In addition, students should print the Texas ethics codes (applicable to declared tracts or professional goals) for Licensed Professional Counselors, Licensed Marriage and Family Therapists and Licensed Dependency Chemical Counselors (from the websites for the respective state licensing boards), the ethics code for Texas Educators as well as the ethics codes of the American Counseling Association, American School Counselor Association and the American Association of Marriage and Family Therapists (from the websites from these professional organizations).

CATALOG DESCRIPTION Mental health professionals are legally compelled to provide services in an ethical manner. A simple rule that is not always easily put into practice. The various ethical rules and codes impacting mhps do not all ways provide specific and clear cut rules to follow. Ethics can be a minefield for even the most prudent professional. Both state and federal regulatory authorities are looking over the shoulders of mhps with the ability to severely impact their ability to practice. Knowledge and understanding of the minefield is critical to effectively and safely deliver mental health services.

Key Learning Objectives	How Achieved
Upon successful completion of this course, the student will be able to demonstrate knowledge and application of ethical terminology and principles	Textbook and related ethical codes will be studied to acquaint students with ethical terminology and rules.
Students will learn to recognize and handle ethical issues confronted by mental health professionals.	Textbook and related ethical codes will be used to identify rules and strategies for the prevention and appropriate handling of ethical issues.

ATTENDANCE POLICY Attendance is crucial and class participation will be factored into the final grade.

- Your instructors should be given 24 hours’ notice of any absence whenever possible.
- If a student must miss one class, it is the student’s responsibility to get all material and assignments covered during their absence.
- A student’s final grade will be impacted if two absences occur.
- A student missing more than two classes may, at your instructor’s discretion:
 - receive a grade of Incomplete if the requirements to do so have been met (see the policy on Grades of Incomplete contained in this syllabus)
 - receive a failing grade for the course
 - drop or withdraw from the course. (This option may have a financial and/or financial aid impact. Student should refer to the Add/Drop Policy and the Withdrawal Policy for the Counseling program which can be found at <http://smu.edu/education/counseling/AcademicCalendar2011-12.asp> then consult with the Program Specialist if they believe this option is a possibility.)

Each of the five areas of evaluation will receive a separate score for a maximum total possible score of 100 points.

Exceptional: 20 points

Good: 18 points

Average: 15 points

Poor: 12 points

CLASS PRESENTATIONS AND PAPER: Class presentations should be upbeat, creative and exciting. They are a combination of information, presentation, performance and enthusiasm. The other students should both learn and enjoy.

An outline or summary must be given to each member of the class the day of presentation. It is up to the student presenters to decide what additional information he/she wishes to reproduce and distribute to the class.

If an outside resource person is to be used, furnish the Professor the name and a one-sentence biography one week before class. Arrange to greet and introduce all resource people. At least one-half of the session must be a student presentation.

Resource people have a tendency to cover fully and in detail their own area of competence. Therefore, discover this area in advance and make sure relevant material will be covered during the class. This is essential.

Outside resource people have a tendency to ramble and use more time than is assigned to them. THERE IS ALWAYS MORE MATERIAL THAN CAN BE

COVERED. THE TRICK IS TO PICK OUT THE TRULY RELEVANT MATERIAL AND PRESENT IT.

Each presentation is scheduled for forty-five minutes student Presentation and Discussion. It is the student's responsibility to secure a substitute if the student cannot make the Presentation. The student should arrange for the substitute and call the professor. The student must begin and end promptly.

The paper shall follow APA formatting and shall be doubled spaced. You may use both sides of the page to print your papers.

Final Exam

One major exam (final) comprising 200 points of your total 400 points for this course. The 200 point exam includes 100 true/ false, multiple-choice and short answer questions worth 2 point each. Please refer to the rubrics listed below regarding grading standards and point distributions. The professor will construct all exams utilizing best practices for validity and reliability, and will perform an item-analysis after each examination to evaluate student performance related to question clarity and other threats to item validity.

Disability Accommodations: Students needing academic accommodations for a disability must first contact Disability Accommodations & Success Strategies (DASS) at 214-768-1470 or www.smu.edu/alec/dass.asp to verify the disability and to establish eligibility for accommodations. They should then schedule an appointment with the professor to make appropriate arrangements. (See University Policy No. 2.4; an attachment describes the DASS procedures and relocated office.)

In order to provide a safe learning environment for students in the class and to protect the confidentiality of practice clients and class members, students will

discuss case material and other's personal information, reactions, etc. only while in class or privately with other current class members. It is the responsibility of each class member to treat classmates with respect and integrity, thus providing emotional safety for each other during class activities. Failure to do so can result in termination from the Department.

SMU Fall 2009 Emergency Preparedness

As part of the federal government response to the H1N1 (Swine Flu) virus, the Department of Health and Human Services issued a nationwide public health emergency preparedness declaration on April 26, 2009. The declaration was renewed on July 23, 2009 and is currently in force. For the semester ahead, there is concern that the level and intensity of flu cases could increase substantially.

- 1) For updates on the campus-wide status of flu conditions at SMU, please visit <http://www.smu.edu>.
- 2) If flu conditions require cancellation of a class session or other changes for this course, an email will be sent to all class members.
- 3) In the event of a major campus emergency at SMU, course requirements, deadlines, and grading percentages are subject to changes that may be necessitated by a revised semester calendar or other circumstances beyond the instructor's control.

Final Exam:

The final exam will consist of at least 100 questions, either multiple choice, true/false or fill in the blank items that reflect content from the course text and as well as other class materials presented and discussed in class. This exam will be on the last day of class.

Grade of Incomplete

A student may receive a grade of I (Incomplete) if at least 50 percent of the course requirements have been completed with passing grades, but for some justifiable reason, acceptable to the instructor, the student has been unable to

complete the full requirements of the course. At the time a grade of I is given, the instructor must stipulate in writing to the student and to the University registrar the requirements and completion date that are to be met and the grade that will be given if the requirements are not met by the completion date. The maximum period of time allowed to clear the Incomplete grade normally is 12 months. If the Incomplete grade is not cleared by the date set by the instructor or by the end of the 12-month Policies and Procedures 25 deadline, the grade of I will be changed to the grade provided by the instructor at the time the Incomplete grade was assigned or to a grade of F if no alternate grade was provided. The grade of I is not given in lieu of a grade of F or W, or other grade, each of which is prescribed for other specific circumstances.

If the student's work is incomplete, poor quality and not acceptable, a grade of F will be given. The grade of I does not authorize a student to attend the course during a later term. Graduation candidates must clear all Incomplete grades prior to the deadline in the Official University Calendar, which may allow less time than 12 months. Failure to do so can result in removal from the degree candidacy list and/or conversion of the grade of I to the grade indicated by the instructor at the time the grade of I was given.

For graduate students, a maximum of two (six hours) concurrently held grades of Incomplete in courses other than thesis is allowed. If this maximum is reached, the student will be allowed to take only one three-hour course per term until the Incomplete total is reduced. Students who accumulate a total of three grades of Incomplete in courses other than thesis will be put on probation and not allowed to enroll further until the total is reduced.
