

MAY & SUMMER 2022 Honors Courses

TRAVEL COURSES: May Term 2022

HRTS 4392-001: RE-IMAGINE PARADISE: A HUAKA'I - O'AHU, HAWAII

Brad Klein | May 15, 2022 (Arrival) to May 25, 2022 (Departure)

UC 2016: Humanities and Fine Arts

CC: Breath, Creativity & Aesthetics

A huaka'i is not an empty itinerary or a list of must-dos, but rather a journey defined by intention.

A huaka'i is not meant to be an easy walk in the park or a leisurely stroll along the beach. It is demanding. It demands that your journey be deliberate and purposeful, and that you remain open to what you might learn about a place and yourself.

It will place you in relationship to people and to the land in ways that you might not expect and that will demand something of you – a shift in perspective, an injunction to take action, a challenge to get involved, a request to step back or stand aside.

This huaka'i ...has precise aims for moving people through a place and providing new and old ways of looking at and interacting with some of the histories, struggles, and relationships that shape Hawai'i.

Ten to twelve Honors students will travel with Professors Kathleen Wellman and Melissa Dowling (both in the Clements Department of History at SMU) to Rome and Paris in two special hands-on research courses. There will be required common readings before the students depart from both professors, as well as individualized readings that reflect the student's area of interest. From 17 May until 1 June, the students and professors will tour important historical sites in Rome (the Forum Romanum, Colosseum, Pantheon, Mausoleum of Augustus, as well as a tour of the Villa Hadrian). Throughout lectures and supplemental readings will provide context. Beginning on 1 June and until the 11th of that month the class will conduct similar tours of Paris (Notre Dame, Baths of Cluny, along with other cathedrals and palaces). For both cities students will be required to focus on one particular aspect of the city or the civilization – in addition to the common reading that all pursue. After returning to the United States on the 12th of June each of the students will work with both professors and complete a short research paper on each of

the two cities. Following multiple drafts, the final product will be due on the first day of classes of the fall semester.

PLEASE NOTE: The class will be competitive, and interested students will be required to interview one or both of the professors to obtain a spot. Please contact Professor Kathleen Wellman (kwellman@mail.smu.edu) for an interview.

SMU-IN-OXFORD

This program, now in its - fortieth year, is a five-week summer term at University College, Oxford. Students live in college rooms and have both meals and classes within the college. "Univ," as the college is known, was founded in 1249, and is one of Oxford's oldest colleges. The program introduces students to a variety of sites and experiences that make up Britain's rich history.

Six semester hours credit taught in the tutorial style of that university, i.e., two or three students in session with the instructor.
