## **Welcome**

Welcome to the Master's Degree Programs in Education at Southern Methodist University. Our programs offer many different courses that support the growth and development of educators. We believe that your experience in our program will positively influence your success as a professional educator.

Sincerely,

The Department of Teaching and Learning  
Annette Caldwell Simmons School of Education and Human Development

Francesca Go, Ph.D., Director of Master's Degree Programs

Amy Rouse, Ph.D., Interim Department Chair and Professor

## About this Handbook

This handbook is a guide to the policies, procedures, and requirements for obtaining a Master's Degree through the Department of Teaching and Learning. Please take time to familiarize yourself with the handbook, as it contains information that will be important to you throughout your program. At the end of the handbook, you will find several forms that are important to your graduation. Please keep this handbook in a convenient location to reference when you need it.

Important Forms:

- Master's Project Form
- Intent to Graduate
- Petition to Participate in Commencement

**This handbook is for the Academic Year 2021-2022.** We will make every effort to provide you further details about program requirements. In addition, updates to the requirements will be posted on the appropriate programmatic website.

Although this handbook provides a guide to our programs, as a graduate student at SMU you must also comply with the general policies and procedures of the University, as well as with those of the Office of Research and Graduate Studies. Further information about graduate student policies and procedures is available online at <http://www.smu.edu/registrar> and <http://www.smu.edu/graduate>. It is your responsibility to review this information.

Feel free to contact us with questions about this handbook. To make suggestions for improvement, please call 214-768-2346 or email [teacher@smu.edu](mailto:teacher@smu.edu).

Each degree program has a specific program plan, or recommended order in which the courses should be taken. Degree requirements are listed on the website, but always consult with your adviser before starting coursework in order to set up your personal degree plan.

## **VISION SUMMARY STATEMENT**

Preparing Educators who are Scholars and Leaders

### **MISSION**

The Simmons School Department of Teaching and Learning shapes scholars and leaders who are committed to developing the strengths and meeting the needs of all learners through high-quality practice and research.

### **CONCEPTUAL FRAMEWORK**

The Department of Teaching and Learning includes educators dedicated to ongoing, rigorous scholarship across a variety of disciplines. Our faculty is committed to educating undergraduate and graduate students to become 21<sup>st</sup> century scholars and leaders. Our teaching and research are grounded in multiple perspectives that encompass behaviorist, cognitive, social-constructivist, and sociocultural approaches to scholarship. We prepare educators who are:

1. **Scholars and Leaders in Professionalism.** Our students display intellectual curiosity, engage in critical thinking, model collaboration, and leverage new technologies in their professional interactions. Through classroom-based, field-based, and technology-rich learning experiences, undergraduate students develop and refine the positive attitudes and dispositions that characterize educational leaders. Graduate students continue the journey of lifelong learning through global awareness, reflective, and evidence-based practice and informed implementation of innovation.
2. **Educators Committed to High-Quality Practice.** Our students stay well versed in the most current and available research from quantitative, qualitative, mixed methods, and multidisciplinary studies. They use the latest scholarship to guide their classroom practices and instructional design. Our courses in all the degree programs include clearly laid out competency-based requirements that emphasize creative instruction, innovative technologies, and personalized feedback.
3. **Leaders in Translating Research into Practice.** Undergraduate students implement teaching strategies that have been proven to be effective, and become leaders in the schools where they teach. Master's students become critical consumers of research and will lead their colleagues in efforts to translate research to practice. Doctoral students become active researchers as they work beside faculty in grant-funded research to expand scientific knowledge and disseminate research findings.
4. **Experts in Differentiated Instruction.** Our students are sensitive and responsive to diverse learners and understand the range of learning experiences and assessments available to help them differentiate for all students in the new digital age. Students adapt their educational methods to meet the needs of all students across sociocultural variations: linguistic, developmental, cognitive, ethnic, gender, and socio-economic status. They are committed to creating a variety of creative learning environments to address the full range of human potential and human development.

## **Program Overview**

The Department of Teaching and Learning has many programs from which to choose. Consult the SMU Catalog and the Teaching and Learning website for specific descriptions. This page is intended as an overview.

### **Non-Degree Options**

We have several options for specializations that only require that you take a limited number of classes (normally 3-4 classes). This sequence does not lead to a degree, but can give you specific expertise. These options are:

- STEM
- Math
- Early Literacy
- Late Literacy
- Reading Specialist
- Gifted and Talented
- Bilingual Education
- ESL
- Special Education
- Urban Education
- Learning Therapy/Dyslexia

### **Degree Options**

There are two options for Master's Degrees in Teaching and Learning. Each option is different and combines different specializations.

- Master of Bilingual Education
  - This degree is for those people who work with Spanish-speaking populations.
- Master of Education
  - This degree has a number of concentrations, each with their own combination of specializations.
  - Sub-plans include:
    - Certification Preparation: This option is for individuals who are new to the field of education and seeking to become a teacher. It has a concrete set of courses already established for you, and requirements that are established by the state of Texas, so it follows a cohort model.
    - Design your own Master's degree: combine any specializations (listed above in non-degree options) to meet your unique needs.

**Specific course rotations are listed at the end of this handbook.**

**Master of Education Courses by Core and Specializations**  
[www.smu.edu/Simmons/Academics/Teacher-Education/Course-Descriptions](http://www.smu.edu/Simmons/Academics/Teacher-Education/Course-Descriptions)

**For most current course offerings, consult semester schedules found at**  
[www.smu.edu/Simmons/Academics/Teacher-Education/Semester-Schedules](http://www.smu.edu/Simmons/Academics/Teacher-Education/Semester-Schedules) Degree Requirements

Candidates must complete a minimum of 36 credit hours at the 6000-level. Courses that have been used to fulfill an undergraduate requirement will not apply to these 36 hours. All courses toward a graduate degree must have been taken after the awarding of the baccalaureate degree and must have been registered for as graduate credit. Students must submit official transcripts from all previous undergraduate institutions, and must show satisfactory TOEFL scores if their degree was earned from a university outside of the United States or meet the exemptions.

Any exceptions to these rules must be recommended by program advisers and approved by the Master's Degree Programs Committee.

### **Master's Project**

The Master's Project is intended to be a culminating experience for our graduate students and be the kind of project that gives back to the educational community in a way that reflects our Conceptual Framework goal of preparing educators who are scholars and leaders in professionalism. All projects should be supported by research, but professors have designed projects specific to each specialty area. The projects will be housed in specific courses *as part of the regular work for that course*.

In other words, the Master's Projects are normal assignments within a course that will also count for this degree requirement. Students may take multiple courses that house the Master's Projects during their course of study. Students will always have to do the assignment in class, whether or not they choose to use it for their Master's Project. If a student chooses to use the designated assignment for the Master's Project, then the student fills out the form that is included at the end of this handbook and turns it in to their adviser.

Master's Projects are housed in the following courses:

- Master of Education with Certification Preparation: The student teaching portfolio assignment in EDU 6303 serves as the Master's Project.
- Master of Bilingual Education: See special note below.
- Master of Education: Students will complete a Capstone in one specialty area. Students can combine specialty areas into one project.
  - Bilingual: EDU 6339
  - ESL: EDU 6390
  - Gifted: EDU 6397 or EDU 6388
  - Literacy: EDU 6311 for Reading Specialist EDU 6323 for single Literacy specialization
  - Math: EDU 6379, 6380, 6381, or 6382 (See special notes below.)
  - Special Education: EDU 6360
  - STEM: EDU 6351
  - Urban Education: EDU 6362 or EDU 6369

- Occasionally, a Master of Education student is granted permission from their professor to complete a masters project in EDU 6315 or a Special Topics course.

A student must complete a Master's Project in order to graduate. Advisers must have the signed form on file before granting permission to apply for graduation. Students who need no more than 6 credit hours to complete their degree during the summer session and have successfully completed their master project can choose to walk in the May graduation ceremony. They should contact their adviser regarding the paperwork.

Determination of satisfactory or unsatisfactory performance is at the discretion of the professor of the course. If a student shows unsatisfactory performance on the Project, then the professor of the course may provide an option to revise the Project to a satisfactory level within the same semester that the course is taken. This project is a normal assignment for the course in which it is undertaken, so a poor grade on the project might affect the course grade. Please see policy on Unsatisfactory Course Grades in this case. Conceivably, the student could fail the project, but still pass the class.

If the student either does not revise the assignment, or still shows unsatisfactory performance after revision, then the student has two options for the Project.

1. The student can appeal to the Director of the Master's Program for a re-grading of the Project. If outside of the Director's area of expertise, then the Director will choose another professor to do the re-grade.
  - a. If the re-grading is successful, then the Project is passed.
  - b. If the re-grading is unsuccessful, then the Project is failed. The student must complete another project.
2. The student can find another professor to supervise a new project before graduation.

Unsatisfactory performance might be due to personal issues that arise during the semester. Please see policy on Grades of Incomplete to see if granting an incomplete might be an option.

### *Master's Projects for MBE*

The faculty in Bilingual Education has created three different options for students for the MBE degree program. They are:

**Option 1: Community Service.** Students complete a number of community service hours (approximately 20) at a facility that helps immigrants as well as citizens who speak different languages. Part of the project includes interviews, a description of the setting, pictures, if appropriate, and a reflection paper on how this experience influences the education of immigrants. Nancy Montgomery would support students who are interested in this project in terms of students finding places to help and participate in community activities.

**Option 2: Development of Lesson Plans.** Students plan two consecutive lessons that address the instructional and assessment needs of English language learners taking into account the concepts learned from class lectures, textbooks, and readings. Each lesson is presented in the SIOP Model format or in the district format. It includes content and language standards and objectives, and a detailed sequence of instructional activities.

These activities include at least one activity addressing the four language domains (i.e., listening, speaking, reading, and writing), at least two strategies addressing the specific needs of ELL students, two forms of formative assessment, and one form of summative assessment. In addition, students write a three or four page narrative reflecting on how students planned their lessons, how they addressed the needs of English language learners, and how they would address the challenges in the implementation of their lesson plan. Karla has used this project in her EDU 5565 course.

**Option 3: Independent Study.** For this option a member of the MBE/ESL committee would work closely with a student to support them in the completion of their independent study. Criteria to decide whether the project fulfills the MBE requirements TBD within the MBE committee and the T&L faculty. Potential options for individual proposals could be: (1) a literature synthesis on a specific topic related to bilingual education, (2) a research project that addresses the needs of English learners, (3) a project that addresses the needs of ELs schoolwide such as revising the bilingual model in a school, or developing a plan to support struggling English learners. Students interested in this option can contact either Doris Baker or Diego Roman.

*Steps to Complete the Capstone Project.* MBE faculty will meet with students in the spring semester of Year 1 to discuss with them the options above, and request that they write a 1-page proposal describing their project by the end of the spring term. This proposal would be used to advise students regarding resources, and assign unofficial advisors. Students would then complete their project during the second year of their master's either within a course or as an independent study.

### *Master's Projects for Math Specialization*

The Master's Project for students completing a Master's of Education with a Mathematics Specialization will be as follows. Students will be expected to present a poster describing a project from one of the courses at the annual Research in Mathematics Education conference (<https://www.smu.edu/Simmons/Research/RME/Participate/>). The conference takes place during the work day (usually on a Friday in February) on the SMU campus in the Spring of each year and students will be responsible for presenting their poster and attending the day-long conference. A letter detailing the students' responsibility to present at the conference to complete a Master's degree will be provided for the students' principal or supervisor if needed.

In each of the math courses the student takes (Number, Algebra, Geometry, Statistics) there is one project on the course syllabus that is designated as a potential Masters Project. The student may choose any of the 4 designated projects to present at the RME conference. They must have scored an 80% or higher on the project. The student will be expected to make a poster using the poster printer in the Harold Simmons Design Studio detailing the project. The student must inform the instructor of the course that the project was based in that they plan to present at the RME conference by December 10 of the year before they will present at the RME Spring conference. That professor is responsible for checking to ensure they made an 80% on the project, and for checking that the student actually presents their poster at the conference. That professor may also provide a template that the student should use when creating their poster.

## Transfer Credit

Graduate students may transfer a maximum of six (6) graduate credit hours to Southern Methodist University from another graduate school in the U.S. All courses must be regular (i.e., content laden) graduate courses. (For example, student teaching does not count for transfer credit unless the student teaching is part of the SMU Teacher Education Program.) Students must have maintained a "B" (3.0) average on all graduate work previously attempted in addition to satisfying the other admission requirements of the program. Courses submitted for transfer may not have been completed more than six (6) years prior to the semester in which a student begins graduate work at SMU. **Students need to submit a transfer request as soon as they are accepted into the program. After the first semester, transfer credit is rarely approved.**

Transfer credit is accepted by the program and approved by the Dean under the following requirements:

1. The course is compatible with the overall curriculum of the program as determined by a syllabus review. Student must produce the syllabus from the semester they took the course.
2. The course is graduate level (6000 or above).
3. The student earned a grade of *A* or *B* in the course.
4. The course has not been used in attaining a previous degree.
5. The course has been taken within the past six years.

Transfer credit for study by correspondence or online study is considered on a case-by-case basis.

## Internal Transfer Credit

The Simmons School has a number of programs and grants that include non-degree coursework. When transferring into the formal Master's Program, from being a non-degree student to a degree-seeking student, up to 21 credit hours may transfer when all of the following criteria are met:

- Students go through the admissions process and meet all criteria for entry into the Master's Degree Program.
- All proposed transfer credit hours were earned within the SMU Department of Teaching and Learning within the six years prior to the request for transfer.
- Students have earned a grade of *A* or *B* in each of the courses.

## Time Limits

As stated in the graduate school guidelines in the Simmons School Graduate Catalog, all programs are designed for completion in two years but, the time limit for the use of credit for a course toward the master's degree is **six years**. From the first term of coursework, all program requirements for a graduate degree must be completed within six years of admission. Transfer credit is counted within your first semester.

## **Delaying Entrance into Programs**

Occasionally an applicant may be accepted into one of the SMU Department of Teaching and Learning Master's Degree Programs, and then finds he or she cannot begin the program during the semester for which he was accepted. In this case, entrance into the program can be delayed up to one year. If entrance is delayed longer than one year, the applicant must reapply to the program.

## **Advising**

Upon acceptance into the Master programs, students should schedule an individual appointment with the adviser. To schedule an appointment, call the Department of Teaching and Learning at 214-768-2346. At that time, the student and adviser will create a degree plan that reflects the appropriate courses for the student's program.

## **Statement of Student Responsibility**

Students should ensure that all courses they take are courses that apply to their degree plans. Questions about specific courses or requests to modify degree plans should be taken to program advisers. A grade point average of B (3.0) must be maintained. In direct correlation to this requirement is the student's commitment to turn in assignments on time and to attend all classes throughout the semester. Students must master the use of the American Psychological Association (APA) Publication Manual (current edition) for all academic papers.

Because the faculty is dedicated to assisting every student to achieve success, they are available for consultation about assignments and other aspects of the course. The students' responsibility is to maintain communication with faculty and advisers about their progress.

SMU email is the official mode of communication for the University. Students are required to check it regularly for messages from the Department of Teaching and Learning, different departments of the University, and professors.

Tuition bills are no longer sent through the mail. Students can view and pay tuition through *My.SMU*.

It is the student's responsibility to check with the registrar's office concerning the graduation ceremony after they have completed the Application for Candidacy for Graduation with their adviser.

During the final semester, students will complete an Exit Survey to evaluate the program.

Those students needing University recommendation to the Texas Education Agency for certification testing, such as initial, MRT, must do so within 6 months after completion of the program. The University will not recommend a student to TEA who has exceeded this timeline. See Certification Officer for details.

## **Dropping Courses**

If dropping a course becomes necessary, students are responsible for dropping their own courses. Discussion about dropping a course with an adviser or professor is not sufficient. If the course is the only one in which the student is enrolled that semester, s/he cannot simply drop the course on *My.SMU*, but must complete a Student Petition for Withdrawal/Cancellation form with an adviser. If a student does not officially drop a course, the professor will assign an F to this student at the time final grades are due. Further, it is the student's responsibility to check the academic calendar ([http://smu.edu/registrar/academic\\_calendar.asp](http://smu.edu/registrar/academic_calendar.asp)) each semester for deadlines for dropping courses and refund policies. Please see Simmons Graduate Catalog. <http://www.smu.edu/catalogs>. If a student is on scholarship and must drop a class then the student will be responsible for the full price of the class when they take it at a later date.

## **Continuous Enrollment**

Once admitted, students typically maintain continuous enrollment in every fall and spring semester until the degree is conferred. Occasionally, students elect to step out for one semester. At this point, the student is not required to do anything before enrolling in courses. However, the my.SMU program will discontinue a student automatically if he/she does not enroll in courses two consecutive semesters. If this occurs, the student would need to contact the Department of Teaching and Learning office to request formal reinstatement. If a student does not enroll in courses for three or more semesters, the student must reapply to the master's program. Please see Simmons Graduate Catalog. <http://www.smu.edu/catalogs>

## **Unsatisfactory Course Grades**

Students must maintain a 3.0 GPA overall to avoid probation.

Unsatisfactory course grades may also result in the loss of any scholarship granted by the department. In the event of an unsatisfactory grade that causes overall GPA to fall below the 3.0 GPA necessary to maintain a scholarship, the following actions may take place:

- The student will be asked to meet with the appropriate professor and/or Director of Master's Programs,
- The student will be placed on academic probation during the semester in which their GPA is too low and will be notified by letter,
- If the student's GPA does not improve after one semester, then the student's scholarship will be withdrawn for future semesters.

If a student would like to appeal the withdrawal of a scholarship, then they should send a letter to the Director of the Master's Programs. Special circumstances will be taken into account, and the issue will be discussed with other professors that have had that student in their courses before a final decision is made.

## **Grades of Incomplete**

University and Simmons School policy states that a student may receive a grade of Incomplete (I) if at least 50 percent of the course requirements have been completed with passing grades, but for some justifiable reason acceptable to the instructor, the student has been unable to complete the full requirements of the course. At the time a grade of *I* is given, the instructor

must stipulate in writing to the student and to the Department the requirements and completion date that are to be met and the grade that will be given if the requirements are not met by the completion date. The maximum period of time allowed to clear the Incomplete is 12 months. If the Incomplete grade is not cleared by the date set by the instructor, the grade of *I* will be changed to the grade provided by the instructor at the time the Incomplete was assigned or to a grade of *F* if no alternate grade was provided. The grade of *I* is not given in lieu of a grade of *F* or *W*, or other grade, each of which is prescribed for other specific circumstances.

Students with two (2) incompletes may not register for classes until one (1) or both of the incompletes are resolved satisfactorily. Graduating candidates must clear all Incompletes in courses required for graduation by the deadline in the Official University Calendar. Failure to do so can result in removal from the degree candidacy list.

## **Student Competence and Professional Dispositions**

Teaching potential extends beyond academic performance. It includes a collection and demonstration of interpersonal skills and professional dispositions. For this reason, the faculty evaluates student behaviors during each academic semester. Faculty concerns regarding student competence are addressed so that a remediation process may begin. Failure to progress, adhere to sanctions, or refusal to comply with competency expectations may result in student expulsion from the program.

### **Indicators of Student Competence and Professional Dispositions**

As a department, we believe that demonstrating professional behaviors are key components of the masters' degree. Early identification of faculty concerns for individual students in the areas that affect professionalism may allow intervention that leads to successful completion of our programs. To support the development of professionalism in our masters' level students, these are the types of behaviors we will expect.

- Prompt and regular class attendance
- Positive and respectful relationships with peers and faculty
- Appropriate class participation
- Adherence to the University Honor Code and Conduct Code \*
- Professional manner
- Sensitive and responsive to diverse learners
- Effective communication skills
- Positive response to feedback
- Personal responsibility for actions and behaviors
- Appropriate progress on course content, including requirements for academic writing

\* The preamble of the code of conduct expressly states, "Further, a private university is an elite institution; admittance and attendance is a privilege granted on the assumption that the applicant who has voluntarily enrolled in the institution shares the university's values and goals and is committed to its purpose. If a student's values and goals are not consistent with those of the university, the privilege of attendance may be terminated."

[www.smu.edu/StudentAffairs/StudentLife/StudentHandbook/ConductCode](http://www.smu.edu/StudentAffairs/StudentLife/StudentHandbook/ConductCode)

Outlined below are three procedures for:

- Identifying student competency concerns within a course,
- Identifying student competency concerns within a program, and
- Students who have concerns about a faculty member.

## **Procedures for Identifying Student Competency Concerns within a Course**

1. Instructor discusses concern(s) with the student in person. Instructor can ask the Director to be involved in the meeting. Instructor describes the concerns, gives examples, and listens to student feedback. Steps for remediation are established. Instructor will send a follow-up email to the student that describes the concern and steps for remediation, and copy the adviser and Director of Master's Programs on the email.
2. The student has three potential routes for response to the instructor concern:
  - a. Follow the steps for remediation established in the meeting with the instructor.
  - b. Drop the course.
  - c. Refuse the instructor's feedback and appeal to the Director of the Master's Programs. Student should forward the email from the instructor summarizing the meeting to the Director of the Master's Programs, and request a meeting to discuss the issues.
3. In the case of an appeal, the Director listens to student concerns, then consults with the instructor, and attempts to find a resolution acceptable to both parties.
4. If no resolution results, a committee of three instructors will be convened to evaluate and resolve the competency issue: one instructor-designated faculty member, one student-designated faculty member, and the Department Chair. The instructor, student, and Director will provide written statements to the committee regarding the issue. The Department Chair will email the Director, instructor, adviser, and student the results of the meeting.
5. The committee has three options to resolve the issue:
  - a. Enforce the steps delineated by the instructor in the initial meeting;
  - b. Waive the steps delineated by the instructor in the initial meeting; or
  - c. Invent a new solution to the problem.
6. Finally, each party has the option to appeal the committee's decision (from part 4 above) in writing to the Office of the Dean of the Annette Caldwell Simmons School of Education and Human Development.
7. All of these records are retained in the student's academic file.

## **Procedures for Identifying Student Competency Concerns within the Program**

If a student comes to the attention of the Director of the Master's Programs by more than one instructor, or multiple times by the same instructor, over the course of their program through the procedures outlined above, then the Director will ask that student to meet to discuss specific concerns in person. Ongoing or new concerns would be brought up in the context of a current course, so the Director would consult with current professors before bringing the student in for a meeting. Procedures will be similar to above:

1. Director discusses concern(s) with the student in person. Director describes the concerns, gives examples, and listens to student feedback. Steps for remediation are established. Director will send a follow-up email to the student that describes the concern(s) and steps for remediation, and copy the current instructors, the Department Chair, and adviser on the email.
2. There are four potential outcomes of this meeting with the Director:
  - a. The student follows the steps for remediation established in the meeting with the Director.
  - b. The student drops the course and/or exits the program voluntarily.
  - c. The Director exits the student from the program.
  - d. The student refuses the Director's feedback and appeals to the Department Chair.
3. If no satisfaction is found with the Department Chair, then a final appeal should be made in writing to the Office of the Dean of the Annette Caldwell Simmons School of Education and Human Development. Decisions made by the Office of the Dean are final.
4. All of these records are retained in the student's academic file.

## **Procedures for Students Who Have Faculty Concerns**

Just as instructors may have concerns about student dispositions, students may have concerns about faculty dispositions. The procedures for sharing concerns about faculty are:

1. Student discusses concern(s) with the instructor in person, giving that instructor a chance to address the concern. It is understood that students are in a vulnerable position with respect to their professors, and sharing concerns can be a sensitive issue. Students should approach this meeting with the utmost professionalism, respect, and concern for their own learning. Both the instructor and the student may ask that the Director of the Master's Degree Programs be involved in the meeting.
2. Instructor has two potential routes for response to the student:
  - a. Address the concern by creating a mutually acceptable solution.
  - b. Acknowledge the concern; yet describe why no action on the instructor's part is required.
3. If the instructor does not address the student concern satisfactorily, the student can then bring the concern to the Director of the Master's Programs. The Director will listen to the student, consult with the professor, and attempt to find a resolution acceptable to both parties.
4. If the issue cannot be resolved, then the student has three options:
  - a. Proceed with the class given the conditions.
  - b. Drop the course.
  - c. Appeal to the Department Chair.
5. The Department Chair will listen to the student concern, consult with the instructor and Director, and attempt to find a resolution acceptable to all parties. The Department Chair will document the concerns raised in the meeting.
6. If the issue cannot be resolved at that level, then again, the student has three options:
  - a. Proceed with the class given the conditions.
  - b. Drop the course.
  - c. Appeal to the Office of the Dean of the Annette Caldwell Simmons School of Education and Human Development.

## **Probation, Suspension, and Dismissal**

Failure to meet established minimum acceptable standards of academic or disciplinary performance might result in probation, suspension, or dismissal.

Graduate students must maintain a cumulative GPA of 3.00. If in any semester the student falls below this GPA, the student will have a meeting with the Director of the Masters program and will be placed on probation for one semester. The Director will include written evidence of this meeting in the student's file. If at the end of the semester of probation the cumulative GPA is not up to 3.00, the student may be removed from the program at the discretion of the Program Director and/or Dean.

The status of academic probation is a stern warning to the student that satisfactory progress toward graduation is not being made. A student on probation is considered in "good standing" for certification purposes and is eligible to enroll. No entry is made on the permanent academic record. Students who are notified of probationary status are strongly urged to contact their academic adviser. Probation can also apply to scholarship status. See note under "Unsatisfactory Course Grades."

Suspension and Dismissal are involuntary separations of the student from his/her program. Suspension is for a set period of time. Dismissal is permanent. A suspended or dismissed student is not in good standing and is not eligible to enroll as a student during the suspension period. "Academic Suspension (or Dismissal)" is recorded on the permanent academic record. Please see policies in the appropriate SMU catalog at <http://www.smu.edu/catalogs>. The student can appeal to the Office of the Dean of the Annette Caldwell Simmons School of Education and Human Development. All decisions of the Office of the Dean are final.

## **Honor Code**

Graduate students are held accountable for the University's Honor Code ([www.smu.edu/StudentAffairs/StudentLife/StudentHandbook/HonorCode](http://www.smu.edu/StudentAffairs/StudentLife/StudentHandbook/HonorCode)), especially Article III, section 1:

### SECTION 1: FACULTY DISPOSITION OF A SUSPECTED HONOR VIOLATION

A faculty member who suspects that a student has committed an act of academic dishonesty may take either or both of the following courses of action:

(a) Determine to handle the situation privately with the student, in which case these procedures should be followed:

(i) The faculty member shall inform the student of the alleged misconduct and, after discussing it with him or her, determine whether or not the student is responsible for a violation of the Honor Code;

(ii) The faculty member shall inform the student of the sanctions for a determination of responsibility, which may be as severe as a failing grade in the course;

## **Financial Aid**

The tuition for master's education coursework is significantly reduced from the standard University tuition as part of SMU's commitment to graduate education for teachers. Please see website for more information.

<http://www.smu.edu/EnrollmentServices/Bursar/CostofAttendance>

Students who are admitted to a degree program and who enroll for a minimum of 4.5 credit hours in any one semester may be eligible to apply for federal financial aid. Please see the school website for more information:

<http://www.smu.edu/EnrollmentServices/FinancialAid>.

Many students are also eligible for loans. Please contact the University Department of Financial Aid for more information (214-768-3417).

## **Notice of Nondiscriminatory Policy (Students)**

Southern Methodist University admits students without discrimination based on race, color, national and ethnic origin, age, religion, sex, disability, sexual orientation, marital status, or citizenship to all the rights, privileges, programs, and activities generally accorded or made available to students at the University.

## Master's Project Form

The student is responsible for having this form completed and returned to the adviser by the end of the semester in which they take the course which houses their Master's Project.

## Graduation Information

### **READ THIS DOCUMENT CAREFULLY. YOUR GRADUATION WILL DEPEND ON IT!**

Graduation ceremonies happen twice a year at the end of fall term (December) and the end of spring term (May). There is no ceremony in August; the diplomas are mailed to the graduates.

If a student has 6 credit hours or fewer to take in summer for completion of degree, he/she is eligible to participate (walk) in the spring graduation ceremonies; however, he/she does not graduate or receive the diploma until August after successfully completing all required courses. (See next page for details.) Walking in the following December ceremony is also available for students graduating in August.

Fall: There is only one Commencement Ceremony for all graduates (typically on Saturday).

Spring: There are two ceremonies: the Commencement Ceremony for all graduates (typically on Saturday) and the Simmons School Graduation Ceremony (typically on Friday) is for all departments in Simmons, including the Dept. of Teaching and Learning. At the Simmons ceremony, students actually receive their diplomas.

Sequence of steps toward graduation:

1. Submit the Intent to Graduate (ITG) form to the Dept. of Teaching and Learning Office, Suite 307 Harold Simmons Hall.
2. Complete and submit Application for Candidacy to Graduate (ACG) form.

To access the form, I understand that I must check my “other academic” in the drop-down menu on my.SMU to find the link to do my ACG.

3. Check the SMU email for announcements from Graduation and Diploma Services ([smu.edu/graduation](http://smu.edu/graduation)) and Simmons Dean’s office. All graduation information, such as ordering cap and gown, dates, tickets, and orientation originates from these sources.

### Walking Details

There are two situations for participating in a graduation ceremony in a term other than the one in which a student is officially graduating.

Option 1:

Students who have six (6) credit hours or fewer to complete their degree have the option to participate in an earlier ceremony

Option 2:

Students can plan to participate in a ceremony after they complete their degree.

The Petition to Walk must be submitted within two (2) weeks after the start of the preceding graduation term. For example, if the student will actually graduate in August but wants to participate in the May ceremonies, they must submit the petition during the first two weeks of the spring term.

### Diplomas

There are three (2) diplomas presented at the ceremony:

1. Master of Bilingual Education

2. Master of Education—This includes all majors and specializations. The majors are documented on the transcript, but not the diploma: SPED, Certification Preparation, and MED (with any specialization).

### Final Transcripts

Final transcripts with degrees posted will be available approximately ten (10) days after graduation.

Summer diplomas will be mailed to the student's home address in late August. Please make sure to check my.SMU to verify you have a correct home or diploma address listed.

# Intent to Graduate (ITG)

This form must be submitted to the advising office during the last few weeks of the term prior to when you intend to graduate. For example, if you plan to graduate in May, you must submit the ITG during fall term.

It is my intent to graduate in

- |                                              |                             |
|----------------------------------------------|-----------------------------|
| <input type="checkbox"/> December graduation | ITG form due in summer term |
| <input type="checkbox"/> May graduation      | ITG form due in fall term   |
| <input type="checkbox"/> August graduation   | ITG form due in spring term |

At the end of my final term, I will have completed the course work and hours required for (Circle one)

MBE      MED (including MED with Cert.)      ~~MSPED~~

At the end of my final term, I will have at least a 3.0 GPA and be in good standing with the University and the Department of Teaching & Learning and will have completed the Master Project and removed all incompletes from my transcript. The Master Project form is at the end of the Master's Handbook on our website. I understand that I am responsible for turning in the signed form to my adviser once I have completed the project.

I understand that I must complete the Application for Candidacy to Graduate (ACG form) in [my.smu](#) .I will follow the deadlines pertaining to graduation in the academic calendar and the Graduate Handbook.

I understand that if I choose to participate in any graduation ceremony, that I am responsible to following all guidelines in the Academic Ceremonies.

### Master of Education with Certification

The Master of Education with Certification is a cohort program. If for any reason, a student does not follow the course sequence listed below, the result may be an extension of the projected time line.

<b>EC-6 Certification Level or 4-8 Core/ELAR</b>
<b>Summer</b>
EDU 6302 Design & Assessment of Learning for Differentiated Instruction (Summer 1)
EDU 6390 L2 Classroom Instruction
<b>Fall</b>
EDU 6121 Field Experience I
EDU 6349 Learning Sciences In STEM Education
EDU 6327 Learning to Read and Write
EDU 6326 Content Area Studies
<b>Spring</b>
EDU 6122 Field Experience II
EDU 6123 Field Experience III
EDU 6336 Reading and Writing to Learn
EDU 6329 EC-6th Math
EDU 6356 Foundations of Special Education
<b>Summer</b>
EDU 6303 Learning Environment & Professionalism (Summer1)
<b>Fall</b>
EDU 6306 and 6307 Clinical Teaching OR EDU 6376 and 6377 Internship (two terms)

<b>EC-12 &amp; Secondary Certification Levels or 4-8 Math/Science</b>
<b>Summer</b>
EDU 6302 Design & Assessment of Learning for Differentiated Instruction (Summer 1)
EDU 6390 L2 Classroom Instruction
<b>Fall</b>
EDU 6121 Field Experience I
EDU 6324 Content Methods or content subject course
EDU ELECTIVE
<b>Spring</b>
EDU 6122 Field Experience II
EDU 6123 Field Experience III
EDU 6366 Reading and Writing in Content Areas
EDU Elective
EDU 6356 Foundations of Special Education
<b>Summer</b>
EDU 6303 Learning Environment & Professionalism (Summer1)
<b>EDU 6315 Diverse Learners</b>
<b>Fall</b>
EDU 6306 and 6307 Clinical Teaching OR EDU 6376 and 6377 Internship (two terms)

**Non-Degree Cohort  
Programs Early Literacy  
K-2 Program**

The Early Literacy (K2) Program is a cohort program. If for any reason, a student does not follow the course sequence listed below, the result may be an extension of the projected time line.

**Students select by Literacy Faculty**

Term	Course Number	Course Name
1 Fall	EDU 6364	Literacy Acquisition 1 K-2
	EDU 6323	Literacy Assessment (section for K-2)
2 Spring	EDU 6367	Literacy Acquisition 2 K-2
3 Summer	EDU 6315	Diverse Learners
4 Fall	EDU 63XX	Practicum
5 Spring	EDU 6311	Literacy Leadership and Consultation Master Project for those continuing in Master of Education

If students want to continue their studies by earning a Master of Education, they can begin taking M.Ed. courses while working on the Early Literacy K-2 program. The 18 credit hours from the Early Literacy program plus an additional 18 graduate hours will complete a M.Ed. See degree plan options on pages 10 and 11.

## K2 Cohort 3 Choices for Master of Education

<p><b>MED</b></p> <p><b>Fall 1</b>  EDU 6364  EDU 6323</p> <p><b>Spring 1</b>  EDU 6367</p> <p><b>Summer 1</b>  EDU 6368  Core course* 6304</p>	<p><b>Fall 2</b>  EDU 63XX  3-hour elective</p> <p><b>Spring 2</b>  EDU 6311</p> <p><b>Summer 2</b>  3-houreelective  3-hour elective  3 hour elective  Core course*</p>
---------------------------------------------------------------------------------------------------------------------------------------------------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

\*Core courses are EDU 6304, EDU 6315

------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

**NOTE:** All courses and schedules are subject to change, and availability of courses is dependent on enrollment minimum of 10 students.

## Learning Therapist Program Required Courses for Specialization at Practitioner/Teaching Level

Dallas Independent School District will select teachers and pay their tuition, parking and materials

Term	Course Number	Course Name
1 Summer	EDU 6330	Survey of Dyslexia and Related Learning Disabilities
2 Fall	EDU 6331	Cognitive and Linguistic Structures
	EDU 6101	Clinical Therapy Practicum I
	EDU 6115	Phonological Awareness--online
3 Spring	EDU 6231	Early Language Development
	EDU 6102	Clinical Therapy Practicum II

Note: If DISD students want to transition into the MED program, they must take EDU 1116 to complete the 12 hours/specialization.

The following courses would be required if LT specialization Therapist Level is sought.

**This would be at the student's expense.**

EDU 6332 Advanced Course A: Advanced Cognitive and Linguistic Structures of Written Language, Part I  
 EDU 6333 Advanced Cognitive and Linguistic Structures of Written Language Part II  
 EDU 6103 Clinical Therapy Practicum III  
 A one-hour elective (EDU 6115, EDU 6116 or EDU 6118)  
 EDU 6233 Advanced Cognitive and Linguistic Structures of Written Language Part III  
 EDU 6104 Clinical Therapy Practicum IV

**Students from these non-degree cohorts can roll over 21 hours to a master's program with completed hours.**

**Non-Degree Programs  
Learning Therapy: Therapist Level**

Term	Course Number	Course Name
<b>YEAR 1 Summer</b>	EDU 6330	Literacy Instruction for Students with Dyslexia and Related Disorders: Introductory Course
<b>YEAR 1 Fall</b>	EDU 6101	Clinical Therapy Practicum I
	EDU 6331	Introductory course B, Cognitive and Linguistic Structures of Written Language
<b>YEAR 1 Spring</b>	EDU 6102	Clinical Therapy Practicum II
	EDU 6231	Introductory course C, Early Language Development
<b>YEAR 2 Summer</b>	EDU 6332	Advanced Course A, Advanced Cognitive and Linguistic Structures of Written Language, Part I
	Pick one	
	EDU6110	Automaticity and Rate--Online
	EDU 6134	Study Skills
<b>YEAR 2 Fall</b>	EDU 6333	Advanced Cognitive and Linguistic Structures of Written Language Part II (Lecture)
	EDU 6103	Clinical Therapy Practicum III
	Pick one	
	EDU6115	Phonological Awareness --Online
	EDU 6116	Procedures & Measures for Assessing Students
	EDU 6118	Characteristics of Dyslexia—Online
<b>YEAR 2 Spring</b>	EDU 6233	Advanced Cognitive and Linguistic Structures of Written Language Part III
	EDU 6104	Clinical Therapy Practicum IV

**21 hours of Learning Therapy courses can transfer to a 36 hour Master of Education Degree**

**Specialization of Advanced Studies (CAS) in Instructional and Administration of Learning Therapist**

Term	Course Number	Course Name
<b>Summer 1</b>	EDU6352	CAS Instructor Level I Instructional Assistant in Survey of Dyslexia and Related Disorders
<b>Fall 1</b>	EDU 6353	CAS Instructor Level 2 Instructional Assistant in Cognitive and Linguistic Structures of Written Language
<b>Spring 1</b>	EDU 6234	CAS Instructor Level 3 Introductory course C, Early Language Development
<b>Summer 2</b>	EDU 6354	CAS Instructor Level 4 Advanced Course A, Advanced Cognitive and Linguistic Structures of Written Language, Part I
<b>Fall 2</b>	EDU 6355	CAS Instructor Level 5 Advanced Cognitive and Linguistic Structures of Written Language Part II (Lecture)
<b>Spring 2</b>	EDU 6235	CAS Instructor Level 6 Advanced Cognitive and Linguistic Structures of Written Language Part III (Lecture)

## Degree Plans for Master of Education or Master of Bilingual:/Master of Education TFA6

Students that are TFA alums but did not complete the 18 hours with SMU when completing their Internship are classified as TFA 6 and will use the following format to complete their degrees

### Master of Bilingual Education

- **6 hours of Core Courses**
- **6hours of EDU coursework of choice**
- **12 hours of Bilingual core courses:**

EDU 6319 Fundamental of Bilingual Education

EDU 6321 Bilingualism/Biliteracy

EDU 6312 Applied Linguistics

EDU 6339 Bilingual Content Instruction **Master Project**

- **12 hours of electives:**

EDU 6302 Credit from TFA Summer Institute

EDU 6303 Credit from TFA Summer Institute

EDU Elective 3 credit hours

EDU Elective 3 credit hours

### Master of Education

- **6 hours of Core Courses**
- **18 hours of a specialization or EDU coursework of choice**
- **12 transfer hours of elective:**

EDU 6302 Credit from TFA Summer Institute

EDU 6303 Credit from TFA Summer Institute

EDU Elective 3 credit hours

EDU Elective 3 credit hours
