UNIVERSITY POLICIES

Disability Accommodations

Students needing academic accommodations for a disability must first register with Disability Accommodations & Success Strategies (DASS). Students can call (214) 768-1470 or visit <http://www.smu.edu/Provost/ALEC/DASS> to begin the process. Once registered, students should then schedule an appointment with the professor as soon as possible, present a DASS Accommodation Letter, and make appropriate arrangements. Please note that accommodations are not retroactive and require advance notice to implement.

Religious Observance

Religiously observant students wishing to be absent on holidays that require missing class should notify their professors in writing at the beginning of the semester, and should discuss with them, in advance, acceptable ways of making up any work missed because of the absence. (See University Policy No. 1.9.)

Excused Absences for University Extracurricular Activities

Students participating in an officially sanctioned, scheduled University extracurricular activity should be given the opportunity to make up class assignments or other graded assignments missed as a result of their participation. It is the responsibility of the student to make arrangements with the instructor prior to any missed scheduled examination or other missed assignment for making up the work. (University Undergraduate Catalog).

Academic Integrity and the SMU Honor Code

Southern Methodist University is very proud of being an honorable community of scholars. As a faculty member, I am very proud of this tradition and feel strongly that those who violate the honor code will be dealt with through the University Honor Council. Please take the time to read the [SMU Honor Code](#).

In addition to adhering to the SMU honor code please be aware that I consider the following behaviors to be in direct violation of academic integrity: turning in papers and academic work that is not your own, turning in work you completed in another class almost verbatim, improperly citing content from other academic and non-academic sources, copying from others during exams and quizzes, utilizing unauthorized notes during exams and quizzes, relying on other students, family members, friends, or paid service to complete your assignments and exams. *If you have any questions about what constitutes academic dishonesty, please ask me!*

Please, also note that our World Languages and Literatures Department specifically wants to make it clear that any use of translation software that is not specifically authorized by the instructor constitutes cheating.
