Big iDeas Business Plan Competition

WHAT TO EXPECT

The annual SMU BIG IDEAS BUSINESS PLAN COMPETITION is an undergraduate entrepreneurship competition for student teams to pitch their cutting edge, big idea business plans and win $5000 in seed money to get it started! The ideas behind the businesses, whether for profit or not-for-profit, bring value to society in one way or another. They might be new ideas or ideas that build on pre-existing start-ups.

Big iDeas, part of the Office of Engaged Learning, hosts the competition on Demo Day early in the Spring semester. Contestants have 4 minutes to pitch their plan and judges have 4 minutes to ask questions. Pitch decks are allowed. There are as many winning businesses as there are winning Big iDeas!

Winners receive $5,000 to launch or accelerate their ventures over the calendar year of the competition. Winning teams return the following annual Demo Day to showcase their businesses in the fair.
