The security and well-being of our community is a high priority to Southern Methodist University (SMU). The SMU Police Department and all University employees are dedicated to keeping the campus a great place to live, learn and work.

SMU's main campus is in the heart of Dallas in University Park – a traditional residential neighborhood just five miles north of downtown. The SMU-in-Taos campus is located south of Taos, New Mexico, on Highway 518 between Ranchos de Taos and Peñasco. The campuses are in safe areas, but no campus, whether it is urban, suburban or rural, is free of crime. All members of the University community, therefore, should take reasonable precautions and work together to make our campuses as secure as possible. The following information has been prepared to increase your awareness of current programs to assist you in protecting your safety and well-being. Portions are also provided in compliance with federal laws, specifically the Clery Act and the Higher Education Opportunity Act (HEOA).

Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, or the Clery Act, 20 U.S.C. § 1092(f), requires that each institution of higher education in the United States which participates in federal student aid programs must produce and distribute an annual report containing crime statistics and statements of security policy. Failure to provide the required information or the inclusion of inaccurate information may result in fines

of up to \$62,689 per violation imposed by the U.S. Department of Education, for any violations which occurred after November 2, 2015, for which the Department of Education imposed the penalty after April 20, 2022.

The purpose of the Clery Act is to provide the campus community with accurate, comprehensive and timely information about crime and the safety of the campus so people can make informed decisions to keep themselves safe.

Note that amendments to the Higher Education Opportunity Act (HEOA) added **whistleblower protection** to make it clear that nothing in the law shall be construed to permit a school to take retaliatory action against anyone with respect to the implementation of the regulations.

The Clery Act – Legal Requirements

Each year, SMU must:

- Publish a report by October 1 that contains three (3) years of crime statistics and certain security policy statements including sexual assault policies.
- Disclose crime statistics for the campus; unobstructed public areas immediately adjacent to or running through the campus; and certain non-campus facilities, including Greek housing and remote classrooms. The statistics must be gathered from campus police or security, local law enforcement and other University/College officials who have “significant responsibility for students and campus activities.”
- Provide “timely warning” notices of any crimes that have occurred that pose an “ongoing threat to students and employees.”

- Disclose in a public crime log any crimes that occurred on campus or within the patrol jurisdiction of the campus police and that have been reported to the campus police or security department.

This publication, in keeping with the requirements of the Clery Act, is designed to aid in the cooperative effort of providing the public with specific information on campus security, crime statistics for the most recent three calendar-year periods (2019-2021), alcohol and drug use, crime prevention, police operations and authority, policies relating to reporting crime and campus disciplinary procedures.

The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the University community obtained from the following sources: SMU police, local police departments and non-police officials (as defined below). For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year the crime was reported. A written request for statistical information is made on an annual basis to all Campus Security Authorities (CSAs, as defined by federal law). Statistical information is requested and provided to SMU police by the employees at SMU Counseling Services and the Dr. Bob Smith Health Center, even though they are not required by law to provide statistics for the annual security report.

All statistics are compiled and reported to the University community via this report, which is published by SMU police. The SMU Police Department submits the annual crime statistics published in this report to the [Department of Education \(DOE\)](#), which makes the information available on the DOE website.

Each year, SMU sends an email notification to all employees and enrolled students regarding the availability of the Annual Security and Fire Safety Report. A printed copy of this report may be obtained by writing the SMU Police Department at P.O. Box 750334, Dallas, TX 75275 or by requesting it in person at the SMU Police Department administrative offices in Patterson Hall at 3128 Dyer Street during normal business hours Monday through Friday. This report is also published online at smu.edu/cleryreport.

COVID-19

SMU PANDEMIC RESPONSE

The Clery Act is designed to provide clear and accurate information to campus communities about issues related to health and safety. For this report, it is important to note that beginning in spring of 2020, the COVID-19 global pandemic significantly impacted the SMU campuses' operations. On March 20, 2020, pursuant to emergency orders issued at the state level, SMU's campuses in Texas and New Mexico limited in-person and on-campus operations, including a recall of all international travel and study abroad programs, a transition of classes to online for the duration of the spring semester, an on-campus workforce reduction to essential employees only until June 1, 2020, and the closure of the SMU-in-Taos campus for the remainder of the year. Because some students, in particular international students, were unable to leave campus when instruction moved online, SMU continued to provide all regular safety protocols, including newly established COVID-19 procedures.

COVID-19 EMERGENCY NOTIFICATION

In compliance with the Clery Act requirements, on March 24, 2020, SMU [notified campus of its first COVID-19 cases involving students off campus](#). On April 2, 2020, the University [notified campus of its first COVID-19 case involving an employee](#). In June 2020, SMU established [Mustang Strong](#) (a blog that evolved into a full website) to continuously inform the campus community of updates on the pandemic's impact and the University's response. It included an interactive [dashboard](#) that tracked COVID-19 cases, isolation capacity and quarantine numbers on campus, and was updated daily Monday through Friday for the remainder of 2020-21 academic year, then at least weekly beginning on June 1, 2021

COVID-19 SAFETY PROTOCOLS - 2020

To ensure a safe return to classes SMU created, implemented and followed the [Fall 2020 Operations Plan](#). The plan incorporated operational levels, flow charts and detailed procedures, protocols and contingencies that SMU used to respond to the pandemic's fluid nature and maintain a healthy campus.

COVID-19 SAFETY PROTOCOLS - 2021

As soon as they became available to campus in the spring of 2021, SMU began providing free COVID-19 vaccinations and boosters to students, faculty and staff – as well as employees' spouses and dependents – at the Dr. Bob Smith Health Center and continued to follow the pandemic operations plan throughout 2021 and the spring 2022 term.

COVID-19 SAFETY PROTOCOLS - 2022

With COVID-19 case counts low and health restrictions eased locally, nationally and globally in the spring of 2022, SMU sunset most of the campus pandemic procedures at the end of the term on May 15, 2022. University leaders continue to monitor the impact of the virus on campus to remain nimble and prepared to respond if needed.

Campus Security

ALL CAMPUSES

Most campus buildings and facilities are accessible to members of the campus community, guests and visitors during normal business hours. Access to buildings after normal business hours, on weekends and holidays is restricted unless they are sites for specific classes or special events. Some buildings may be accessed after normal business hours with prior approval of the building facility manager or by using an exterior door card reader.

SMU works collaboratively with students to create and maintain an atmosphere that promotes academic success, personal growth and social awareness. Safety and security are responsibilities shared among residents and the University. All students are given access to [SMU's Student Handbook](#), and students living on campus also have access to the [Residence Life and Student Housing Community Standards](#), which outline reasonable expectations for conduct. All SMU students, including nonresident students, are subject to the [SMU Student Code of Conduct](#).

Visitors to our campuses are welcome but are expected to adhere to all campus regulations and policies. SMU reserves the right to restrict the access of any person who does not adhere to University policies and procedures. Anyone may be required, upon request by SMU police, to present identification while on campus. Employees and students are required to always have their SMU ID card in their possession and present it upon request by any University official. An SMU ID card may be obtained at the Parking and ID Card Services Office, located at the Hughes-Trigg Student Center, 3140 Dyer St., Suite 107.

SMU MAIN CAMPUS VISITORS

Visitors to the residence halls, as well as to fraternity and sorority housing, must be accompanied by the resident being visited. The exterior doors to all residence halls remain locked 24 hours a day. Unlimited access is available to residents of each facility via a card-swipe access-control system. Residents are encouraged to report all suspicious individuals to Residence Life and Student Housing (RLSH) staff or the SMU Police Department at 214-768-3388. Visitors are encouraged to stop by the SMU Police Department located on the second floor of Patterson Hall for information about University regulations.

Security cameras are positioned at various locations on campus, including the entrances and exits of parking garages, some public plazas, libraries and areas that contain high-value artwork. These cameras are not always monitored. However, they are equipped to digitally record activity within the field of view. SMU police officers conduct routine security patrols of campus buildings to monitor for safety concerns. Resident advisors also monitor security measures in residential buildings and report concerns as needed.

SMU-IN-PLANO CAMPUS

The SMU-in-Plano campus was located at 5236 Tennyson Parkway within the city limits of Plano. As of January 1, 2021, all classes and operations at the

SMU-in-Plano campus moved to the main campus in University Park, Texas. During 2019-2021, there were no Clery, VAWA, or hate crimes reported to the SMU police or Plano Police Department. You may request further details of Plano Campus from the SMU Police Department at police@smu.edu.

SMU-IN-TAOS CAMPUS

The SMU-in-Taos campus, Fort Burgwin, is located outside the city limits of Taos, New Mexico, in the mountains south of town surrounded by Carson National Forest. In addition to Fort Burgwin, SMU owns the land across the highway, including the Pot Creek Pueblo archaeological site.

The Fort comprises academic and administrative buildings, a library and computer center, recreation areas, hiking trails, a cafeteria and residential facilities called casitas. Students reside in the casitas, which are not open to the public or to visitors. Roadways are dirt or gravel across the heavily-forested campus. Caution should be taken when walking due to rugged terrain and wild animals.

The area around Fort Burgwin is sparsely populated and little crime is reported. When classes are in session, an SMU police officer patrols the campus and responds to calls for service. Resident advisors check the residential facilities every evening and respond to calls for assistance. The fort falls within the jurisdiction of both the Taos County Sheriff's Department and the New Mexico State Police.

Most campus buildings and facilities are accessible to members of the campus community, guests and visitors during normal business hours. Access to the buildings after business hours is restricted unless they are sites for specific classes or events. Visitors are not allowed into the residential areas and are required to remain in the common areas and buildings. Signage identifies areas that are open to the public and instructs visitors to check in at the Administrative Offices for information on University regulations. Visitors to campus are welcome but are expected to adhere to all University regulations and policies, and SMU reserves the right to restrict the access of any person who does not.

Faculty, staff, students, guests and visitors are urged to report all suspicious people to the SMU-in-Taos staff or the SMU police at 214-768-3388.

Maintenance, Grounds & Lighting

SMU MAIN CAMPUS

University facilities, lighting and landscaping are maintained to reduce hazardous conditions. Emergency (blue-light) phones are installed throughout the main campus and are regularly tested by SMU police. Officers also routinely report the need for replacement lighting and any other physical hazards to the Office of Facilities Planning and Management for repair or correction. An Annual Lighting Walk (also called the Safety Walk) is coordinated by a student group such as a Student Senate, the Office of Risk Management and SMU police, along with facilities crews and other students, annually.

SMU-IN-TAOS CAMPUS

University facilities, lighting and landscaping at SMU-in-Taos are maintained to reduce hazardous conditions within the limits allowed by Fort Burgwin's remote location. The National Park Service regulates the extent to which exterior lighting may be installed in the area. Malfunctioning lights and other unsafe conditions are reported for repair or correction to the facilities manager.

Security Awareness Programs

SMU MAIN CAMPUS

The SMU Police Department conducts crime prevention and information sessions during scheduled student/parent virtual orientations and during in-person first-year student orientation. Prospective students and parents are encouraged to ask questions relating to safety and security and are presented with information on how to obtain a copy of the Annual Security and Fire Safety Report. Also, at the beginning of the academic year, the police department briefs incoming international students and all students who live in the residence halls, providing them with information cards and campus crime prevention and safety resources.

Upon invitation, the department conducts crime prevention programming to student organizations and faculty and staff gatherings. Officers are encouraged to make unscheduled “crime-prevention contacts” with students and employees as they patrol the campus. Officers provide personal safety classes and classroom assessments upon request made through the [SMU Police Department website](#).

While it is impossible to prevent all crime, awareness is the key to reducing the opportunity for crimes to be committed. SMU urges students and employees to be aware that every community member plays a role in campus security and to take responsibility for their safety and the safety of others. Additionally, the SMU Police Department has implemented a Residential Commons Officer Affiliate Program in which an officer is assigned to each residence commons and partners with the residence hall directors, residence assistants and residents to provide ongoing public safety programming and student engagement.

Educational and prevention programs regarding sexual harassment are coordinated with and provided by the [Office of Student Advocacy and Support](#), [SMU Counseling Services](#) and the Women and LGBT Center. These programs are currently offered through the Office of Student Advocacy and Support. SMU’s Title IX Coordinator in the [Office of Institutional Access and Equity](#) also provides assistance and information and can be reached by calling 214-768-3601.

Information about sexual harassment prevention, policies, reporting procedures and campus and community resources that support students is available at smu.edu/sexualharassment. Also, see page 34 in this report – “Policies, Procedures and Programs: Dating Violence, Domestic Violence, Sexual Assault and Stalking.”

SMU-IN-TAOS

In addition to the regular patrols detailed earlier, an SMU police officer conducts safety and security briefings with new students and is available to talk to students about security and crime prevention issues.

Reporting Crime

PROCEDURES FOR REPORTING CRIMES AND OTHER EMERGENCIES

ALL CAMPUSES

All University community members and guests of the University are urged to report suspected criminal activity to the police.

All campuses, including SMU Main and SMU-in-Taos, also have access to the Silent Witness Program.

Also, see page 19 in this report – “Silent Witness Anonymous Reporting Program”.

Community members are encouraged to report all crimes, including off-campus incidents. SMU police will assist in reporting all off-campus incidents to the appropriate law enforcement agencies. Local law enforcement agency phone numbers are listed in the Helpful Phone Numbers section at the end of this report.

MAIN CAMPUS

Fires, health emergencies, crimes and police-related violations of University policies and procedures should be reported to the SMU Police Department either in person at 3128 Dyer Street, Room 212, Patterson Hall or by dialing 911 on a campus phone or calling 214-768-3388. Also located throughout the campus are conspicuously placed, lighted emergency (blue-light) telephones with direct lines to the SMU Police Department.

SMU-IN-TAOS

All SMU community members and guests of the University are urged to report suspected criminal activity to the police as soon as possible. Fires, health emergencies and all criminal activity should be immediately reported to the Taos County Sheriff's Office via the 911 system, the SMU police officer or the program director. Violations of University policies and procedures by anyone may be reported to other University officials, including the Office of the Dean of Students, Room 302, Hughes-Trigg Student Center (main campus), by calling 214-768-4564, or by contacting the SMU staff member who resides on the SMU-in-Taos campus throughout the year, 575-758-7208.

Response to Reported Incidents

Dispatchers are available at the SMU Police Department 24 hours a day to answer calls. In response, SMU police will dispatch an officer, arrange for an officer to call the victim or have an officer meet the victim at the SMU Police Department to file an incident report. All reported crimes will be investigated and may become a matter of public record.

SMU police incident reports involving students are forwarded to the Office of Student Conduct and Community Standards for review for potential action. Matters involving Title IX violations are also reported to the University's Title IX Coordinator. SMU police investigators will investigate a report when it is deemed appropriate. Additional information obtained during the investigation will also be forwarded to the Office of Student Conduct and Community Standards if the incident involves students.

If assistance is required from the local police department or the local fire department, SMU police will contact the appropriate unit. If a sexual assault should occur, staff on the scene, including SMU police, will offer the victim a variety of services, including the Sexual Assault Nurse Examiner (SANE)

available through the Dr. Bob Smith Health Center, transportation off campus to the Sexual Assault Nurse Examiner (SANE) program at Texas Health Presbyterian Dallas, confidential counselors and information about pursuing criminal charges and an internal grievance process under [SMU's Title IX Sexual Harassment Policy](#).

At the Taos campus, security will respond as appropriate and will summon the appropriate local police department to respond to and investigate reports of criminal activity.

Reporting Crimes to Other Campus Security Authorities

WHO ARE CAMPUS SECURITY AUTHORITIES?

The Clery Act mandates that institutions must disclose statistics both for crimes reported to local police agencies and crimes reported to Campus Security Authorities (CSAs).

Campus security authorities include the following:

- A member of a campus police department or a campus security department of an institution.
- Any individual(s) who has responsibility for campus security but is not a member of a campus police department or a campus security department (e.g., an individual who is responsible for monitoring the entrance into institutional property).
- Any individual or organization specified in SMU's policies and/or procedures as an individual or organization to which students and employees should report criminal offenses.
- An official of an institution who has significant responsibility for student and campus activities including, but not limited to, the following positions:
 - Vice President for Student Affairs

- Dean of Students
- Director of Residence Life and Student Housing
- All Head Coaches and Assistant Coaches for all areas in the Athletics Department
- All Associate Athletics Directors
- Law School – Associate Dean for Student Affairs
- An official is defined as any person who has the authority and the duty to act or respond to issues on behalf of the institution.

The intent of including non-law enforcement personnel as campus security authorities is to acknowledge that many people, particularly students, could be hesitant to report crimes to the police but may be more inclined to report incidents to other campus-affiliated individuals.

Students and employees may seek confidential counseling and report incidents to pastoral or professional counselors on a confidential basis. Professional and pastoral counselors are, therefore, exempt from disclosing these incidents to law enforcement. However, under Texas law, SMU employees must report incidents of sexual harassment, sexual assault, dating violence and stalking, and all known information, to the Title IX Coordinator. Confidential employees are only required to report the type of incident and may not include any information that would violate a student's expectation of privacy.

Physicians and nurses of the Dr. Bob Smith Health Center who treat a victim of a violent crime that occurred on the campus or in a facility under the control of the University must disclose the reported crime to the SMU Police Department. They are not required to release the names of victims/patients.

All campus officials, counselors, faculty and staff are encouraged to report all crimes to promote a secure campus. Police officers understand the confidential nature of certain campus officials and will respect the confidentiality of all information obtained for statistical reporting purposes. Only general information, such as the location, type and date of the crime, is needed to report crime statistics.

Responsibilities of Campus Security Authorities

Because of the law's complex reporting requirements, the most effective way to manage the reporting is as follows: If a campus security authority observes any crime listed below, or if any person reveals to a campus security authority, in good faith, that he or she learned of or was the victim of, perpetrator of or witness to any crime listed below, the campus security authority must immediately notify the SMU Police Department.

- Murder and Non-negligent Manslaughter
- Negligent Manslaughter
- Sex Offenses (Rape, Fondling, Incest, Statutory rape)
- Robbery
- Aggravated Assault
- Burglary
- Motor Vehicle Theft
- Arson
- Dating Violence
- Domestic Violence
- Stalking
- All Hate Crimes involving any of the above offenses
- All Hate Crimes involving bodily injury, Simple Assault, Larceny/Theft, Intimidation, and Damage/Vandalism of property
- All liquor, drug or weapons law violations resulting in an arrest or referral

Clery Act crimes reported to local municipal police will be included if the municipal police agency notifies the SMU Police Department and the reported crime occurred in an area for which the institution is responsible.

Included in the bill was the Campus Sexual Violence Elimination Act (Campus SaVE), which amends the Jeanne Clery Act and affords additional rights to campus victims of sexual violence, dating violence, domestic violence and stalking. The Violence Against Women Reauthorization Act of 2013 requires institutions to include certain policies, procedures and programs pertaining to these incidents in their Annual Security and Fire Safety Reports beginning October 1, 2015.

Dating Violence – The term “dating violence” means violence committed by a person:

- a. who is or has been in a social relationship of a romantic or intimate nature with the victim.

cohabitated with the victim as a spouse, or by a person similarly situated to a spouse of the victim or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.

Stalking – The term “stalking” means engaging in a course of conduct directed at a specific person that would cause a reasonable person to:

- a. fear for his or her safety or the safety of others, or
- b. suffer substantial emotional distress.

Hate Crimes – A hate crime is a criminal offense committed against a person or property which is motivated, in whole or in part, by the offender's bias. Bias is a pre-formed negative opinion or attitude toward a group of persons based on their actual or perceived race, gender, religion, national origin, sexual orientation, gender identity, ethnicity or disability of the victim.

For Clery purposes, hate crime offenses include any offense in the following two groups that is motivated by bias.

GROUP A

- Murder and non-negligent manslaughter
- Sex Offenses (Rape, Fondling, Incest, Statutory rape)
- Robbery
- Aggravated Assault
- Burglary
- Motor Vehicle Theft
- Arson

GROUP B

- Larceny-theft
- Simple Assault
- Intimidation
- Destruction/Damage/Vandalism of property

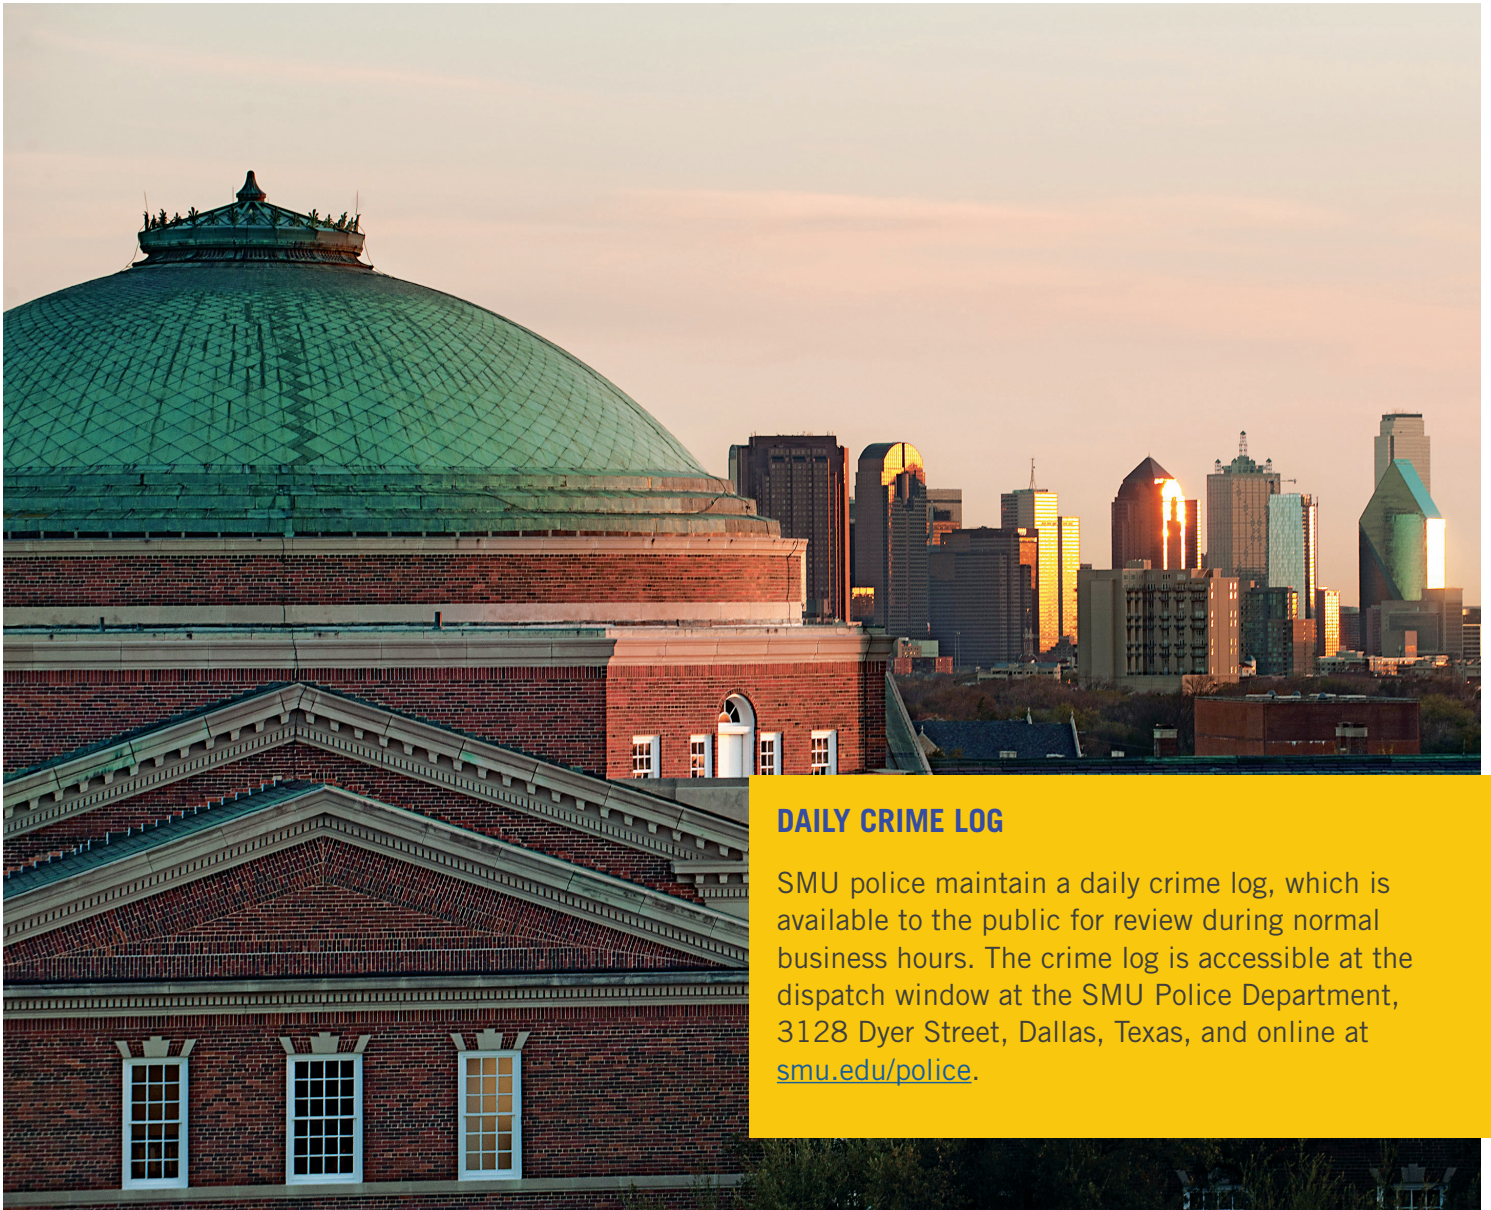

Weapons Laws Violations – Illegal weapons possession is defined as the violation of laws or ordinances prohibiting the manufacture, sales, purchase, transportation, possession, concealment or use of firearms, cutting instruments, explosives, incendiary devices or other deadly weapons. This classification encompasses weapons that are regulatory in nature. Drug Abuse Violations – The violation of laws prohibiting the production, distribution and/or use of certain controlled substances and the equipment or devices utilized in their preparation or use, including the unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation or importation of any controlled drug or narcotic substance. (Public Intoxication and Driving While Intoxicated are Penal Code violations and are not included in this definition.)

Reporting Crimes Outside of the SMU Jurisdiction

The SMU Police Department makes a good-faith effort to stay informed of all criminal activity involving students at off-campus locations. Surrounding municipal agencies, state law enforcement agencies and federal agencies routinely inform campus police about incidents in which their officers contact SMU students.

DAILY CRIME LOG

SMU police maintain a daily crime log, which is available to the public for review during normal business hours. The crime log is accessible at the dispatch window at the SMU Police Department, 3128 Dyer Street, Dallas, Texas, and online at smu.edu/police.

Emergency Preparedness at SMU

EMERGENCY RESPONSE AND EVACUATION PROCEDURES

The purpose of emergency preparedness at SMU is to develop, organize, coordinate and lead the campus toward effective preparation for, and efficient response to, emergencies and disasters with the primary focus on saving lives, reducing human suffering and minimizing the loss of property and academic services.

The SMU Office of Risk Management is responsible for emergency planning and preparedness. The Emergency Response Plan describes the protocols, resources, response partners and organizational structure that will activate to address any man-made, natural or technological disruption that might interfere with normal University activities.

The response plan is designed to obtain the swiftest specialized emergency assistance for the protection of life and property at all SMU campuses. The effectiveness of emergency and disaster response plans depends on high skill levels among those who will execute the plans, which requires training and exercise, both within the University community and with external response partners.

EVACUATION AND RELOCATION

An evacuation notification may come from several sources, including the fire alarm system, SMU police, RLSH staff, other University employees or other authorities utilizing the University's emergency communications tools.

1. Always evacuate if the fire alarm sounds.
2. Close office/classroom doors.
3. Leave the building in an orderly manner.
4. Do not use elevators. Use designated corridors

and fire exit stairs that lead to ground level.

5. Assemble at the pre-designated Evacuation Assembly Point(s) (EAPs) to receive information on the status of the emergency and account for all building occupants. "All Clear" announcements will be made at these locations.
6. Report any individuals left in the building to personnel or 214-768-3333.
7. Follow instruction of emergency personnel.
8. Do not re-enter the building until an "All Clear" announcement is given by emergency personnel.

ACTIVE THREAT

In some instances, it may be appropriate to secure a building/classroom when information indicates an imminent threat from an armed or dangerous person or persons in the area. If possible, the building should be secured. However, if the main exterior level is unable to be secured quickly, be prepared to secure the next interior level, such as an office suite, classroom or other space.

AVOID

- Pay attention to your surroundings.
- Have an exit plan.
- Move away from the source of the threat as quickly as possible.
- Call SMU police at 214-768-3333, if possible, without alerting the intruder.

DENY

- Keep distance between you and the source.
- Create barriers to prevent or slow down a threat from getting to you.
- Turn the lights off.
- Remain out of sight and quiet by hiding behind large objects and silence your phone.

DEFEND

- If you cannot Avoid or Deny, be prepared to defend yourself.
- Be aggressive and committed to your actions.
- Don't fight fair; fight for your life.

SEEK SHELTER

SMU requires immediate shelter-in-place when an SMU Alert is issued or authorized personnel direct you to do so. All faculty, staff, students and other individuals within the building must promptly shelter within the building's pre-designated Severe Weather Assembly Area(s).

Departments are responsible to ensure all people in their building are aware of the Severe Weather Assembly Area(s).

- If a Severe Weather Assembly Area is not available, move to a restroom.
- Personnel may briefly delay sheltering if they need to shut down electrical and other equipment, especially any that involves flame, explosive vapors or hazardous materials.
- All building occupants should follow public safety instructions issued by the building director, building emergency coordinators and/or fire and police personnel.

No one should move from the Severe Weather Assembly areas until authorized to do so with an "All Clear" by fire or police officials or SMU Alert.

Drill, Exercises & Training

To ensure the effectiveness of its emergency preparedness at the main campus, SMU engages operational, academic, administrative and external entities on a regular basis, and at least annually, with an exercise that includes testing of various aspects of SMU's capabilities. The exercises generally are announced to the public via email and [SMU Aware website](#). Following each exercise, SMU documents the date, time, description of the exercise and relevant details. SMU will continue to release the emergency response and evacuation procedures for the SMU community that coincides with at least one annual test.

Under normal circumstances, emergency response and evacuation procedures are performed four times a year in University residential facilities, two of which must take place within the first 10 days of both the fall and spring terms.

SMU voluntarily complies with federal standards of responder training. In addition, the University provides all critical personnel with regular, specialized training that encompasses their emergency response roles and responsibilities. SMU's ongoing community

emergency preparedness education program stresses comprehension of three primary life safety actions that indicate an ongoing or imminent threat that could require individuals on campus to take protective measures: active threat, shelter or evacuate. In fall of 2021, the University's program transitioned from the title "Know What to Do" to "SMU Aware."

- Flyers with basic protective measures and links to more information are actively updated in academic classrooms and buildings across campus.
- SMU offers a video resource with additional in-person training available to prepare campus for an active threat. The video depicts a simulated deadly physical force scenario on the SMU campus and provides information about how everyone can better prepare should such a threat occur. It outlines the "Avoid, Deny, Defend" survival method, a national model that SMU has adopted to educate our campus.
- SMU plans educational activities each September that highlight safety and prevention as part of National Preparedness Month.
- SMU also uses mass gatherings on campus (more than 8,000 people) to exercise critical personnel, resources and response plans in a proactive, precautionary mode to ensure a successful event experience for all participants.

PROCESS IMPROVEMENT

Following drills, exercises and actual events or incidents, a debriefing is conducted. These debriefing sessions are candid examinations of the plans, procedures and resources utilized. Elements of the response that were successful and supportive to consequence resolution are examined to ensure their sustainability, while unsuccessful elements become the basis for an Improvement Plan which includes recommendations along with role- and resource-based tasks to be completed within specific timelines.

Emergency Notifications & Timely Warnings

EMERGENCY NOTIFICATION

SMU is committed to ensuring the main campus and Taos campus receive timely, accurate and useful information in the event of a significant emergency or dangerous situation on campus or nearby that poses an immediate threat to the health and safety of campus community members.

Under appropriate circumstances, the SMU Police Department will issue emergency notifications and/or timely warnings regarding criminal activity or safety issues on campus, as required by law.

- An SMU Alert is an emergency notification of an incident that is currently occurring on or imminently threatening the campus.
- An SMU Warning is notification of a Clery crime(s) that has occurred and is considered by the institution to represent a serious or continuing threat to students and employees.
- An SMU Advisory message may be issued when an incident or crime(s) has occurred and may affect members of the campus community, but an emergency notification or timely warning is not required.

The SMU Police Department is responsible for confirming facts that indicate a notification is necessary. SMU police have primary responsibility for issuing, coordinating and determining content and methods of delivery of emergency notifications, timely warnings and other safety notifications.

The SMU Police Department may delegate certain responsibilities to or collaborate with other SMU offices, including but not limited to: Emergency

Management, Office of Legal Affairs, Business and Finance, Student Affairs, Office of Facilities and Planning, Residence Life and Student Housing, and Marketing and Communications.

NOTIFICATION PROCEDURES

The following outlines the process the University uses when issuing emergency notifications to the SMU campuses. Information and instructions may be sent using one or more methods to all, or a segment, of the campus community for each location.

MAIN CAMPUS (Including East Campus)

- Text message to cellphone (all students, faculty and staff are automatically opted in).
- SMU Aware Twitter and/or Facebook.
- Email to SMU email account.
- Indoor notification system.
- Audio message to cellphone or other telephone.
- Recorded information on the University's Information Line: 214-768-INFO.
- [SMU police Alerts and Warnings webpage](#).
- And/or [SMU Aware website](#).
- Radio and TV alerts through local news media.
- Runners and bullhorns.

A test of the text, email and voice-calling communications system and indoor notification systems is performed at least annually. During this test, content is sent to all faculty, staff and students.

SMU-in-Taos

- Text message to cellphone (automatically opted in).
- Email to SMU email account.

- Audio message to cellphone or other telephone.
- Runners and bullhorns.

Confirming the Existence of a Significant Emergency or Active Situation and Initiating the Notification Systems

Once there is confirmation of an emergency or dangerous situation that poses an immediate threat to the health and/or safety of some or all members of the campus community, the chief of police or other assigned designees will assess the need to issue an emergency notification.

SMU police will, without delay and with the safety of the community top of mind, determine the type and content of the notification then initiate the notification system. The only exception would be in a situation where issuing a notification would, in the professional judgment of responsible authorities, compromise efforts to assist a victim or contain, respond to, or otherwise mitigate the emergency. As soon as the potential compromise is no longer present, the University will issue the emergency notification to the campus community.

SMU-in-Taos

The SMU Police Department may become aware of emergencies or incidents through on-site program administrators or other sources. Decisions to issue a notification will be made in coordination with the Taos County Sheriff's Office and/or the New Mexico State Police for SMU-in-Taos and extended jurisdictions.

Determining the Appropriate Segment or Segments of the Campus Community to Receive an Emergency Notification

For main campus, emergency notifications are typically sent to the entire campus community due to the size of the campus, frequency of movement among community members, and need to make the entire campus community aware of significant emergencies. The University may also post applicable messages about the dangerous situation on the [SMU Aware website](#) and/ or [University homepage](#) to ensure the campus is aware the steps that should be taken to maintain personal and campus safety. For some

specific situations, SMU may choose to target a specific group or area of campus.

Determining the Content of the Emergency Notification

The SMU Police Department has primary responsibility for coordinating the issuance of an "SMU Alert," including determining the message content and communications methods utilized. The University has two template messages to alert the community as quickly as possible of a dangerous situation ("SMU Alert! Dangerous situation. Remain inside or seek shelter. More information soon.") or of an active shooter ("SMU Alert! Active shooter. Lockdown immediately. More information soon"). Once an alert goes out, a follow-up message with more details will be sent, with the exception of tornado warnings and severe weather alerts. The goal of emergency notifications is to ensure individuals are aware of the situation and what steps to take to safeguard their personal and community safety.

Procedures for Disseminating Emergency Information to the Greater Community

Dependent upon the situation, SMU police may work with Marketing and Communications to notify the greater Park Cities and Dallas communities through a designated website ([SMU Aware](#)), a hotline, radio and TV alerts from local news media and other social communications platforms (e.g., Twitter, Facebook, etc.). However, in emergencies, any police supervisor may authorize an emergency notification. For incidents involving off-campus crimes, the University may issue an SMU Advisory safety message if the crime occurred in a location used and frequented by the University population.

Enrolling in the University's Emergency Notification System

All SMU students, faculty and staff are automatically enrolled into the SMU Alert system. University community members are also encouraged to regularly update their contact information in [my.smu.edu](#). Other members of the campus and nearby community, including parents and family members, may enroll in the SMU Alert system by visiting the Office of Risk Management – [Emergency Preparedness site](#) where

further instruction is available.

Timely Warning Reports

When a Clery Act crime is committed within Clery geography for SMU or SMU-in-Taos, and the situation poses a serious or continuing threat, the University may issue a timely warning (called an SMU Warning) to promote safety and help prevent similar crimes on campus.

The timely warning will include appropriate information as soon as it becomes available, such as location, crime, description of the subject (if known) and any other pertinent details. Warnings may be posted for other crime classifications and locations as deemed necessary.

The purpose of an SMU Warning is to notify the campus community of the incident and to provide information that may enable community members to protect themselves from similar incidents. The University will issue an SMU Warning whenever the following criteria are met

- A crime is committed on campus property;*
- The perpetrator has not been apprehended; and
- The crime presents a substantial risk to the physical safety of other members of the campus community.

Such crimes include, but are not limited to:

- Clery Act crimes reported to any Campus Security Authority, the SMU Police Department, or the local police; and where
- the University determines that the incident represents a serious or continuous threat to the campus community.

**These crimes must have occurred within those areas of the campus that are specifically defined in 34 CFR 668.46(a). These areas are grouped into four categories (definitions for these categories can be viewed by visiting clerycenter.org):*

- On-Campus Property.
- Residential Facilities.
- Non-Campus Property.
- Public Property.

Crimes that would not present a continuing threat, and therefore, may not merit a timely warning, but may require an advisory (SMU Advisory) include but are not limited to, the following:

- An isolated event between two individuals who know each other that presents no ongoing threat to the community.
- Crimes in which the perpetrator has been apprehended, thereby eliminating the threat.
- Crimes in which an identified perpetrator is only targeting specific individuals to the exclusion of others, such as domestic violence.

SMU will not necessarily issue timely warnings (SMU Warnings) for every Clery Act criminal incident that is reported, since that specific incident may not pose a continuing threat to the community. Certain Clery Act crimes, such as motor vehicle theft, occur infrequently on the campus at random locations. Suspect information is often never provided or determined. Individuals should exercise due care and caution to avoid being victimized. Review the crime prevention tips included at the end of this report or attend a crime prevention briefing to deter these crimes.

TIMELY WARNING (OFF CAMPUS)

SMU may issue an advisory (SMU Advisory) for certain Clery Act crimes or other incidents occurring off campus outside the patrol jurisdiction of the SMU PD, when timely notification is received by the SMU police and the offense is considered to represent a serious or continuing threat to the students and employees of SMU main campus or SMU-in-Taos, due to the nature of the incident or proximity to the campus.

Even though this action is not required by law, SMU strongly believes in supporting the spirit of the Clery Act by informing the community about certain crimes that are reported in the areas immediately surrounding our campus, yet still outside the normal SMU police patrol area.

Content of Timely Warnings — SMU Warnings

Issuance of a timely warning is made on a case-by-case basis and is initiated by the SMU chief of police. The issuing of a timely warning will occur after consultation involving the SMU Clery Committee, which comprises the SMU chief of police, the director of Strategic Communications, the vice president for Business and Finance and the Associate University

Counsel. Final approval is the responsibility of the vice president for Business and Finance or designee, following consultation with the Clery Committee. Once approved, the timely warning will be distributed via email by either Marketing and Communications, SMU police or Emergency Management, depending on the availability of approved staff.

All initial timely warning messages will begin with “SMU Warning” to indicate the seriousness of the message and will provide a brief description of the warning or emergency response notice. When additional information is available, it may be provided using one or more of the University’s notification methods and include vital information on what actions to take.

A timely warning may include the following::

- Description of alleged criminal activity.
- Date and time of alleged criminal activity.
- Street address (and/or other location descriptions on a case-by-case basis).
- Description of suspect(s) if the identity is unknown. When the suspect is known, generally no physical description is needed.

While not required by the Clery Act, a timely warning may be issued on a case-by-case basis when there is a pattern of crimes against persons or property or for Clery Act crimes that occur outside campus boundaries in areas frequented by campus community members. The SMU police chief will generally make the determination, in consultation with other University officials such as the Clery Committee members.

REPORTING INFORMATION

Anyone with information warranting a timely warning or emergency notification for SMU campuses should contact SMU police at 214-768-3388..

SILENT WITNESS ANONYMOUS REPORTING INFORMATION

The Silent Witness Anonymous Reporting Program provides SMU community members and others with a way to report suspicious or criminal activity while remaining anonymous. Anonymous tips may be provided in two different formats. A person may

call 214-SMU-2TIP (214-768-2847) to provide information anonymously via a voice-recorded phone line. This phone line is not answered, and the caller’s number is not received or traced. Information may also be provided online at smu.edu/2tip by completing an online form, which is sent via untraceable email, directly to the SMU Police Department.

By calling the 2TIP phone line or utilizing the 2TIP webpage and providing information on suspicious or criminal activity, individuals may assist police in protecting the campus while maintaining their anonymity.

Crime Prevention & Safety Programs

SMU SAFETY ESCORT BY TAPRIDE (Main Campus Only)

SMU Safety Escort by [Tapride](#) is provided by the Parking and ID Card Services Office. Free rides are provided when classes are in session during the fall and spring terms from 7 p.m. to 3 a.m. daily (hours are subject to periodic adjustment). Campus community members may request a ride by downloading and using the Tapride app.

DRIVER ASSISTANCE PROGRAM (Main Campus Only)

SMU Police and Parking Services offer the Driver Assistance Program (DAP). DAP will assist with jump-starts, gas, tire inflation and lockouts. Services are available only on the main campus. The responder will be in a Parking Services golf cart or an SMU police patrol vehicle. Call 214-768-3388, 24 hours a day, 7 days a week.

SECURITY ESCORT PROGRAM (Main Campus Only)

If a person needs extra security, SMU police will provide security escorts to all locations on campus 24 hours a day. Students may request a ride by calling the police department’s non-emergency number, 214-768-3388, or by using a “blue-light” emergency phone.

OPERATION ID (Main Campus Only)

To protect against theft or assist in reclaiming stolen property, the SMU Police Department offers a program that engraves a driver's license or student identification number on valuable items of personal property. It is available by contacting SMU police.

SAFETY APP

SMU's Safety App is an additional safety resource that links users to campus safety resources, and allows them to contact SMU police or 911. Also, users may:

- Submit a non-emergency tip to SMU police.
- Invite friends or family to join you on a virtual SafeWalk.
- Access other campus safety resources and procedures.

Monitoring of Off-Campus Student Activity

When an SMU student is involved in an off-campus incident at locations of student organizations officially recognized by the institution, SMU police officers may assist with the investigation in cooperation with local, state or federal law enforcement.

SMU MAIN CAMPUS

University Park police routinely work and communicate with SMU police officers on any serious incident occurring in the immediate neighborhood and business areas surrounding the campus. Many students live in the neighborhoods surrounding SMU. While University Park police have primary jurisdiction in all areas off campus, SMU police officers can and do respond to student-related incidents that occur near campus.

SMU police officers have direct radio communications with the University Park police, Highland Park DPS, University Park Fire Department and emergency medical services to facilitate rapid response in emergencies.

SMU-IN-TAOS

The Taos County Sheriff's Office and the New Mexico State police routinely communicate with the SMU-in-Taos staff on any serious incidents occurring in the immediate areas surrounding the Taos campus.

Authority & Jurisdiction of Law Enforcement

SMU MAIN CAMPUS

SMU police officers are licensed by the Texas Commission of Law Enforcement. These officers are sworn law enforcement officers commissioned under the provisions of the Texas Education Code § 51.212 and are vested with all powers, privileges and immunities of peace officers while on the property under the control and jurisdiction of SMU or otherwise in the performance of their assigned duties.

The SMU Police Department has the responsibility and duty to enforce campus regulations and all local, state and federal laws. SMU police officers carry firearms and may arrest violators and refer them to the judicial system for prosecution. Criminal violations are processed through the Dallas County District Attorney's office or federal criminal justice system. Officers may also issue citations for the City of University Park and the Justice of the Peace, Precinct 3-1. The SMU Police Department has Memorandums of Understanding (MOU) with the University Park Police Department, Highland Park Department of Public Safety and Dallas Police Department.

Municipal Law Enforcement Jurisdiction

Most of SMU's main campus lies within the city limits of University Park, Texas, a community of more than 25,000 people occupying 3.7 square miles. The University Park Police Department (UPPD) employs 36 licensed and sworn police officers and has concurrent jurisdiction with the SMU Police Department on campus. University Park police officers regularly patrol the campus and augment the SMU Police Department when necessary. The University Park Fire Department (UPFD) is located within six blocks of the SMU campus and provides firefighting and emergency paramedic services to the campus. Through interagency agreements, the City of University Park, Town of Highland Park DPS, Dallas Police Department, Dallas County Sheriff's Department and Texas Rangers also provide assistance if requested by the SMU Police Department.

A section of the east side of the main campus lies within the Dallas city limits. The SMU Police Department and the Dallas Police Department share concurrent jurisdiction in this area.

SMU-IN-TAOS

In the event of a criminal offense or emergency, the SMU police officer coordinates the investigation through the New Mexico State Police or Taos County Sheriff's Department as required.

SMU police officers are permitted to refer any student violating local, state or federal laws to the campus representative from the Office of the Dean of Students who lives on campus. Students may also be referred for violations of the Student Code of Conduct. The SMU Police Department does not have an MOU with the New Mexico State Police or the Taos County Sheriff's Department.

Municipal Law Enforcement Jurisdiction

The Taos campus falls under the jurisdiction of both the Taos County Sheriff's Department and the New Mexico State Police. Taos County EMS will respond for medical emergencies, while the Taos Fire Department and National Forest Service firefighters will respond for reports of fire.

Geography

The SMU Police Department tracks and records Clery crimes occurring on all SMU campuses and in those areas immediately contiguous to the main campus as well as any crimes which occurred on public property, as defined in the regulations of the Clery Act. The SMU main campus and SMU-in-Taos patrol area maps are available online at smu.edu/police.

Statistics must be disclosed if a reported crime occurred in an area defined as SMU's Clery geography. The Department of Education classifies Clery geography into three categories: On Campus, Public Property, and Non-Campus. Clery crimes that occur in residential housing are reported as a sub-category within the On-Campus geography.

On Campus is described as any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls and any building or property that is within or reasonably contiguous to the area identified in this definition that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor).

Federal regulations require that SMU report all crimes that occur on property that is contiguous to campus, and those statistics are set forth in a separate chart below. On-Campus statistics include a sub-category of residential housing statistics

A residential housing facility is defined as any student housing facility that is owned or controlled by the institution or is located on property that is owned or controlled by the institution and is within the reasonably contiguous geographic area that makes up the campus. On SMU's campus, this includes any buildings housing Greek organizations in which some members reside, as well as any non-residence hall apartment housing.

Non-Campus is any any building or property owned or controlled by SMU that is used in direct support of, or in relation to, SMU's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution; or any building or property owned or

controlled by a student organization that is officially recognized by the institution.

Public Property includes thoroughfares, streets, sidewalks, and public parking facilities that are within the campus or immediately adjacent to and accessible from campus. The jurisdiction of the SMU Police Department does not extend to public property contiguous to the campus, therefore, the department has a limited role in investigating criminal activity at these locations. The department's role is limited to information sharing, cooperation and coordination with the investigating local law enforcement agency.

Reasonably contiguous refers to a building or property the institution owns or controls that is in a location the institution and its students consider to be, and treat as, part of campus.

Reporting of Criminal Incidents within the Contiguous Area for 2021

SMU MAIN CAMPUS

Criminal incidents occurring within the contiguous area surrounding the SMU main campus for 2021, as relayed to the SMU Police Department by the University Park Police Department, Dallas Police Department and Highland Park Department of Public Safety, are included in the SMU Police Department Crime Statistics as required by the Department of Education in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act.

A chart is included on the following pages listing statistics of reported criminal incidents from UPPD, Dallas PD and HPDPS for areas contiguous to campus but not considered "On Campus."

SMU-IN-TAOS

Criminal incidents occurring within the contiguous area surrounding the SMU-in-Taos campus for 2021, as reported to the SMU Police Department by the SMU conduct officer, Campus Security Authorities, Taos County Sheriff's Office or the New Mexico State Police Department are included in the SMU Police Department Crime Statistics as required by the Department of Education in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. This information was received from the New Mexico Department of Public Safety. The Taos Police Department has no jurisdiction over the SMU-in-Taos campus.

Non-Campus Buildings & Property

In addition to its two (2) campus locations in Dallas and Taos, New Mexico, SMU is also required to report statistics for the following non-campus property locations beginning in 2020:

a. SMU Perkins School of Theology – Hybrid Houston-Galveston Extension Program

Selected classes are intermittently offered in classroom spaces made available to SMU graduate students through the Hybrid Houston-Galveston Extension Program. However, in 2020 all courses were taught online, due to the COVID-19 pandemic. No Clery crimes were reported at these locations during 2020. Beginning in 2021, classes in this program may meet in person at the following locations:

1. Moody Memorial First United Methodist Church, 2803 53rd St. Galveston, TX 77551
2. St. Paul's United Methodist Church, 5501 Main Street, Houston, TX 77004
3. St. John's United Methodist Church, 2019 Crawford St. Houston, TX 77002
4. Houston Methodist Hospital, 6565 Fannin St. Houston, TX 77030

b. SMU-Data Arts, 461 N. 3rd St. Philadelphia, PA 19103

In 2018, SMU acquired DataArts, a non-profit organization which created and manages the widely used Cultural Data Profile, an annually updated national data set covering the financial and programmatic activity of 12,000 U.S. cultural nonprofits. SMU leases approximately 4,500 square feet of general office space for 15-20 administrative employees who may utilize the office space to conduct meetings and perform general office activities. In 2020, most employees worked from home due to the COVID-19 pandemic, so this space was not regularly used but was available. No Clery crimes were reported at this location during 2020 or 2021.

Sex Offender Registry & Access to Related Information

The federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, went into effect October 28, 2002. The law requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a state may be obtained concerning registered sex offenders. It also compels sex offenders, already required to register in a state, to provide notice under state law of each institution of higher education in that state at which the person is employed, carries on a vocation, or is a student.

This act amends the Family Educational Rights and Privacy Act of 1974 to clarify that nothing in that Act may be construed to prohibit an educational institution from disclosing information provided to the institution concerning registered sex offenders and requires the Secretary of Education to take appropriate steps to notify educational institutions that disclosure of this information is permitted.

State law requires persons convicted of or placed on deferred community supervision for certain offenses to register as sex offenders. Offenders who committed “sexually violent” offenses (most contact offenses) must register for the remainder of their life, even after completing probation or parole.

Others (some non-contact offenses) may cease registering ten years after completing their term of supervision.

Law enforcement authorities are required to inform the University when registered sex offenders indicate they are living, working or volunteering services on campus. To learn whether information of this nature has been provided to the University, contact the SMU Police Department at 3128 Dyer Street, Patterson Hall or call 214-768-6115.

You can access the sex offender registration files free of charge through the [Texas Department of Public Safety webpage](#).

You can access the sex offender registration files for New Mexico free of charge at the [New Mexico Department of Public Safety Sex Offender Registry](#).

Alcohol & Substance Use Policies, Prevention & Resources

The University seeks to provide a healthy, comfortable and productive environment for students, faculty, staff and guests. The SMU Board of Trustees has affirmed that abusive use of alcoholic beverages and the corresponding effects upon persons constitute one of the more serious problems in our nation. Therefore, all members of the University community are urged to use alcoholic beverages with responsibility, prudence and moderation.

Intoxication and alcohol abuse are inconsistent with the spirit of the University and will not be tolerated. SMU reserves the right to initiate disciplinary action when individuals and groups do not observe the Student Code of Conduct.

Texas State Law & SMU Policy

All members of the University community should remain cognizant of and comply with state and local liquor laws. It is unlawful in the state of Texas for any person under the age of 21 to possess, purchase or drink alcoholic beverages, except when with a parent, legal guardian or adult spouse. Providing alcoholic beverages to minors is prohibited. A violation of this policy subjects the offender(s) to internal disciplinary and/or law enforcement action.

When SMU's policy on alcohol is violated, the University will impose sanctions including but not limited to parent notification, a fine, a referral to substance abuse counselors in SMU Counseling Services, educational sanctions and a status sanction that may or may not affect the student's standing with the University.

Alcohol Possession & Consumption

The University prohibits the possession and consumption of alcoholic beverages on campus, except for adult individual residential rooms and during certain special events, such as official University receptions and in specified areas on home football and basketball game days. The SMU Police Department enforces state underage drinking laws. For the exceptions indicated above, those individuals possessing and consuming alcoholic beverages must be 21 years of age or older. Kegs and other similar containers – including, but not limited to, 1/2 kegs, party balls or pony kegs – are not permitted anywhere on campus. Various functions sponsored by the Division of Development and External Affairs will continue to operate under special policies.

SMU is located within the City of University Park, Texas. By state statute, transportation and possession of more than 24 12-ounce bottles of beer or more than one quart of hard liquor is considered prima facie evidence of intent to sell, and, therefore, evidence that the law has been violated.

Drugs

Every SMU student shall be responsible for compliance with all local, state, and federal laws regarding controlled substances including, but not limited to, their use, sale, distribution, possession or manufacture. Violations of any local, state or federal law regarding controlled substances may subject the person to disciplinary proceedings in the SMU Conduct Review Process without regard to any proceedings in local, state or federal courts. SMU police will enforce both state and federal laws pertaining to the illegal possession, use and sale of illegal drugs.

When the Office of Student Conduct and Community Standards is made aware of a potential violation of the drug policy outlined in the Student Code of Conduct, the office will contact the student and schedule a

hearing with a conduct officer. During the hearing, the student will have the opportunity to discuss the alleged violation. If it is determined that the student is responsible for the violation, the appropriate sanctions will be assigned. Sanctions for drug violations may include, but are not limited to, parent notification, a fine, a referral to substance abuse counselors in SMU Counseling Services, educational sanctions and a status sanction that may affect the student's standing with the University.

Sanctions upon conviction in the criminal court system for possession, distribution or manufacture of controlled substances range from fines and probation to imprisonment. Amounts of fines, terms of probation or years of imprisonment generally are contingent upon the circumstances and amounts of drugs in possession, sale, distribution or manufacture.

The Commission reports annually to the President on the status of related recommendations and identifies new or emerging issues of concern.

The Call for Help Program— Good Samaritan Policy / Medical Amnesty Policy

Student welfare is a primary concern at SMU. Everyone is responsible for creating a healthy community in which members care for one another. One way of caring involves seeking medical assistance for fellow students when lives may be in danger due to alcohol or drug intoxication. To seek medical assistance, please call 911.

Students who seek medical assistance for themselves (Medical Amnesty) or another person (Good Samaritan) due to intoxication of alcohol and/or drugs will not be subject to the SMU Conduct Review Process, except when it has been determined that another violation of University policy has occurred (e.g., destruction of University property, fire safety violation, physical harm to another person, etc.). Any exemption from the SMU Conduct Review Process which is granted under this policy may only apply to disciplinary action and/or sanctions under the SMU alcohol and drug policies in the SMU Student Code of Conduct, and therefore does not prevent the SMU police or another police agency from detaining a student, issuing a citation, or making an arrest if they deem that action necessary.

For the Medical Amnesty policy to apply, the student must meet with their assigned conduct officer, complete an application, and once referred, complete all recommendations made by a substance abuse counselor in SMU Counseling Services. These recommendations will include, at a minimum, an individual appointment, a counselor and a follow-up appointment.

Student Support— Caring Community Connections

The pressures of exams, busy schedules and maintaining healthy relationships can overwhelm students – especially new undergraduates experiencing independence for the first time. The [Office of Student Advocacy and Support](#) coordinates the [Caring Community Connections](#) (CCC) program. [Through an online reporting form](#), the CCC program utilizes information provided by faculty, staff, students and parents to provide support to students who are experiencing challenges by identifying and linking them to the appropriate resources.

All information in this report remains confidential per the Family Educational Rights and Privacy Act (FERPA) guidelines. Once submitted, all information is stored in a password-protected database. Access to this confidential information is limited to staff in the Office of Student Advocacy and Support, members of the Caring Community Connections team and other SMU officials on a need-to-know basis.

DEFINITION OF CONSENT

Consent as defined by the State of Texas

Texas Penal Code § 22.011 states:

- (b) A sexual assault under Subsection (a)(1) is without the consent of the other person if:
- (1) the actor compels the other person to submit or participate by the use of physical force or violence;

 - (3) the other person has not consented and the actor knows the other person is unconscious or physically unable to resist;
 - (4) the actor knows that as a result of mental disease or defect the other person is at the time of the sexual assault incapable either of appraising the nature of the act or of resisting it;
 - (5) the other person has not consented and the actor knows the other person is unaware that the sexual assault is occurring;
 - (6) the actor has intentionally impaired the other person's power to appraise or control the other person's conduct by administering any substance without the other person's knowledge;
 - (7) the actor compels the other person to submit or participate by threatening to use force or violence against any person, and the other person believes that the actor has the ability to execute the threat;
 - (8) the actor is a public servant who coerces the other person to submit or participate;

- (11) the actor is an employee of a facility where the other person is a resident, unless the employee and resident are formally or informally married to each other under Chapter 2, Family Code.

Consent as defined by SMU

The SMU definition of consent is used in SMU's internal grievance process in cases involving sexual assault to determine responsibility under the [University's Title IX Sexual Harassment Policy](#).

As defined by SMU, consent means voluntary, clear, continuous, mutually understandable permission, given by words or actions, regarding one's willingness to engage in sexual activity.

A sexual interaction is considered consensual when individuals willingly and knowingly engage in the interaction. Someone who is incapacitated (by alcohol, drug use, unconsciousness, disability or other forms of helplessness) cannot consent. Consent cannot be procured using physical force, compulsion, threats, intimidating behavior or coercion. Consent to one form of sexual activity does not imply consent to other forms of sexual activity. Previous relationships or previous consent for sexual activity is not consent to sexual activity on a different occasion. Consent to engage in sexual activity with one person does not imply consent to engage in sexual activity with another person. Silence or absence of resistance is not consent. Consent can be withdrawn at any time. Previous consent does not mean ongoing consent. For example, consent to certain acts does not mean consent to the same acts later in the same evening.

BYSTANDER INTERVENTION & RISK REDUCTION

SMU provides training that describes positive options for bystander intervention, as well as information regarding risk reduction. Bystander intervention is defined as safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of sexual harassment, sexual assault, dating violence, domestic violence, or stalking. Risk reduction is defined as options designed to decrease perpetration and bystander inaction, increase empowerment for victims to promote safety and help individuals and communities address conditions that facilitate violence.

Programs include:

- TIPS (Training for Intervention Procedures), which trains campus community members to assist students who may be in danger due to alcohol or substance use.
- Medical Amnesty and Good Samaritan policies (the "Call for Help" program), which encourages students to call police and seek medical assistance when they or their peers may be in danger due to alcohol or substance use. The policies allow for exemptions from the Conduct Review Process.
- Residential Commons programming, including mandatory First Floor Meetings for incoming and second-year students on safety and wellness.
- Caring Community Connections, a central online site where employees, students and their families can submit concerns about students who are experiencing challenges so that students can be linked with campus resources.
- Silent Witness Program, where information about crimes may be reported anonymously to SMU Police by calling 214-768-2TIP or online at smu.edu/2TIP. SMU Police urge campus community members: If you "see something, say something."
- Security assessments and crime prevention training, which SMU Police provide upon request to faculty, staff and students.
- [Employee Assistance Program](#), which provides confidential counseling and referral services for

all full-time and part-time benefit-eligible faculty and staff and their dependents, go online or call 1-877-704-5696.

- [Workplace Violence Assessment Team](#), which meets as needed to assess cases involving employees whose behavior is considered potentially threatening, violent or harmful to themselves or others. After evaluating the situation, the team recommends responses in accordance with SMU policies. Immediate concerns should be reported to SMU Police at 214-768-3388. Employees may report emerging concerns to 214-768-THREAT, email threat@smu.edu or submit an online reporting form.

ONGOING PREVENTION & AWARENESS CAMPAIGNS

In addition to the primary prevention and awareness programs provided to incoming students and new employees, SMU provides ongoing prevention and awareness campaigns to the campus community that address sexual harassment, including dating violence, domestic violence, stalking and sexual assault.

Programs include:

- Campus communications, including a comprehensive website that offers information regarding SMU's sexual harassment policies and procedures, prevention and resources on and off campus: smu.edu/sexualharassment. Digital signs and mirror decals with resource information are posted throughout campus.
- Campus programming, led by resources including SMU police, the Office of Student Advocacy and Support, Counseling Services and the Women and LGBT Center. Campus wide programs include Sexual Assault Awareness Month, Relationship Violence Awareness Month, National Night Out and Take Back the Night. Programs also are available to individual classes, Residential Commons and Greek organizations upon request to the Office of Student Advocacy and Support Services. Events are promoted to students and employees online, on posters and fliers, and by campus email. Students involved in raising awareness of sexual assault and relationship violence include the student organizations and the Feminist Equality Movement (FEM).

- A campus climate survey, administered to students to gather information about community perceptions, knowledge and attitudes relevant to sexual harassment.
- Presentations to employees and student groups by the SMU Title IX Coordinator, SMU police and other campus resources.

Procedures Victims Should Follow in Case of Alleged Dating Violence, Domestic Violence, Sexual Assault or Stalking

SMU MAIN CAMPUS

The priority for victims of sexual assault, domestic violence or dating violence is to get to a place of safety and obtain necessary medical attention immediately. It is important to preserve evidence that could assist in obtaining a protective order or proving the offense occurred.

Seek medical care and preserve evidence

The Dr. Bob Smith Health Center on campus and several Dallas-area hospitals have certified health care professionals who are authorized to perform medical/legal examinations.

Preserving evidence of sexual assault

Victims of sexual assault are urged to obtain medical care and a sexual assault exam as soon as possible. Time is of the essence because certain types of evidence can dissipate or become unavailable. Prior to a sexual assault exam: Do not change clothes, bathe, shower or douche; do not eat, drink or use toothpaste or mouthwash; do not wash clothing, bedsheets, pillows or other potential evidence.

If victims do not opt for forensic evidence collection, health care providers still can treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted diseases. Obtaining a forensic exam does not require a person to file a police report, but will help preserve evidence in case the victim decides later to do so. See information below on how to report to law enforcement.

Preserving evidence of domestic or dating violence

Victims of domestic or dating violence should not bathe or change clothes before documentation of physical evidence. Preserving evidence may be necessary to prove criminal domestic violence or dating violence in obtaining a protection order or pursuing criminal charges. If victims do not opt for forensic evidence collection, health care providers can still treat injuries.

Preserving evidence of stalking

Victims of stalking should save evidence such as any letters, notes, emails, phone calls, videos, photos, texts, social media postings, computer screenshots, voicemails or any other form of evidence that would be helpful.

For confidential counseling

SMU Counseling Services provides students with confidential counseling and assistance from counselors who specialize in sexual harassment issues. Call 214-768-2277; an emergency contact number is provided at all hours.

Reporting to law enforcement

SMU urges anyone who has experienced sexual assault, dating violence, domestic violence or stalking to alert police as soon as possible. SMU campus authorities can provide assistance in notifying law enforcement authorities, at the victim's request.

On campus, SMU police can be reached at 911 from a campus phone; at 214-768-3333 from a cellphone; or by utilizing a blue-light phone or safety app at any time of day or night.

In the case of an off-campus incident, call 911 to reach police in that jurisdiction or call 214-768-3333 to reach SMU police, who can connect callers with police in the appropriate jurisdiction.

Crime victims can choose to talk to police when they feel ready or to decline involving law enforcement. Reporting an incident to police does not automatically lead to criminal charges being filed or criminal prosecution. However, when a victim immediately reports an incident, police are better able to collect evidence that may be helpful in building a criminal case, even if the victim decides to wait until later to pursue criminal charges.

SMU is committed to responding to reports in a timely

and respectful manner. When a victim makes a report to SMU police, the police will request information about the circumstances and the alleged perpetrator to aid in the investigation and build a criminal case. SMU police follow state and federal rules of procedure and evidence, which can include gathering evidence and witness statements and obtaining search warrants and arrest warrants from a judge.

An SMU Alert is issued if SMU determines there is imminent danger, or the likelihood of a continuing danger, against which the campus community needs to be warned, or if it would aid in the prevention of similar crimes in the future. Crime alerts are also posted online at smu.edu/SMUAware and smu.edu/police.

SMU police notify the Dallas County District Attorney's Office or other appropriate external law enforcement agency when a case of sexual assault has been reported and is under investigation. When a victim decides to pursue criminal charges, a prosecutor in the district attorney's office determines whether sufficient evidence exists to press charges, after SMU police have presented the findings of their investigation. The district attorney then presents the case to a grand jury to obtain an indictment and proceed with a trial. SMU police are available to counsel and accompany students through the criminal process.

When a case of sexual harassment is reported to SMU police, the police notify the SMU Title IX Coordinator, as required by state and federal law. The SMU Title IX Coordinator will provide information about the victim's option to pursue an SMU grievance process under University policy, in addition to the criminal process. See "Reporting to the SMU Title IX Coordinator and Pursuing an Internal Grievance Process" on page 44 for more information.

In addition to violating SMU policy and federal law, sexual assault is a crime punishable under Texas law by imprisonment from two to 20 years plus a fine up to \$10,000. A person convicted of sexual assault must register as a sex offender for the remainder of his or her life – www.statutes.legis.state.tx.us/Docs/PE/htm/PE.22.htm#22.011.

Protective orders

Crime victims in Texas are guaranteed certain rights, as outlined in the Code of Criminal Procedure. [The](#)

[Office of the Attorney General](#) has more information.

SMU police can assist victims in applying for a protective order, which tells a person to stay 500 feet from where the protected person lives or works. It instructs a person not to commit or threaten violence, or stalk the person applying for protection. Applications for protective orders are made at the [Dallas County District Attorney's Office Family Violence Division at the Frank Crowley Courthouse](#), 133 N. Riverfront Blvd., 214-653-3528.

For more information: dallascounty.org/government/district-attorney/divisions/family-violence.php

SMU police keeps copies of protective orders on file and complies with the state laws regarding them. If a protective order is violated, the protected person should call police immediately at 214-768-3333.

Reporting to additional campus resources

In addition to SMU police and confidential counselors, students can choose to report cases of sexual assault, dating violence, domestic violence and stalking to the:

- Title IX Coordinator in the Office of Institutional Access and Equity (for internal grievance reporting), 214-768-3601 or email accessequity@smu.edu.
- Office of Student Advocacy and Support, 214-768-4512.

These campus officials will protect the privacy of all parties involved to the extent possible but are required to report cases of sexual harassment to SMU's Title IX Coordinator and to SMU police.

Anonymous reporting

Those who wish to anonymously provide SMU police with information regarding suspicious or criminal activity may call 214-768-2TIP (2847) or submit a report online at smu.edu/2tip. The form may be submitted anonymously or with a name and contact information. Those who wish to anonymously file a complaint or provide information regarding Title IX sexual harassment to SMU's Title IX Coordinator can complete the [Title IX Sexual Harassment Complaint Form](#) or [Title IX Sexual Harassment Third-Party Report Form](#) posted at smu.edu/IAE. The form may be submitted anonymously, with a name and contact information, or by a third party. The form may be

emailed to accessequity@smu.edu; submitted in Perkins Administration Building, Room 204; or mailed to the SMU Title IX Coordinator, P.O. Box 750200, Dallas, TX 75275-0200.

SMU-IN-TAOS

Students, faculty and staff are urged to call 911 to reach the New Mexico State Police or the Taos Sheriff's Department to report sexual assault, dating violence, domestic violence and stalking, whether the incident occurs on or off campus. Support is also available from SMU police, 214-768-3333 (available 24/7). Students, faculty and staff are also urged to preserve evidence and seek medical attention immediately, even if you decide not to contact police. At Holy Cross Hospital in Taos, a certified Sexual Assault Nurse Examiner (SANE) can provide care and an exam that preserves evidence; 575-751-8990.

The other main campus and community resources listed above also are available. A community resource that provides support is the Taos Community Against Violence confidential hotline, 575-758-9888 (available 24/7). SMU's Title IX Coordinator can assist in pursuing an internal grievance process by filing a complaint under SMU's Title IX Sexual Harassment Policy; call 214-768-3601.

Procedures SMU Will Follow in Case of Alleged Dating Violence, Domestic Violence, Sexual Assault or Stalking

PROTECTING INFORMATION

In accordance with the Texas Code of Criminal Procedure, Chapter 57, victims may use a pseudonym to protect their identity. A pseudonym is a set of initials or a fictitious name chosen by the victim to be used in all public files and records concerning the alleged offense. SMU will not include a victim's personally identifying information in any publicly available recordkeeping, including Clery Act reporting and disclosures such as the annual security report and the daily crime log. In some cases, SMU may need to disclose some information about a victim to a third party to provide protective and supportive measures in a timely manner.

ADDITIONAL ASSISTANCE

SMU also can assist victims by providing no-contact

orders, letters to professors requesting leniency, escort and transportation services, classroom and housing accommodations, assistance filing protective orders through the district attorney's office and assistance contacting local law enforcement if the alleged offense occurred off campus. SMU will comply with a student's reasonable request for a living and/or academic change regardless of whether the student chooses to report the alleged offense to police.

For more information, please contact SMU's Title IX Coordinator, 214-768-3601, or email accessequity@smu.edu.

SMU INTERNAL GRIEVANCE PROCESS

Students, faculty and staff may file a complaint of sexual harassment under the University's [Title IX Sexual Harassment Policy](#) by submitting a [Title IX Sexual Harassment Complaint Form](#) to the SMU Title IX Coordinator in the Office of Institutional Access and Equity.

Internal grievance procedures are required by the federal government under Title IX of the Education Amendments of 1972. The internal grievance process is independent of the criminal process and can be pursued at the same time as the criminal process. Victims have the right to decide to pursue both the internal grievance and criminal processes, or one of these processes, or may choose to pursue neither process.

The Title IX internal grievance process includes an investigation of the allegations, a hearing, sanctions if a student is found responsible, and an appeal process. Pending the outcome of the grievance process and to protect the safety of the SMU community, the University may impose interim protective steps, such as no-contact orders, campus restrictions and temporary suspension.

Students involved in a sexual harassment case may qualify to receive amnesty for other violations of the Student Code of Conduct, such as alcohol violations, as outlined in the Conduct Review Process. The investigation will focus primarily upon the allegations of sexual harassment.

Campus officials who conduct proceedings to address allegations of dating violence, domestic violence,

sexual assault and stalking receive annual training on related issues and on conducting an investigation and hearing process that protects victims and promotes accountability. Training includes webinars and workshops offered by groups such as the Association of Title IX Administrators (ATIXA), the National Association of College and University Attorneys (NACUA), the Independent Colleges and Universities of Texas (ICUT), United Educators, and community resources including the Dallas Area Rape Crisis Center (DARCC). Internal training is also provided by campus offices including SMU's Office of Institutional Access and Equity, SMU police, the Office of Conduct and Community Standards, Counseling Services and the Office of Legal Affairs.

SMU prohibits threats or acts of retaliation against parties who are involved in any manner of a report of sexual harassment, investigation, proceeding or hearing under SMU's [Title IX Sexual Harassment Policy](#). Retaliation can take many forms, including sustained abuse or violence, threats, coercion, intimidation and discrimination. Parties who engage in retaliation or harassment by any means – including in person, through others or on social media – will be subject to disciplinary action. Retaliation is also a criminal offense under Texas law, and students may face criminal charges.

Parties who observe retaliation or who are threatened in any way should promptly notify SMU police, 214-768-3333; the SMU Title IX Coordinator, 214-768-3601; or the Office of Student Conduct and Community Standards, 214-768-4563.

For more information about this process or to file a grievance, contact the SMU Title IX Coordinator in the Office of Institutional Access and Equity at 214-768-3601 or email accessequity@smu.edu or consult the [Title IX Sexual Harassment Policy](#).

Notification of Missing Students

If a member of the SMU community has reason to believe that a student who resides in on-campus housing (main campus or SMU-in Taos) is missing, they should immediately notify the SMU Police Department at 214-768-3388. SMU police will generate a missing person report and initiate an investigation.

After investigating the missing person report, should SMU police determine that the student is missing and has been missing for more than 24 hours, SMU police will notify the student's emergency contact no later than 24 hours after that determination is made. If the missing student is under the age of 18 and is not an emancipated individual, SMU police will notify the student's parent or legal guardian immediately after the SMU Police Department has determined the student has been missing for more than 24 hours.

In addition to registering an emergency contact, students residing in on-campus housing have the option to identify, confidentially, an individual to be contacted by SMU police or the designated campus authority in the event the student is determined to be missing for more than 24 hours. This option is located on the on-campus housing application. If a student has identified such an individual, SMU police or the designated campus authority will notify that individual no later than 24 hours after the student is determined missing. A student's confidential contact information will be accessible only by authorized campus officials and law enforcement as appropriate.

Responsibilities of Community Members

All members of the campus community should keep the following safety tips top of mind when on campus and around the city:

- Carry only small amounts of cash.
- Never leave valuables (wallets, purses, books, calculators, laptops, etc.) unattended.
- Avoid walking alone, particularly after dark. Download the [SMU Safety App](#), contact SMU Police or use [Safety Escort by TapRide](#) for a security escort whenever necessary. If walking alone is unavoidable, be aware of your surroundings and let someone know when to expect you.
- Avoid shortcuts. The shortest route is not always the safest route. Walk along the midpoint between curbs and buildings and away from alleys and bushes.
- Dress for mobility, particularly after dark.
- Avoid deserted areas, poorly lit streets, alleys and pathways.
- Never jog alone, particularly after dark.
- When walking or jogging, go against the flow of traffic; this makes it harder for motorists to bother you. (If harassed from a car, walk or run in the opposite direction. Scream if you are truly frightened.)
- Do not jog while wearing headphones. It's important to be aware of what's happening around you.
- Carry your personal belongings in a backpack or similar container that will enable your arms and hands to be always free.

- Avoid approaching your car with bundles that restrict use of your arms. If you've been shopping, ask the store for assistance.
- Always have your keys ready to unlock the door to your car or residence and enter without delay. Lock the doors after you get inside.
- Before entering your car, look in the back seat and on the floorboard.
- Always lock car doors and windows when you leave or enter your car.
- Never leave belongings in plain view in your car. Lock them in the trunk.
- If someone in a vehicle attempts to stop you – even to ask for directions – do not get close to the vehicle.
- Register, engrave, mark and/or photograph all your valuables including bicycles, stereos, jewelry, vehicles, computers, etc.
- Never get on an elevator with someone who looks suspicious. If someone who looks suspicious gets on, get off immediately.
- Avoid using ATMs in dark, isolated areas; it's best to use machines that are highly visible in public areas, such as supermarkets.
- Never flash your cash or jewelry.
- Be responsible with alcohol and limit your intake.

Security in the residence halls

- Never leave your door open, even if you will be gone for only a few minutes; never prop any door open. Always lock doors, screens and windows to prevent uninvited access to your room.
- Don't mark your room key or key chain with your name, address or telephone number.
- Do not give anyone a key to your room.
- Do not leave valuables in plain sight.
- Never let strangers into your hall. This puts you and others at risk.
- Be aware of suspicious persons and activities. If you observe someone or something suspicious, notify the hall staff and the SMU police.

Department, 214-768-3388 by cell or off-campus phone or call the Silent Witness Anonymous Tips Line at 214-768-2847 (214-SMU-2TIP by cell or off-campus phone) or online at smu.edu/2tip.

SMU-IN-TAOS RESPONSIBILITIES

- If you can't avoid walking alone, contact the SMU-in-Taos security guard, the Student Life staff member or the program director for a security escort whenever possible..
- Stay on existing trails, or choose the most durable surfaces available: rock, gravel, dry grasses or snow.
- Do not attempt to take photographs of wild animals unless you can do so without disturbing them or altering their behavior in any way. This is best accomplished by using a zoom or telephoto lens. (Causing an animal to move away from you is an example of altering their behavior.)
- Don't mistake passive behavior in an animal as a sign that you are safe around that animal.
- Leave young animals alone; a protective mother is usually nearby.
- Keep a clean campsite.
- Keep food and items that have an odor out of your tent.
- Do not feed wild animals.
- Never approach or follow wild animals
- **Avoid** aggressive behavior toward animals:
 - Direct eye contact, even through a camera.
 - Walking directly toward an animal.
 - Following an animal that has chosen to leave.
 - Circling or standing around an animal.
- Never tease or attempt to pick up wildlife.

Additional security considerations for campus residence areas at SMU-in-Taos

- Never leave food or garbage outside. Store garbage in bear-proof containers or containers in secure areas such as a garage, basement or shed.

- Clean and store grills when not in use. Do not throw food scraps outside.
- Secure all food, toothpaste, soap and trash at night or when not in use by:
 - Storing items inside a vehicle.
 - Using bear-proof storage systems when available.
- Do NOT cook or store food in or near your tent. Odors attract bears.

Annual Fire Safety Report

The Higher Education Opportunity Act enacted on August 14, 2008, requires institutions that maintain on-campus student housing facilities publish an annual fire safety report that contains information about campus fire safety practices and standards of the institution. The following report details all information required by this act for SMU.

The following terms are used within the report. Definitions have been obtained from the Higher Education Opportunity Act.

FIRE - Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.

ON-CAMPUS STUDENT HOUSING - A student housing facility that is owned or controlled by the institution or is located on property that is owned or controlled by the institution and is within a reasonable contiguous area that makes up the campus.

Fire Safety

SMU takes fire safety very seriously and continues to enhance its programs to the University community through education, engineering and enforcement. Educational programs are presented throughout the year to students, faculty and staff so they are aware of the rules and safe practices.

The primary goals of SMU's Fire Safety Program are:

- To ensure fire hazard prevention such that campus fire hazard conditions are continually monitored and eliminated;
- To provide proper fire system improvements, management, maintenance and inspection;
- To create a campus community that knows how to

prevent fire emergencies, and knows what to do if fire emergencies should arise;

- To maintain compliance with:
 - University fire policies.
 - City fire codes.
 - Applicable state and federal fire regulations.

Additionally, the University has adopted and developed Policies, Procedures and Guidelines to help promote a safe living and work environment at all University locations. These policies, guidelines and other fire safety information can be accessed on the [SMU Office of Risk Management website](#).

Fire Safety Policies & Procedures

SMU Policy 11.7 Fire Safety regulates and governs the safeguarding of life and property from fire hazards arising from the storage, handling and use of hazardous substances, materials and devices, and conditions hazardous to life or property at SMU.

Additionally, all students residing in residence halls are expected to abide by the procedures established by the University. Student residents are given informative brochures and an e-handbook containing fire safety standards specific to the residence halls at the beginning of each semester.

Fire Incident Reporting

SMU MAIN CAMPUS

Students, faculty and staff are instructed to report all

fires to the SMU Police Department by calling 214-768-3333.

Non-emergency reports (e.g. evidence that something burned) should also be made to the SMU Police Department at 214-768-3388.

SMU-IN-TAOS

Students, faculty, and staff are instructed to call 911 to report a fire emergency. Once 911 is notified, they should also alert campus administration of the fire.

Non-emergency reports should also be made to campus administration.

Plans for Future Improvements in Fire Safety

SMU's Fire Safety Program actively engages in long-term strategic planning in order to continually enhance our facilities' life-safety systems.

Projects include installing new fire alarm systems and monitoring systems with the building automation system. These systems have the capability to monitor different areas and components of buildings as well as the capability to communicate information across campus and in specific buildings on campus in the event of an emergency. SMU also has an aggressive plan to maintain the fire sprinkler system in campus buildings to ensure proper operation of the system and maximum safety for occupants.

Additionally, the Office of Risk Management regularly consults and collaborates with insurance carriers, key internal stakeholders and vendors for fire safety loss control initiatives designed to protect life and mitigate losses.

Fire Safety Education & Training Programs for Students

The Office of Risk Management provides training to all building staff including Resident Assistants and Residential Community Directors.

The training includes:

- Information on fire protection features of each facility.
- Fire prevention activities and techniques.

- Emergency procedures.
- Disseminating fire safety information to residents.

Basic fire safety instruction is provided to all students living in residence halls who attend the student orientation programs at the beginning of each academic year.

Residence Hall Fire Drills

Fire drills are conducted in all on-campus residence halls during each semester to allow occupants to become familiar with and practice their evacuation routes and procedures. These drills are coordinated between Residence Life and Student Housing, Facilities, and the Office of Risk Management.

Fire evacuation drills are conducted as follows:

- SMU Operated Residence Halls: Four per calendar year
- Non-SMU Operated Residential Facilities: Two per calendar year
- University Park Fire Department conducts the Non-SMU Operated Residential Facilities drills.

Fire Evacuation Procedures

IN THE EVENT OF A FIRE

1. Pull the nearest fire alarm to evacuate the building. Leave the building immediately.
2. Report all fires to SMU PD at 214-768-3333.
3. For Taos Campus, report all fires to 911 and campus administration.
4. If you hear the fire alarm, leave the building immediately. A fire nearby may not be noticeable by sight or smell. Everyone is expected to exit a building immediately upon hearing the fire alarm.
5. If possible, shut down any equipment or processes that could cause a secondary fire if left unattended.
6. Know your emergency exit routes and be prepared to use an alternate route if necessary. Do not use elevators. If you are trapped in the building, try to reach a point of refuge, such as a stairwell, or stay by a window and wave a "white flag" to attract the attention of first responders.

7. If possible, close doors and windows behind you on the way out to confine the fire.
8. Keep low if there is smoke.
9. On your way out, assist any mobility-impaired persons to a stairwell or other point of refuge if possible. Report their location to the emergency response personnel.
10. If you work in an area frequented by the public, announce that an evacuation has been ordered and ask people to exit the building. Healthy adults and young adults are expected to evacuate themselves upon hearing the fire alarm.
11. Once out of the building, assemble at the pre-designated assembly location(s). Do not block driveways or areas that may be used by emergency response personnel. An attempt should be made to account for any faculty, staff and students known to have been in the building.
12. Notify emergency responders of any injuries and/or location of mobility-impaired or other persons trapped in the building.
13. Do not re-enter the building until the University Park Fire Department, SMU Police Department or Risk Management has declared the building safe.

No one at SMU is required to fight a fire as a part of their responsibility. However, voluntary use of a fire extinguisher by personnel who are properly trained can save both lives and reduce property loss.

How Will I Know to Evacuate?

Notification of an evacuation could be made or come from the following sources:

- Building fire alarm system.
- Building Mass Notification System.
- SMU Police Department.
- University Park Fire Department.
- Residence Life and Student Housing staff.
- University employees.

Evacuation Assembly Points

Each building should have pre-identified Evacuation Assembly Points (EAPs) to which all occupants should report following a building evacuation, although specific incidents may require the EAP to be relocated. .

If knowledge of fire or cause of fire alarm is known, immediately contact the SMU Police Department at 214-768-3333 with information regarding the fire.

Residential Facility Fire Safety Policies

The University prohibits the following activities in all University-controlled residential facilities:

- Smoking, including the use of e-cigarettes.
- Candles, lava and oil lamps, other open flame devices.
- Use of halogen or halogen bulbs.
- Cooking in unapproved areas (bedrooms), including the use of toaster ovens and appliances with open heating elements.
- Use of space heaters, unless provided by Residence Life staff.
- Multi-plugs (e.g., 3-way plugs), extension cords, or other splitters to increase the number of appliances on one outlet; UL-approved surge-protected electrical cords are acceptable, but should not be run in a series.
- Tampering with or blocking any fire protection equipment.
- Possession of fireworks.
- No more than 10% of one wall covered with paper, posters, etc.

Additional details are available on the [Office of Risk Management website](#).

Description of Student Housing Fire Systems

University student residences owned and controlled by the university, which include all residence halls and fraternity houses have:

- An interior fire alarm system with detection throughout the building, including detectors in sleeping rooms;
- An interior fire alarm panel that triggers a full first alarm response (1 Truck, 1 Engine, 1 Ambulance and 1 Battalion Chief) to the building upon activation; and
- Automatic fire sprinklers.

Sorority houses are on SMU property, but are not controlled by the University. SMU also has apartment-style residences on campus which can be rented by upper-division students, faculty and staff. The chart below details the fire safety systems available in each campus residential building.
