You will need your student ID number along with a password in order to register and pay for classes, obtain grades, access online student services and apply for graduation. Within a week or two of being admitted, the University's IT Office will mail you a link and directions for setting up your password (See 2).

Although most graduate students do not need a Student ID card, it can be useful to obtain discounts or to participate in the many SMU extracurricular events. Enrolled students may obtain an **SMU Photo ID** free of charge at the Pony Express Window located in the Expressway Towers building near main campus at Central Expressway and Yale. The office is on the first floor; hours are 8:30 – 5:00 pm, Monday – Friday. For additional information call the Pony Express Office at 214-768-7275. The Photo ID also serves as a library card and the bar code at the bottom is your student library number. **You must be currently enrolled in coursework to be eligible to obtain an ID card.** Library privileges are suspended during terms in which you do not take classes.

2.) **Password and Computer Help**

Within approximately two weeks of joining the program, you will receive information from the SMU IT Dept. on how to set up a password to use with your SMU email account and Access.SMU. The Dispute Resolution office is not given your password, so if you lose it or forget it you will need to contact the Help Desk at 214-768-HELP (4357) or their website is www.smu.edu/help. There is a Password Reset Request Form located on their website. You will want to enroll in the "Password Reset Tool" so that you can change your own password. **Passwords expire every six months, notices are sent to your SMU email address only.**

3.) **SMU Email Account**

All students at SMU are provided with an SMU email account. This account serves as the University's official form of communication. Dispute Resolution students should check their SMU email often, as class information, financial aid, and important announcements from the University are sent exclusively to this email.

To log into your email account, visit www.smu.edu/webmail. You will be required to enter your ID number and your password to log in.

4.) **Access.SMU**

Access.SMU is the University's student information maintenance system. Log on at <http://access.smu.edu> and you can:

- Register for classes
- Pay for Dispute Resolution classes
- **View grades**
- Check registered classes for the term

Class size is set by the course instructor and DR staff. Small classes are an integral part of the program's education philosophy. Classes are filled on a first-come, first-served basis. Waiting lists will be maintained by the DR office and students called as seats open up. **Students should not contact a professor directly to ask permission to be added to a course that is full.**

e. Course Attendance

Faculty and Adjuncts utilize their own grading criteria concerning absences and tardiness but all courses are subject to the following attendance policies:

- Students should give instructors 24 hours' notice of any absence whenever possible. This notice should be sent directly to the instructor using the contact information in the course syllabus.
- If a student must miss one class, it is the student's responsibility to obtain all material and assignments covered during their absence.
- **A student's final grade will be impacted if two absences occur, or more than 5 total hours missed of a weekend seminar course.**
- A student missing more than the above may, at the instructor's discretion:

- receive a grade of incomplete if the requirements to do so have been met
- receive a failing grade for the course
- drop or withdraw from the course understanding that this option may have serious financial consequences and impact any financial aid awards. Students should refer to the Add/Drop Policy and Withdrawal Policy found on the Academic Calendar.

f. Drops and Withdrawals

Please be aware that there are differences between a class drop and a withdrawal. They have separate financial policies. The deadlines for drops and withdrawals are posted on the Academic Calendar which you should have received with this bulletin as well as posted on the Dispute Resolution website. Withdrawals must be handled by the Dispute Resolution office, students who wish to withdraw from their courses must notify the Dispute Resolution office via email at disputeresolution@smu.edu. Nonattendance or notifying the instructor does not constitute an official withdrawal. The following is a representative schedule of tuition refund policies for withdrawals:

On or prior to Payment Due Date	100%
1 st day through 5 th day	90%
6th through 10th day of term	50%
11th through 15th day of term	25%
16th through 20th day of term	10%
After 20th day of term	0%

For Medical Withdrawals, a daily pro-rata refund is allowed. To qualify for Medical Withdrawal, your personal physician must provide a written explanation of the illness to the Director of the SMU Health Center who will, in turn, rule on the case.

g. Grade of Incomplete

If a student has attended at least 50% of a specific class and is currently passing, but is unable to complete the work before the end of the term due to , the student and the instructor may agree on a grade of “Incomplete”. **The student is responsible for informing the DR office of this decision.** If not removed within one calendar year, the grade of Incomplete becomes an F. Students are not eligible for graduation until all Incompletes have been cleared. A maximum of two incompletes may be accrued,

h. Academic Probation

Graduate Students must maintain a cumulative GPA of 3.00. If in any semester a student fall below this GPA, the student will be placed on probation for one term. If at the end of the probationary term the cumulative GPA is not up to 3.00, the student will be notified and removed from the program. **It is the student’s responsibility to be cognizant of their status; Academic Probation is automatic once the GPA falls below 3.0.**

i. Student Competence

Student behaviors (i.e. open-mindedness, kindness, patience, communicative style, integrity, honesty, respect, classroom demeanor, etc.) are evaluated by faculty during

the academic term. Faculty concerns regarding student competence are addressed so that a remediation process may begin. **Failure to progress, adhere to sanctions, disruptive behaviors, or refusal to comply with competency expectations may result in student expulsion from the Program in Dispute Resolution and SMU.**

Procedures for Identifying Student Competency Concerns:

1. Instructor completes a Competency Concern and Remediation Report that details the specific concern(s) regarding student behavior as well as steps/procedures for remediation.

2. Instructor discusses the report with the student and provides a copy to the student. The concern will be shared with the Dispute Resolution faculty and Program Director as an informational item during the next faculty meeting.

3. The student may select one of three responses to the expressed faculty concern:

a. Follow the counsel for remediation described in the report.

b. Exit from the program.

c. Refuse to accept the evaluation and remediation, and appeal in writing to the Program Director within three days of the initial Instructor/student meeting. If a student fails to contact the Director within three days, the instructor specifications stand and the student MUST comply or withdrawal/expulsion procedures begin.

4. In the case of appeal, the Program Director will mediate a decision between the instructor and student regarding the evaluation and remedial report specifications. If no resolution results, a committee composed of one instructor-designated faculty member, one Director-appointed faculty member, and one student-designated faculty member will convene to evaluate the competency issue.

5. Each party, the instructor and student, provide the committee with written statements regarding the unresolved conflict surrounding the student competency evaluation. Additionally, a hearing will be held where each party verbally communicates their concern/grievance.

6. The committee will either waive the remediation stipulations or enforce the remediation stipulations within ten days of the hearing. The terms of the committee's decision will be presented in writing to the Program Director, instructor, and student.

7. Each party has ten days to appeal the decision in writing to the Dean of the Annette Caldwell Simmons School of Education and Human Development.

8. All records in this process are retained in the student's academic file.

j. Social Media Guidelines

Students in Dispute Resolution are expected to exhibit a high degree of interpersonal effectiveness, emotional maturity, and good judgment. Because of the ease with which the public, colleagues, and current or prospective employers can access information from professional and personal information published on the web, students should take care to present themselves in the best possible light. It is expected that students will recognize the SMU Student Handbook's Code of Conduct application to the use of Social Media specifically section 2.09, "Students will, at all times and in all activities, respect the rights of others, maintain responsible behavior conducive to the teaching and learning environment, and uphold the integrity of the University both on and off campus." SMU's program in Dispute Resolution

encourages civil discussion of issues pertinent to the program and related events.
Inappropriate remarks on social media venues such as Facebook, Twitter and others may result in disciplinary action.

k. Graduation

Graduate Certificate: Students must successfully complete 21 hours of study in the Dispute Resolution Graduate Certificate Program. Students must also submit an ‘Application for Candidacy to Graduate’ form (ACG) at the beginning of the term in which their 21 hours are to be completed. The form is available at the DR office. Once the form is filled out, please submit to the DR staff for processing. Graduation occurs three times a year, December, May and August, there is no formal ceremony.
