Edwin L. Cox School of Business

Named in 1978 in honor of Dallas businessman Edwin L. Cox, the Cox School of Business has a rich heritage that began in 1920 when the SMU Board of Trustees established a Department of Commerce at the request of the Dallas business community. In 1921, the Department of Commerce was renamed the School of Commerce. In 1941, the Board of Trustees established the School of Commerce as the School of Business Administration, and the new Bachelor of Business Administration Degree (B.B.A.) was approved. The graduate program at the School of Business Administration began in 1949 with the authorization of a Master of Business Administration (MBA) program. Both the B.B.A. and the MBA degree programs are accredited by the Association to Advance Collegiate Schools of Business (AACSB).

In 1952, SMU broke ground for the Joseph Wylie Fincher Memorial Building, and for years the Fincher Building housed all business education activities. The Fincher Building was renovated in 1987, and the Cary M. Maguire Building and the Trammell Crow Building were added. The opening of the James M. Collins Executive Education Center in 2005 ensured that working professionals in the Cox Executive MBA and Executive Education programs would have designated classrooms and meeting spaces.

As part of the *SMU Ignited* campaign, launched in September 2021, a major renovation of the Cox School's original three buildings and the construction of four new buildings added 30% more square footage to the school's original footprint in the heart of campus. The renovation and expansion project culminated in the fall of 2024, with the opening of the David B. Miller Business Quadrangle. It incorporates cutting-edge technology in a culture of community and collaboration, emulating the feel of corporate campuses to prepare students for job readiness on Day One.

The Cox School Executive Board, established in 1965 as the SMU Foundation for Business Administration, consists of devoted alumni, and corporate and private business leaders who serve as Cox School ambassadors to prospective students, donors, the corporate community and partner institutions. For more than a century, the Cox School's central purpose has remained constant: to provide high-quality business education to its students and the business community, conduct research that contributes to the understanding of business and management, and participate in service activities of the University and professional organizations. More than 3,040 students working toward undergraduate and graduate degrees were enrolled in the Cox School in the 2025–2026 academic year. We are proud to offer an outstanding business education and to have earned our national and international reputation for excellence and innovation.
