I have an estimated 3.0 (B) cumulative Grade Point Average at the last school or college I attended, and I am currently in good academic standing at that school. I understand that I am obligated to furnish SMU with official transcripts from my high school, colleges, and/or universities. If my academic records do not confirm my good standing, I am ineligible for admission and may be withdrawn from my SMU classes. Admission into the Engineering Non-Degree for Credit track does not qualify me as an applicant to any degree program at SMU. I understand that the admission criteria for graduate programs in the School of Engineering differ from the criteria required for Non-Degree for Credit study. I also understand that should I decide to make formal application to any graduate program in the Bobby B. Lyle School of Engineering, I must do so prior to the completion of a maximum of 6 hours of course work as a Non-Degree student.
