PROFESSIONAL OVERVIEW

I've been fortunate to have an over 30-year career in accounting since graduating from Ole Miss in 1989. My career has encompassed both public and industry accounting for both privately held and public companies. After 20+ years leading Venturity Financial Partners as its founder and CEO, I've handed off the reigns to my successor and now serve as Board Chair. I am passionate about teaching and am currently pursuing what I hope will be a 15+ year teaching career at the university level.

WORK EXPERIENCE
