Get The Right Care for Your Mental Health

We know everyone's mental health journey is one-of-a-kind.

Our new Mental Health Hub can help guide you to the best care for your needs. The Hub is an online tool that provides access to mental health providers, videos, podcasts, articles and more!

It covers 200+ mental health and wellbeing topics such as:

- Anxiety
- Stress
- Resilience
- Depression
- Substance Use
- Relationships
- Parenting
- Self-care
- Eating Disorders

The Hub also features over 15 different wellbeing assessments to help you learn more about your mental health, including our comprehensive Wellness Check-In Assessment. Most of them can be completed in just a few minutes. Based on your results, you will receive a list of recommended resources that match your needs. They may include counseling, self-paced programs and/or medication management.

Wellness Check-in Assessment

This a great starting point! When you first access the Hub, you will be prompted to take it. You can retake this assessment as many times as you like to track your progress, and you can use it for covered dependents, including children, too.
