INTRODUCTION

This Plan is offered by your Employer as one of the benefits of your employment. The benefits provided are intended to assist you with many of your health care expenses for Medically Necessary services and supplies. Coverage under this Plan is provided regardless of your race, color, national origin, disability, age, sex, gender identity or sexual orientation. There are provisions throughout this Benefit Booklet that affect your health care coverage. It is important that you read the Benefit Booklet carefully so you will be aware of the benefits and requirements of this Plan.

The defined terms in this Benefit Booklet are capitalized and shown in the appropriate provision in the Benefit Booklet or in the **DEFINITIONS** section of the Benefit Booklet. Whenever these terms are used, the meaning is consistent with the definition given. Terms in italics may be section headings describing provisions or they may be defined terms.

The terms “you” and “your” as used in this Benefit Booklet refer to the Employee. Use of the masculine pronoun “his,” “he,” or “him” will be considered to include the feminine unless the context clearly indicates otherwise.

Managed Health Care - In-Network Benefits

To receive In-Network Benefits as indicated on your Schedule of Coverage, **you must** choose Providers within the Network for all care (**other than for emergencies**). The Network has been established by BCBSTX and consists of Physicians, Specialty Care Providers, Hospitals, and other health care facilities to serve Participants throughout the Network Plan Service Area. Refer to your Provider directory or visit the BCBSTX website at www.bcbstx.com to make your selections. The listing may change occasionally, so make sure the Providers you select are still Network Providers. An updated directory will be available at least annually. You may access our website, www.bcbstx.com, for the most current listing to assist you in locating a Provider.

To receive In-Network Benefits for Mental Health Care, Serious Mental Illness, and treatment of Substance Use Disorder all inpatient and certain outpatient care should be Preauthorized by calling the toll-free Mental Health Helpline indicated on your Identification Card and in this Benefit Booklet. Services and supplies for Mental Health Care, Serious Mental Illness, and treatment of Substance Use Disorder must be provided by Network Providers that have specifically contracted with the Claim Administrator to furnish services and supplies for those types of conditions to be considered for In-Network Benefits.

If you choose a Network Provider, the Provider will bill the Claim Administrator - not you - for services provided.

The Provider has agreed to accept as payment in full the least of...

- The billed charges, or
- The Allowable Amount as determined by the Claim Administrator, or
- Other contractually determined payment amounts.

You are responsible for paying any Deductibles, Copayment Amounts, and Co-Share Amounts. You may be required to pay for limited or non-covered services. No claim forms are required.

Managed Health Care - Out-of-Network Benefits

If you choose Out-of-Network Providers, only Out-of-Network Benefits will be available. If you go to a Provider outside the Network, benefits will be paid at the Out-of-Network Benefits level. If you choose a health care Provider outside the Network, you may have to submit claims for the services provided.

You will be responsible for paying...

- Billed charges above the Allowable Amount as determined by the Claim Administrator,
- Co-Share Amounts and Deductibles,
- Limited or non-covered services, and
- Failure to Preauthorize penalty.

Pharmacy Benefits

Benefits are provided for those Covered Drugs as explained in the **PHARMACY BENEFITS** section and shown on your Schedule of Coverage in this Benefit Booklet. The amount of your payment under the Plan depends on whether:

- the Prescription Order is filled at a Participating Pharmacy, or through the mail-order program; or
- the Prescription Order is filled by a provider contracting with BCBSTX; or
- a Generic Drug is dispensed; or
- a Preferred or Non-Preferred Brand Name Drug is dispensed; or
- a Specialty Drug is dispensed.

WHO GETS BENEFITS

Eligibility Requirements for Coverage

The Eligibility Date is the date a person becomes eligible to be covered under the Plan. A person becomes eligible to be covered when he becomes an Employee or a Dependent and is in a class eligible to be covered under the Plan. The Eligibility Date is:

1. The date the Employee, including any Dependents to be covered, completes the Waiting Period, if any, for coverage;
2. Described in the ***Dependent Enrollment Period*** section for a new Dependent of an Employee already having coverage under the Plan.

No eligibility rules or variations in rates will be imposed based on your health status, medical condition, claims experience, receipt of health care, medical history, genetic information, evidence of insurability, disability, or any other health status related factor. Coverage under this Plan is provided regardless of your race, color, national origin, disability, age, sex, gender identity or sexual orientation. Variations in the administration, processes or benefits of this Plan that are based on clinically indicated reasonable medical management practices, or are part of permitted wellness incentives, disincentives and/or other programs do not constitute discrimination.

Employee Eligibility

Any person eligible under this Plan and covered by the Employer's previous Health Benefit Plan on the date prior to the Plan Effective Date, including any person who has continued group coverage under applicable federal or state law, is eligible on the Plan Effective Date. Otherwise, you are eligible for coverage under the Plan when you satisfy the definition of an Employee and you reside or work in the Plan Service Area.

Dependent Eligibility

If you apply for coverage, you may include your eligible Dependents. A detailed description of Dependent is in the **DEFINITIONS** section of this Benefit Booklet.

An Employee must be covered first in order to cover his eligible Dependents. No Dependent shall be covered hereunder prior to the Employee's Effective Date.

All employees are required to provide written documentation proving the eligibility of their dependents who are covered or who are requesting coverage under the Plan. Such written proof for eligibility must be submitted within the time frame communicated by the Plan Administrator. Such proof of eligibility may include, but will not be limited to, marriage certificates, birth certificates, adoption certificates, federal tax returns, and proof of joint ownership.

Effective Dates of Coverage

In order for an Employee's coverage to take effect, the Employee must submit written enrollment for coverage for himself and any Dependents. The Effective Date is the date the coverage for a Participant actually begins. The Effective Date under the Plan is shown on your Identification Card. It may be different from the Eligibility Date.

Timely Applications

It is important that your application for coverage under the Plan is received timely by the Claim Administrator through the Plan Administrator.

If you apply for coverage and make the required contributions for yourself or for yourself and your eligible Dependents and if you:

1. Are eligible on the Plan Effective Date and the application is received by the Claim Administrator through the Plan Administrator prior to or within 31 days following such date, your coverage will become effective on the Plan Effective Date;
2. Enroll for coverage for yourself or for yourself and your Dependents during an Open Enrollment Period, coverage shall become effective on the Plan Anniversary Date; or
3. Become eligible after the Plan Effective Date and if the application is received by the Claim Administrator through the Plan Administrator within the first 31 days following your Eligibility Date, the coverage will become effective in accordance with eligibility information provided by your Employer.

Effective Dates - Delay of Benefits Provided

Coverage becomes effective for you and/or your Dependents on the Plan Effective Date upon completion of an application for coverage. If you or your eligible Dependent(s) are confined in a Hospital or Facility Other Provider on the Plan Effective Date, your coverage is effective on the Plan Effective Date. However, if this Plan is replacing a discontinued Health Benefit Plan or self-funded Health Benefit Plan, benefits for any Employee or Dependent may be delayed until the expiration of any applicable extension of benefits provided by the previous Health Benefit Plan or self-funded Health Benefit Plan.

Effective Dates - Late Enrollee

If your application is not received within 31 days from the Eligibility Date, you will be considered a Late Enrollee. You will become eligible to apply for coverage during your Employer's next Open Enrollment Period. Your coverage will become effective on the Plan Anniversary Date.

Loss of Other Health Insurance Coverage

An Employee who is eligible, but not enrolled for coverage under the terms of the Plan (and/or a Dependent, if the Dependent is eligible, but not enrolled for coverage under such terms) shall become eligible to apply for coverage if each of the following conditions is met:

1. The Employee or Dependent was covered under a Health Benefit Plan, self-funded Health Benefit Plan, or had other health insurance coverage at the time this coverage was previously offered; and
2. Coverage was declined under this Plan in writing, on the basis of coverage under another Health Benefit Plan or self-funded Health Benefit Plan; and
3. There is a loss of coverage under such prior Health Benefit Plan or self-funded Health Benefit Plan as a result of:
 - a. Exhaustion of continuation under Title X of the Consolidated Omnibus Budget Reconciliation Act (COBRA) of 1985, as amended; or
 - b. Cessation of Dependent status (such as divorce or attaining the maximum age to be eligible as a dependent child under the Plan), termination of employment, a reduction in the number of hours of employment, or employer contributions toward such coverage were terminated; or
 - c. Termination of the other plan's coverage, a situation in which an individual incurs a claim that would meet or exceed a lifetime limit on all benefits, a situation in which the other plan no longer offers any benefits to the class of similarly situated individuals that include you or your Dependent, or, in the case of coverage offered through an HMO, you or your Dependent no longer reside, live, or work in the service area of that HMO and no other benefit option is available; and
4. You request to enroll no later than 31 days after the date coverage ends under the prior Health Benefit Plan or self-funded Health Benefit Plan or, in the event of the attainment of a lifetime limit on all benefits, the request to enroll is made not later than 31 days after a claim is denied due to the attainment of a lifetime limit on all benefits. Coverage will become effective the first day of the Plan Month following receipt of the application by the Claim Administrator through the Plan Administrator.

If all conditions described above are not met, you will be considered a Late Enrollee.

Loss of Governmental Coverage

An individual who is eligible to enroll and who has lost coverage under Medicaid (Title XIX of the Social Security Act), other than coverage consisting solely of benefits under Section 1928 of that Act (42 U.S.C. Section 1396s) or under the Children's Health Insurance Program (CHIP), Chapter 62, Health and Safety Code, is not a Late Enrollee provided appropriate enrollment application/change forms and applicable contributions are received by the Claim Administrator within sixty (60) days after the date on which such individual loses coverage. Coverage will be effective the day after prior coverage terminated.

Health Insurance Premium Payment (HIPP) Reimbursement Program

An individual who is eligible to enroll and who is a recipient of medical assistance under the Medicaid Program or enrolled in CHIP, and who is a participant in the HIPP Reimbursement Program may enroll with no enrollment period restrictions. If the individual is not eligible unless a family member is enrolled, both the individual and family member may enroll. The Effective Date of Coverage is on the first day of the month after the Claim Administrator receives (i) written notice from the Texas Health and Human Services Commission, or (ii) enrollment forms, from

you, provided such forms and applicable contributions are received by the Claim Administrator within sixty (60) days after the date the individual becomes eligible for participation in the HIPP Reimbursement Program.

Dependent Enrollment Period

1. Special Enrollment Period for Newborn Children

Coverage of a newborn child will be automatic for the first 31 days following the birth of your newborn child. For coverage to continue beyond this time, you must notify the Claim Administrator through the Plan Administrator within 31 days of birth and pay any required contributions within that 31-day period or a period consistent with the next billing cycle. Coverage will become effective on the date of birth. If the Claim Administrator is notified through the Plan Administrator after that 31-day period, the newborn child's coverage will become effective on the Plan Anniversary Date following the Employer's next Open Enrollment Period.

2. Special Enrollment Period for Adopted Children or Children Involved in a Suit for Adoption

Coverage of an adopted child or child involved in a suit for adoption will be automatic for the first 31 days following the adoption or date on which a suit for adoption is sought. For coverage to continue beyond this time, the Claim Administrator through the Plan Administrator must receive all necessary forms and the required contributions within the 31-day period or a period consistent with the next billing cycle. Coverage will become effective on the date of adoption or date on which a suit for adoption is sought. If you notify the Claim Administrator through the Plan Administrator after that 31-day period, the child's coverage will become effective on the Plan Anniversary Date following the Employer's next Open Enrollment Period.

3. Court Ordered Dependent Children

If a court has ordered an Employee to provide coverage for a child, coverage will be automatic for the first 31 days after the date your Employer receives notification of the court order. To continue coverage beyond the 31 days, the Claim Administrator through the Plan Administrator must receive all necessary forms and the required contributions within the 31-day period. If you notify the Claim Administrator through the Plan Administrator after that 31-day period, the Dependent child's coverage will become effective on the Plan Anniversary Date following your Employer's next Open Enrollment Period.

4. Other Dependents

Written application must be received within 31 days of the date that a spouse or child first qualifies as a Dependent. If the written application is received within 31 days, coverage will become effective on the date the child or spouse first becomes an eligible Dependent. If application is not made within the initial 31 days, then your Dependent's coverage will become effective on the Plan Anniversary Date following your Employer's next Open Enrollment Period.

If you ask that your Dependent be provided health care coverage after having canceled his or her coverage while your Dependent was still entitled to coverage, your Dependent's coverage will become effective in accordance with the provisions of the Plan.

In no event will your Dependent's coverage become effective prior to your Effective Date.

Other Employee Enrollment Period

1. As a special enrollment period event, if you acquire a Dependent through birth, adoption, or through suit for adoption, and you previously declined coverage for reasons other than under ***Loss of Other Health Insurance Coverage***, as described above, you may apply for coverage for yourself, your spouse, and a newborn child, adopted child, or child involved in a suit for adoption. If the written application is received within 31 days of the birth, adoption, or suit for adoption, coverage for the child, you, or your spouse will become effective on the date of the birth, adoption, or date suit for adoption is sought.

If you marry and you previously declined coverage for reasons other than under ***Loss of Other Health Insurance Coverage*** as described above, you may apply for coverage for yourself and your spouse. If the written application is received within 31 days of the marriage, coverage for you and your spouse will become effective on the first day of the month following receipt of the application by the Claim Administrator through the Plan Administrator.

2. If you are required to provide coverage for a child as described in ***Court Ordered Dependent Children*** above, and you previously declined coverage for reasons other than under ***Loss of Other Health Insurance Coverage***, you may apply for coverage for yourself. If the written application is received within 31 days of the date your Employer receives notification of the court order, coverage for you will become effective on the date your Employer receives notification of the court order.

Enrollment Application/Change Form

Use this form to...

- Notify the Plan of a change to your name
- Add Dependents
- Drop Dependents
- Cancel all or a portion of your coverage
- Notify the Plan of all changes in address for yourself and your Dependents. An address change may result in benefit changes for you and your Dependents if you move out of the Plan Service Area of the Network.

You may obtain this form from your Employer, or by calling the Claim Administrator's Customer Service Helpline telephone number shown in this Benefit Booklet or on your Identification Card, or by accessing the BCBSTX website. If a Dependent's address and zip code are different from yours, be sure to indicate this information on the form. After you have completed the form, return it to your Employer.

Changes In Your Family

You should promptly notify the Claim Administrator through the Plan Administrator in the event of a birth or follow the instructions below when events, such as but not limited to, the following take place:

- If you are adding a Dependent due to marriage, adoption, or a child being involved in a suit for which an adoption of the child is sought, or your Employer receives a court order to provide health coverage for a Participant's child or your spouse, you must submit an *Enrollment Application/Change Form* and the coverage of the Dependent will become effective as described in ***Dependent Enrollment Period***.
- When you divorce or your child reaches the age indicated on your Schedule of Coverage as "Dependent Child Age Limit," or a Participant in your family dies, coverage under the Plan terminates in accordance with the **Termination of Coverage** provisions selected by your Employer.

Notify your Employer promptly if any of these events occur. Benefits for expenses incurred after termination are not available. If your Dependent's coverage is terminated, refund of contributions will not be made for any period before the date of notification. If benefits are paid prior to notification to the Claim Administrator by the Plan Administrator, refunds will be requested.

Please refer to the **Continuation of Group Coverage - Federal** subsection in this Benefit Booklet for additional information.

HOW THE PLAN WORKS

Allowable Amount

The Allowable Amount is the maximum amount of benefits the Claim Administrator will pay for Eligible Expenses you incur under the Plan. The Claim Administrator has established an Allowable Amount for Medically Necessary services, supplies, and procedures provided by Providers that have contracted with the Claim Administrator or any other Blue Cross and/or Blue Shield Plan, and Providers that have not contracted with the Claim Administrator or any other Blue Cross and/or Blue Shield Plan. When you choose to receive services, supplies, or care from a Provider that does not contract with the Claim Administrator, you will be responsible for any difference between the Claim Administrator's Allowable Amount and the amount charged by the non-contracting Provider. You will also be responsible for charges for services, supplies, and procedures limited or not covered under the Plan, any applicable Deductibles, Co-Share Amounts, and Copayment Amounts.

Review the definition of Allowable Amount in the **DEFINITIONS** section of this Benefit Booklet to understand the guidelines used by the Claim Administrator.

Case Management

Under certain circumstances, the Plan allows the Claim Administrator the flexibility to offer benefits for expenses which are not otherwise Eligible Expenses. The Claim Administrator, at its sole discretion, may offer such benefits if:

- The Participant, his family, and the Physician agree;
- Benefits are cost effective; and
- The Claim Administrator anticipates future expenditures for Eligible Expenses which may be reduced by such benefits.

Any decision by the Claim Administrator to provide such benefits shall be made on a case-by-case basis. The case coordinator for the Claim Administrator will initiate case management in appropriate situations.

Freedom of Choice

<i>Each time you need medical care, you can choose to:</i>		
<i>See a Network Provider</i>	<i>See an Out-of-Network Provider</i>	
	<i>ParPlan Provider (refer to ParPlan, below, for more information)</i>	<i>Out-of-Network Provider (not a contracting Provider)</i>
• You receive the higher level of benefits (In-Network Benefits) • You are not required to file claim forms • You are not balance billed; Network Providers will not bill for costs exceeding the Claim Administrator's Allowable Amount for covered services • Your Provider will Preauthorize necessary services	• You receive the lower level of benefits (Out-of-Network Benefits) • You are not required to file claim forms in most cases; <i>ParPlan</i> Providers will usually file claims for you • You are not balance billed; <i>ParPlan</i> Providers will not bill for costs exceeding the Claim Administrator's Allowable Amount for covered services • In most cases, <i>ParPlan</i> Providers will Preauthorize necessary services	• You receive Out-of-Network Benefits (the lower level of benefits) • You are required to file your own claim forms • You may be billed for charges exceeding the Claim Administrator's Allowable Amount for covered services • You must Preauthorize necessary services

Identification Card

The Identification Card tells Providers that you are entitled to benefits under your Employer's Health Benefit Plan. The card offers a convenient way of providing important information specific to your coverage including, but not limited to, the following:

- ***Your Subscriber identification number.*** This unique identification number is preceded by a three character alpha prefix that identifies Blue Cross and Blue Shield of Texas as your Claim Administrator.
- ***Your group number.*** This is the number assigned to identify your Employer's Health Benefit Plan with the Claim Administrator.
- ***Any Copayment Amounts that may apply to your coverage.***
- ***Important telephone numbers.***

Always remember to carry your Identification Card with you and present it to your Providers or Participating Pharmacies when receiving health care services or supplies.

Please remember that any time a change in your family takes place it may be necessary for a new Identification Card to be issued to you (refer to the **WHO GETS BENEFITS** section for instructions when changes are made). Upon receipt of the change in information, the Claim Administrator will provide a new Identification Card.

Unauthorized, Fraudulent, Improper, or Abusive Use of Identification Cards

1. The unauthorized, fraudulent, improper, or abusive use of Identification Cards issued to you and your covered Dependents will include, but not be limited to, the following actions, when intentional:
 - a. Use of the Identification Card prior to your Effective Date;
 - b. Use of the Identification Card after your date of termination of coverage under the Plan;
 - c. Obtaining prescription drugs or other benefits for persons not covered under the Plan;
 - d. Obtaining prescription drugs or other benefits that are not covered under the Plan;
 - e. Obtaining Covered Drugs for resale or for use by any person other than the person for whom the Prescription Order is written, even though the person is otherwise covered under the Plan;
 - f. Obtaining Covered Drugs without a Prescription Order or through the use of a forged or altered Prescription Order;
 - g. Obtaining quantities of prescription drugs in excess of Medically Necessary or prudent standards of use or in circumvention of the quantity limitations of the Plan;
 - h. Obtaining prescription drugs using Prescription Orders for the same drugs from multiple Providers;
 - i. Obtaining prescription drugs from multiple Pharmacies through use of the same Prescription Order.
2. The fraudulent or intentionally unauthorized, abusive, or other improper use of Identification Cards by any Participant can result in, but is not limited to, the following sanctions being applied to all Participants covered under your coverage:
 - a. Denial of benefits;
 - b. Cancellation of coverage under the Plan for **all** Participants under your coverage;
 - c. Recoupment from you or any of your covered Dependents of any benefit payments made;
 - d. Pre-approval of drug purchases and medical services for all Participants receiving benefits under your coverage;
 - e. Notice to proper authorities of potential violations of law or professional ethics.

Medical Necessity

All services and supplies for which benefits are available under the Plan must be Medically Necessary as determined by the Claim Administrator. Charges for services and supplies which the Claim Administrator determines are not Medically Necessary will not be eligible for benefit consideration and may not be used to satisfy Deductibles or to apply to the Out-of-Pocket Maximum.

ParPlan

When you consult a Physician or Professional Other Provider who does not participate in the Network, you should inquire if he participates in the Claim Administrator's *ParPlan*...a simple direct-payment arrangement. If the Physician or Professional Other Provider participates in the *ParPlan*, he agrees to:

- File all claims for you,

- Accept the Claim Administrator's Allowable Amount determination as payment for Medically Necessary services, and
- Not bill you for services over the Allowable Amount determination.

You will receive Out-of-Network Benefits and be responsible for:

- Any Deductibles,
- Co-Share Amounts, and
- Services that are limited or not covered under the Plan.

NOTE: If you have a question regarding a Physician's or Professional Other Provider's participation in the *ParPlan*, please contact the Claim Administrator's Customer Service Helpline.

Preexisting Conditions Provision

Benefits for Eligible Expenses incurred for treatment of a preexisting condition will be available immediately with no preexisting condition Waiting Period.

Specialty Care Providers

A wide range of Specialty Care Providers is included in the Network. When you need a specialist's care, In-Network Benefits will be available, but only if you use a Network Provider.

There may be occasions however, when you need the services of an Out-of-Network Provider. This could occur if you have a complex medical problem that cannot be taken care of by a Network Provider.

- If the services you require are not available from Network Providers, In-Network Benefits will be provided when you use Out-of-Network Providers.
- If you elect to see an Out-of-Network Provider and if the services could have been provided by a Network Provider, only Out-of-Network Benefits will be available.

Use of Non-Contracting Providers

When you choose to receive services, supplies, or care from a Provider that does not contract with BCBSTX (a non-contracting Provider), you receive Out-of-Network Benefits (the lower level of benefits). Benefits for covered services will be reimbursed based on the BCBSTX non-contracting Allowable Amount, which in most cases is less than the Allowable Amount applicable for BCBSTX contracted Providers. Please see the definition of non-contracting Allowable Amount in the **DEFINITIONS** section of this Benefit Booklet. **The non-contracted Provider is not required to accept the BCBSTX non-contracting Allowable Amount as payment in full and may balance bill you for the difference between the BCBSTX non-contracting Allowable Amount and the non-contracting Provider's billed charges. You will be responsible for this balance bill amount, which may be considerable. You will also be responsible for charges for services, supplies, and procedures limited or not covered under the Plan, any applicable Deductibles, Co-Share Amounts, and Copayment Amounts.**

PREAUTHORIZATION REQUIREMENTS

Preauthorization Requirements

Preauthorization establishes in advance the Medical Necessity or Experimental/Investigational nature of certain care and services covered under this Plan. It ensures that the Preauthorized care and services described below will not be denied on the basis of Medical Necessity or Experimental/Investigational. However, Preauthorization does not guarantee payment of benefits.

Coverage is always subject to other requirements of the Plan, such as limitations and exclusions, payment of contributions, and eligibility at the time care and services are provided.

The following types of services require Preauthorization:

- All inpatient Hospital Admissions,
- Extended Care Expenses,
- Home Infusion Therapy,
- All inpatient treatment of Mental Health Care/Serious Mental Illness including partial hospitalization programs and treatment received at Residential Treatment Centers,
- All inpatient treatment of Substance Use Disorder (SUD) including partial hospitalization programs and treatment received at Residential Treatment Centers, and
- If you transfer to another facility or to or from a specialty unit within the facility.
- The following outpatient treatment of Mental Health Care, Serious Mental Illness and Substance Use Disorder (SUD):
 - Psychological Testing or Neuropsychological Testing in some cases (BCBSTX will notify your Provider if Preauthorization is required for these testing services),
 - Electroconvulsive therapy,
 - Intensive Outpatient Program, and
 - Repetitive Transcranial Magnetic Stimulation.

In-Network Benefits will be available if you use a Network Provider or Network Specialty Care Provider. In-Network Providers will Preauthorize services for you, when required.

If you elect to use Out-of-Network Providers for services and supplies available In-Network, Out-of-Network Benefits will be paid.

However, if care is not available from Network Providers as determined by the Claim Administrator, and the Claim Administrator acknowledges your visit to an Out-of-Network Provider **prior to the visit**, In-Network Benefits will be paid; otherwise, Out-of-Network Benefits will be paid and the claim will have to be resubmitted for review and adjusted, if appropriate.

Your Network Provider is required to obtain Preauthorization for inpatient Hospital admissions. You are responsible for satisfying all other Preauthorization requirements. This means that you must ensure that you, your family member, your Physician, Behavioral Health Practitioner or Provider of services must comply with the guidelines below. Failure to Preauthorize services will require additional steps and/or benefit reductions as described in the section entitled *Failure to Preauthorize*.

Preauthorization for Inpatient Hospital Admissions

In the case of an elective inpatient Hospital Admission, the call for Preauthorization should be made at least two working days before you are admitted unless it would delay Emergency Care. In an emergency, Preauthorization should take place within two working days after admission, or as soon thereafter as reasonably possible.

Your Network Provider is required to obtain Preauthorization for any inpatient admissions. If Preauthorization is not obtained, the Network Provider will be sanctioned based on BCBSTX's contractual agreement with the Provider, and you will be held harmless for the Provider sanction.

If the Physician or Provider of services is not a Network Provider then you, your Physician, Provider of services, or a family member should obtain Preauthorization by the Plan by calling one of the toll-free numbers shown on the back of your Identification Card. The call should be made between 6:00 a.m. and 6:00 p.m., Central Time, on business days and 9:00 a.m. and 12:00 p.m., Central Time on Saturdays, Sundays and legal holidays. Calls made after these

hours will be recorded and returned no later than 24 hours after the call is received. We will follow-up with your Provider's office. After working hours or on weekends, please call the **Medical Preauthorization Helpline** toll-free number listed on the back of your Identification Card. Your call will be recorded and returned the next working day. A benefits management nurse will follow up with your Provider's office. All timelines for Preauthorization requirements are provided in keeping with applicable state and federal regulations.

In-Network Benefits will be available if you use a Network Provider or Network Specialty Care Provider. If you elect to use Out-of-Network Providers for services and supplies available In-Network, Out-of-Network Benefits will be paid. In-Network and Out-of-Network Providers may Preauthorize services for you, when required, but it is your responsibility to ensure Preauthorization requirements are satisfied.

However, if care is not available from Network Providers as determined by BCBSTX, and BCBSTX authorizes your visit to an Out-of-Network Provider to be covered at the In-Network Benefit level **prior to the visit**, In-Network Benefits will be paid; otherwise, Out-of-Network Benefits will be paid.

When an inpatient Hospital Admission is Preauthorized, a length-of-stay is assigned. If you require a longer stay than was first Preauthorized, your Provider may seek an extension for the additional days. Benefits will not be available for room and board charges for medically unnecessary days.

Preauthorization not Required for Maternity Care and Treatment of Breast Cancer Unless Extension of Minimum Length of Stay Requested

Your Plan is required to provide a minimum length-of-stay in a Hospital facility for the following:

- Maternity Care
 - 48 hours following an uncomplicated vaginal delivery
 - 96 hours following an uncomplicated delivery by caesarean section
- Treatment of Breast Cancer
 - 48 hours following a mastectomy
 - 24 hours following a lymph node dissection

You or your Provider will not be required to obtain Preauthorization from BCBSTX for a length of stay less than 48 hours (or 96 hours) for Maternity Care or less than 48 hours (or 24 hours) for Treatment of Breast Cancer. If you require a longer stay, you or your Provider must seek an extension for the additional days by obtaining Preauthorization from BCBSTX.

Preauthorization for Extended Care Expenses and Home Infusion Therapy

Preauthorization for Extended Care Expenses and Home Infusion Therapy may be obtained by having the agency or facility providing the services contact the Claim Administrator to request Preauthorization. The request should be made:

- Prior to initiating Extended Care Expenses or Home Infusion Therapy;
- When an extension of the initially Preauthorized service is required; and
- When the treatment plan is altered.

The Claim Administrator will review the information submitted prior to the start of Extended Care Expenses or Home Infusion Therapy and will send a letter to you and the agency or facility confirming Preauthorization or denying benefits. If Extended Care Expenses or Home Infusion Therapy is to take place in less than one week, the agency or facility should call the Claim Administrator's **Medical Preauthorization Helpline** telephone number indicated in this Benefit Booklet or shown on your Identification Card.

If the Claim Administrator has given notification that benefits for the treatment plan requested will be denied based on information submitted, claims will be denied.

Preauthorization for Mental Health Care, Serious Mental Illness, and Treatment of Substance Use Disorder

In order to receive maximum benefits, all inpatient treatment for Mental Health Care, Serious Mental Illness, and Substance Use Disorder must be Preauthorized by the Plan. Preauthorization is also required for certain outpatient services. Outpatient services requiring Preauthorization include psychological testing, neuropsychological testing, repetitive transcranial magnetic stimulation, Intensive Outpatient Programs and outpatient electroconvulsive therapy.

Preauthorization is not required for therapy visits to a Physician, Behavioral Health Practitioner and/or Professional Other Provider.

To satisfy Preauthorization requirements, you, a family member or your Behavioral Health Practitioner must call the **Mental Health/Substance Use Disorder Preauthorization Helpline** toll-free number indicated in this Benefit Booklet or shown on your Identification Card. The **Mental Health/Substance Use Disorder Preauthorization Helpline** is available 24 hours a day, 7 days a week. All timelines for Preauthorization requirements are provided in keeping with applicable state and federal regulations.

In-Network Benefits will be available if you use a Network Provider or Network Specialty Care Provider. If you elect to use Out-of-Network Providers for services and supplies available In-Network, Out-of-Network Benefits will be paid. In-Network and Out-of-Network Providers may Preauthorize services for you, when required, but it is your responsibility to ensure Preauthorization requirements are satisfied.

However, if care is not available from Network Providers as determined by BCBSTX, and BCBSTX authorizes your visit to an Out-of-Network Provider to be covered at the In-Network Benefit level **prior to the visit**, In-Network Benefits will be paid; otherwise, Out-of-Network Benefits will be paid.

When a treatment or service is Preauthorized, a length of stay or length of service is assigned. If you require a longer stay or length of service than was first Preauthorized, your Behavioral Health Practitioner may seek an extension for the additional days or visits. Benefits will not be available for medically unnecessary treatments or services.

Failure to Preauthorize

If Preauthorization for inpatient Hospital Admissions, Extended Care Expense, Home Infusion Therapy, all inpatient and the above specified outpatient treatment of Mental Health Care, treatment of Serious Mental Illness, and treatment of Substance Use Disorder is not obtained:

- BCBSTX will review the Medical Necessity of your treatment or service prior to the final benefit determination.
- If BCBSTX determines the treatment or service is not Medically Necessary or is Experimental/Investigational, benefits will be reduced or denied.
- You may be responsible for a penalty in connection with the following Covered Services, if indicated on your Schedule of Coverage:
 - Inpatient Hospital Admission
 - Inpatient treatment of Mental Health Care, treatment of Serious Mental Illness, and treatment of Substance Use Disorder

Network Providers are responsible for satisfying the Preauthorization requirements for any inpatient admissions. If Preauthorization is not obtained, the Network Provider will be sanctioned based on the BCBSTX contractual agreement with the Provider and no penalty charges will be deducted.

The penalty charge will be deducted from any benefit payment which may be due for Covered Services.

If an inpatient Hospital Admission, Extended Care Expense, Home Infusion Therapy, any treatment of Mental Health Care, treatment of Serious Mental Illness, and treatment of Substance Use Disorder or extension for any treatment or service described above is not Preauthorized and it is determined that the treatment, service, or extension was not Medically Necessary or was Experimental/Investigational, benefits will be reduced or denied.

Preauthorization Renewal Process

Renewal of an existing Preauthorization issued by BCBSTX can be requested by a Physician or health care Provider up to 60 days prior to the expiration of the existing preauthorization.

CLAIM FILING AND APPEALS PROCEDURES

Claim Filing Procedures

Filing of Claims Required

Claim Forms

When the Claim Administrator receives notice of claim, it will furnish to you, or to your Employer for delivery to you, the Hospital, or your Physician or Professional Other Provider, the claim forms that are usually furnished by it for filing Proof of Loss.

The Claim Administrator for the Plan must receive claims prepared and submitted in the proper manner and form, in the time required, and with the information requested before it can consider any claim for payment of benefits.

Who Files Claims

Providers that contract with the Claim Administrator and some other health care Providers (such as *ParPlan* Providers) will submit your claims directly to the Claim Administrator for services provided to you or any of your covered Dependents. At the time services are provided, inquire if they will file claim forms for you. To assist Providers in filing your claims, you should carry your Identification Card with you.

Contracting Providers

When you receive treatment or care from a Provider or Covered Drugs dispensed from a Pharmacy that contracts with the Claim Administrator, you will generally not be required to file claim forms. The Provider will usually submit the claims directly to the Claim Administrator for you.

Non-Contracting Providers

When you receive treatment or care from a health care Provider that does not contract with the Claim Administrator, you may be required to file your own claim forms. Some Providers, however, will do this for you. If the Provider does not submit claims for you, refer to the subsection entitled *Participant-Filed Claims* below for instruction on how to file your own claim forms.

Mail-Order Program

When you receive Covered Drugs dispensed through the mail-order program, you must complete and submit the mail service prescription drug claim form to the address on the claim form. Additional information may be obtained from your Employer, from the Claim Administrator, from the BCBSTX website at www.bcbstx.com, or by calling the Customer Service Helpline.

Participant-Filed Claims - Medical Claims

If your Provider does not submit your claims, you will need to submit them to the Claim Administrator using a Subscriber-filed claim form provided by the Plan. Your Employer should have a supply of claim forms or you can obtain copies from the BCBSTX website at www.bcbstx.com, or by calling Customer Service at the toll-free number on your Identification Card. Follow the instructions on the reverse side of the form to complete the claim. Remember to file each Participant's expenses separately because any Copayment Amounts, Deductibles, maximum benefits, and other provisions are applied to each Participant separately. Include itemized bills from the health care Providers, labs, etc., printed on their letterhead and showing the services performed, dates of service, charges, and name of the Participant involved.

Who Receives Payment

Benefit payments will be made directly to contracting Providers when they bill the Claim Administrator. Written agreements between the Claim Administrator and some Providers may require payment directly to them.

Any benefits payable to you, if unpaid at your death, will be paid to your surviving spouse, as beneficiary. If there is no surviving spouse, then the benefits will be paid to your estate.

Except as provided in the section **Assignment and Payment of Benefits**, rights and benefits under the Plan are not assignable, either before or after services and supplies are provided.

Benefit Payments to a Managing Conservator

Benefits for services provided to your minor Dependent child may be paid to a third party if:

- the third party is named in a court order as managing or possessory conservator of the child; and
- the Claim Administrator has not already paid any portion of the claim.

In order for benefits to be payable to a managing or possessory conservator of a child, the managing or possessory conservator must submit to the Claim Administrator, with the claim form, proof of payment of the expenses and a certified copy of the court order naming that person the managing or possessory conservator.

The Claim Administrator for the Health Benefit Plan may deduct from its benefit payment any amounts it is owed by the recipient of the payment. Payment to you or your Provider, or deduction by the Plan from benefit payments of amounts owed to it, will be considered in satisfaction of its obligations to you under the Plan.

An *Explanation of Benefits* summary is sent to you so you will know what has been paid.

When to Submit Claims

All claims for benefits under the Health Benefit Plan must be properly submitted to the Claim Administrator within twelve (12) months of the date you receive the services or supplies. Claims submitted and received by the Claim Administrator after that date will not be considered for payment of benefits except in the absence of legal capacity.

Receipt of Claims by the Claim Administrator

A claim will be considered received by the Claim Administrator for processing upon actual delivery to the Administrative Office of the Claim Administrator in the proper manner and form and with all of the information required. If the claim is not complete, it may be denied or the Claim Administrator may contact either you or the Provider for the additional information.

After processing the claim, the Claim Administrator will notify the Participant by way of an *Explanation of Benefits* summary.

Review of Claim Determinations

Claim Determinations

When the Claim Administrator receives a properly submitted claim, it has authority and discretion under the Plan to interpret and determine benefits in accordance with the Health Benefit Plan provisions. The Claim Administrator will receive and review claims for benefits and will accurately process claims consistent with administrative practices and procedures established in writing between the Claim Administrator and the Plan Administrator.

You have the right to seek and obtain a full and fair review of your claim in accordance with the benefits and procedures detailed in your Health Benefit Plan.

Timing of Required Notices and Extensions for Initial Determinations

Separate schedules apply to the timing of required notices and extensions, depending on the type of Claim. There are four types of Claims as described below.

1. **Urgent Care Clinical Claim** is any Pre-Service Claim that requires Preauthorization, as described in this Benefit Booklet, for benefits for medical care or Treatment with respect to which the application of regular time periods for making health Claim decisions could seriously jeopardize the life or health of the claimant or

the ability of the claimant to regain maximum function or, in the opinion of a Physician with knowledge of the claimant's medical condition, would subject the claimant to severe pain that cannot be adequately managed without the care or Treatment.

2. **Pre-Service Claim** is any non-urgent request for benefits with respect to which the terms of the benefit plan condition receipt of the benefit on approval of the benefit in advance of obtaining medical care.
3. **Concurrent Care Claim** is a claim for a health benefit which the Claim Administrator, after having previously approved an ongoing course of treatment provided over a period of time or a specific number of treatments, subsequently reduces or terminates coverage for the treatments (other than by Plan amendment or termination) or a request to extend the course of the treatment beyond what was previously approved that is an Urgent Care Claim Clinical Claim.
4. **Post-Service Claim** is any other claim for a benefit for a service that has been provided to you. Your Claim must be in a form acceptable to the Claim Administrator. Your Claim must include full details of the service received, including your name, age, sex, identification number, the name and address of the Provider, an itemized statement of the service rendered or furnished, the date of service, the diagnosis, the Claim charge, and any other information which the Claim Administrator may request in connection with services rendered to you.

The following table summarizes the applicable deadlines and extension periods for each type of claim:

	Urgent Care Claims	Pre-Service Claims	Post-Service Claims	Concurrent Care Claims
What is the general deadline for initial determination?	No later than 72 hours from receipt of the claim	15 calendar days from receipt of the claim	30 calendar days from receipt of the claim	Must be provided sufficiently in advance to give you an opportunity to appeal and obtain a decision before the previously approved treatment is reduced or terminated. A request to extend an approved course of treatment that is an Urgent Care Clinical Claim will receive a response within 24 hours, if the request is made at least 24 hours prior to the expiration of the previously approved period or number of treatments. Note: If such request for extension is not made at least 24 hours prior to the expiration of the previously approved period of time or number of treatment, then the claim will be handled as an Urgent Care Clinical Claim. If a request to extend a course of treatment is not an Urgent Care Clinical Claim, the request may be treated as a new Pre-Service or Post-Service claim depending on the circumstances.
Are there any extensions?	No, but see below for extensions based on insufficient information.	Yes. One 15 calendar day extension is allowed if the Claim Administrator determines it is necessary due to matters beyond its control and informs you of the extension within the initial 15 calendar day timeframe. NOTE: Improperly Filed Claims. For Pre-Service Claims which name a specific claimant, medical condition, and service or supply for which approval is requested and which are submitted to a representative of the Claim Administrator responsible for handling benefit matters, but which otherwise fail to follow the procedures for filing Pre-Service Claims, you will be notified on the failure within 5 days (within 24 hours in the case of an Urgent Care Claim) and of the proper procedures to be followed. The notice may be oral, but you may also request a written notice.

If a Claim Is Denied or Not Paid in Full

On occasion, the Claim Administrator may deny all or part of your claim. There are a number of reasons why this may happen. We suggest that you first read the *Explanation of Benefits* summary prepared by the Claim Administrator; then review this Benefit Booklet to see whether you understand the reason for the determination. If you have

additional information that you believe could change the decision, send it to the Claim Administrator and request a review of the decision as described in **Claim Appeal Procedures** below.

If the claim is denied in whole or in part, you will receive a written notice from the Claim Administrator with the following information, if applicable:

- The reasons for the determination;
- A reference to the Health Benefit Plan provisions on which the denial determination is based;
- A description of additional information which may be necessary to complete the claim and an explanation of why such information is necessary perfect the claim and an explanation of why such material is necessary;

- In the case of a denial of an Urgent Care Clinical Claim, a description of the expedited internal and external review procedures applicable to such claims. An Urgent Care Clinical Claim decision may be provided orally, so long as a written notice is furnished to the claimant within three days of oral notification;

Claim Review/Appeal Procedures

Claim Appeal Procedures - Definitions

An “**Adverse Benefit Determination**” means a denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit, including any such denial, reduction, termination, or failure to provide in response to a claim, Pre-Service Claim or Urgent Care Clinical Claims, or make payment for, a benefit resulting from the application of any utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be experimental or investigational or not medically necessary or appropriate. If an ongoing course of treatment had been approved by the Claim Administrator or your Employer and the Claim Administrator or your Employer reduces or terminates such treatment (other than by amendment or termination of the Employer's benefit plan) before the end of the approved treatment period, that is also an Adverse Benefit Determination. A Rescission of coverage is also an Adverse Benefit Determination.

A “**Final Internal Adverse Benefit Determination**” means an Adverse Benefit Determination that has been upheld by the Claim Administrator or, if applicable, your Employer, at the completion of the internal review/appeal process of an Advice Benefit Determination with respect to which the internal review/appeal process has been deemed exhausted.

Note: Expedited Internal Review of Urgent Care Claims

If your claim is an Urgent Care Claim, you have the right to an expedited review. You also have the right to request an expedited external review of your Urgent Care Claim at the same time you request expedited internal review.

How to Appeal an Adverse Benefit Determinations

You have the right to seek and obtain a full and fair internal review of your claim and an Adverse Benefit Determination in accordance with the benefits and procedures detailed below and in your Plan.

An appeal of an Adverse Benefit Determination may be filed by you or a person authorized to act on your behalf. In Urgent Care Clinical Claim situations, a health care provider may appeal on your behalf. With the exception of Urgent Care Clinical Claim situations, your designation of a representative must be in writing as it is necessary to protect against disclosure of information about you except to your authorized representative. To obtain an Authorized Representative Form, you or your representative may call the Claim Administrator at the number on the back of your Identification Card.

If you believe the Claim Administrator incorrectly denied all or part of your benefits, you may have your claim reviewed. The Claim Administrator will review its decision in accordance with the following procedure:

- Within 180 days after you receive notice of a denial or partial denial of your Claim, you must call or write to the Claim Administrator's Administrative Office. The Claim Administrator will need to know the reasons why you do not agree with the denial or partial denial. Send your appeal request to:

Claim Review Section
Blue Cross and Blue Shield of Texas
P. O. Box 660044
Dallas, Texas 75266-0044

- The Claim Administrator will honor telephone requests for information. However, such inquiries will not constitute a request for review.
- You and your authorized representative may ask to see relevant documents and may submit written issues, comments and additional medical information within 180 days after you receive notice of a denial or partial denial. The Claim Administrator will give you a written decision within 60 days after it receives your request for review. In support of your claim review, you have the option of presenting evidence and testimony to the Claim Administrator. You and your authorized representative may ask to review your file and any relevant documents and may submit written issues, comments and additional medical information during the internal review process.

The Claim Administrator will provide you or your authorized representative with any new or additional evidence or rationale and any other information and documents used in the internal review of your claim without regard to whether such information was considered in the initial determination. No deference will be given to the initial Adverse Benefit Determination. Such new or additional evidence or rationale will be provided to you or your authorized representative sufficiently in advance of the date a Final Internal Adverse Benefit Determination on the appeal is made in order to give you a chance to respond before the final determination is made. If the information is received so late that it would be impossible to provide it to you in time for you to have a reasonable opportunity to respond, the time periods below for providing notice of Final Internal Adverse Benefit Determination will be tolled until such time as you have had a reasonable opportunity to respond. After you respond, or have had a reasonable opportunity to respond but failed to do so, the Claim Administrator will notify you of the benefit determination in a reasonably prompt time taking into account the medical exigencies.

The appeal determination will be made by the Claim Administrator or, if required by a Physician associated or contracted with the Claim Administrator and/or by external advisors, who were not involved in making the initial denial of your claim and the individuals who made the Adverse Benefit Determination will not conduct the appeal. Before you or your authorized representative may bring any action to recover benefits you must exhaust the appeal process and must raise all issues with respect to a claim and must file an appeal or appeals and the appeals must be finally decided by the Claim Administrator and, if applicable, your Employer.

- If you have any questions about the claims procedures or the review procedure, write to the Claim Administrator's Administrative Office or call the toll-free Customer Service Helpline number shown in this Benefit Booklet or on your Identification Card.

If you don't appeal on time, you lose your right to later object to the decision on the claim.

Timing of Appeal Determinations – Note: Your Plan provides for one level of internal review

	Urgent Care Claim	Pre-Service Claim	Post-Service Claim
Deadline by which a claimant will be notified of an appeals decision.	As soon as possible taking into account the medical exigencies, but no more than 72 hours after receipt of the request for review. Note: The request may be submitted in writing or orally.	Not later than 30 days after receipt of the request for review. (Not later than 15 days for each level if your Plan offers two levels of Internal review). External Review Criteria

External Review is available for Adverse Benefit Determinations and Final Adverse Benefit Determinations that involve rescission and determinations that involve medical judgment including, but not limited to, those based on requirements for medical necessity, appropriateness, health care setting, level of care, or effectiveness or a covered benefit; determinations that a treatment is experimental or investigational; determinations whether you are entitled to a reasonable alternative standard for a reward under a wellness program; or a determination of compliance with the nonquantitative treatment limitation provisions of the Mental Health Parity and Addiction Equity Act.

Standard External Review

You or your authorized representative (as described above) may make a request for a standard external review or expedited external review of an Adverse Benefit Determination or Final Internal Adverse Benefit Determination by an Independent Review Organization (IRO).

1. **Request for external review.** Within four months after the date of receipt of a notice of an Adverse Benefit Determination or Final Internal Adverse Benefit Determination from the Claim Administrator, you or your authorized representative must file your request for standard external review.
2. **Preliminary review.** Within five business days following the date of receipt of the external review request, the Claim Administrator must complete a preliminary review of the request to determine whether:
 - a. You are, or were, covered under the plan at the time the health care item or service was requested or, in the case of a retrospective review, was covered under the plan at the time the health care item or service was provided;
 - b. The Adverse Benefit Determination or the Final Adverse Internal Benefit Determination does not relate to your failure to meet the requirements for eligibility under the terms of the plan (e.g., worker classification or similar determination);
 - c. You have exhausted the Claim Administrator's internal appeal process unless you are not required to exhaust the internal appeals process under the interim final regulations. Please read the **Exhaustion** section below for additional information and exhaustion of the internal appeal process; and
 - d. You or your authorized representative have provided all the information and forms required to process an external review.

You will be notified within one business day after we complete the preliminary review if your request is eligible or if further information or documents are needed. You will have the remainder of the four month external review request period (or 48 hours following receipt of the notice), whichever is later, to perfect the request for external review. If your claim is not eligible for external review, we will outline the reasons it is ineligible in the notice, and provide contact information for the Department of Labor's Employee Benefits Security Administration (toll-free number 1-866-444-EBSA (3272)).

3. **Referral to Independent Review Organization.** When an eligible request for external review is completed within the time period allowed, the Claim Administrator will assign the matter to an Independent Review Organization (IRO). The IRO assigned will be accredited by URAC or by similar nationally-recognized accrediting organization. Moreover, the Claim Administrator will ensure that the IRO is unbiased and independent. Accordingly, the Claim Administrator must contract with at least three IROs for assignments under the plan and rotate claims assignments among them (or incorporate other independent, unbiased methods for selection of IROs, such as random selection). In addition, the IRO may not be eligible for any financial incentives

based on the likelihood that the IRO will support the denial of benefits.

The IRO must provide the following:

- a. Utilization of legal experts where appropriate to make coverage determinations under the plan.
- b. Timely notification to you or your authorized representative, in writing, of the request's eligibility and acceptance for external review. This notice will include a statement that you may submit in writing to the assigned IRO within 10 business days following the date of receipt of the notice additional information that the IRO must consider when conducting the external review. The IRO is not required to, but may, accept and consider additional information submitted after 10 business days.
- c. Within five business days after the date of assignment of the IRO, the Claim Administrator must provide to the assigned IRO the documents and any information considered in making the Adverse Benefit Determination or Final Internal Adverse Benefit Determination. Failure by the Claim Administrator to timely provide the documents and information must not delay the conduct of the external review. If the Claim Administrator fails to timely provide the documents and information, the assigned IRO may terminate the external review and make a decision to reverse the Adverse Benefit Determination or Final Internal Adverse Benefit Determination. Within one business day after making the decision, the IRO must notify the Claim Administrator and you or your authorized representative.
- d. Upon receipt of any information submitted by you or your authorized representative, the assigned IRO must within one business day forward the information to the Claim Administrator. Upon receipt of any such information, the Claim Administrator may reconsider the Adverse Benefit Determination or Final Internal Adverse Benefit Determination that is the subject of the external review. Reconsideration by the Claim Administrator must not delay the external review. The external review may be terminated as a result of the reconsideration only if the Claim Administrator decides, upon completion of its reconsideration, to reverse the Adverse Benefit Determination or Final Internal Adverse Benefit Determination and provide coverage or payment. Within one business day after making such a decision, the Claim Administrator must provide written notice of its decision to you and the assigned IRO. The assigned IRO must terminate the external review upon receipt of the notice from the Claim Administrator.
- e. Review all of the information and documents timely received. In reaching a decision, the assigned IRO will review the claim de novo and not be bound by any decisions or conclusions reached during the Claim Administrator's internal claims and appeals process. In addition to the documents and information provided, the assigned IRO, to the extent the information or documents are available and the IRO considers them appropriate, will consider the following in reaching a decision:
 - (1) Your medical records;
 - (2) The attending health care professional's recommendation;
 - (3) Reports from appropriate health care professionals and other documents submitted by the Claim Administrator, you, or your treating provider;
 - (4) The terms of your plan to ensure that the IRO's decision is not contrary to the terms of the plan, unless the terms are inconsistent with applicable law;
 - (5) Appropriate practice guidelines, which must include applicable evidence-based standards and may include any other practice guidelines developed by the Federal government, national or professional medical societies, boards, and associations;
 - (6) Any applicable clinical review criteria developed and used by the Claim Administrator, unless the criteria are inconsistent with the terms of the plan or with applicable law; and
 - (7) The opinion of the IRO's clinical reviewer or reviewers after considering information described in this notice to the extent the information or documents are available and the clinical reviewer or reviewers consider appropriate.
- f. Written notice of the final external review decision must be provided within 45 days after the IRO receives the request for the external review. The IRO must deliver the notice of final external review decision to the Claim Administrator and you or your authorized representative.

- g. The notice of final external review decision will contain:
 - (1) A general description of the reason for the request for external review, including information sufficient to identify the claim (including the date or dates of service, the health care provider, the claim amount (if applicable), the diagnosis code and its corresponding meaning, the treatment code and its corresponding meaning, and the reason for the previous denial);
 - (2) The date the IRO received the assignment to conduct the external review and the date of the IRO decision;
 - (3) References to the evidence or documentation, including the specific coverage provisions and evidence-based standards, considered in reaching its decision;
 - (4) A discussion of the principal reason or reasons for its decision, including the rationale for its decision and any evidence-based standards that were relied on in making its decision;
 - (5) A statement that the determination is binding except to the extent that other remedies may be available under State or Federal law to either the Claim Administrator or you or your authorized representative;
 - (6) A statement that judicial review may be available to you or your authorized representative; and
 - (7) Current contact information, including phone number, for any applicable office of health insurance consumer assistance or ombudsman established under PHS Act section 2793.
 - h. After a final external review decision, the IRO must maintain records of all claims and notices associated with the external review process for six years. An IRO must make such records available for examination by the Claim Administrator, State or Federal oversight agency upon request, except where such disclosure would violate State or Federal privacy laws, and you or your authorized representative.
4. **Reversal of plan's decision.** Upon receipt of a notice of a final external review decision reversing the Adverse Benefit Determination or Final Internal Adverse Benefit Determination, the Claim Administrator must immediately provide coverage or payment (including immediately authorizing or immediately paying benefits) for the claim.

Expedited External Review

- 1. **Request for expedited external review.** You may request for an expedited external review with the Claim Administrator at the time you receive:
 - a. An Adverse Benefit Determination, if the Adverse Benefit Determination involved a medical condition of yours for which the timeframe for completion of an expedited internal appeal under the interim final regulations would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function and you have filed a request for an expedited internal appeal; or
 - b. A Final Internal Adverse Benefit Determination, if the determination involved a medical condition of yours for which the timeframe for completion of a standard external review would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function, or if the Final Internal Adverse Benefit Determination concerns an admission, availability of care, continued stay, or health care item or service for which you received emergency services, but have not been discharged from a facility.
- 2. **Preliminary review.** Immediately upon receipt of the request for expedited external review, the Claim Administrator must determine whether the request meets the reviewability requirements set forth in the **Standard External Review** section above. The Claim Administrator must immediately send you a notice of its eligibility determination that meets the requirements set forth in **Standard External Review** section above.
- 3. **Referral to Independent Review Organization.** Upon a determination that a request is eligible for external review following the preliminary review, the Claim Administrator will assign an IRO pursuant to the requirements set forth in the **Standard External Review** section above. The Claim Administrator must provide or transmit all necessary documents and information considered in making the Adverse Benefit Determination or Final Internal Adverse Benefit Determination to the assigned IRO electronically or by telephone or facsimile or any other available expeditious method.

The assigned IRO, to the extent the information or documents are available and the IRO considers them appropriate, must consider the information or documents described above under the procedures for standard review. In reaching a decision, the assigned IRO must review the claim *de novo* and is not bound by any decisions or conclusions reached during the Claim Administrator's internal claims and appeals process.

4. **Notice of final external review decision.** The assigned IRO will provide notice of the final external review decision, in accordance with the requirements set forth in the **Standard External Review** section above, as expeditiously as your medical condition or circumstances require, but in no event more than 72 hours after the IRO receives the request for an expedited external review. If the notice is not in writing, within 48 hours after the date of providing verbal notice, the assigned IRO must provide written confirmation of the decision to the Claim Administrator and you or your authorized representative.

Exhaustion

For standard internal review, you have the right to request external review once the internal review process has been completed and you have received the Final Internal Adverse Benefit Determination. For expedited internal review, you may request external review simultaneously with the request for expedited internal review. The IRO will determine whether or not your request is appropriate for expedited external review or if the expedited internal review process must be completed before external review may be requested.

You will be deemed to have exhausted the internal review process and may request external review if the Claim Administrator waives the internal review process or the Claim Administrator has failed to comply with the internal claims and appeals process other than a *de minimis* failure. In the event you have been deemed to exhaust the internal review process due to the failure by the Claim Administrator to comply with the internal claims and appeals process other than a *de minimis* failure, you also have the right to pursue any available remedies under 502(a) of ERISA or under State law.

The internal review process will not be deemed exhausted based on *de minimis* violations that do not cause, and are not likely to cause, prejudice or harm to you so long as the Claim Administrator demonstrates that the violation was for good cause or due to matters beyond the control of the Claim Administrator and that the violation occurred in the context of an ongoing, good faith exchange of information between you and the Claim Administrator.

External review may not be requested for an Adverse Benefit Determination involving a claim for benefits for a health care service that you have already received until the internal review process has been exhausted.

Except as described above, you must exhaust the mandatory levels of appeal before you request external review or seek other legal recourse.

Interpretation of Employer's Plan Provisions

The Plan Administrator has given the Claim Administrator the initial authority to establish or construe the terms and conditions of the Health Benefit Plan and the discretion to interpret and determine benefits in accordance with the Health Benefit Plan's provisions.

The Plan Administrator has all powers and authority necessary or appropriate to control and manage the operation and administration of the Health Benefit Plan.

All powers to be exercised by the Claim Administrator or the Plan Administrator shall be exercised in a non-discriminatory manner and shall be applied uniformly to assure similar treatment to persons in similar circumstances.

Claim Dispute Resolution

You must exhaust all administrative remedies as described in the **Claim Review/Appeal Procedures** section prior to taking further action under your Health Benefit Plan.

After exhaustion of all remedies offered by the Claim Administrator, your Health Benefit Plan may afford you the right to appeal an adverse determination with the Plan Administrator of your Health Benefit Plan. In that instance, the Plan Administrator is the final interpreter of the Health Benefit Plan and may correct any defect, supply any omission, or reconcile any inconsistency or ambiguity in such manner as it deems advisable. All final determinations and actions concerning the Health Benefit Plan administration and interpretation of benefits shall be made by the Plan

Administrator. The Claim Administrator will cooperate in providing the Plan Administrator documents relevant to the claim or Preauthorization decision upon receipt of a valid written authorization from you or your representative to release the relevant information. Our decision letter will inform you of any right that you have to appeal an adverse determination with the Plan Administrator. You may also contact your Plan Administrator for additional information.

If you have a claim for benefits which is denied or ignored, in whole or in part, and your Health Benefit Plan is governed by the Employee Retirement Income Security Act (ERISA), you may file suit under 502 (a) of ERISA after exhausting the Plan's claims and appeals procedures.

ELIGIBLE EXPENSES, PAYMENT OBLIGATIONS, AND BENEFITS

Eligible Expenses

The Plan provides coverage for the following categories of Eligible Expenses:

- Inpatient Hospital Expenses,
- Medical-Surgical Expenses,
- Extended Care Expenses,
- Special Provisions Expenses, and
- Pharmacy Expenses.

Wherever Schedule of Coverage is mentioned, please refer to your Schedule(s) in this Benefit Booklet. Your benefits are calculated on a Calendar Year benefit period basis unless otherwise stated. At the end of a Calendar Year, a new benefit period starts for each Participant.

Copayment Amounts

Some of the care and treatment you receive under the Plan will require that a Copayment Amount be paid at the time you receive the services. Refer to your Schedule of Coverage under “Copayment Amounts Required” for your specific Plan information.

A Copayment Amount as indicated on your Schedule of Coverage will be required for each Physician office visit charge you incur when services are received by a family practitioner, a general practitioner, an obstetrician/gynecologist, a pediatrician, an internist or a Professional Other Provider and defined in the **DEFINITIONS** section of this Benefit Booklet. A Copayment Amount is required for the initial office visit for Maternity Care, but will not be required for subsequent visits.

A different Copayment Amount as indicated on your Schedule of Coverage will be required for each Physician office visit charge you incur when services are received by a Specialty Care Provider as classified by the American Board of Medical Specialties as a Specialty Care Provider.

In-Network ***Preventive Care Services*** are not subject to this Copayment Amount provision.

The following services are not payable under this Copayment Amount provision but instead are considered Medical-Surgical Expense and may be subject to any Deductible shown on your Schedule of Coverage:

- surgery performed in the Physician’s office;
- physical therapy billed separately from an office visit;
- occupational modalities in conjunction with physical therapy;
- allergy injections billed separately from an office visit;
- therapeutic injections;
- any services requiring Preauthorization;
- Certain Diagnostic Procedures;
- services provided by an Independent Lab, Imaging Center, radiologist, pathologist, and anesthesiologist;
- outpatient treatment therapies or services such as radiation therapy, chemotherapy, and renal dialysis.

A Copayment Amount will be required for each visit to an Urgent Care Center. If the services provided require a return office visit (lab services for instance) on a different day, a new Copayment Amount will be required. The following services are not payable under this Copayment Amount provision but instead are considered Medical-Surgical Expense, shown on your Schedule of Coverage:

- surgery performed in the Urgent Care center;
- physical therapy billed separately from an Urgent Care visit;
- occupational modalities in conjunction with physical therapy;
- allergy injections billed separately from an Urgent Care visit;
- therapeutic injections;
- any services requiring Preauthorization;

- Certain Diagnostic Procedures;
- outpatient treatment therapies or services such as radiation therapy, chemotherapy, and renal dialysis.

A Copayment Amount will be required for facility charges for each Hospital outpatient emergency room visit. If admitted to the Hospital as a direct result of the emergency condition or accident, the Copayment Amount will be waived.

A Copayment Amount, if shown on your Schedule of Coverage, will be required for each visit to a Retail Health Clinic.

A Copayment Amount, if shown on your Schedule of Coverage, will be required for each Virtual Visit.

Deductibles

The benefits of the Plan will be available after satisfaction of the applicable Deductibles as shown on your Schedule of Coverage. The Deductibles are explained as follows:

Calendar Year Deductible: The individual Deductible amount shown under “Deductibles” on your Schedule of Coverage must be satisfied by each Participant under your coverage each Calendar Year. This Deductible, unless otherwise indicated, will be applied to all categories of Eligible Expenses before benefits are available under the Plan.

The following are exceptions to the Deductibles described above:

In-Network ***Preventive Care Services*** are not subject to Deductibles.

If you have several covered Dependents, all charges used to apply toward an “individual” Deductible amount will be applied toward the “family” Deductible amount shown on your Schedule of Coverage. When that family Deductible amount is reached, no further individual Deductibles will have to be satisfied for the remainder of that Calendar Year. No Participant will contribute more than the individual Deductible amount to the “family” Deductible amount.

Eligible Expenses applied toward satisfying the “individual” and “family” In-Network Deductible will only apply to the In-Network Deductible. Eligible Expenses applied toward satisfying the “individual” and “family” Out-of-Network Deductible will only apply to the Out-of-Network Deductible.

Out-of-Pocket Maximum (Co-Share) Stop-Loss Amount

Most of your Eligible Expense payment obligations including Copayment Amounts and Deductibles are considered Out-of-Pocket (Co-Share) Amounts and are applied to the Out-of-Pocket (Co-Share) Stop-Loss Amount maximum.

Your Out-of-Pocket (Co-Share) Stop-Loss Amount will **not** include:

- Services, supplies, or charges limited or excluded by the Plan;
- Expenses not covered because a benefit maximum has been reached;
- Any Eligible Expenses paid by the Primary Plan when the Plan is the Secondary Plan for purposes of coordination of benefits;
- Penalties applied for failure to Preauthorize; and
- Any pricing differences between the cost of brand name drugs and their generic equivalents that you pay under pharmacy benefits.

Individual Out-of-Pocket (Co-Share) Stop-Loss Amount

When the Out-of-Pocket (Co-Share) Amount for the In-Network or Out-of-Network Benefits level for a Participant in a Calendar Year equals the “individual” “Out-of-Pocket (Co-Share) Stop-Loss Amount” shown on your Schedule of Coverage for that level, the benefit percentages automatically increase to 100% for purposes of determining the benefits available for additional Eligible Expenses incurred by that Participant for the remainder of that Calendar Year for that level.

Family Out-of-Pocket (Co-Share) Stop-Loss Amount

When the Out-of-Pocket (Co-Share) Amount for the In-Network or Out-of-Network Benefits level for all Participants under your coverage in a Calendar Year equals the “family” “Out-of-Pocket (Co-Share) Stop-Loss Amount” shown

on your Schedule of Coverage for that level, the benefit percentages automatically increase to 100% for purposes of determining the benefits available for additional Eligible Expenses incurred by all family Participants for the remainder of that Calendar Year for that level. No Participant will be required to contribute more than the individual Out-of-Pocket (Co-Share) Stop-Loss Amount to the family “Out-of-Pocket (Co-Share) Stop-Loss Amount.”

The following are exceptions to the Out-of-Pocket (Co-Share) Stop-Loss Amounts described above:

There are separate Out-of-Pocket (Co-Share) Stop-Loss Amounts for In-Network Benefits and Out-of-Network Benefits.

Eligible Expenses applied toward satisfying the “individual” and “family” In-Network Out-of-Pocket (Co-Share) Stop-Loss Amount maximum will only apply to the In-Network Out-of-Pocket (Co-Share) Stop-Loss Amount maximum. Eligible Expenses applied toward satisfying the “individual” and “family” Out-of-Network Out-of-Pocket (Co-Share) Stop-Loss Amount maximum will only apply to the Out-of-Network Out-of-Pocket (Co-Share) Stop-Loss Amount maximum.

Changes In Benefits

Changes to covered benefits will apply to all services provided to each Participant under the Plan. Benefits for Eligible Expenses incurred during an admission in a Hospital or Facility Other Provider that begins before the change will be those benefits in effect on the day of admission.

COVERED MEDICAL SERVICES

Inpatient Hospital Expenses

The Plan provides coverage for Inpatient Hospital Expenses for you and your eligible Dependents. Each inpatient Hospital Admission requires Preauthorization. Refer to the **PREAUTHORIZATION REQUIREMENTS** subsection of this Benefit Booklet for additional information.

The benefit percentage of your total eligible Inpatient Hospital Expense, in excess of any Deductible, shown under “Inpatient Hospital Expenses” on your Schedule of Coverage is the Plan’s obligation. The remaining unpaid Inpatient Hospital Expense, in excess of any Deductible, is your obligation to pay. This excess amount will be applied to the Out-of-Pocket Co-Share Amounts.

Services and supplies provided by an Out-of-Network Provider will receive In-Network Benefits when those services and supplies are not available from a Network Provider provided the Claim Administrator acknowledges your visit to an Out-of-Network Provider **prior** to the visit. Otherwise, Out-of-Network Benefits will be paid and the claim will have to be resubmitted for review and adjustment, if appropriate.

Refer to your Schedule of Coverage for information regarding Deductibles, Out-of-Pocket (Co-Share) percentages, and penalties for failure to Preauthorize that may apply to your coverage.

Medical-Surgical Expenses

The Plan provides coverage for Medical-Surgical Expense for you and your covered Dependents. Some services require Preauthorization. Refer to the **PREAUTHORIZATION REQUIREMENTS** subsection of this Benefit Booklet for more information.

Copayment Amounts must be paid to your Network Physician or other Network Providers at the time you receive services.

Non-Emergency ground ambulance transportation from one acute care Hospital to another acute care Hospital for diagnostic or therapeutic services (e.g., MRI, CT scans, acute interventional cardiology, intensive care unit services, etc.) may be considered Medically Necessary when specific criteria are met. The non-emergency ground ambulance transportation to or from a hospital or medical facility, outside of the acute care hospital setting, may be considered Medically Necessary when the Participant’s condition is such that trained ambulance attendants are

required to monitor the Participant's clinical status (e.g., vital signs and oxygenation), or provide treatment such as oxygen, intravenous fluids or medications, in order to safely transport the Participant, or the Participant is confined to bed and cannot be safely transported by any other means. Non-Emergency ground ambulance transportation services provided primarily for the convenience of the Participant, the Participant's family/caregivers or Physician, or the transferring facility are considered not Medically Necessary.

Non-Emergency air ambulance transportation means transportation from a Hospital emergency department, health care facility, or Inpatient setting to an equivalent or higher level of acuity facility may be considered Medically Necessary when the Participant requires acute Inpatient care and services are not available at the originating facility and commercial air transport or safe discharge cannot occur. Non-Emergency air ambulance transportation services provided primarily for the convenience of the Participant, the Participant's family/caregivers or Physician, or the transferring facility are considered not Medically Necessary.

All payments made by the Plan, whether under the In-Network or Out-of-Network Benefit level, will apply toward the benefit maximums under both levels of benefits.

The benefit maximums will also include any benefits provided to a Participant for Extended Care Expenses under a Health Benefit Plan held by the Employer with the Claim Administrator immediately prior to the Participant's Effective Date of coverage under the Plan.

If shown on your Schedule of Coverage, the Calendar Year Deductible will apply. Any unpaid Extended Care Expenses in excess of the benefit maximums shown on your Schedule of Coverage will not be applied to any Out-of-Pocket (Co-Share) Stop-Loss Amount.

Special Provisions Expenses

The benefits available under this **Special Provisions Expenses** subsection are generally determined on the same basis as other Inpatient Hospital Expenses, Medical-Surgical Expenses, and Extended Care Expenses, except to the extent described in each item. Benefits for Medically Necessary expenses will be determined as indicated on your Schedule(s) of Coverage. Remember that certain services require Preauthorization and that any Copayment Amounts, Out-of-Pocket (Co-Share) Amounts, and Deductibles shown on your Schedule(s) of Coverage will also apply. Refer to the **PREAUTHORIZATION REQUIREMENTS** subsection of this Benefit Booklet for more information.

Benefits for Treatment of Complications of Pregnancy

Benefits for Eligible Expenses incurred for treatment of Complications of Pregnancy will be determined on the same basis as treatment for any other sickness. Dependent children will be eligible for treatment of Complications of Pregnancy.

Benefits for Maternity Care

Benefits for Eligible Expenses incurred for Maternity Care will be determined on the same basis as for any other treatment of sickness. A Copayment Amount will be required for the initial office visit for Maternity Care, but will not be required for subsequent visits. Dependent children will be eligible for Maternity Care benefits.

Services and supplies incurred by a Participant for delivery of a child shall be considered Maternity Care and are subject to all provisions of the Plan.

The Plan provides coverage for inpatient care for the mother and newborn child in a health care facility for a minimum of:

- 48 hours following an uncomplicated vaginal delivery; and
- 96 hours following an uncomplicated delivery by caesarean section.

Charges for well-baby nursery care, including the initial examination, of a newborn child during the mother's Hospital Admission for the delivery will be considered Inpatient Hospital Expense of the child and will be subject to the benefit provisions as described under **Inpatient Hospital Expenses**. Benefits will also be subject to any Deductible amounts shown on your Schedule of Coverage.

Benefits for Emergency Care and Treatment of Accidental Injury

The Plan provides coverage for Emergency Care medical emergencies wherever they occur. Examples of medical emergencies are unusual or excessive bleeding, broken bones, acute abdominal or chest pain, unconsciousness, convulsions, difficult breathing, suspected heart attack, sudden persistent pain, severe or multiple injuries or burns, and poisonings. Services provided in an emergency room, freestanding emergency room, or other comparable facility that are not Emergency Care may be excluded from Emergency Care coverage, although these services may be covered under another benefit, if applicable. If you disagree with the Claim Administrator's determination in processing your benefits as non-emergency care instead of Emergency Care, you may call the Claim Administrator at the number on the back of your Identification Card. Please review the Review of Claim Determinations provision of this Benefit Booklet for specific information on your right to seek and obtain a full and fair review of your claim.

Emergency Care does not require Preauthorization. However, if reasonably possible, contact your Network Physician or Behavioral Health Practitioner before going to the Hospital emergency room/treatment room. He can help you determine if you need Emergency Care or treatment of an Accidental Injury and recommend that care. If not reasonably possible, go to the nearest emergency facility, whether or not the facility is in the Network.

Whether you require hospitalization or not, you should notify your Network Physician or Behavioral Health Practitioner within 48 hours, or as soon as reasonably possible, of any emergency medical treatment so he can recommend the continuation of any necessary medical services.

Benefits for Eligible Expenses for Accidental Injury or Emergency Care, including Accidental Injury or Emergency Care for Behavioral Health Services, will be determined as shown on your Schedule of Coverage. Copayment Amounts will be required for facility charges for each outpatient Hospital emergency room/treatment room visit as indicated on your Schedule of Coverage. If admitted for the emergency condition immediately following the visit, the Copayment Amount will be waived and Preauthorization of the inpatient Hospital Admission will be required.

All treatment received following the onset of an accidental injury or emergency care will be eligible for In-Network Benefits. For a non-emergency, In-Network Benefits will be available only if you use Network Providers. For a non-emergency, if you can safely be transferred to the care of a Network Provider but are treated by an Out-of-Network Provider, only Out-of-Network Benefits will be available.

Notwithstanding anything in this Benefit Booklet to the contrary, for Out-of-Network Emergency Care services rendered by non-contracting Providers, the Allowable Amount shall be equal to the greatest of the following three possible amounts--not to exceed billed charges:

1. the median amount negotiated with In-Network Providers for Emergency Care services furnished;
2. the amount for the Emergency Care service calculated using the same method the Plan generally uses to determine payments for Out-of-Network services but substituting the In-Network cost-sharing provisions for the Out-of-Network cost sharing provisions; or
3. the amount that would be paid under Medicare for the Emergency Care service.

Each of these three amounts is calculated excluding any In-Network Copayment Amount or Out-of-Pocket (Co-Share) Amount imposed with respect to the Participant.

- pay your portion of the Co-Share Amount.

- other contractually determined payment amounts.

You may be required to pay for limited or non-covered services. No claim forms are required.

Your cost will be the appropriate Copayment Amount indicated on the Schedule of Coverage and any applicable pricing differences. You will also be responsible for any Deductible amounts that may apply to your coverage.

Your Cost

Co-Share Amounts

Co-Share Amounts for a Participating Pharmacy, the mail-order program or a Provider that supplies Preferred Specialty Drugs are shown on your Schedule of Coverage. The amount you pay depends on the Covered Drug dispensed. If the Covered Drug dispensed is a:

1. Generic Drug - You pay the Generic Drug Co-Share Amount
2. Preferred Brand Name Drug – You pay the Preferred Brand Name Drug Co-Share Amount
3. Non-Preferred Brand Name Drug – You pay the Non-Preferred Brand Name Drug Co-Share Amount
4. Specialty Drugs – You pay the Specialty Drug Co-Share Amount

If the Allowable Amount of the Covered Drug is less than the Co-Share Amount, the Participant will pay the lower cost.

How Co-Share Amounts Apply

When your authorized Health Care Practitioner has marked the Prescription Order “Brand Necessary” or “Brand Medically Necessary,” the pharmacist may *only* dispense the Brand Name Drug and you pay the appropriate Brand Name Drug Co-Share Amount.

If the authorized Health Care Practitioner has not stipulated a dispensing directive prohibiting substitution of a generic equivalent, you may still choose to buy the Brand Name Drug instead of the Generic Drug.

If the Brand Name Drug dispensed is on the Drug List, your payment amount will be the sum of:

- (a) the Preferred Brand Name Drug Co-Share Amount, **plus**
- (b) the difference between the Allowable Amount of the Generic Drug and the Allowable Amount of the Preferred Brand Name Drug.

If the Brand Name Drug dispensed is a Non-Preferred Brand Name Drug, your payment amount will be the sum of:

- (a) the Preferred Brand Name Drug Co-Share Amount, **plus**
- (b) the difference between the Allowable Amount of the Generic Drug and the Allowable Amount of the Non-Preferred Brand Name Drug.

Exceptions to this provision may be allowed for certain preventive medications (including prescription contraceptive medications) if your Health Care Practitioner submits a request to BCBSTX indicating that the Generic Drug would be medically inappropriate, along with supporting documentation. If BCBSTX grants the exception request, any difference between the Allowable Amount for the Brand Name Drug and the Generic Drug will be waived.

Member Pay the Difference

If you obtain a Brand Name Drug when a Generic Drug is available, you will pay the Non-Preferred Brand Name Drug Copayment Amount plus the difference between the Allowable Amount of the Non-Preferred Brand Name Drug and the Allowable Amount of the Generic Drug. The difference between the Allowable Amount of the Non-Preferred Brand Name Drug and the Allowable Amount of the Generic Drug will not apply to the Out-of-Pocket Maximum and will continue to be applicable after the Out-of-Pocket Maximum is met.

Exceptions to this provision may be allowed for certain preventive medications (including prescription contraceptive medications) if your Health Care Practitioner submits a request to BCBSTX indicating that the Generic Drug would be medically inappropriate, along with supporting documentation. If BCBSTX grants the exception request, any difference between the Allowable Amount for the Non-Preferred Brand Name Drug and the Generic Drug will be waived.

How Member Payment is Determined

Prescription drug products are separated into tiers. Generally, each drug is placed into one of four drug tiers:

Tier 1 includes mostly Generic Drugs and may contain some Brand Name Drugs.

Tier 2 includes mostly Preferred Brand Name Drugs and may contain some Generic Drugs.

Tier 3 includes mostly Non-Preferred Brand Name Drugs and may contain some Generic Drugs

Tier 4 includes Specialty Drugs and may contain some Generic Drugs

Any Deductible Copayment Amount or Co-Share Amount for Covered Drugs on each drug tier is shown on your Schedule of Coverage. You can also contact customer services at the toll-free number on your Identification Card.

About Your Benefits

Drug List

The Drug List is developed using monographs written by the American Medical Association, Academy of Managed Care Pharmacies, and other Pharmacy and medical related organizations, describing clinical outcomes, drug efficacy, and side effect profiles.

BCBSTX will routinely review the Drug List and periodically adjust it to modify the status of existing or new drugs. Changes to this list will occur as frequently as quarterly. The Drug List and any modifications will be made

available to Participants. Participants may access our website at www.bcbstx.com or call the Customer Service Helpline at the telephone number shown in this Benefit Booklet or on your Identification Card to determine if a particular drug is on the Drug List. Drugs that do not appear on the Basic Drug List may be subject to the Non-Preferred Brand Name Drug Copayment Amount.

Day Supply

Benefits for Covered Drugs obtained from a Participating Pharmacy, or through the mail-order program or through Providers that supply Preferred Specialty Drugs are provided up to the maximum day supply limit as indicated on your Schedule of Coverage. The Co-Share Amount applicable for the designated day supply of dispensed drugs are also indicated on your Schedule of Coverage. The Claim Administrator has the right to determine the day supply. Payment for benefits covered under this Plan may be denied if drugs are dispensed or delivered in a manner intended to change, or having the effect of changing or circumventing, the stated maximum day supply limitation.

If you are leaving the country or need an extended supply of medication, call Customer Service at least two weeks before you intend to leave. (Extended supplies or vacation override are not available through the mail-order Pharmacy but may be approved through the retail Pharmacy only. In some cases, you may be asked to provide proof of continued enrollment eligibility under the Plan.)

Dispensing Quantity Versus Time Limits

Dispensing limits are based upon FDA dosing recommendations and nationally recognized guidelines. Coverage limits are placed on medications in certain drug categories. Limits may include: quantity of covered medication per prescription, quantity of covered medication in a given time period, or coverage only for Participants within a certain age range. Quantities of some drugs are restricted regardless of the quantity ordered by the Health Care Practitioner. To determine if a specific drug is subject to this limitation, you may access the website at www.bcbstx.com or contact Customer Service at the toll-free number on your Identification Card.

If your Health Care Practitioner prescribes a greater quantity of medication than what the dispensing limit allows, you can still get the medication. However, you will be responsible for the full cost of the prescription beyond what your coverage allows.

If you require a Prescription Order in excess of the dispensing limit established by BCBSTX, ask your Health Care Practitioner to submit a request for clinical review on your behalf. The Health Care Practitioner can obtain an override request form by accessing our website at www.bcbstx.com. Any pertinent medical information along with the completed form should be faxed to Clinical Pharmacy Programs at the fax number indicated on the form. The request will be approved or denied after evaluation of the submitted clinical information. BCBSTX has the right to determine dispensing limits. Payment for benefits covered by under this Plan may be denied if drugs are dispensed or delivered in a manner intended to change, or having the effect of changing or circumventing, the stated maximum quantity limitation.

Controlled Substances Limitations

If it is determined that a Participant may be receiving quantities of controlled substance medications not supported by FDA approved dosages or recognized safety or treatment guidelines, any coverage for additional drugs may be subject to review to assess whether Medically Necessary or appropriate and restrictions may include but not be limited to a certain Provider and/or Pharmacy of the Participant's choice and/or quantities and/or days' supply for the prescribing and dispensing of the controlled substance medication. If the Participant does not choose such Provider and/or Pharmacy within a reasonable time, BCBSTX will make the choice. Additional Copayment Amounts, Co-Share Amounts and any Deductible may apply.

Right of Appeal

In the event that a requested Prescription Order is still denied on the basis of quantity versus time dispensing limits with or without your authorized Health Care Practitioner having submitted clinical documentation, you have the right to appeal as indicated under the **Review of Claim Determinations** section of this Benefit Booklet.

Definitions

*(In addition to the applicable terms provided in the **DEFINITIONS** Section of the Benefit Booklet, the following terms will apply specifically to this **PHARMACY BENEFITS** section.)*

Allowable Amount means the maximum amount determined by the Claim Administrator to be eligible for consideration of payment for a particular Covered Drug. As applied to Participating Pharmacies, the mail-order program and Providers that supply Preferred Specialty Drugs, the Allowable Amount is based on the provisions of the contract between BCBSTX and the Participating Pharmacy or Pharmacy for the mail-order program or the Provider that supplies Preferred Specialty Drugs in effect on the date of service.

Brand Name Drug means a drug or product manufactured by a single manufacturer as defined by a nationally recognized provider of drug product database information. There may be some cases where two manufacturers will produce the same product under one license, known as a co-licensed product, which would also be considered as a Brand Name Drug. There may also be situations where a drug's classification changes from generic to brand name due to a change in the market resulting in the generic being a single source, or the drug product database information changing, which would also result in a corresponding change in Copayment Amount obligations from generic to brand name.

Compound Medications mean those drugs that have been measured and mixed with U.S. Food and Drug Administration (FDA) approved pharmaceutical ingredients by a pharmacist to produce a unique formulation because commercial products either do not exist or do not exist in the correct dosage, size, or form. The drugs used must meet the following requirements:

1. The drugs in the compounded product are Food and Drug Administration (FDA) approved;
2. The approved product has an assigned National Drug Code (NDC); and
3. The primary active ingredient is a Covered Drug under the Plan.

2. For which a written or verbal Prescription Order is provided by an authorized Health Care Practitioner;
3. For which a separate charge is customarily made;
4. Which is not consumed at the time and place that the Prescription Order is written;
5. For which the U.S. Food and Drug Administration (FDA) has given approval for at least one indication; and

You may also contact Customer Service at the toll-free number on your Identification Card for more information. Changes to this list will occur as frequently as quarterly. The Drug List and any modifications will be made available to Participants.

Generic Drug means a drug that has the same active ingredient as a Brand Name Drug and is allowed to be produced after the Brand Name Drug's patent has expired. In determining the brand or generic classification for Covered Drugs, BCBSTX utilizes the generic/brand status assigned by a nationally recognized provider of drug product database information. You should know that not all drugs identified as a "generic" by the drug product database, manufacturer, Pharmacy, or your Health Care Practitioner will adjudicate as generic by BCBSTX. Generic Drugs are shown on the Drug List which is available by accessing the BCBSTX website at www.bcbstx.com. You may also contact the Customer Service Helpline number shown on your Identification Card for more information.

National Drug Code (NDC) means a national classification system for the identification of drugs.

Non-Preferred Brand Name Drug means a Brand Name Drug that does not appear on the Basic Drug List. Drugs that do not appear on the Basic Drug List are subject to the Non-Preferred Brand Name Drug Copayment/Co-Share. The Basic Drug List is available by accessing the website at www.bcbstx.com.

Participant means an Employee or Dependent whose coverage has become effective under this Plan.

Participating Pharmacy means an independent retail Pharmacy, chain of retail Pharmacies, mail-order Pharmacy or specialty drug Pharmacy which has entered into an agreement to provide pharmaceutical services to Participants under the Plan. A retail Participating Pharmacy may or may not be a **Select Participating Pharmacy** as that term is used in the **Select Vaccinations Obtained through Participating Pharmacies** section above.

Specialty Pharmacy Provider means a Participating Pharmacy which has entered into a written agreement with BCBSTX to provide Specialty Drugs to Participants under the Plan.

GENERAL PROVISIONS

Agent

The Employer is not the agent of the Claim Administrator.

Amendments

The Plan may be amended or changed at any time by agreement between the Employer and the Claim Administrator.

The Claim Administrator's Ownership Interests

The Claim Administrator or its subsidiaries or affiliates may have ownership interests in certain Providers who provide covered services to Participants, and/or vendors or other third parties who provide covered services related to the benefits and requirements of this Plan or provide services to certain Providers.

Assignment and Payment of Benefits

Rights and benefits under the Plan shall not be assignable, either before or after services and supplies are provided.

In the absence of a written agreement with a Provider, the Claim Administrator reserves the right to make benefit payments to the Provider or the Employee, as the Claim Administrator elects. Payment to either party discharges the Plan's responsibility to the Employee or Dependents for benefits available under the Plan.

Claims Liability

BCBSTX, in its role as Claim Administrator, provides administrative claims payment services only and does not assume any financial risk or obligation with respect to claims.

Disclosure Authorization

If you file a claim for benefits, it will be necessary that you authorize any health care Provider, insurance carrier, or other entity to furnish the Claim Administrator all information and records or copies of records relating to the diagnosis, treatment, or care of any individual included under your coverage. If you file claims for benefits, you and your Dependents will be considered to have waived all requirements forbidding the disclosure of this information and records.

Identity Theft Protection

As a Participant, BCBSTX makes available at no additional cost to you identity theft protection services, including credit monitoring, fraud detection, credit/identity repair and insurance to help protect your information. These identity theft protection services are currently provided by BCBSTX's designated outside vendor and acceptance or declination of these services is optional to the Participant. Participants who wish to accept such identity theft protection services will need to individually enroll in the program online at www.bcbstx.com or by calling the Customer Service Helpline. Services may automatically end when the person is no longer an eligible Participant. Services may change or be discontinued at any time with reasonable notice. BCBSTX does not guarantee that a particular vendor or service will be available at any given time.

Medicare

Special rules apply when you are covered by this Plan and by Medicare. Generally, this Plan is a Primary Plan if you are an active Employee, and Medicare is a Primary Plan if you are a retired Employee.

Participant/Provider Relationship

The choice of a health care Provider should be made solely by you or your Dependents. The Claim Administrator does not furnish services or supplies but only makes payment for Eligible Expenses incurred by Participants. The Claim Administrator is not liable for any act or omission by any health care Provider. The Claim Administrator does not have any responsibility for a health care Provider's failure or refusal to provide services or supplies to you or your Dependents. Care and treatment received are subject to the rules and regulations of the health care Provider selected and are available only for sickness or injury treatment acceptable to the health care Provider.

The Claim Administrator, Network Providers, and/or other contracting Providers are independent contractors with respect to each other. The Claim Administrator in no way controls, influences, or participates in the health care treatment decisions entered into by said Providers. The Claim Administrator does not furnish medical, surgical, hospitalization, or similar services or supplies, or practice medicine or treat patients. The Providers, their employees, their agents, their ostensible agents, and/or their representatives do not act on behalf of BCBSTX nor are they employees of BCBSTX.

Overpayment

If your Group Health Plan or the Claim Administrator pays benefits for Eligible Expenses incurred by you or your Dependents and it is found that the payment was more than it should have been, or it was made in error (“Overpayment”), your Group Health Plan or the Claim Administrator has the right to obtain a refund of the Overpayment amount from: (i) the person to, or for whom, such benefits were paid, or (ii) any insurance company or plan, or (iii) any other persons, entities, or organizations, including, but not limited to Network Providers or Out-of-Network Providers.

If no refund is received, your Group Health Plan and/or Blue Cross and Blue Shield (in its capacity as insurer or administrator) has the right to deduct any refund for any Overpayment due up to an amount equal to the Overpayment, from:

1. Any future benefit payment made to any person or entity under this Benefit Booklet, whether for the same or a different Participant; or
2. Any future benefit payment made to any person or entity under another Blue Cross and Blue Shield administered ASO benefit program and/or Blue Cross and Blue Shield administered insured benefit program policy, if the future benefit payment owed is to a Network Provider; or
3. Any future benefit payment made to any person or entity under another Blue Cross and Blue Shield insured group benefit plan or individual policy, if the future benefit payment owed is to a Network Provider; or
4. Any future benefit payment, or other payment, made to any person or entity; or
5. Any future payment owed to one or more Network Providers.

Further, the Claim Administrator has the right to reduce your Group Health Plan’s payment to a Network Provider by the amount necessary to recover another Blue Cross and Blue Shield’s plan Overpayment to the same Network Provider and to remit the recovered amount to the other Blue Cross and Blue Shield’s plan or policy.

Rescission

Rescission is the cancellation or discontinuance of coverage that has retroactive effect. Your coverage may not be rescinded unless you or a person seeking coverage on your behalf performs an act, practice or omission that constitutes fraud, or makes an intentional misrepresentation of material fact. A cancellation or discontinuance of coverage that has only prospective effect is not a rescission. A retroactive cancellation or discontinuance of coverage based on a failure to timely pay required premiums or contributions toward the cost of coverage (including COBRA premiums) is not a rescission. You will be given 30 days advance notice of rescission. A rescission is considered an Adverse Benefit Determination for which you may seek internal review and external review.

Subrogation

If the Plan pays or provides benefits for you or your Dependents, the Plan is subrogated to all rights of recovery which you or your Dependent have in contract, tort, or otherwise against any person, organization, or insurer for the amount of benefits the Plan has paid or provided. That means the Plan may use your rights to recover money through judgment, settlement, or otherwise from any person, organization, or insurer.

For the purposes of this provision, *subrogation* means the substitution of one person or entity (the Plan) in the place of another (you or your Dependent) with reference to a lawful claim, demand or right, so that he or she who is substituted succeeds to the rights of the other in relation to the debt or claim, and its rights or remedies.

Right of Reimbursement

In jurisdictions where subrogation rights are not recognized, or where subrogation rights are precluded by factual circumstances, the Plan will have a right of reimbursement.

If you or your Dependent recover money from any person, organization, or insurer for an injury or condition for which the Plan paid benefits, you or your Dependent agree to reimburse the Plan from the recovered money for the amount of benefits paid or provided by the Plan. That means you or your Dependent will pay to the Plan the amount of money recovered by you through judgment, settlement or otherwise from the third party or their insurer, as well as from any person, organization or insurer, up to the amount of benefits paid or provided by the Plan.

Right to Recovery by Subrogation or Reimbursement

You or your Dependent agree to promptly furnish to the Plan all information which you have concerning your rights of recovery from any person, organization, or insurer and to fully assist and cooperate with the Plan in protecting and obtaining its reimbursement and subrogation rights. You, your Dependent or your attorney will notify the Plan before settling any claim or suit so as to enable us to enforce our rights by participating in the settlement of the claim or suit. You or your Dependent further agree not to allow the reimbursement and subrogation rights of the Plan to be limited or harmed by any acts or failure to act on your part.

Coordination of Benefits

The availability of benefits specified in This Plan is subject to Coordination of Benefits (COB) as described below. This COB provision applies to This Plan when a Participant has health care coverage under more than one Plan.

If this COB provision applies, the order of benefit determination rules should be looked at first. Those rules determine whether the benefits of This Plan are determined before or after those of another Plan. The benefits of This Plan shall not be reduced when This Plan determines its benefits before another Plan; but may be reduced when another Plan determines its benefits first.

Coordination of Benefits – Definitions

1. **Plan** means any group insurance or group-type coverage, whether insured or uninsured.

This includes:

- a. group or blanket insurance;
- b. franchise insurance that terminates upon cessation of employment;
- c. group hospital or medical service plans and other group prepayment coverage;
- d. any coverage under labor-management trustee arrangements, union welfare arrangements, or employer organization arrangements; or
- e. governmental plans, or coverage required or provided by law.

Plan does not include:

- a. any coverage held by the Participant for hospitalization and/or medical-surgical expenses which is written as a part of or in conjunction with any automobile casualty insurance policy;
- b. a policy of health insurance that is individually underwritten and individually issued;
- c. school accident type coverage; or
- d. a state plan under Medicaid (Title XIX, Grants to States for Medical Assistance Programs, of the United States Social Security Act, as amended).

Each contract or other arrangement for coverage is a separate Plan. Also, if an arrangement has two parts and COB rules apply only to one of the two, each of the parts is a separate Plan.

2. **This Plan** means the part of this Benefit Booklet that provides benefits for health care expenses.

3. **Primary Plan/Secondary Plan**

The order of benefit determination rules state whether This Plan is a Primary Plan or Secondary Plan covering the Participant. A *Primary Plan* is a Plan whose benefits are determined before those of the other Plan and without considering the other Plan's benefit. A *Secondary Plan* is a Plan whose benefits are determined after those of a Primary Plan and may be reduced because of the other Plan's benefits.

When there are more than two Plans covering the Participant, This Plan may be a Primary Plan as to one or more other Plans, and may be a Secondary Plan as to a different Plan or Plans.

4. **Allowable Expense** means a necessary, reasonable, and customary item of expense for health care when the item of expense is covered at least in part by one or more Plans covering the Participant for whom claim is made.

5. **Claim Determination Period** means a Calendar Year. However, it does not include any part of a year during which a Participant has no coverage under This Plan, or any part of a year before the date this COB provision or a similar provision takes effect.
6. **We or Us** means Blue Cross and Blue Shield of Texas.

Order of Benefit Determination Rules

1. General Information

- a. When there is a basis for a claim under This Plan and another Plan, This Plan is a Secondary Plan which has its benefits determined after those of the other Plan, unless (a) the other Plan has rules coordinating its benefits with those of This Plan, and (b) both those rules and This Plan's rules require that This Plan's benefits be determined before those of the other Plan.
- b. If this Benefit Booklet contains any dental or vision benefits, the benefits provided by the health portion of This Plan will be the Secondary Plan.

2. Rules

This Plan determines its order of benefits using the first of the following rules which applies:

- a. ***Non-Dependent/Dependent.*** The benefits of the Plan which covers the Participant as an Employee, member or subscriber are determined before those of the Plan which covers the Participant as a Dependent. However, if the Participant is also a Medicare beneficiary, and as a result of the rule established by Title XVIII of the Social Security Act and implementing regulations, Medicare is:

- (1) secondary to the Plan covering the Participant as a Dependent and
- (2) primary to the Plan covering the Participant as other than a Dependent (e.g., a retired Employee), then the benefits of the Plan covering the Participant as a Dependent are determined before those of the Plan covering that Participant other than a Dependent.

- b. ***Dependent Child/Parents Not Separated or Divorced.*** Except as stated in Paragraph c below, when This Plan and another Plan cover the same child as a Dependent of different parents:

- (1) The benefits of the Plan of the parent whose birthday falls earlier in a Calendar Year are determined before those of the Plan of the parent whose birthday falls later in that Calendar Year; but
- (2) If both parents have the same birthday, the benefits of the Plan which covered one parent longer are determined before those of the Plan which covered the other parent for a shorter period of time.

However, if the other Plan does not have the rule described in this Paragraph b, but instead has a rule based on gender of the parent, and if, as a result, the Plans do not agree on the order of benefits, the rule in the other Plan will determine the order of benefits.

- c. ***Dependent Child/Parents Separated or Divorced.*** If two or more Plans cover a Participant as a Dependent child of divorced or separated parents, benefits for the child are determined in this order:

- (1) First, the Plan of the parent with custody of the child;
- (2) Then, the Plan of the spouse of the parent with custody, if applicable;
- (3) Finally, the Plan of the parent not having custody of the child.

However, if the specific terms of a court decree state that one of the parents is responsible for the health care expense of the child, and the entity obligated to pay or provide the benefits of the Plan of that parent has actual knowledge of those terms, the benefits of that Plan are determined first. The Plan of the other parent shall be the Secondary Plan. This paragraph does not apply with respect to any Calendar Year during which any benefits are actually paid or provided before the entity has that actual knowledge.

- d. ***Joint Custody.*** If the specific terms of a court decree state that the parents shall share joint custody, without stating that one of the parents is responsible for the health care expenses of the child, the Plans covering the child shall follow the order of benefit determination rules outlined in Paragraph b.

- e. **Active/Inactive Employee.** The benefits of a Plan which covers a Participant as an Employee who is neither laid off nor retired are determined before those of a Plan which covers that Participant as a laid off or retired Employee. The same would hold true if a Participant is a Dependent of a person covered as a retired Employee and an Employee. If the other Plan does not have this rule, and if, as a result, the Plans do not agree on the order of benefits, this Paragraph e does not apply.
- f. **Continuation Coverage.** If a Participant whose coverage is provided under a right of continuation pursuant to federal or state law is also covered under another Plan, the following shall be the order of benefit determination:
 - (1) First, the benefits of a Plan covering the Participant as an Employee, member or subscriber (or as that Participant's Dependent);
 - (2) Second, the benefits under the continuation coverage.If the other Plan does not have this rule, and if, as a result, the Plans do not agree on the order of benefits this Paragraph f does not apply.
- g. **Longer/Shorter Length of Coverage.** If none of the above rules determine the order of benefits, the benefits of the Plan which covered an Employee, member or subscriber longer are determined before those of the Plan which covered that Participant for the shorter period of time.

Effect on the Benefits of This Plan

1. When This Section Applies

This section applies when This Plan is the Secondary Plan in accordance with the order of benefits determination outlined above. In that event, the benefits of This Plan may be reduced under this section.

2. Reduction in this Plan's Benefits

The benefits of This Plan will be reduced when the sum of:

- a. The benefits that would be payable for the Allowable Expense under This Plan in the absence of this COB provision; and
- b. The benefits that would be payable for the Allowable Expense under the other Plans, in the absence of provisions with a purpose like that of this COB provision, whether or not claim is made exceeds those Allowable Expenses in a Claim Determination Period.

In that case, the benefits of This Plan will be reduced so that they and the benefits payable under the other Plans do not total more than those Allowable Expenses.

When the benefits of This Plan are reduced as previously described above, each benefit is reduced in proportion. It is then charged against any applicable benefit limit of This Plan.

Right to Receive and Release Needed Information

We assume no obligation to discover the existence of another Plan, or the benefits available under the other Plan, if discovered. We have the right to decide what information we need to apply these COB rules. We may get needed information from or release information to any other organization or person without telling, or getting the consent of, any person. Each person claiming benefits under This Plan must give us any information concerning the existence of other Plans, the benefits thereof, and any other information needed to pay the claim.

Facility of Payment

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, We may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Plan. We will not have to pay that amount again.

Right to Recovery

If the amount of the payments We make is more than We should have paid under this COB provision, We may recover the excess from one or more of:

- 1. the persons We have paid or for whom We have paid; or
- 2. insurance companies; or
- 3. Hospitals, Physicians, or Other Providers; or

4. any other person or organization.

Termination of Coverage

Termination of Individual Coverage

Coverage under the Plan for you and/or your Dependents will automatically terminate when:

1. Your contribution for coverage under the Plan is not received timely by the Plan Administrator; or
2. You no longer satisfy the definition of an Employee as defined in this Benefit Booklet, including termination of employment; or
3. The Plan is terminated or the Plan is amended, at the direction of the Plan Administrator, to terminate the coverage of the class of Employees to which you belong; or
4. A Dependent ceases to be a Dependent as defined in the Plan.

However, when any of these events occur, you and/or your Dependents may be eligible for continued coverage. See **Continuation of Group Coverage - Federal** in the **GENERAL PROVISIONS** section of this Benefit Booklet.

The Claim Administrator may refuse to renew the coverage of an eligible Employee or Dependent for fraud or intentional misrepresentation of a material fact by that individual.

Coverage for a child of any age who is medically certified as *Disabled* and dependent on the parent will not terminate upon reaching the limiting age shown in your Schedule of Coverage if the child continues to be both:

1. *Disabled*, and
2. Dependent upon you for more than one-half of his support as defined by the Internal Revenue Code of the United States.

Disabled means any medically determinable physical or mental condition that prevents the child from engaging in self-sustaining employment. The disability must begin while the child is covered under the Plan and before the child attains the limiting age. You must submit satisfactory proof of the disability and dependency through your Plan Administrator to the Claim Administrator within 31 days following the child's attainment of the limiting age. As a condition to the continued coverage of a child as a *Disabled* Dependent beyond the limiting age, the Claim Administrator may require periodic certification of the child's physical or mental condition but not more frequently than annually after the two-year period following the child's attainment of the limiting age.

Termination of the Group

The coverage of all Participants will terminate if the group is terminated in accordance with the terms of the Plan.

Continuation of Group Coverage - Federal

COBRA Continuation - Federal

Under the provisions of the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), Participants may have the right to continue coverage after the date coverage ends. Participants will not be eligible for COBRA continuation if the Employer is exempt from the provisions of COBRA.

Minimum Size of Group

The Group must have normally employed more than twenty (20) employees on a typical business day during the preceding Calendar Year. This refers to the number of full-time and part-time employees employed, not the number of employees covered by a Health Benefit Plan.

Loss of Coverage

If coverage terminates as the result of termination (other than for gross misconduct) or reduction of employment hours, then the Participant may elect to continue coverage for eighteen (18) months from the date coverage would otherwise cease.

A covered Dependent may elect to continue coverage for thirty-six (36) months from the date coverage would otherwise cease if coverage terminates as the result of:

1. divorce from the covered Employee,
2. death of the covered Employee,
3. the covered Employee becomes eligible for Medicare, or
4. a covered Dependent child no longer meets the Dependent eligibility requirements.

COBRA continuation under the Plan ends at the earliest of the following events:

1. The last day of the eighteen (18) month period for events which have a maximum continuation period of eighteen (18) months.
2. The last day of the thirty-six (36) month period for events which have a maximum continuation period of thirty-six (36) months.
3. The first day for which timely payment of contribution is not made to the Plan with respect to the qualified beneficiary.
4. The Group Health Plan is canceled.
5. The date, after the date of the election, upon which the qualified beneficiary first becomes covered under any other group health plan.
6. The date, after the date of the election, upon which the qualified beneficiary first becomes entitled to Medicare benefits.

Extension of Coverage Period

The eighteen (18) month coverage period may be extended if an event which could otherwise qualify a Participant for the thirty-six (36) month coverage period occurs during the eighteen (18) month period, but in no event may coverage be longer than thirty-six (36) months from the initial qualifying event.

If a Participant is determined to be disabled as defined under the Social Security Act and the Participant notifies the Employer before the end of the initial eighteen (18) month period, coverage may be extended up to an additional eleven (11) months for a total of twenty-nine (29) months. This provision is limited to Participants who are disabled at any time during the first sixty (60) days of COBRA continuation and only if the qualifying event is termination of employment (other than for gross misconduct) or reduction of employment hours.

Notice of COBRA Continuation Rights

The Employer is responsible for providing the necessary notification to Participants as required by the Consolidated Omnibus Budget Reconciliation Act of 1985 and the Tax Reform Act of 1986.

Other Blue Cross and Blue Shield Plans Separate Financial Arrangements with Providers

Out-of-Area Services

Blue Cross and Blue Shield of Texas (BCBSTX) has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as “Inter-Plan Programs.” Whenever you obtain healthcare services outside of BCBSTX service area, the claims for these services may be processed through one of these Inter-Plan Programs, which includes the BlueCard Program, and may include negotiated National Account arrangements available between BCBSTX and other Blue Cross and Blue Shield Licensees.

Typically, when accessing care outside our service area, you will obtain care from healthcare Providers that have a contractual agreement (i.e., are “participating Providers”) with the local Blue Cross and/or Blue Shield Licensee in that other geographic area (“Host Blue”). In some instances, you may obtain care from non-participating healthcare Providers. Our payment practices in both instances are described below.

A. BlueCard® Program

Under the BlueCard® Program, when you access covered healthcare services within the geographic area served by a Host Blue, we will remain responsible for fulfilling our contractual obligations. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating healthcare Providers.

For inpatient facility services received in a Hospital, the Host Blue’s participating Provider is required to obtain Preauthorization. If Preauthorization is not obtained, the participating Provider will be sanctioned based on the Host Blue’s contractual agreement with the Provider, and the Participant will be held harmless for the Provider sanction.

Whenever you access covered healthcare services outside BCBSTX’s service area and the claim is processed through the BlueCard Program, the amount you pay for covered healthcare services is calculated based on the lower of:

- The billed covered charges for your covered services; or
- The negotiated price that the Host Blue makes available to us.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare Provider. Sometimes, it is an estimated price that takes into account special arrangements with your healthcare Provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare Providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or underestimation of modifications of past pricing for the types of transaction modifications noted above. However, such adjustments will not affect the price we use for your claim because they will not be applied retroactively to claims already paid.

Federal law or the laws in a small number of states may require the Host Blue to add a surcharge to your calculation. If federal law or any state laws mandate other liability calculation methods, including a surcharge, we would then calculate your liability for any covered healthcare services according to applicable law.

B. Negotiated (non-BlueCard Program) National Account Arrangements

As an alternative to the BlueCard Program, your claims for covered healthcare services may be processed through a negotiated National Account arrangement with a Host Blue.

The amount you pay for covered healthcare services under this arrangement will be calculated based on the lower of either billed covered charges or negotiated price (Refer to the description of negotiated price under Section A., BlueCard Program) made available to us by the Host Blue.

NOTICE

C. Non-Participating Healthcare Providers Outside BCBSTX Service Area

1. In General

When Covered Services are provided outside of the Plan's service area by non-participating healthcare Providers, the amount(s) you pay for such services will be calculated using the methodology described in the Benefit Booklet for non-participating healthcare Providers located inside our service area. You may be responsible for the difference between the amount that the non-participating healthcare Provider bills and the payment the Plan will make for the Covered Services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network emergency services.

2. Exceptions

In some exception cases, the Plan may, but is not required to, in its sole and absolute discretion negotiate a payment with such non-participating healthcare Provider on an exception basis. If a negotiated payment is not available, then the Plan may make a payment based on the lesser of:

- a. the amount calculated using the methodology described in the Benefit Booklet for non-participating healthcare Providers located inside your service area (and described in Section C(a)(1) above); or
- b. The following:
 1. for professional Providers, an amount equal to the greater of the minimum amount required in the methodology described in the Benefit Booklet for non-participating healthcare Providers located inside your service area; or an amount based on publicly available Provider reimbursement data for the same or similar professional services, adjusted for geographical differences where applicable, or
 2. for Hospital or facility Providers, an amount equal to the greater of the minimum amount required in the methodology described in the Benefit Booklet for non-participating healthcare Providers located inside your service area; or an amount based on publicly available data reflecting the approximate costs that Hospitals or facilities have incurred historically to provide the same or similar service, adjusted for geographical differences where applicable, plus a margin factor for the Hospital or facility.

In these situations, you may be liable for the difference between the amount that the non-participating healthcare Provider bills and the payment Blue Cross and Blue Shield of Texas will make for the Covered Services as set forth in this paragraph.

D. Value-Based Programs BlueCard® Program

If you receive Covered Services under a Value-Based Program inside a Host Blue's service area, you will not bear any portion of the Provider Incentives, risk-sharing, and/or Care Coordinator Fees of such arrangement, except when a Host Blue passes these fees to Blue Cross and Blue Shield of Texas through average pricing or fee schedule incentive adjustments.

Under the Agreement, Employer has with Blue Cross and Blue Shield of Texas, Blue Cross and Blue Shield of Texas and Employer will not impose cost sharing for Care Coordinator Fees.

E. Value-Based Programs Negotiated Arrangements

If Blue Cross and Blue Shield of Texas enters into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to Employer on your behalf, Blue Cross and Blue Shield of Texas will follow the same procedures for Value-Based Program administration and Care Coordination Fees as noted in the BlueCard Program section.

F. Blue Cross Blue Shield Global Core Program

If you are outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands (hereinafter "BlueCard service area"), you may be able to take advantage of the Blue Cross Blue Shield Global Core Program when accessing Covered Services. The Blue Cross Blue Shield Global Core Program is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance, although the Blue Cross Blue Shield Global Core Program assists you with accessing a network of inpatient, outpatient and professional Providers, the network is not served by a Host Blue. As such, when you receive care from Providers outside the

NOTICE

BlueCard service area, you will typically have to pay the Providers and submit the claims yourself to obtain reimbursement for these services.

If you need medical assistance services (including locating a doctor or hospital) outside the BlueCard service area, you should call the service center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a physician appointment or hospitalization, if necessary.

- **Inpatient Services**

In most cases, if you contact the service center for assistance, hospitals will not require you to pay for covered inpatient services, except for your cost-share amounts/Deductibles, Co-Share Amounts, etc. In such cases, the hospital will submit your claims to the service center to begin claims processing. However, if you paid in full at the time of service, you must submit a claim to receive reimbursement for Covered Services. **You must contact the Plan to obtain Preauthorization for non-emergency inpatient services.**

- **Outpatient Services**

Outpatient Services are available for Emergency Care. Physicians, urgent care centers and other outpatient Providers located outside the BlueCard service area will typically require you to pay in full at the time of service. You must submit a claim to obtain reimbursement for Covered Services.

- **Submitting a Blue Cross Blue Shield Global Core Claim**

When you pay for Covered Services outside the BlueCard service area, you must submit a claim to obtain reimbursement. For institutional and professional claims, you should complete a Blue Cross Blue Shield Global Core International claim form and send the claim form with the Provider's itemized bill(s) to the service center (the address is on the form) to initiate claims processing. Following the instructions on the claim form will help ensure timely processing of your claim. The claim form is available from the Plan, the service center or online at www.bcbsglobalcore.com. If you need assistance with your claim submission, you should call the service center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177, 24 hours a day, seven days a week.

NOTICE

CONTINUATION COVERAGE RIGHTS UNDER COBRA

NOTE: Certain employers may not be affected by CONTINUATION OF COVERAGE AFTER TERMINATION (COBRA). See your employer or Group Administrator should you have any questions about COBRA.

INTRODUCTION

You are receiving this notice because you have recently become covered under your employer's group health plan (the Plan). This notice contains important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. **This notice generally explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect the right to receive it.**

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage may be available to you when you would otherwise lose your group health coverage. It can also become available to other members of your family who are covered under the Plan when they would otherwise lose their group health coverage.

For additional information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

WHAT IS COBRA CONTINUATION COVERAGE?

COBRA continuation coverage is a continuation of Plan coverage when coverage would otherwise end because of a life event known as a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you are an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because either one of the following qualifying events happens:

- Your hours of employment are reduced; or
- Your employment ends for any reason other than your gross misconduct.

If you are the spouse of an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because any of the following qualifying events happens:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes enrolled in Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they will lose coverage under the Plan because any of the following qualifying events happens:

- The parent-employee dies;
- The parent-employee's hours of employment are reduced;
- The parent-employee's employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes enrolled in Medicare (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the Plan as a "dependent child."

If the Plan provides health care coverage to retired employees, the following applies: Sometimes, filing a proceeding in bankruptcy under title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to your employer, and that bankruptcy results in the loss of coverage of any retired employee covered under the Plan, the retired employee will become a qualified beneficiary with respect to the bankruptcy. The retired employee's spouse, surviving spouse, and dependent children will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

WHEN IS COBRA COVERAGE AVAILABLE?

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment, death of the employee, in the event of retired employee health coverage, commencement of a proceeding in bankruptcy with respect to the employer, or the employee's becoming entitled to Medicare benefits (under Part A, Part B, or both), the employer must notify the Plan Administrator of the qualifying event.

YOU MUST GIVE NOTICE OF SOME QUALIFYING EVENTS

For the other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 60 days after the qualifying event occurs. Contact your employer and/or COBRA Administrator for procedures for this notice, including a description of any required information or documentation.

HOW IS COBRA COVERAGE PROVIDED?

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage. When the qualifying event is the death of the employee, the employee's becoming entitled to Medicare benefits (under Part A, Part B, or both), your divorce or legal separation, or a dependent child's losing eligibility as a dependent child, COBRA continuation coverage lasts for up to 36 months.

When the qualifying event is the end of employment or reduction of the employee's hours of employment, and the employee became entitled to Medicare benefits less than 18 months before the qualifying event, COBRA continuation coverage for qualified beneficiaries other than the employee lasts until 36 months after the date of Medicare entitlement. For example, if a covered employee becomes entitled to Medicare 8 months before the date on which his employment terminates, COBRA continuation coverage for his spouse and children can last up to 36 months after the date of Medicare entitlement, which is equal to 28 months after the date of the qualifying event (36 months minus 8 months). Otherwise, when the qualifying event is the end of employment or reduction of the employee's hours of employment, COBRA continuation coverage generally lasts for only up to a total of 18 months. There are two ways in which this 18-month period of COBRA continuation coverage can be extended.

DISABILITY EXTENSION OF 18-MONTH PERIOD OF CONTINUATION COVERAGE

If you or anyone in your family covered under the Plan is determined by the Social Security Administration to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to receive up to an additional 11 months of COBRA continuation coverage, for a total maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of continuation coverage.

Contact your employer and/or the COBRA Administrator for procedures for this notice, including a description of any required information or documentation.

SECOND QUALIFYING EVENT EXTENSION OF 18-MONTH PERIOD OF CONTINUATION COVERAGE

If your family experiences another qualifying event while receiving 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months if notice of the second qualifying event is properly given to the Plan. This extension may be available to the spouse and dependent children receiving continuation coverage if the employee or former employee dies, becomes entitled to Medicare benefits (under Part A, Part B, or both), or gets divorced or legally separated or if the dependent child stops being eligible under the Plan as a dependent child, but only if the event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.
