**Hughes-Trigg Chamber and Zoom**

**SMU** Moody School of Graduate  
& Advanced Studies

## Student Academic Support Programs

### TYPES OF STUDY BREAKS

FOR EVERY  
SITUATION

"I've been  
studying for  
hours!"

Refuel! Grab a healthy snack and some water for your body and read something funny for your brain.

"I'm feeling way  
too stressed."

Time for relief! Deep breathing exercises and using positive affirmation with yourself can help.

"I just can't  
concentrate."

Get moving! Go outside, do non-academic to-do list items that require movement, and get fresh air.

"There's  
something else I  
can't get off my  
mind."

Write it all down! Like a diary entry for feelings, or a "to do later" list for those things you can't afford to forget about!

---

**Start Smart.**

*Finish Strong.*
