CHURCH MUSIC SUMMER SEMINAR

Music ministers, including those seeking United Methodist Certification in Music Ministry, may take this course to advance their ability to think theologically in the development and leadership of their music ministry with choirs, congregations and the wider church, with a focus on:

- * musical skills including choral conducting and voice
- * worship planning and leadership
- * congregational song theology and practice
- * interpersonal skills and self-understanding

Students, through exploration of Christian doctrine and music practice, will be equipped to better empower the laity with whom they work to bring theology to bear upon their own discipleship.
