

Aabid is about to enter his final semester at SMU where he is a double major in philosophy and management. This past year on campus, Aabid has served as Treasurer of Muslim Students Association, President of SMU Speech and Debate, a Resident Assistant in Ware Commons, Student Contributor on the Campus Cultural Intelligence Task Force through the Provost's Office, as well as the Planning Committee Chair for a potential South Asian Students Association. He hopes to one day serve as a practicing Civil or Human Rights attorney and will try to find ways to make his job after graduation count towards making an impact before he attends law school.
