### AT A GLANCE

A dynamic facilities and construction professional with 25+ years of experience leading complex capital projects in support of large-scale facilities operations and growth across both public and private sectors in healthcare, higher education, and institutional environments. Leveraging experience in construction, design, and owner representation to drive dynamic solutions, positive outcomes and successful project delivery. Proven ability to build strong collaborative partnerships with all stakeholders and cross-functional teams that enable the delivery of safe, efficient and high-performing environments.

### CURRENT ROLE

- Provide executive leadership, strategic direction, and performance accountability for all campus facilities operations and maintenance.
- Lead tactical and long-range operational planning to ensure facilities performance, workforce effectiveness, and scalable service delivery models that support the university's strategic plan.
- Partner with Facilities Planning and Management teams to align operational and technical support with current and future capital and renovation projects.
- Lead facilities, grounds, and support service operations to enhance the campus environment and deliver a positive experience for students, faculty, staff, and the greater Dallas community.

### RELEVANT PROJECTS

- Cox School of Business  
\$133 million project includes 228,001 GSF of renovation and expansion across three stories and a basement. The scope includes classrooms, offices, food service areas, trading labs, a distance learning lab, a 400-seat auditorium, a 149-occupant ballroom, and a business library.
- Campus Monument Sign - Bishop Boulevard and Mockingbird Lane  
Project includes cleaning of the campus monument sign and surrounding pavers, with evaluation of options to refinish the existing concrete slab.
- Park Cities Plaza - Barnes & Noble Expansion and Renovation  
Project includes expansion of the Barnes & Noble retail space within Park Cities Plaza and minor renovation of the existing space, including interior improvements and furnishings.
