## Benefits Enrollment via my.SMU.edu

**Review your benefits options!** Information on your options is available on the SMU HR website and in this Benefits Guide.

**Consider your choices carefully!** Once you have submitted your elections, you cannot make changes to your benefits unless you have a subsequent qualifying life event or during the next Open Enrollment period.

**Flexible Spending Accounts & the Health Savings Account!** If you want to contribute to one or both Flexible Spending Accounts (FSAs) or the Health Savings Account (HSA), you are required to make a new election each year during Open Enrollment. If you do not make a new election, you will not be able to contribute to the FSAs/ HSA for the upcoming plan year.

**Get Ready to Enroll!** Be sure you have **accurate** dates of birth and Social Security Numbers for yourself and any dependent(s) you want to cover. You will also need your SMU Employee ID and password to log in to [my.SMU.edu](https://my.smu.edu).

**Enroll by your deadline!** New Faculty/Staff must make their benefit elections within 31 days of their hire date. If you do not make your elections within this 31-day window, you will have only SMU-paid Basic Life coverage until your next enrollment opportunity. Faculty/Staff making changes due to qualifying life events or during an Open Enrollment period must make their benefit elections within 31 days of their qualifying event date or within the designated Open Enrollment period.

**Follow-up!** Verify the correct deductions are taken from your paycheck. Immediately email the Benefits Department at [benefitsu@smu.edu](mailto:benefitsu@smu.edu) if you find any discrepancies.

**Important!** Once you enter and save dependent information (i.e., name, date of birth, SSN, relationship, gender, marital status, etc.) you cannot edit that information. If you find anything that requires correction, send an email to [benefitsu@smu.edu](mailto:benefitsu@smu.edu).

# Eligibility

---

## Who Is Eligible

### Employee Eligibility

If you regularly work 20 hours or more per week, you are eligible to enroll in SMU's benefits plans during your first 31 days of employment, within 31 days of a qualified "Life Event," or during the annual Open Enrollment.

### Dependent Eligibility

Eligible dependents include your legal spouse and dependent children. "Children" are defined as your natural children, stepchildren, legally adopted children, and children under your legal guardianship. Physically or mentally disabled children of any age who are incapable of self-support are eligible for continued coverage. Proof of disability is required.

- **Medical:** Children through age 25 – even if the child no longer attends college, doesn't live with his/her parents, is married, and/or is not a declared dependent.
  - » Coverage ends on the day prior to attainment of age 26.
- **Dental:** Unmarried children through age 25 (regardless of student status).
  - » Coverage ends on the day prior to attainment of age 26
- **Vision:** Unmarried children through age 24 (regardless of student status).
  - » Coverage ends on the last day of the month in which the 25th birthday occurs.
- **Supplemental Life Insurance:** Unmarried children through age 24 (regardless of student status) and unmarried natural or adopted grandchildren, through age 24, who are financially dependent upon you for support.
- **Accidental Death & Dismemberment (AD&D):** Unmarried children through age 24 (regardless of student status) and unmarried natural or adopted grandchildren, through age 24, who are financially dependent upon you for support.

**Covering dependents who are not eligible is a violation of both the Internal Revenue Code and University policy. It is very important you understand SMU's dependent eligibility requirements.**

If you find that you are currently covering a dependent under a SMU benefit plan who does not meet the eligibility requirements, please notify the Department of Human Resources immediately.

If your child becomes ineligible for coverage you must notify the Department of Human Resources at [benefitsu@smu.edu](mailto:benefitsu@smu.edu).

# Qualifying Life Events

You have an opportunity to enroll in SMU benefits when you first become eligible as a new employee. The next opportunity you have to change your benefits choices is during annual Open Enrollment each year. Annual Open Enrollment typically occurs in October.

Once you have made your enrollment choices, you generally cannot make any changes until the next annual Open Enrollment. However, you may make certain changes if you have a Qualifying Life Event that affects your benefits. Typical Qualifying Life Events include, but are not limited to:

- Marriage or divorce;
- Birth or adoption of a child;
- Death of a spouse or other eligible dependent;
- Enrollment in (or loss of) state or federal medical coverage;
- Change in your spouse's or child's employment resulting in gain or loss of eligibility for employer's benefits.

If you have a Qualifying Life Event, you must contact the Department of Human Resources immediately. You also must submit documentation of the event (a marriage license, birth certificate, death certificate, etc.).

You will have **31 days** from the date of your Life Event to make allowable benefits changes via [my.SMU.edu](https://my.smu.edu). Please contact the Department of Human Resources immediately at [benefitsu@smu.edu](mailto:benefitsu@smu.edu). Provide your SMU ID and the Life Event type and date. Instructions will be emailed to you.

## Medicaid/CHIP Special Enrollment Period

Effective April 1, 2009, the group health plans provided by SMU include two additional special enrollment opportunities. These qualifying Life Events occur when:

- You (the employee) or your dependent's Medicaid or CHIP (Children's Health Insurance Program) coverage is terminated as a result of loss of eligibility; or
- You (the employee) or your dependent becomes eligible for a premium assistance subsidy under Medicaid or CHIP.

You must request this special enrollment within 60 days of the loss of Medicaid or CHIP coverage, or within 60 days of when eligibility for premium assistance under Medicaid or CHIP is determined. The 31 day notice is still required for all other special enrollments.

**IMPORTANT NOTE:** Newborns are NOT automatically added to your coverage under SMU's benefit plans.

# Medical Coverage

SMU's medical plans, administered by BlueCross BlueShield of Texas (BCBSTX), include the \$2,000 deductible PPO and the \$2,700 and \$5,000 High Deductible Health Plans (HDHPs). All of the plans cover a wide variety of medical services, but coverage under the HDHPs is very different than coverage under the \$2,000 deductible plan.

## \$2,000 Deductible PPO

A Preferred Provider Organization (PPO) health plan allows for more flexibility and more choices when it comes to your health care. A PPO plan offers a network of health care providers to choose from, and you have the freedom to receive care from any in- or out-of-network doctor, specialist or hospital without a referral – even when you travel. Keep in mind, however, that your out-of-pocket medical costs will be substantially higher if you use an out-of-network provider.

For many people, health care typically involves a visit to a primary care physician (PCP) or a specialist. With the \$2,000 deductible plan, you pay a \$25 copay for a PCP office visit and \$75 for a specialist office visit. Office visits are not subject to the deductible unless the doctor orders lab work or other tests.

For prescription medications, you pay coinsurance. For example, you will pay 30% for a generic medication and the plan pays 70%. If you order “maintenance” medications such as asthma, cholesterol and blood pressure medications via PrimeMail, your cost is capped at \$20 for a generic medication and \$98 for a preferred brand medication. Prescription medications are not subject to the \$2,000 deductible with this plan, but brand name medications are subject to a \$100 annual deductible.

Other health services such as a MRI or CT scan, surgery, and hospitalization are subject to your deductible so you would pay the cost of the service until your deductible is satisfied, then you and the plan share the remaining cost. For example, if you have a \$20,000 surgery, you pay the first \$2,000, then the plan pays 80% and you pay 20%, up to your annual out-of-pocket maximum. For more details, be sure to review page 10.

For the most current list of in-network providers, go online to the Doctor and Hospital Finder at [www.bcbstx.com](http://www.bcbstx.com) (select Blue Choice PPO plan option when prompted).

## \$2,700 and \$5,000 High Deductible Health Plans (HDHPs)

The \$2,700 and \$5,000 HDHPs are also PPOs but are very different than the \$2,000 deductible plan. Below, and on pages 11 and 12, is important information regarding the HDHPs:

- With the exception of preventive care services like annual physicals, health screenings and immunizations, the \$2,700 and \$5,000 HDHPs pay nothing until you satisfy the deductible. You pay the rate that has been negotiated between BCBSTX and the physician for office visits and you pay the full cost of prescription medications until the deductible is satisfied.
- Once the deductible is satisfied, the \$2,700 HDHP pays 100% of all costs except \$25 or \$75 copays for physician office visits, \$300 copay for emergency room visits (if not admitted), and coinsurance for prescription drugs. You continue to pay these copays and coinsurance until you reach the out-of-pocket maximum, at which time the plan pays 100% for all covered services for the remainder of the calendar year.
- For the \$5,000 HDHP, once the deductible is satisfied, you have also satisfied the out-of-pocket maximum and the Plan pays 100% for all covered services for the remainder of the calendar year.
- The family deductible for the \$2,700 and \$5,000 HDHPs works the same way as the \$2,000 deductible PPO. No covered participant will contribute more than the individual deductible amount to the “family” deductible.

## Preventive Benefits – Routine Physicals, Screenings, and Immunizations

All three medical plans cover 100% of the cost of in-network routine annual physicals, age-recommended screenings (including breast, bone density, prostate and colon screenings), and immunizations for you and your enrolled dependents. These preventive services are not subject to your deductible or office visit copays.

- **IMPORTANT:** If your doctor submits a claim for a screening or a physical exam under a diagnostic code (vs. a routine preventive code), the claim will be applied to your deductible. The only exception will be for a colonoscopy, which will be paid at 100% for individuals enrolled in the \$2,000 deductible Medical plan, regardless of whether the claim is coded as diagnostic or routine preventive. Per IRS regulations, the diagnostic colonoscopy exception does not apply to individuals enrolled in the \$2,700 or \$5,000 HDHPs.

After you satisfy the annual deductible the Plan pays 100% with the exception of office visit copays, emergency room copays, and prescription drug coinsurance – all of which continue to apply to your annual out-of-pocket maximum. The plan pays 100% of eligible expenses after you reach the out-of-pocket maximum.

### IMPORTANT: About Medicare Part D Coverage

If you enroll in the \$2,700 HDHP with the HSA and you are eligible for Medicare (or will be Medicare eligible in the next few years), it's important to know that this plan does not provide "creditable coverage" should you enroll in the Medicare Part D prescription plan going forward. This means if you enroll in this plan and later enroll in Medicare Part D, you will incur a 1% late enrollment fee for every month you remain in this plan past your eligibility for Medicare.

After you satisfy the annual deductible, you will also have satisfied the out-of-pocket maximum and the Plan pays 100% of your eligible in-network expenses.

### IMPORTANT: About Medicare Part D Coverage

If you enroll in the \$5,000 HDHP with the HSA and you are eligible for Medicare (or will be Medicare eligible in the next few years), it's important to know that this plan does not provide "creditable coverage" should you enroll in the Medicare Part D prescription plan going forward. This means if you enroll in this plan and later enroll in Medicare Part D, you will incur a 1% late enrollment fee for every month you remain in this plan past your eligibility for Medicare.

# Prescription Drug Coverage

Prescription drug benefits are administered by Prime Therapeutics. You have the choice of purchasing your prescriptions through local retail pharmacies or through the PrimeMail/Walgreens Mail Service.

## Retail Prescription Program

The retail prescription program utilizes a network of participating pharmacies. To receive the highest benefit level, you must use a participating pharmacy. Prescriptions filled at non-participating pharmacies are generally not covered.

The \$2,700 HDHP covers a portion of the cost of prescription drugs AFTER you meet your annual in-network deductible (for both retail network pharmacies and the mail order program).

The \$5,000 HDHP covers 100% of the cost of prescription drugs AFTER you meet your annual in-network deductible (for both retail network pharmacies and the mail order program).

**NOTE:** Whenever there is a generic drug available, it will be substituted for a brand name drug, unless otherwise directed by your physician as "Brand Necessary" on your prescription.

## Mail Order Prescription Program

The PrimeMail Program, administered by Walgreens, should be used for prescription medications that you take on a regular basis (maintenance medication).

You can order up to a 90-day supply of your medication(s) and they will be mailed directly to your home, often at reduced cost to you. Using Walgreens Mail Service is convenient because you can avoid trips to the pharmacy and get a 90-day supply at one time.

## Specialty Prescription Program

Your prescription drug plan includes coverage for certain specialty medications.

- Specialty medications are generally high-cost injectable drugs with special handling or storage requirements that require careful adherence to treatment protocols.
- To assist members who require these medications, Prime Therapeutics includes a specialty pharmacy program to provide additional support.
- This program offers members an alternative to obtaining their covered specialty medications at a retail pharmacy.

When you obtain covered specialty medications through the Prime Therapeutics Specialty Pharmacy Program, you receive – at no additional charge – services designed to help in managing your therapy, including:

- Coordination of coverage between you, your physician, and Prime Therapeutics.
- Convenient delivery of medications to you or your physician's office.
- Educational materials, including information about managing potential medication side effects.
- Syringes, “sharps containers,” and other supplies with every shipment for self-injectables.
- 24/7/365 customer service phone access.

For a complete list of medications for which a dispensing limit exists, visit [www.bcbstx.com](http://www.bcbstx.com).

If you have questions about your prescription drug benefit, call the Prime Therapeutics Customer Service number on the back of your BCBSTX ID card.

## Mastectomy Coverage

The medical plans cover surgery after a mastectomy to:

- Reconstruct the breast on which the mastectomy was performed.
- Reconstruct the other breast to produce a symmetrical appearance.

This coverage is required by federal law. Prostheses and physical complications in all stages of the mastectomy, including lymphedemas, are also covered.

## Maternity Coverage

In accordance with federal law, SMU's Medical plans do not restrict benefits, for any hospital length of stay in connection with childbirth for the mother or newborn child, to less than 48 hours following a vaginal delivery or less than 96 hours following a Caesarean delivery.

- However, federal law generally does not prevent the mother's or newborn's attending care provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours, as applicable).

# Dental Coverage

SMU's Dental Plan is administered by BlueCross BlueShield of Texas (BCBSTX). The Dental Preferred Provider Organization (DPPO) allows you to visit any dentist, without referrals, for all of your dental care. If you use a BlueCare® in-network dentist, you will generally pay less for your care.

If you choose a dentist outside of the BlueCare® network, your share of costs will be higher and you may need to file your own claims.

You will receive a BCBSTX ID Card, which you must present at the time you receive services. If you also enroll in the SMU Medical Plan, you will have one BCBSTX ID card which you will use for medical services, prescription medications, and dental services.

# Health Savings Account (HSA)

If you enroll in either the \$2,700 or \$5,000 High Deductible Health Plan (HDHP), you should also take advantage of a special tax-savings feature called a Health Savings Account (HSA). The HSA, which is administered by BenefitWallet, is a tax-free bank account you use to help pay the cost of eligible health care expenses.

- **This is an important feature since neither the \$2,700 nor the \$5,000 HDHP pay any benefits, with the exception of preventive care services, until you satisfy your deductible.**

You can keep your HSA if you change health plans or jobs, become unemployed, move to a different geographic area or change your marital status.

You make contributions to your account via pretax payroll deductions, reducing your taxable income. You can use the HSA to pay for qualified health care expenses, such as:

- Expenses applied to your HDHP deductible
- Amounts above reasonable and customary charges for out-of-network services
- Dental and vision expenses not covered by your dental and vision plan

## Who is Eligible?

In order to participate in a HSA, you:

- must be enrolled in the \$2,700 or \$5,000 HDHP
- cannot be covered by any other health plan that is not a HDHP
- cannot be currently enrolled in Medicare or Tricare
- cannot have received medical benefits through the Department of Veterans Affairs (VA) during the preceding 3 months
- cannot be claimed as a dependent on another person's tax return

**Even if you do not contribute to the HSA, you cannot contribute to SMU's Health Care FSA if you are enrolled in either the \$2,700 or \$5,000 HDHP.**

## HSA Contribution Limits

For 2018, you can contribute up to a maximum of **\$3,450** for an individual or up to **\$6,900** for a family. If you are age 55 or older, you can contribute an additional \$1,000. Your contributions are deducted from your paycheck on a pretax basis, reducing in your taxable income. The money is placed in an account, where it earns interest after you contribute a certain amount. The money in your HSA is always yours to keep.

**HSA Fees:** SMU pays the monthly account fee on behalf of active employees contributing to the HSA with BenefitWallet. Other fees are the responsibility of the HSA participant.

## How To Set Up Your Account

Once you enroll in the SMU \$2,700 or \$5,000 HDHP, you will receive a Welcome Packet from BenefitWallet. You must complete and sign all of the forms included in the packet and return them to BenefitWallet immediately.

- ***If you do not follow the instructions and activate your account immediately you will not have access to your contributions.***
- You will receive a debit card which you can use to pay for eligible health care expenses. A checkbook may be requested from BenefitWallet.
- If you would like your out-of-pocket expenses, including the deductible, to be automatically debited from your HSA, contact the BenefitWallet HSA Contact Center at 1-877-635-5472 to sign up for auto-adjudication.

## If You Have Money Left at Year-End

Any money left in your account at the end of the year remains there. You can use it to help pay your qualified health care expenses in future years. If you leave SMU, you take your HSA with you. There are no “use it or lose it” rules with HSAs.

## For More Information

If you have questions about the HSA or want to take advantage of BenefitWallet’s online customer service tools, visit the BenefitWallet website at [www.mybenefitwallet.com](http://www.mybenefitwallet.com).

In case of a tax audit by the IRS, it’s important to save your receipts for all health care expenses you’ve paid out of your HSA.

Visit [smu.edu/hr](http://smu.edu/hr) > Benefits and Wellness > Health and Other Benefits > Spending Accounts > Health Savings Account

# Flexible Spending Accounts (FSAs)

Flexible Spending Accounts (FSAs), administered by Discovery Benefits, enable you to pay for qualified expenses on a pretax basis.

If you enroll, you choose an annual amount you want to contribute. Your contributions are deducted each pay period and deposited in your account. Since this money is deducted from your paycheck on a pretax basis, you reduce your taxable income.

For more details regarding eligible expenses, visit [www.discoverybenefits.com](http://www.discoverybenefits.com).

## Health Care FSA

The Health Care FSA is used to pay for eligible out-of-pocket health expenses. The maximum amount you can contribute to the Health Care FSA is **\$2,600** per employee.

## Dependent Care FSA

The Dependent Care FSA is used to pay for eligible day care expenses for a dependent that lives with you and is under age 13 (or disabled and any age). You must claim this person as a dependent on your income tax return. If you are married and file a joint return, or you file a single or head of household return, the annual contribution limit is **\$5,000**. If you are married and file separate returns, you can each elect **\$2,500** for the calendar year.

## FSA or Tax Credit?

A child-care tax credit is available on your federal income tax return. Expenses you pay through the Dependent Care FSA reduce the tax credit you may claim. If you earn less than \$25,000, you may benefit more by using the tax credit. Ask a tax advisor which is better for you.

The Internal Revenue Service has a “use-it-or-lose-it” rule for these accounts. This means you must use your contributions during the year you make them. You can’t “roll over” unused amounts to cover next year’s expenses.

Keep in mind, if you enroll in the \$2,700 or \$5,000 HDHP, you cannot contribute to the SMU Health Care FSA.

# Why Bother with an HSA or FSA?

## Reduce Your Taxable Income and Save!

Let's say you and your family average \$2,000 a year in out-of-pocket health care expenses (medical, prescription, dental and vision expenses) that your SMU health plans don't fully cover (copays, deductibles, and coinsurance).

- **If you enroll in the \$2,000 Deductible PPO**, contribute \$2,000 (or more) to the Health Care FSA to reimburse yourself for the \$2,000 estimated out-of-pocket expense. You need to be careful about how much you contribute to the FSA since any funds remaining in your account at the end of the year are forfeited and do NOT roll-over to future years. The maximum annual Health Care FSA contribution is \$2,600.
- **If you enroll in the \$2,700 or \$5,000 HDHP**, contribute \$2,000 (or more) to the Health Savings Account (HSA) to reimburse yourself for the \$2,000 estimated out-of-pocket expense. Any HSA funds remaining in your account at the end of the year will rollover from year-to-year to help pay for future eligible expenses. The maximum annual HSA contribution is \$3,450 for an individual and \$6,900 for family coverage, plus an additional \$1,000 if you are age 55 or older.

	No FSA or HSA Contribution	Health Care FSA Contribution	HSA Contribution
<b>Monthly Income*</b>	\$3,917	\$3,917	\$3,917
<b>Monthly Contribution</b> Pretax Deduction	No Contribution	\$167	\$167
<b>Monthly Taxable Income</b> Less FSA/HSA Contribution	\$3,917	\$3,750	\$3,750
<b>Monthly Federal Income &amp; Social Security Tax**</b>	\$1,279	\$1,224	\$1,224
<b>Monthly Remaining Income</b>	\$2,638	\$2,526	\$2,526
<b>Monthly Tax Savings</b>	\$0	(\$55)	(\$55)
<b>Annual Tax Savings</b>	\$0	(\$660)	(\$660)

\* Assumes \$47,000 annual salary.

\*\* Assumes 25% tax bracket and 7.65% FICA tax (SS & Medicare).

- By using pretax dollars to pay for eligible health care expenses, the *Health Care FSA or the HSA allows you to save \$55 a month (\$660 a year) that you would otherwise pay in taxes!*
- While both the Health Care FSA and the HSA offer the same tax advantages, remember that contributions to a FSA must be used by the end of the calendar year as they do **NOT** roll-over to future years. Contributions made to a HSA remain in your account until you use them.

## Beneficiary Designation

You **MUST** designate a beneficiary for your Basic and Supplemental Group Life Insurance and AD&D Insurance when you elect coverage. Your beneficiary is the person (or people, estate, trust, etc.) who will receive your Life and/or AD&D insurance benefits if you die.

# Long-Term Disability Insurance

---

## Long-Term Disability

All full-time benefits-eligible staff and faculty are automatically covered under SMU's Long-Term Disability Plan after three months of employment. The cost of this benefit is paid entirely by SMU.

If you are eligible and you become totally and permanently disabled for 90 days, you will receive monthly income equal to 60% of your basic annual earnings, up to a maximum of \$7,500 per month. Your monthly LTD benefit will be reduced by Social Security and any other disability income you may be eligible to receive (such as Workers' Compensation).

## Long-Term Care Insurance

---

We try to plan for the surprises that life may bring in the future but even the most well-thought-out plans may not be enough to prepare us for the unexpected costs associated with long-term care. According to LongTermCare.gov, a site provided by the U.S. Department of Health and Human Services, at least 70 percent of people 65 and older will need long-term care services at some time in their lives.

Long-term care typically is not medical care, but rather the personal assistance you may need with the "activities of daily living" (i.e., bathing, eating, dressing, toileting, and mobility) as the result of an illness, an accident or the aging process. It can also include the supervision needed with a cognitive impairment such as Alzheimer's disease or Dementia. Because these services are not covered by your medical plan or Medicare, you would have to pay for this care out of your personal savings. Long-term Care Insurance (LTCI) is specifically designed to pay for that care so you don't deplete your savings when this care is needed.

You and your eligible family members should consider applying for LTCI before you need it, as policies become either unavailable or prohibitively expensive once it becomes clear that you need the coverage. SMU has three long-term care insurance plans, two with CNA and one with LifeSecure. CNA LTCI is no longer available for new enrollments effective December 31, 2015. LifeSecure LTCI was made available for new applications in February 2017.

## LifeSecure LTCI

This is an individual policy underwritten by LifeSecure Insurance Company. New employees interested in purchasing LifeSecure LTCI have 90 days from their hire date to apply for coverage with simplified underwriting. All other are required to go through the full underwriting process. Visit the LifeSecure Long-Term Care website at [www.groupltc.com/smu](http://www.groupltc.com/smu) to learn more, apply online, and get pricing information for you and your family. You can also call the long-term care enrollment line at 844-554-7116 to speak with an enrollment counselor.
