If your program is not listed above, please connect with your department to schedule an individual appointment and see notes below:

BIOLOGY: The Biology department has a scheduling conflict and will not be available on this day. However, we encourage admitted students to still attend our event if they'd like to learn more about what resources are available at the university level and would like to meet current and newly admitted SMU doctoral students. If you have questions specifically about the Biology program, please contact Prof. Ed Glasscock (eglasscock@smu.edu).

ECONOMICS: The Economics department has a scheduling conflict and will not be available. You are welcome to attend the Moody events. If you have any questions about the program or would like to connect with someone in the department, please feel free to contact Mykia Govia, Senior Graduate Advisor (mgovia@smu.edu), or Prof. Santanu Roy, Director of Graduate Studies (sroy@smu.edu).

EDUCATION: The Education department will not be available on this day. However, you are encouraged to visit and attend the Moody School events if it is convenient for you. If you have any questions about the program, please contact Prof. Akihito Kamata, Director of Graduate Studies (akamata@smu.edu).

ENGLISH: The English department will not be participating in this event and will hold one of their own. If you have any questions, please contact the department's Program Assistant, Matthew Biggin (mbiggin@smu.edu).

PSYCHOLOGY: The Psychology department will not be participating in this event. If you have questions, please contact their Director of Graduate Studies, Prof. Michael Chmielewski (mchmielewski@smu.edu).
