**Mission of General Education:**

The essence of Southern Methodist University’s educational philosophy is that intellectual and professional excellence rises from the solid foundation of a liberal arts education. Most importantly, general education should provide an intellectual foundation consisting of the broad outlines of human knowledge, providing a context for discipline specific study, and a framework for a future of lifelong learning. In light of these considerations, an ideal general education course is one which builds a broad, context-rich framework in its content area. To the extent possible, it should transcend departmental boundaries, connecting to ideas in related fields, and relevant social and ethical questions.

**Common Curriculum Goals:**

- The Common Curriculum will prepare students to be informed, ethical, and engaged citizens.
- The Common Curriculum will prepare students to think critically across domains.
- The Common Curriculum will prepare students to communicate clearly in writing and speaking.
