Health/Medical

- ♥ Finding the right doctor for physical, emotional or behavioral changes.
- ♥ Navigating educational resources, special needs programs, college/career transitioning, etc.

Financial/Legal

- ♥ Understanding costs associated with care and how to prepare for them.
- ♥ Reviewing policies and educating members about how health and personal care are paid for.
- ♥ Providing assistance on accessing educational scholarships and programs.

Caregivers/Family

- ♥ Improving peace of mind by offering objective support that makes difficult care decisions less stressful.
- ♥ Providing guidance and emotional support on how to start difficult conversations with family members.
