From its beginning as SMU’s Department of Commerce to its current position as one of the nation’s top-ranked business schools, the Edwin L. Cox School of Business has educated future leaders of business for more than 100 years. Named in 1978 in honor of Dallas businessman Edwin L. Cox, the Cox School has a rich heritage that began in 1920 when the SMU Board of Trustees established a Department of Commerce at the request of the Dallas business community. In 1921, the Department of Commerce was renamed the School of Commerce. In 1941, the Board of Trustees established the School of Commerce as the School of Business Administration, and the new Bachelor of Business Administration Degree (BBA) was approved.

The graduate program at the School of Business Administration began in 1949 with the authorization of a Master of Business Administration (MBA) program. Both the BBA and the MBA degree programs are accredited by the Association to Advance Collegiate Schools of Business (AACSB).

In 1952, SMU broke ground for the Joseph Wylie Fincher Memorial Building for the School of Business Administration, and for years the Fincher Building housed all activities of the Cox School. In 1987, the Fincher Building was renovated, and two buildings were added: the Cary M. Maguire Building and the Trammell Crow Building. SMU is currently renovating and expanding those buildings to make the Cox School one of the country’s most advanced business schools. As of fall 2024, four new buildings will join those three anchor buildings to form the David B. Miller Business Quadrangle, home of the renovated and expanded Cox School, one of the country’s most advanced business schools.

The SMU Foundation for Business Administration was established in 1965. This group of advisers, known today as the Cox School Executive Board, has helped guide the Cox School throughout the years. Members are corporate and private business leaders who serve as ambassadors of the Cox School to prospective students, donors and partner institutions. They connect the School with colleagues and friends not currently affiliated with SMU Cox. Executive Board members help shape tomorrow’s business leaders.

The School has undergone changes throughout its history, but its central purpose remains constant to develop business leaders who are both liberally educated and professionally competent. More than 3,100 students working toward undergraduate and graduate degrees are presently enrolled in the Cox School. We are proud to offer an outstanding business education and to have earned our national and international reputation for excellence and innovation.
