Understanding the Undergraduate Summary Report

The Undergraduate Summary Report provides an at-a-glance look at the progress a student is making toward the fulfillment of a degree from SMU. Each section below corresponds to a screenshot example on the second page.

Section #	Section Name	Explanation
1	Header	The header contains information that identifies the student and the program(s)/plan associated with the student: Name: Student's name ID: Student's SMU ID Current Date: Pertains to the data covered in the UG Summary Report from the <i>Name</i> section to the <i>Student Group(s)</i> section. It represents the status of the student's record as of that date. Report Date: Represents the date when the user last ran the student's DPR, which pulls the data covered in the UG Summary Report from the <i>General Requirements</i> section to the end of the report. (Note: The Current Date and Report Date may be different, depending on when the DPR was run.) Report Type: Identifies the type of DPR that was run to produce the UG Summary Report (Self-Service, Administrative, What-If).
2	Program/Plan	Programs and plans display on the UG Summary Report in same order that they are entered in the system on the Student Program/Plan pages. The first program listed is the student's primary program. The first plan listed is the student's primary plan. Majors display before minors within a given program. Program: Lists all UG programs associated with the student Graduation Term: Displays expected Graduation Term for each program Program Status: Student's status in program as of Current Date Plan: Lists the majors and minors associated with the student Requirement Term: Indicates the catalog year for a student's plan
3	Transfer Work	Transfer Units: Total units of approved transfer coursework Transfer Grade Points: Total grade points for approved transfer coursework Transfer GPA: GPA for all approved transfer coursework
4	Enrollment Terms	GPA: Defines the method of computation used to calculate the SMU GPA (Grade Point Average) and provides a URL for more information on grading rules. Term: Represents each term that the student has been enrolled in. Term Statistics: Displays total Units Attempted, total Units Earned, total Grade Point Units and the GPA of SMU coursework for a given term. Cumulative Statistics: Displays the cumulative total of Units Attempted, Grade Point Units, and the Cum GPA for SMU coursework (Units Earned represents all coursework), including and as of a given term. Notes: Displays any Academic Standing action (e.g., Probation, Suspension, Dismissal, Honor Code Violation, etc.) or Withdrawal action entered on the student's record.
5	Student Groups	This section indicates if the student is associated with any of the following student groups: BBA Honors Program, University Honors Program, International Student, Athlete, Pre-Med, Pre-Law, or Foreign Language Remediation.
6	General Requirements	Displays progress towards fulfillment of specific general requirements, including General Education Curriculum Units or University Curriculum Units/Courses*, SMU Cumulative GPA, All-College Cumulative GPA, and (where applicable) University Honors Program Units/Courses*/GPA, Business Cumulative GPA, and Foreign Language Remediation (first and second semesters). *An asterisk in the Required column indicates a UC requirement is tracked by courses rather than units.
7	Programs	Displays Program and Plan requirements, including Total Academic Units, Wellness Units, SMU Units, In-Progress Units, Plan Units and GPA, and (where applicable) Business Units and Business Honors GPA. In addition, the summary tracks the number of Post-Matriculation Transfer Units and P-Grade Units. The program section is repeated for each program associated with the student. (Note: For any requirement listed, the Earned/IP units column includes In-Progress units. However, there is a separate In-Progress line that indicates the total number of in-progress credit that the student is currently enrolled in for all requirements.)
