(Retain this syllabus for your personal files for future reference if needed)

This course is an advanced study of the major theories in the field of counseling, as well as an exploration of the historical perspectives and philosophies upon which they are based. Theories to be addressed include Classical Psychoanalysis, Individual Psychology, Analytical Theory, Person-Centered Therapy, Rational Emotive Behavior Therapy, Behavior Therapy, Cognitive Therapy, Gestalt Therapy, and Existential Therapy. A special emphasis will be place on the axiom, “know thyself.”

Required Text: Fall, K., Holden, J., & Marquis, A. (2010). *Theoretical models of counseling and psychotherapy* (2nd ed.). New York: Taylor & Francis.

Optional Text: Wedding, D., & Corsini, R. (2014). *Current psychotherapies* (10th ed.). Belmont, CA: Brooks/Cole.

Course Requirements:

Class participation: 10% of grade –

- A) classroom contribution of a quality that reflects knowledge of readings, texts, reference material, and occasionally, written assignments.
- B) attendance; more than one absence will affect final grade. See Statement on Attendance.
- C) a written summation of your personal counseling theory, 2-3 pages in length, determining the counseling theory that best fits your philosophical orientation and basic beliefs about the nature of clients in counseling and about the nature of behavior change. Due at the beginning of final class and defended orally during this last class session.

Theory Comparison and Contrast Paper: 30% of grade – Students will compare and contrast two theories. See Theory Paper Format. This paper will be submitted electronically and in hard copy format.

Mid Term Exam: 30% of grade – an objective exam covering the first half of the course.

Final Exam: 30% of grade – an objective exam covering the last half of the course.

Remember that at SMU grades are recorded as A, A-, B+, B, B-, C+, C, C-. (A= 93-100, A- = 90-92, B+ = 87-89, B = 83-86, B- = 80 – 82, and any C is 79 or below).

In the Counseling Department, any grade below a B- is considered unacceptable and repeating that particular course would be necessary.

Grade	Performance Description	Range	GPA	Points
A	Exceptional	93 – 100	4.0	12.0
A-	High Pass	90 – 92	3.7	11.1
B+		87 – 89	3.3	9.9
B	Pass	83 – 86	3.0	9.0
B-		80 – 82	2.7	8.1
C+	Failure, any C or below	77 – 79	2.3	6.9
C		73 – 76	2.0	6.0
C-		70 – 72	1.7	5.1
D+		67 – 69	1.3	3.9
D		63 – 66	1.0	3.0
D-		60 – 62	0.7	2.1
F		59 \geq	0.0	0.0

Grade of Incomplete

A student may receive a grade of I (Incomplete) if at least 50 percent of the course requirements have been completed with passing grades, but for some justifiable reason, acceptable to the instructor, the student has been unable to complete the full requirements of the course. At the time a grade of I is given, the instructor must stipulate in writing to the student and to the University registrar the requirements and completion date that are to be met and the grade that will be given if the requirements are not met by the completion date. The maximum period of time allowed to clear the Incomplete grade normally is 12 months. If the Incomplete grade is not cleared by the date set by the instructor or by the end of the 12-month Policies and Procedures 25 deadline, the grade of I will be changed to the grade provided by the instructor at the time the Incomplete grade was assigned or to a grade of F if no alternate grade was provided. The grade of I is not given in lieu of a grade of F or W, or other grade, each of which is prescribed for other specific circumstances.

If the student’s work is incomplete, poor quality and not acceptable, a grade of F will be given. The grade of I does not authorize a student to attend the course during a later term. Graduation candidates must clear all Incomplete grades prior to the deadline in the Official University Calendar, which may allow less time than 12 months. Failure to do

so can result in removal from the degree candidacy list and/or conversion of the grade of I to the grade indicated by the instructor at the time the grade of I was given.

For graduate students, a maximum of two (six hours) concurrently held grades of Incomplete in courses other than thesis is allowed. If this maximum is reached, the student will be allowed to take only one three-hour course per term until the Incomplete total is reduced. Students who accumulate a total of three grades of Incomplete in courses other than thesis will be put on probation and not allowed to enroll further until the total is reduced

Learning Objective	Measurable Outcome
Demonstrate appropriate knowledge of the philosophical and historical underpinnings of the counseling theories presented.	Students will demonstrate these skills during class discussion, exams, and their personality self-study.
Recognize and understand the concepts and components of the various counseling theories to be studied as noted in the course description.	Students will exhibit these abilities through oral discourse during class and group discussion, as well as on exams and on the personal counseling theory defense.
Develop an understanding of and an appreciation for the role of human development, human behavior, cultural background, and multicultural issues in counseling situations.	Students will demonstrate these skills during class discussion, exams, and in their defense of their personal counseling theory.

Statement on Attendance:

- Instructors should be given 24 hours' notice of any absence whenever possible
- If a student must miss one class, it is the student's responsibility to contact a classmate to get all material and assignments covered during their absence.
- A student's final grade will be impacted if two absences occur.
- A student missing more than two classes may, at the instructor's discretion:
 - receive a grade of Incomplete if the requirements to do so have been met (see the policy on Grades of Incomplete contained in this syllabus)
 - receive a failing grade for the course
 - drop or withdraw from the course. (This option may have a financial and/or financial aid impact. Student should refer to the Add/Drop Policy and the Withdrawal Policy for the Counseling program which can be found at <http://smu.edu/education/counseling/AcademicCalendar2011-12.asp> then consult with the Program Specialist if they believe this option is a possibility.)

Disability Accommodations: Students needing academic accommodations for a disability must first contact Disability Accommodations & Success Strategies (DASS) at 214-768-1470 or www.smu.edu/alec/dass.asp to verify the disability and to establish eligibility for accommodations. They should then schedule an appointment with the professor to make appropriate arrangements. (See University Policy No. 2.4; an attachment describes the DASS procedures and relocated office.)

Religious observance: Religiously observant students wishing to be absent on holidays that require missing class should notify their professors in writing at the beginning of the semester, and should discuss with them, in advance, acceptable ways of making up any work missed because of the absence. (See university Policy No. 1.9)

Statement on Confidentiality and Emotional Safety:

In order to provide a safe learning environment for students in the class and to protect the confidentiality of practice clients and class members, students will discuss case material and other's personal information, reactions, etc. only while in class or privately

with other current class members. Although the nature of the counseling program invites and expects students to confront themselves in order to maximize personal growth, each student is ultimately responsible for what he or she chooses to share in class, knowing that he or she has the right to pass on any activity or discussion that seems too personal. It is also the responsibility of each class member to treat classmates with respect and integrity, thus providing emotional safety for each other during class activities. All students in the Counseling Department will demonstrate behavior that is consistent with the Ethical Standards forwarded by the APA and ACA in their code of ethics. Failure to do so can result in termination from the Department.

Statement on Class Decorum:

Please turn off (or set on vibrate) all cell phones or pagers. Please do not read newspapers, books for other classes, or other outside reading material during class, nor use lap tops for non class related activities during class. Walking into class late is disruptive, as is leaving early, so please avoid this whenever possible. If you have to leave early, make arrangements before class begins, and then when you leave, do so quietly. Professional respect and courtesy for your fellow students is expected at all times.

Statement on Academic Integrity:

Students are reminded of the SMU Honor Code as referenced in the Student Handbook. Intellectual integrity and academic honesty are both the foundation and the goals for this program. Please reference and review the university policies on the responsibilities, policies, and penalties regarding academic honesty found at:

http://www.smu.edu/studentlife/PCL_05_HC.asp

Theory Comparison Paper Format

Choose two of the following theories: Psychoanalysis, Adlerian, Person-Centered, Gestalt, Cognitive, REBT, Integral. Write a paper comparing and contrasting these two theories.

A. Your paper must be in **APA format including complete title page, page headers, double-spaced, 12 pt. Times New Roman font, and HEADINGS; maximum of 10 pages excluding cover page and references.** No abstract is required.

B. You **must** use the chapter for each theory in your text (Fall, Holden, & Marquis) as a reference. You must use at least three additional **primary references** (the optional text *Current Psychotherapies* is an excellent option for this). This means your reference page will have **at least 4 references total**. You may only use electronically retrieved articles that are from professional journals. No other internet sources are allowed.

C. Papers that do not have **HEADINGS** will be returned to the student and graded as a late paper. Use the following **HEADINGS**:

- **Nature of Humans** – Include psychological structures (such as the id) and drives or motivations people are born with.
- **Role of Environment** – How does environment affect personality development?
- **Adaptive and Maladaptive Functioning** – What characterizes adaptive and maladaptive functioning? How do people develop their adaptive and maladaptive functioning?
- **Change Process** – What needs to happen, according to this theory, for the person's experience to improve, either in or out of counseling? Be specific.
- **Client's Role in Change** – What role does a client need to play in the change process?
- **Counselor's Role in Change** – What role does the counselor play in the change process?
- **Stages and Techniques in Counseling Process** – What stages do clients go through according to this theory and what techniques might the counselor use?

D. You may have **no more than 5 quotes in your paper**. The vast majority of your paper needs to be paraphrased and synthesized from your sources, which means that virtually all your paper will have citations. I am not looking to see whether you can identify great quotes. I am not looking for your opinion or your own thoughts about these theories. I am looking to see whether you understand the unique philosophy of these theories and can express this in your own words.

Statement on APA Guidelines:

Please consult <http://owl.english.purdue.edu/owl/resource/560/01/> for appropriate APA 6th Edition formatting for your paper.

Students are expected to have a high degree of familiarity with the APA manual and its requirements. Plagiarism is plagiarism, whether intentional or unintentional. To

avoid plagiarism, follow guidelines in the current edition of the *APA Publication Manual*. Some general guidelines from the 6th edition include:

- Always cite the source of a quote or paraphrase
- When quoting:
 - o Copy the original material word-for-word
 - o If a quotation is less than 40 words, place quotation marks around it; if it is 40 or more words, indent the quote as a block. Double space all text.
 - o Follow the conclusion of a quotation immediately with the citation of author(s), year of publication – or year of creation if original material is unpublished, and page number(s).
- When paraphrasing:
 - o Restate concepts in *substantially different words* than the original material
 - o Immediately after paraphrased material, cite author(s), year
 - o In addition, according to Pan (2003), if paraphrased material extends to multiple paragraphs, be sure to cite the source in *each* paragraph.
- The term ‘plagiarism’ includes, but is not limited to, the use, by paraphrase or direct quotation, of the published or unpublished work of another person without full and clear acknowledgement. Plagiarism also includes the unacknowledged use of materials prepared by another person or agency engaged in the selling of term papers or other academic materials. A faculty member can assign specific penalties. Penalties can include reducing or changing a grade or issuing a failing grade for an assignment/test or for the entire course and/or expulsion from the academic program and the university. A student penalized for academic misconduct has the right of appeal. SMU counseling program students should be prepared to submit papers and other written work electronically so that the instructor can use anti-plagiarism software to validate the originality of the student’s work. Students also have access to these plagiarism prevention tools and are strongly encouraged to utilize these resources.

Please consult <http://owl.english.purdue.edu/owl/resource/560/01/> for appropriate APA 6th Edition formatting for your paper.

	<i>100-90</i>	<i>89-83</i>	<i>82 & Below</i>	
<i>Depth of Thought & Analysis</i> 25%	Groundwork is clearly laid out for the direction of the paper. Author makes succinct, insightful conclusions based on the review.	Readers are introduced to the overall topic. Remarks show some degree of analysis, though not all thoughts are supported in body of paper.	Neither implicit nor explicit reference is made to topic. No indication author applied much thought to the paper.	
<i>Synthesis & Congruency</i> 25%	Transitions tie sections together as well as adjacent paragraphs. Paper flows from general ideas to specific conclusions.	There is a basic flow from one section to the next, but not all sections or paragraphs fall in a natural or logical order.	The paper appears to have no direction, with subtopics appearing disjointed.	
<i>Thoroughness</i> 25%	The appropriate content is covered in depth without being redundant. There is a clear effort to integrate a personality theory into the student's personality development.	Pertinent content is not covered in as much depth, or as explicit, as expected. Some integration of theory with personality development.	Major sections of pertinent content have been omitted, glossed over, or unnecessarily repeated. Weak effort to integration theory and development.	
<i>Clarity of Writing and Mechanics</i> 25%	Writing is crisp, clear, and succinct. Writer incorporates creative voice when appropriate. No spelling, grammar, or punctuation errors are made. No errors in APA format are made.	Writing is generally clear, but unnecessary words are occasionally used. Meaning is sometimes hidden. A few spelling, grammar or punctuation errors are made. Paper contains a few errors in APA format.	It is hard to know what the writer is trying to express. Writing is convoluted. Misspelled words, incorrect grammar, and improper punctuation are frequent. Numerous errors in APA format
