

Visiting Civil Engineering Lecturer Southern Methodist University

The Department of Civil and Environmental Engineering (CEE) at Southern Methodist University (SMU) seeks to fill the position of full-time visiting lecturer, position number 5728. We anticipate that the successful candidate will serve as a visiting lecturer for 1-2 years and, if a permanent position is approved, will have the opportunity to apply to transition to Civil Engineering Lecturer.

This position entails three primary responsibilities: (1) teaching undergraduate and graduate courses in structural engineering and mechanics, such as CEE 2310 Statics, CEE 4350 Concrete Design, CEE 4380/1 Senior Design, CEE 5/7365 Intro to Construction Management, CEE 5/7375 Advanced Concrete Design, CEE 5/7377 Advanced Steel Design, and CEE 5/7373 Prestressed Concrete), (2) advising undergraduate and graduate students in civil engineering, and (3) university/community service.

A key service initiative will involve assistance with implementation and student recruitment for the CEE professional MS program, including three new graduate specialty areas in Smart and resilient infrastructure, Global and Sustainable Development of the Built and Managed Environment, and Infrastructure Systems Management. Applicants must demonstrate strong verbal and written communication skills and commitment to student learning and education innovation.

SMU is a private, nonsectarian university of 11,000 students located in University Park, a highly regarded residential community that is 15 minutes north of downtown Dallas. SMU offers strong undergraduate, graduate and professional programs through seven schools – Dedman College of Humanities and Sciences, Cox School of Business, Meadow School of the Arts, Lyle School of Engineering, Perkins School of Theology, Dedman School of Law, and Simmons School of Education and Human Development. SMU's The Second Century Campaign was the largest fundraising initiative in SMU's history, exceeding their goal of \$1 billion by raising \$1.15 billion by the end of 2015. Visit: www.smu.edu/SecondCentury.

The SMU Lyle School of Engineering is committed to developing the new American engineer, who is prepared to excel and lead in creating new economic opportunities while meeting the most difficult challenges facing society. The Lyle School maintains a steadfast focus on using engineering to address important issues both at home and around the world. The CEE Department offers B.S., M.S., and Ph.D. degrees in civil and environmental engineering, as well as a professional M.A. degree in Sustainability and Development. Additional information is provided at: <http://www.smu.edu/lyle/departments/cee>.

Interested and qualified individuals should send a curriculum vitae and letter of application describing relevant experience and interests to ceejobs@smu.edu, with the position number listed in the email subject line. The position is expected to begin in January 2018. To ensure full consideration, applications should be submitted by November 15, 2017, but applications will continue to be accepted until the position is filled.

SMU will not discriminate in any program or activity on the basis of race, color, religion, national origin, sex, age, disability, genetic information, veteran status, sexual orientation, or gender identity and expression. The Executive Director for Access and Equity/Title IX Coordinator is designated to handle inquiries regarding nondiscrimination policies and may be reached at the Perkins Administration Building, Room 204, 6425 Boaz Lane, Dallas, TX 75205, 214-768-3601, accessequity@smu.edu. Hiring is contingent upon the satisfactory completion of a background check.
