

Big iDeas Pitch Contest
JUDGE'S SCORECARD

Each student has 90 seconds to pitch. The judging panel has 90 seconds to ask probing questions. Use this scorecard to note relevant information related to each prompt for later discussion.

You might consider scoring each pitch with one overall score as follows:

3 = highest score, truly big, innovative idea that would impact society; presentation was spot on; and right team with right skills to build prototype or pilot by Demo Day (Feb 9, 2018)

2 = almost there, worth considering

1 = not quite there, impossible to achieve

0 = lowest score, not a Big iDea

	notes
BIG idea?	
value of impact to society?	
talent to make it happen?	
feasible for prototype by Feb 9, 2018?	
quality of presentation?
