COURSE REQUIREMENTS

1. Attitude/ Participation/Attendance: (15 pts) Attendance is imperative for successful completion of this course. Each student enrolled in this course should be committed to full participation in class. Participation includes but, is not limited to the following: in-class discussions, question/answer opportunities with guest lecturers, and role plays. It also includes the completion of all reading and in-class assignment: texts and supplemental articles. Lack of attendance, tardy attendance, returning from breaks late, participation that inhibits the participation of others, lack of seriousness in role plays and poor participation will be graded accordingly. Students should give 24 hours' notice of any absence whenever possible via email or phone.

If a student must miss one class (>3 hours of class time), it is the student's responsibility to contact a classmate to get all material and assignments covered during their absence. A make-up assignment may be assigned depending on the

content and/or amount of class missed. A student's final grade will be impacted if two absences occur or 8 hours of class are missed. A student missing more than two classes may, at the instructor's discretion: 1) receive a grade of Incomplete if the requirements to do so have been met (see the policy on Grades of Incomplete contained in this syllabus), 2) receive a failing grade for the course, 3) drop or withdraw from the course. (This option may have a financial and/or financial aid impact. Student should refer to the Add/Drop Policy and the Withdrawal Policy for the Counseling program which can be found at <http://smu.edu/education/counseling/AcademicCalendar2011-12.asp> then consult with the Program Specialist if they believe this option is a possibility.

2. Activity Design/Class Presentation: (20 pts) Due Final Day. Students will formulate an activity to conduct with said population and provide a description of the activity in a prescribed format. Guidelines will be distributed in class. The student will present the activity to the class via 1) description, 2) handout, 3) demonstration with entire class or one member. Presentations must be conducted between 10-15 minutes and will address the following categories: Rationale, description, and application.
3. Counseling session Micro Practicum 1 & 2 with Analysis: (25 pts each) Students will provide two 30 minute mock counseling sessions to a volunteer child while observed and filmed for supervision purposes. Your grade for the experiential portion and written self-analysis will be averaged for a final assignment grade.

IMPORTANT POLICIES

Grade of Incomplete: A student may receive a grade of I (Incomplete) if at least 50 percent of the course requirements have been completed with passing grades, but for some justifiable reason, acceptable to the instructor, the student has been unable to complete the full requirements of the course. At the time a grade of I is given, the instructor must stipulate in writing to the student and to the University registrar the requirements and completion date that are to be met and the grade that will be given if the requirements are not met by the completion date. The maximum period of time allowed to clear the Incomplete grade normally is 12 months. If the Incomplete grade is not cleared by the date set by the instructor or by the end of the 12-month Policies and Procedures 25 deadline, the grade of I will be changed to the grade provided by the instructor at the time the Incomplete grade was assigned or to a grade of F if no alternate grade was provided. The grade of I is not given in lieu of a grade of F or W, or other grade, each of which is prescribed for other specific circumstances.

If the student's work is incomplete, poor quality and not acceptable, a grade of F will be given. The grade of I does not authorize a student to attend the course during a later term. Graduation candidates must clear all Incomplete grades prior to the deadline in the Official University Calendar, which may allow less time than 12 months. Failure to do so can result in removal from the degree candidacy list and/or conversion of the grade of I to the grade indicated by the instructor at the time the grade of I was given.

For graduate students, a maximum of two (six hours) concurrently held grades of Incomplete in courses other than thesis is allowed. If this maximum is reached, the student will be allowed to take only one three-hour course per term until the Incomplete total is reduced. Students who accumulate a total of three grades of Incomplete in courses other than thesis will be put on probation and not allowed to enroll further until the total is reduced.

Display of Professionalism

Licensure carries with it a great deal of responsibility. Whether a counselor is helpful, ineffective, or even harmful pertains primarily to issues of competence and professionalism. It is assumed that a counseling student's behavior in class is generally an indicator of his or her future behavior as a counselor. Thus, students are appraised based partially on professionalism displayed during class. Counseling students display professionalism, and build competence by arriving on time for class, by engaging fully in class lectures and activities, and by demonstrating professional attitudes, and professional character. These factors are evaluated based on one's ability to convey warmth, genuineness, respect, and empathy in interactions with classmates, and the instructor. Students need to be able to demonstrate the ability to accept and integrate feedback, be aware of their impact on others, accept personal responsibility, and be able to express feelings appropriately. Lastly, professional dress is an important component in professional presentation. Students need to monitor their dress both in the classroom as well as when completing their practicum and internship hours.

Plagiarism Policy

Plagiarism is not tolerated and will result in an “F” grade for the class. Plagiarism is defined as the following:

To represent ideas or interpretations taken from another source as one’s own is plagiarism. Plagiarism is a serious offense. The academic work of students must be their own. Students must give the author(s) credit for any source material used. To lift content directly from a source without giving credit is a flagrant act. To present a borrowed passage after having changed a few words, even if the source is cited, is also plagiarism.

Misrepresentation or falsification of logs, notes, treatment plans, or other material is not tolerated and will result in an “F” grade for the class. Please reference the SMU honor code.

Disability Accommodations: Disability Accommodations: Students needing academic accommodations for a disability must first contact Disability Accommodations & Success Strategies (DASS) at 214-768-1470 or www.smu.edu/alec/dass.asp to verify the disability and to establish eligibility for accommodations. They should then schedule an appointment with the professor to make appropriate arrangements. (See University Policy No. 2.4; an attachment describes the DASS procedures and relocated office.)

Religious Observance: Religiously observant students wishing to be absent on holidays that require missing class should notify their instructors in writing at the beginning of the semester and should discuss with the instructor in advance acceptable ways for making up any missed work because of the absence. (Refer to university Policy No. 1.9)

Excused Absence for University Extracurricular Activities: Students participating in an officially sanctioned scheduled university extracurricular activity will be given the opportunity to make up class assignments or other graded assignments missed as a result of their participation. It is the responsibility of the student to make arrangements with the instructor prior to any missed scheduled examination or other missed assignments for making up the work. (Refer to university Undergraduate Catalogue).

Statement on Confidentiality and Emotional Safety: In order to provide a safe learning environment for students in the class and to protect the confidentiality of practice clients and class members, students will discuss case material and other’s personal information, reactions, etc. only while in class or privately with other current class members. In addition, should a student recognize or know practice clients as shown in class, it is the student’s responsibility to promptly inform the instructor so that appropriate arrangements can be made.

It is the responsibly of each class member to treat classmates with respect and integrity, thus providing emotional safety for each other during class activities. All students in the Counseling Department will demonstrate behavior that is consistent with the Ethical Standards forwarded by the APA and ACA in their code of ethics. Failure to do so can result in termination from the Department.

Emergency Preparedness: As part of the federal government response to the H1N1 (Swine Flu) virus, the Department of Health and Human Services issued a nationwide public health emergency preparedness declaration on April 26, 2009. The declaration was renewed on July 23,

2009 and is currently in force. For the semester ahead, there is concern that the level and intensity of flu cases could increase substantially.

- 1) For updates on the campus-wide status of flu conditions at SMU, please visit <http://www.smu.edu>.
- 2) If flu conditions require cancellation of a class session or other changes for this course, an email will be sent to all class members.
- 3) In the event of a major campus emergency at SMU, course requirements, deadlines, and grading percentages are subject to changes that may be necessitated by a revised semester calendar or other circumstances beyond the instructor's control.

Statement on Academic Integrity: Students are reminded of the SMU Honor Code as referenced in the Student Handbook. Intellectual integrity and academic honesty are both the foundation and the goals for this program. Please reference and review the university policies regarding the responsibility, policies, and penalties regarding academic honest found at: www.smu.edu/studentlife/PCL_05_HC.asp

Statement of Class Decorum: Please utilize silence or vibrate prompts on all cell phones or pagers during class to avoid disruption of others. Please do not engage in outside reading material (e.g., newspapers, books for other classes, etc.) or utilize laptops for non-class related purposes during active classroom instruction. Because arriving to class late and leaving class early is disruptive, please try to avoid this as much as possible. If a circumstance in your life necessities last arrival or early dismissal, please attempt to make arrangements with the instructor prior to the onset of class. Professional respect and courtesy for your fellow students is expected at all times.

Statement on APA Guidelines: Students are expected to have a high degree of familiarity with the APA manual and its requirements. Plagiarism is plagiarism, whether intentional or unintentional. To avoid plagiarism, follow guidelines in the current edition of the *APA Publication Manual*.
