Also, please describe or provide a link to program admissions policies that allow students to enter with credit for prior graduate work, and the expected implications for time to completion. Please indicate NA if not applicable:

Students who have attended other graduate programs may be able to receive course credit for some courses on a case-by-case basis. The instructor of the relevant course at SMU will review the students's syllabus for that class and determine if the class is comparable. If so, the Director of Graduate Studies can award course credit toward the 70-hour load to completion. A thesis completed at another institution will not be transferred to SMU.
