

ANDREW MARSH

President and Chief Executive Officer

Andy Marsh joined Plug Power as President and CEO in April 2008. Under his leadership, Plug Power has led innovation, bringing the hydrogen fuel cell market from concept to commercialization, as the world moves forward towards electrification. Early on, Marsh identified material handling as the first commercially viable market targeted by Plug Power. Today, the firm's fuel cell solutions are leveraged by world leaders such as Amazon, Walmart, and Carrefour to power industrial electric vehicles.

As President and CEO, Marsh plans and directs all aspects of the organization's policies and objectives, and is focused on building a company that leverages Plug Power's combination of technological expertise, talented people and focus on sales growth to continue the Company's leadership stance in the future alternative energy economy. Mr. Marsh continues to spearhead hydrogen fuel cell innovations, and his ability to drive revenue growth of 296 percent has landed Plug Power on Deloitte's Technology Fast 500™ list in 2015 and 2016.

Previously, Mr. Marsh was a co-founder of Valere Power, where he served as CEO and Board Member from the Company's inception in 2001, through its sale to Eltek ASA in 2007. Under his leadership, Valere grew into a profitable global operation with over 200 employees and \$90 million in revenue derived from the sale of DC power products to the telecommunications sector. During Mr. Marsh's tenure, Valere Power received many awards such as the Tech Titan award as the fastest growing technology company in the Dallas Fort Worth area and the Red Herring Top 100 Innovator Award. Prior to founding Valere, he spent almost 18 years with Lucent Bell Laboratories in a variety of sales and technical management positions.

Mr. Marsh is a prominent voice leading the hydrogen and fuel cell industry. Nationally, he is the Chairman of the Fuel Cell and Hydrogen Energy Association, and sits as a member of the Hydrogen and Fuel Cell Tactical Advisory Committee (HTAC). HTAC has the important responsibility to provide advice to the Department of Energy regarding its hydrogen and fuel cell program goals, strategies, and activities. Internationally, Mr. Marsh represents Plug Power in their role as supporting members of the Hydrogen Council, a global initiative of leading energy, transport and industry companies with a united vision and long-term ambition for hydrogen to foster the energy transition.

Mr. Marsh holds an MSEE from Duke University and an MBA from SMU.
