an intention to withdraw does not constitute an official withdrawal. Students who reside in University housing must secure clearance from the Department of Residence Life and Student Housing.

Medical withdrawals and mandatory administrative withdrawals allow a prorated refund of tuition and fees. However, a medical withdrawal includes requirements that must be met prior to re-enrollment at SMU. The medical director, psychiatric director, counseling and testing director, or the vice president for student affairs must authorize a medical withdrawal or mandatory administrative withdrawal. Authorization and confirmation of medical necessity must be obtained from the appropriate medical authorities prior to approval of the withdrawal. As a matter of University policy, and in compliance with federal regulations, retroactive medical withdrawals cannot be granted.

#### **Room and Board**

The Housing Agreement is made for both fall and spring terms or either one or both of the five-week summer terms. Should a student move from the residence hall at any time, the remainder of the rent for the term(s) or

five-week summer term will be due. For more specific information, read the Housing Agreement form or consult with the Department of Residence Life and Student Housing. A percentage of board may be refunded based on the date of official withdrawal from the University.

### FEDERAL AID RECIPIENT CANCELLATION AND WITHDRAWAL POLICY

#### Return of Federal Student Aid

The Higher Education Amendments of 1998 establish the principle of "earned aid/unearned aid" for administration of federal student aid. A student "earns" federal aid in proportion to the percentage of the term completed. Unless a student completes at least 60 percent of a term, SMU and/or the student may be required to return "unearned" aid. For example, a student who completes 30 percent of the term has "earned" 30 percent of federal aid; however, SMU and/or the student may have to return the "unearned" 70 percent of aid. (After the 60 percent point has passed, the student is credited with earning 100 percent.)

A student who receives a refund to help in paying noninstitutional charges (books, transportation, living or personal expenses) may be required to return some of the refund. Loans are repaid according to the terms of the promissory note(s), but a portion of grant funds must be repaid immediately. SMU must report to the U.S. Department of Education a student who owes a repayment. Generally, the student is ineligible for federal aid until repayment is made.

#### Refund of Aid to State Programs

	<i>Portion Returned</i>
Prior to 1st day of term	100%
1st through 5th day of term	90%
6th through 10th day of term	50%
11th through 15th day of term	25%
16th through 20th day of term	10%
After 20th day of term	-0-

#### Attribution of Refunds

- For a financial aid recipient whose SMU charges are reduced, SMU must use the refund to reimburse the aid accounts from which payments were made. Federal, state and institutional policies govern the attribution of the refund to appropriate sources.

- Federal: SMU will distribute the federal portion of the refund, if any, to repay disbursements made from federal accounts in the following priority sequence: Federal Stafford Loan (unsubsidized), Federal Stafford Loan (subsidized), Federal PLUS, Federal Perkins Loan, Federal Pell Grant and Federal SEOG.
- Institutions/Other: Any portion of the refund not attributed to federal Title IV programs will be returned to nonfederal funding sources in the following priority sequence: state grant, SMU gift aid, private gift aid, private loan and student/parent.
- In no case will funds returned to a source exceed the disbursement for that payment period made from the source.

Please contact your personal tax advisor for more information.

## LOANS

SMU and other investment partners offer your family several loan options featuring low-interest rates and long-term payments. Some loans are awarded on the basis of documented financial need; others on the basis of creditworthiness and income. All loans must be repaid; they are not gift aid.

### SMU FAMILY ASSISTANCE LOAN

Made possible in part by the generous gifts of the John and Sue Patrick Foundation Loan Fund and the Murray Case Sells Student Loan, SMU's innovative loan program offers creditworthy families with documented income the opportunity to stabilize and control college costs. It features a low-interest rate with a fixed monthly payment and repayment of two years for every year that you may borrow, up to eight years. Parents and students must co-sign the loan.

The University will lend up to \$10,000 per term with a maximum credit line of \$80,000. If families choose to reduce their loan request at any time, SMU will reduce the number of monthly payments accordingly. Interest charges accrue only on advances as they are made, and borrowers may prepay any part of the loan at any time without penalty. Refer to the following table for examples of monthly payments.

## GUIDELINES FOR NEED-BASED AID

---

Under SMU's "shared investment" concept, we believe that both parents and student have a primary responsibility to contribute toward educational expenses to the extent that they are reasonably able. In order to be considered for need-based assistance, certain requirements must be met, as set forth in the following SMU, state and federal guidelines.

### SMU GUIDELINES FOR NEED-BASED AID

We consider undergraduate students to be dependent upon their families, and each family must supply financial data to be considered for SMU need-based aid.

For federal funding purposes, a student may qualify as independent or self-supporting if he or she meets one or more of the following criteria:

- The student is an orphan or ward of the court.
- The student is a U.S. military veteran.
- The student provides more than half of the financial support for a dependent other than a spouse.
- The student is married.
- The student turns 24 years of age before December 31 of the academic year for which aid is sought.
- The student was in foster care after age 13.
- The student was an emancipated minor by the court in the student's state of legal residence.
- The student was under legal guardianship as determined by a court in the student's state of legal residence.

The University reserves the right to alter from year to year the combination of gift funds and self-help (loan and work) included in need-based aid packages, based on the student's documented financial need, funding availability, policies of the Board of Trustees, and federal and state laws and regulations. In general, the amount of self-help will increase as a student advances toward graduation.

### STATE AND FEDERAL GUIDELINES

To be eligible for federal or state financial assistance, a student must meet the following criteria:

- Be in good standing and make satisfactory progress in the selected course of study leading to a degree or certificate
- Not be in default on any student loan or have borrowed in excess of the loan limits
- Not owe a refund on grants previously received from the federal government or the state of Texas
- Be registered with the Selective Service, if required to do so
- Be a U.S. citizen or eligible nonresident (for federal programs) and be a Texas resident as defined by Texas program regulations (for state programs)

Students selected for verification must submit requested documents that include prior-year tax returns. They should be submitted in a timely manner to be considered for available funds. Verification must be completed prior to disbursement of funds.

## GRANTS

---

Grants are gift aid awarded on the basis of documented financial need. The partners who invest in your education include SMU, the federal government and the state of Texas (for legal residents as specified by the state program). If a student qualifies for need-based aid, SMU awards loans and employment opportunities, then gift aid. As a matter of SMU policy, the loan components of the aid package will increase as students progress toward graduation. Grant aid may or may not increase. FAFSA and CSS/Profile® must be filed by April 15 each year to receive SMU need-based grants for undergraduate students.

## SMU NEED-BASED GRANT

**Awards:** Vary in number and amount

**Funding Partner:** SMU

**Eligibility:** Awarded on the basis of financial need demonstrated by the CSS/Profile® as part of an aid “package” after self-help and other gift aid are determined

They also remain in school at a rate significantly higher than nonworking students, according to a U.S. Department of Education survey. Earnings for the following employment programs are paid biweekly to the student and are not applied to University invoice costs. For information on current job openings, visit the Student Employment Office website at [smu.edu/financial\\_aid/stemploy.asp](http://smu.edu/financial_aid/stemploy.asp).

The Federal Work-Study Program offers on- and off-campus community service along with on-campus work opportunities to eligible students.

**Eligibility:** Documented financial need; awarded as part of a need-based financial aid package

### ON-CAMPUS EMPLOYMENT

On-campus employment is available to students based solely on the desire to work on campus.

**Eligibility:** SMU students

## INTERNATIONAL MERIT-BASED SCHOLARSHIPS

### INTERNATIONAL STUDENT AID

SMU offers a limited number of undergraduate merit-based scholarships to students who are citizens of foreign countries and who have outstanding academic records. Undergraduate international students who attended secondary school or college outside of the United States should complete the International Student Application.

By definition in DHS regulations, international students may work only on campus while in the United States as a student. Maximum hours worked during full-time enrollment are 20 hours per week. Between periods of enrollment (summer, etc.), a student may work 40 hours per week.

Inquiries concerning financial assistance for graduate study should be sent to the graduate division of the SMU school in which the student hopes to enroll.

### SMU SATISFACTORY PROGRESS POLICY FOR FEDERAL, STATE AND INSTITUTIONAL FINANCIAL AID ELIGIBILITY

The Higher Education Act of 1965, as amended October 6, 1983, mandates that institutions of higher education establish minimum standards of “satisfactory progress” for students receiving federal financial aid. The standards outlined below are also used for state and institutional funds.

SMU has a selective admission policy and strict academic standards for continued enrollment. If a student is admitted to SMU and allowed to continue

enrollment, the student is considered to be making satisfactory progress toward the chosen degree for financial aid programs, provided the student maintains a 2.000 GPA and completes 75 percent of all classes attempted.

If the rate of undergraduate course completion at the end of any term of enrollment is less than that as mentioned above or the GPA is below the required minimum, the student must appeal to the financial aid counselor to determine if financial aid can be awarded. Awards will be made only if there are mitigating circumstances. The time limit for completion of a baccalaureate degree is six 12-month academic years.

Graduate students will be evaluated by term using the GPA standards listed in their catalog and 75 percent completion rate.

### RIGHT TO APPEAL

If a student is denied aid funds because that student is not deemed to be making satisfactory progress toward the degree goal according to the policy outlined above, that student will have the right to appeal to the SMU Financial Appeals Committee of the Division of Enrollment Services.

For maximum utilization of financial aid resources, the University reserves the right to interchange the sources for all scholarships and grants. SMU policy limits maximum payments from SMU-funded scholarships, grants and benefits to a total of tuition and fees.
