PROGRESS REPORT

2019–2020

EXECUTIVE SUMMARY

Executive Summary

Introduction

This executive summary provides a means to telegraph the status of progress made on each item in the 2019-2020 Progress Report on the SMU strategic plan titled *Launching SMU's Second Century: Shaping Leaders for a Changing World 2016–2025*. The 2019-2020 Progress Report is a separate 80-page document.

SMU's strategic plan sets forth goals and objectives and, initially in an accompanying implementation plan, the metrics or means by which to measure progress toward each goal and objective. The Board of Trustees first approved the strategic plan in December 2015 and the implementation plan in May 2016. Each September, starting in 2017, reports on progress have been presented to the Board. This report is being presented to the Board of Trustees at its September 18, 2020 meeting.

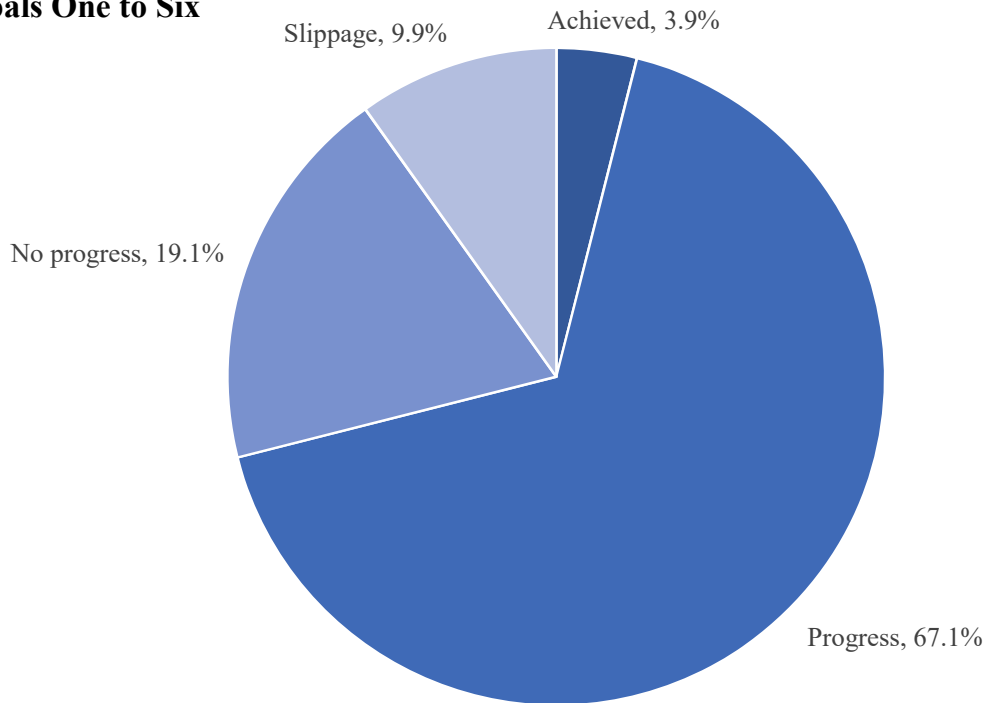

This annual progress report covers six goals, 35 objectives, and 137 metrics. The executive summary conveys the status of progress on each item measured – achieved ✓, progress ↑, no progress ⇔, or slippage ↓. Progress is first summarized in tables and graphs by count and percentages for all goals and for each of the six goals (pages 2-3). This overview is followed by counts and percentages for each goal and objective (pages 4-7), and finally, by counts for each metric (pages 8-15). Since metrics may contain more than one item, metrics can have subcategories with progress indicated on each. Thus, 137 metrics contain 152 items reported on here.
