This tutorial will guide the user throughout the entire Electronic Thesis and Dissertation (ETD) submission process. Send questions to department graduate studies coordinators or James Williamson, jdwilliamson@smu.edu, Digital Preservation Librarian.

I. Introduction and Navigation

ETDs are submitted directly to SMU Scholar, the SMU’s institutional repository, at the department level. If a direct link to a specific department page within SMU Scholar was not provided, follow the path displayed below:

From the SMU Scholar main page (scholar.smu.edu), click on the Colleges and Departments link below the Browse Research heading.

On the following page, click on the link representing your school or college (for this example, we will choose the Lyle School of Engineering).
After clicking on your school or college, click on your department’s link.

Browse the *Bobby B. Lyle School of Engineering* Collections:

- Civil Engineering and Environmental Engineering
- Computer Science and Engineering
- Electrical Engineering
- Mechanical Engineering
- Multidisciplinary Studies
- Operations Research and Engineering Management

Click on the Theses and Dissertation collection.

Browse the *Civil Engineering and Environmental Engineering* Collections:

- Civil and Environmental Engineering Theses and Dissertations
- Civil Engineering and Environmental Engineering Research
- Civil Engineering and Environmental Engineering Sustainability and Development Capstone Projects
Then click on the Submit ETD link found in the right-hand sidebar.
II. Account Login

After clicking on the Submit ETD link, you will be directed to a Login or Create New Account page.

If you already have an account, you can log in. If you do not have an account, click on Sign up under Create new account.
Fill out the required information. Use a non-SMU email address that you will maintain in the long term (so that we may contact you in the future if need be) and insert “Southern Methodist University” in the Institutional Affiliation field. For your full name, use the exact version given on the ETD.
III. Submission Agreement Form

After logging in, you will navigate to the Submission Agreement Form page. Read this page carefully, as there may be instructions or prompts for your department. Regardless of department, each student should have a signed Deposit Agreement Form (https://www.smu.edu/libraries/scholarship/impact), an electronic copy of the thesis or dissertation, and any other supplemental files, links or materials that accompany the thesis or dissertation.

This page also contains a Content Release Form, which is like the Deposit Agreement Form. The Content Release Form ensures copyright and content compliance.

If you agree with the terms and conditions of the Submission Form, check the box at the bottom of the page and click Continue.
