

Applied Physiology and Sports Management Collection Development Policy

Purpose of the Collection

Fondren Library supports the undergraduate majors, and graduate degrees in the Applied Physiology and Sports Management programs of the Annette Caldwell Simmons School of Education and Human Development. There is cross-disciplinary application in the areas of education, and psychology.

Description of the Academic Program

Simmons School of Education and Human Development includes courses at the undergraduate level, including the required wellness program courses, and grants degrees at the Masters and Doctorate levels. Undergraduate degrees include Bachelor of Science in Applied Physiology and Sport Management (APSM) with concentrations in Applied Physiology & Health Management, Sport Management or Sport Performance Leadership.

In addition to the B.S. program, a Master of Science in Sport Management, a M.S. in Health Promotion Management and a Ph.D. in Applied Physiology are offered.

Collection Description

Format

Monographs are purchased in either print or electronic form.

Currency

Emphasis is given to the acquisition of current titles. Earlier imprints are acquired occasionally to fill gaps in our holdings.

Language

Materials collected are only in English.

Geography

Emphasis is typically placed on materials that focus on the United States with some international coverage.
