RESPONSE TIME
Please note that my goal is to respond to student communications within 24 hours during weekdays. If for some reason I am unable to do so, I will follow up as soon as possible. I also always try to let you know ahead of time if I will be unreachable.

ASSIGNMENT FEEDBACK
My goal is to return graded assignments to you within 48 hours. If for some reason I am unable to do so, I will do my best to let you know in advance and will return your graded assignment to you as soon as possible.

COURSE DEVELOPER
This course was developed by Daniele Forlino in collaboration with the Academic Technology Services Office for Dedman College. It follows the Dedman College Guidelines for Online Course Development, as well as the SMU World Languages and Literatures Guidelines for Online Courses.

COURSE DESCRIPTION
This course is a 4-week, fully online course. Students will meet virtually on a weekly basis for speaking activities, but the majority of the work will be completed asynchronously on Canvas and WileyPLUS,
PREREQUISITE
This course is reserved for students with no previous knowledge of Italian.

LEARNING OUTCOMES
Upon completion of the course a successful student will be able to do the following:

- **CLO 1 Listening**: Demonstrate ability to understand simple, sentence-length speech, one utterance at a time, using familiar vocabulary and structures.
- **CLO 2 Reading**: Demonstrate ability to understand short, non-complex texts that convey basic information using familiar vocabulary and structures.
- **CLO 3 Speaking**: Express themselves in uncomplicated communicative situations related to familiar topics by responding to direct questions or requests for information, with responses typically consisting of short statements and discrete sentences.
- **CLO 4 Writing**: Write short, simple communications and requests for information in loosely connected texts framed in present time, with some references to other time frames.
- **CLO 5 Explore**: Compare cultural elements (practices, values, beliefs) of Italy to their own culture (in English).

MODULE LEVEL OUTCOMES
Throughout the modules in this course there are module-level outcomes listed. Next to each module level outcome (e.g., MLO 1.1) there is a number or numbers in parenthesis. That number or numbers correspond to the above course level outcomes (e.g., CLO 1). Everything you do in this course flows back to these course level outcomes.

EXPECTATIONS

WORKLOAD
As an intensive online language course, you will be expected to complete activities on a daily basis. The expected time required to complete all of the activities in this course is approximately **45 hours per week**, though this is a general estimate and will vary from student to student. Although there will be set due dates for quizzes, exams, writing assignments, and synchronous activities (see below), you will be responsible for pacing yourself through all of the assigned online activities (in Canvas and WileyPLUS) for each unit in order to ensure that all assignments for the week have been submitted before you take the unit exam.

SYNCHRONOUS (REAL-TIME) MEETINGS
Unlike in traditional, face-to-face language courses, your participation in this course will consist mainly of submitting work online. While you will be able to work at your own pace for many assignments, there will also be many opportunities for synchronous (real-time) interaction. You will attend mandatory weekly meetings (45 minutes total) with your instructor and other classmates (on Zoom) and complete collaborative activities.

GRADING
Your work and overall performance will be recorded on Canvas. Students can access their current weighted average at any time under the **Total Column**.

**ATTENDANCE:** Because this is a fully online course, attendance is met by the timely completion of the required assignments and activities embedded within the course. If you cannot complete an activity on time, communicate directly with the instructor. More than five consecutive days of inactivity in a 4-week course is the equivalent of missing 15 days in a semester-long course on campus, which constitutes grounds for failure according to our current departmental policy.
MATERIALS

REQUESRED

RECOMMENDED

Important: You will NOT log into the WileyPLUS website to access your course or the e-book - **everything will be done directly through Canvas.** You will be given step-by-step instructions in the first module of the course on how to access the ebook and online exercises. You can purchase the textbook and LMS card at the SMU bookstore ahead of time if you wish, but do not attempt to access the online platform (WileyPLUS) until you are prompted to do so during the first module of this course.

TECHNOLOGY
To be successful in this fully online course, students should have basic keyboarding and computer skills, and be comfortable navigating the Internet.

TECHNICAL REQUIREMENTS
The course will occur primarily via canvas.smu.edu, but some other tools will be used:

- Zoom Web Conferencing will be used for virtual (i.e., real-time, synchronous) meetings and office hours with the instructor;
- Kaltura will be used for asynchronous speaking activities (Kaltura is a video platform that allows instructors and students to share video content by uploading, publishing, and searching videos, and embedding video directly in a Canvas course);
- LockDown Browser and a webcam will be required for all online quizzes and exams.
- WileyPlus includes your online textbook and some exercises.

A microphone and webcam are required for recording activities and synchronous meetings. If your device does not have a built-in webcam, one can be purchased at a local electronics store or through an online retailer like Amazon. Be sure that any computer or mobile device(s) you use for this course also meet the technical requirements for Zoom, Canvas, TalkAbroad, WileyPlus, and Kaltura.
RESPONDUS LOCKDOWN BROWSER and MONITOR
Watch this short video to get a basic understanding of LockDown Browser and webcam feature or consult the Quick Start Guide (PDF). Then download and install LockDown Browser here.

To ensure LockDown Browser and the webcam are set up properly, do the following:
- Start LockDown Browser, log into http://canvas.smu.edu, and select this course.
- Locate and select the Help Center button on the LockDown Browser toolbar.
- Run the Webcam Check and, if necessary, resolve any issues.
- Run the System & Network Check. If a problem is indicated, see if a solution is provided in the Knowledge Base. Troubleshooting information can also be emailed to our institution's help desk.

When taking an online exam that requires LockDown Browser and a webcam, remember the following guidelines:
- Ensure you're in a location where you won't be interrupted
- Turn off all other devices (e.g. tablets, phones, second computers)
- Clear your desk of all external materials not permitted — books, papers, other devices
- Remain at your computer for the duration of the test
- If the computer or networking environment is different than what was tested above, repeat the Webcam and System checks prior to starting the test
- To produce a good webcam video, do the following:
  - Avoid wearing baseball caps or hats
  - Ensure your computer or tablet is on a firm surface (a desk or table)
  - If using a built-in webcam, avoid tilting the screen after the webcam setup is complete
  - Take the exam in a well-lit room and avoid backlighting
- Remember that LockDown Browser will prevent you from accessing other websites or applications; you will be unable to exit the test until all questions are completed and submitted.

- **SMU OIT** provides computing, information processing, and communications resources for faculty, students, and staff, and offers support services to help them use technology effectively and creatively.
- **SMU Student Affairs** is a network of departments, programs and services focused on supporting students’ out-of-classroom experiences and co-curricular learning.

UNIVERSITY POLICIES

DISABILITY ACCOMMODATIONS

Students needing academic accommodations for a disability must first register with Disability Accommodations & Success Strategies (DASS). Students can call 214-768-1470 or visit [http://www.smu.edu/Provost/ALEC/DASS](http://www.smu.edu/Provost/ALEC/DASS) to begin the process. Once approved and registered, students will submit a DASS Accommodation Letter to faculty through the electronic portal DASS Link and then communicate directly with each instructor to make appropriate arrangements. Please note that accommodations are not retroactive and require advance notice to implement.

RELIGIOUS OBSERVANCE
Religiously observant students wishing to be absent on holidays that require missing class should notify their professors in writing at the beginning of the semester, and should discuss with them, in advance, acceptable ways of making up any work missed because of the absence. (See University Policy No. 7.22)

**EXCUSED ABSENCES for UNIVERSITY EXTRACURRICULAR ACTIVITIES**

Students participating in an officially sanctioned, scheduled University extracurricular activity should be given the opportunity to make up class assignments or other graded assignments missed as a result of their participation. It is the responsibility of the student to make arrangements with the instructor prior to any missed scheduled examination or other missed assignment for making up the work. (University Undergraduate Catalog).

**ACADEMIC INTEGRITY and the SMU HONOR CODE**

In order to meet the desired learning outcomes of this course, students need to practice using the structures and vocabulary introduced here, along with skills acquired through prior learning. Mistakes are expected at all levels, as they are a natural part of learning, and students typically make errors consistent with their language level. Submission of overly polished language samples using grammatical structures and vocabulary not covered in this course may be considered legitimate grounds for suspecting a violation of the honor code. While specific online dictionaries and resources may be permitted for some assignments, **the Department of World Languages and Literatures stipulates that any use of online translation programs or software not specifically authorized by the instructor constitutes cheating.** The Honor Code prohibits giving or receiving unauthorized assistance in the preparation of work to be submitted. Examples include use of Google Translate or other web-based translation programs; handing in work done by someone else as your own (in paper or electronic form); copying from websites and answer keys; or failing to cite sources. In such instances, instructors reserve the right to impose penalties that can range from requiring students redo an assignment in a proctored setting to assigning a grade of zero on the assignment or an F in the course. Violations of the Honor Code will be reported to the Honor Council. Each student is expected to review and follow the SMU Academic Honesty and the Honor Code.
