Rhodes Scholarship

Rhodes Scholarships are awarded to thirty-two U.S. students each year for two years of study in a degree program at the University of Oxford. The qualities required as noted in the application are "proven intellectual and academic achievement of a high standard...integrity of character, interest in and respect for their fellow beings, the ability to lead, and the energy to use their talents to the full." Applicants must not have passed their twenty-fourth birthday by October 1 of the year of application.

THE SCHOLARSHIP ADVISOR:

Candidates for the Rhodes Scholarship apply as individuals rather than as nominees. It is the intention of the Rhodes Trust, however, that universities establish committees to encourage and assist qualified students to apply. The Rhodes Trust requires an institutional letter of endorsement confirming that the "applicant has been selected to represent that institution in the state in which the applicant is applying." SMU's interviews and evaluations of preliminary candidates occur in early September. Deadline for submitting complete application materials to the campus committee, including letters of recommendation, is in August.

INFORMATION:

The [Rhodes Scholarship web site](#) has official information and application materials. Dr. Hugley-Cook, SMU's Rhodes advisor, also has more information.

CAMPUS APPLICATION (required):

SMU students and alumni/ae seeking endorsement must submit the application to Dr. Hugley-Cook, Office of National Fellowships, in August. Preliminary application consists of: application form; college transcripts for every college attended; list of principal activities and honors in college; personal statement describing academic and other interests; 5 to 8 required letters of recommendation (see below). Use the pdf application forms from the Rhodes web site [<http://www.rhodesscholar.org/>]

RECOMMENDATIONS:

Five to eight letters of recommendation are required for the application. At least four of these must be from faculty. Faculty letters are expected to be very detailed and to address the applicant's intellectual interests quite specifically, perhaps describing memorable in-class debates and/or outstanding scholarly papers from seminars and independent study projects. Applicants should not select prospective referees solely on the basis of class standing.

FINAL APPLICATION:

Candidates who receive the endorsement of the campus Rhodes committee will continue to meet with the advisor to finalize the application. Candidates are responsible for submitting their application by the deadline and confirming that recommendations have been received on time. Selected applicants will be invited to interview with a regional Rhodes committee. The regional committees will each elect finalists. Each of the eight districts will elect four Scholars. History of the Rhodes Scholarship

The Rhodes Scholarships, the oldest international fellowships, were initiated after the death of Cecil Rhodes in 1902, and bring outstanding students from many countries around the world to the University of Oxford. The first American Scholars were elected in 1904. American Rhodes Scholars are selected through a decentralized process by which regional selection committees

choose 32 Scholars each year from among those nominated by selection committees in each of the fifty states.

Intellectual distinction is necessary but not sufficient for election to a Rhodes Scholarship. Selection committees seek excellence in qualities of mind and in qualities of person which, in combination, offer the promise of effective service to the world in decades ahead. Rhodes Scholarships are investments in individuals rather than in projects. Accordingly, applications are sought from talented students without restriction as to field of specialization or career plans although the proposed course of study must be available at Oxford, and the applicant's undergraduate program must provide a sufficient basis for further study in the proposed field. Through the years, Rhodes Scholars have pursued studies in all of the varied fields available at the University of Oxford.

Rhodes Scholarships are for two years of study at the University of Oxford, with possibility of renewal for a third year. All educational costs, such as matriculation, tuition, laboratory and certain other fees, are paid by the Rhodes Trustees. Scholars receive in addition a maintenance allowance to meet necessary expenses for term-time and vacations. The Rhodes Trustees cover necessary costs of travel to and from Oxford, and may approve additional grants for research or for study-related travel.

George Mitchell Scholarship

www.us-irelandalliance.org

Named to honor the former U.S. Senator's pivotal contribution to the Northern Ireland peace process, the George J. Mitchell Scholarships are intended to familiarize and connect the next generation of American leadership with the island of Ireland. These Scholarships support one year of graduate study in any discipline offered by an institution of higher learning in Ireland or Northern Ireland. Scholars must be enrolled in a degree or certificate program offered at the institution. The Mitchell Scholarship provides tuition, housing, a \$12,000 living expenses stipend, and international travel. Normally, 12 Scholarships are awarded each year. Mitchell Scholars must exhibit superior records of academic excellence, leadership and public service. Strong, demonstrated achievements in all three areas are required.

The Mitchell Scholar may study any academic discipline offered in a degree or certificate program at an institution of higher learning in Ireland or Northern Ireland. The wide range of academic interests among the Scholars -- from computer science and biotechnology to international relations and economics -- illustrates the vast opportunity for post-graduate study available.

APPLICATION:

SMU students and alumni/ae seeking endorsement to a State Selection Committee must submit a preliminary application to SMU's Office of National Fellowships, Perkins Administration Building.

A preliminary application consists of one (1) copy of the following:

1. Application form (signed in ink)
2. College transcripts for each College/university attended
3. List of principal activities and honors in college
4. Signed short personal statement describing academic and other interests, plus
5. A minimum of four of the five (5)-eight (8) required Letters of Recommendations (See Recommendations paragraph below).

Please print and use the application forms available on the Mitchell Scholarship web site

[\[http://www.us-irelandalliance.org\]](http://www.us-irelandalliance.org)

RECOMMENDATIONS:

Applicants are required to utilize the online recommendation functionality contained within the online application. Five to eight letters of recommendation are required for the official application with at least four of these letters from faculty from whom the applicant has taken courses (only three academic references are required for applicants who have not been full time students in the present or previous calendar years). RECOMMENDERS MUST SUBMIT ONLINE RECOMMENDATIONS. Their letters are expected to be very detailed and to address the applicant's intellectual interests quite specifically. Applicants should not, therefore, select prospective referees solely on the basis of class standing. If applicant is a full-time student, he will need an online Institutional Endorsement.

SELECTION PROCESS:

By mid-September applicants will be notified whether campus interviews will be necessary. Applicants endorsed by the Committee must complete and submit the online final (official) application by the deadline date. Each applicant must submit supporting documentation by mail (see deadline dates below). The Application Requirements and Procedures from the Mitchell web site will serve as a check-off sheet for the official application. Supporting documentation requires ONE photocopy of birth certificate, passport or documented evidence of U.S. citizenship; TEN passport-size photos of un-mounted head and shoulders photograph of the applicant with the applicant's signature on the back of each photo; and TEN copies of the applicant's college transcript (ORIGINAL must be certified by Registrar). If applicant has attended more than one college or university, all transcripts must be submitted.

Marshall Scholarship

Contact [Professor Edward Countryman](#) in the Clements Department of History for more information

GENERAL INFORMATION

At least 40 Marshall Scholarships are given annually for two years of study in a degree program at any British university. According to the Marshall Commemoration Commission, the criterion for selection of Scholars is "distinction of intellect and character as evidenced both by their scholastic attainment and by their other activities and achievements. Preference will be given to candidates who display a potential to make a significant contribution to their own society. Selectors will also look for strong motivation and seriousness of purpose, including the presentation of a specific and realistic academic programme." Candidates for Marshall Scholarships apply as representatives of their institutions and must be endorsed by their institution.

ELIGIBILITY:

The Marshall Commission has indicated that applicants will need a 3.7 minimum cumulative grade point average.

BRITISH DEGREE PROGRAMS:

A "specific and realistic academic programme" is a major selection factor in awarding a Marshall Scholarship. Thus, prospective applicants must inform themselves of the academic tradition and degree courses in British Universities described in the current "Rules for Candidates," and "Memorandum of Guidance" as well as other references suggested in the application information. The [Marshall Scholarship web site](#) provides links with each British university and a search function for degree courses. Typically, students choose a two-year degree in a course of study based on their undergraduate academic preparation including research experience in their chosen field. Students may also propose a second undergraduate degree (honours degree) as described in the Marshall information or a doctoral degree if a third year of support is a reasonable expectation (from Marshall or a U.S. scholarship foundation).

PRELIMINARY APPLICATION:

The preliminary application is submitted online at the Marshall Web site: <http://www.marshallscholarship.org/>.. A copy of the transcript is also due at that time.

RECOMMENDATIONS:

Applicants must request four letters of recommendation. The first of these should be designated the Preferred Recommender and this recommender should have supervised your college or university training. At least two recommendations must be provided by academics. At least three of these recommenders should be in the United States. All recommendations must be done on-line, and they must be received by the campus application deadline. Recommendations are expected to be quite detailed and to provide specific examples of a candidate's level of intellectual engagement with the professor. Letters that address the candidate's grade or standing in a course without providing examples or details are not helpful in the selection process.

FINAL APPLICATION:

The application will be submitted online. Applications must be endorsed by the Office of National Fellowships. The on-line application must be submitted and authorized by a designated member of staff. Invitations for regional interviews are issued to selected candidates in November.

Fulbright Grants

www.fulbrightonline.org

THE FULBRIGHT PROGRAM

Sponsored by the U.S. Department of State, the Fulbright Program is the largest U.S. international exchange program offering opportunities for students, scholars and professionals to undertake international graduate study, advanced research, university teaching, and teaching in elementary and secondary schools worldwide. The Program was established in 1946 by the U.S. Congress to "enable the government of the United States to increase mutual understanding between the people of the United States and the people of other countries." In 2004, over six thousand grants, at a cost of more than \$250 million, were awarded to U.S. students, teachers, professionals, and scholars to study, teach, lecture, and conduct research in more than 150 countries, and to their foreign counterparts to engage in similar activities in the United States. More than 1,100 grants are given specifically to U.S. students to study overseas.

The grants offer students one academic year of study, research, or teaching assistantship experience. Projects may include university course work, independent library or field research, professional training in the arts, independent projects in the social or life sciences, assistant teach English, or a combination of these or other projects. Graduating seniors, recent graduates, and graduate students are eligible to apply

Goldwater Scholarship

<http://www.act.org/goldwater>

[Selected Previous SMU Goldwater Scholars](#)

The Barry M. Goldwater Scholarship and Excellence in Education Program was authorized by the United States Congress in 1986 to honor Senator Barry M. Goldwater, who served his country for 56 years as a soldier and statesman, including 30 years of service in the U.S. Senate. The creation of this program pays tribute to the leadership, courage, and vision of Senator Goldwater and establishes in his name an endowed recognition program to foster and encourage excellence in science and mathematics. The purpose of the Barry M. Goldwater Scholarship and Excellence in Education Foundation, as stated in the enabling legislation, is to alleviate a critical current and future shortage of highly qualified scientists, mathematicians, and engineers. A more realistic statement of the purpose, in today's terms, is to provide a continuing source of highly qualified individuals to those fields of academic study and research. The Foundation is supported by the Barry M. Goldwater Scholarship and Excellence in Education Fund, which has been established in the Treasury of the United States. Funding for awards and administrative expenses derives from interest on the Trust Fund, invested in U.S. securities.

General Information

The Foundation will award undergraduate scholarships to outstanding students in the spring for use during the next academic year. The awards will be made on the basis of merit to two groups of students -- those who will be college juniors and those who will be college seniors in the next academic year -- who have outstanding potential and intend to pursue careers in mathematics, the natural sciences, or engineering. Four-year institutions are eligible to nominate up to four students who are in the sophomore or junior class during the current academic year. To be considered, a student must be nominated by his or her college or university using the official nomination materials available to each institution on the Foundation's website.

Each scholarship covers eligible expenses for tuition, fees, books, and room and board, up to a maximum of \$7,500 annually. Junior-level scholarship recipients are eligible for a maximum of two years of scholarship support, and senior-level scholarship recipients are eligible for a maximum of one year of scholarship support.

Applications will be evaluated on the basis of academic excellence and *demonstrated potential for a research career in mathematics, the natural sciences, or engineering.*

Characteristics of a typical Goldwater Scholar include:

1. Outstanding academic record
2. Excellent grades in rigorous science and mathematics courses.
3. Previous research experience, employment in a research setting, or participation in science-oriented activities; documentation of one or more of these activities with a letter of recommendation in the final application.
4. Well written responses to the requests for specific information on the final application.

Udall Scholarship

http://www.udall.gov/p_scholarship.htm

The Morris K. Udall Scholarship and Excellence in National Environmental Policy Foundation was authorized by the United States Congress in 1992 to honor Congressman Morris K. Udall and his legacy of public service. The Udall Foundation furthers Congressman Udall's legacy by awarding scholarships of up to \$5000 to (1) undergraduate students who study the environment and related fields, **OR** (2) to Native American and Alaska Native undergraduate students in fields related to health care and tribal public policy. Please note that this scholarship is **NOT** solely for Native Americans and Alaskan Natives.

Morris K. Udall's career was distinguished by civility, integrity, and consensus. For three decades, Congressman Udall served his country with distinction and honor. His legacy has impacted this nation's environment, public lands, and natural resources, instilling in this nation's youth a love and respect for these resources. Congressman Udall also championed the rights of Native Americans and Alaska Natives and used his leadership in congress to strengthen tribal self-governance.

The Udall Foundation seeks future leaders across a wide spectrum of environmental fields, including policy, engineering, science, education, urban planning and renewal, business, health, justice, and economics. The Foundation also seeks future Native American and Alaska native leaders in public and community health care, tribal government, and public policy affecting Native American communities, including land and resource management, economic development and education.

(Information taken from Udall Foundation Website)

PRELIMINARY APPLICATION:

The Udall Foundation will award approximately 75 undergraduate scholarships (\$5000 each) in the spring for use during the next academic year, and SMU may nominate up to six students for consideration by the scholarship Foundation. The Committee at SMU will select nominees representing either or both scholarship categories from among eligible undergraduates.

Application form. The preliminary application should be submitted on the official application form which may be downloaded from the [official Udall web site](#). The application should be delivered to SMU's Office of National Fellowships, Perkins Administration Building.

DEADLINE: Campus deadline January; Final Udall due date March.

Truman Scholarship

www.truman.gov

"The Harry S. Truman Scholarship Foundation -- the federal memorial to our thirty-third president -- awards merit-based \$30,000 scholarships to college students who plan to pursue careers in government or elsewhere in public service, and wish to attend graduate or professional school to help prepare for their careers. Truman Scholars participate in leadership development programs and have special opportunities for internships and employment with the federal government. In 2007, the Foundation expects to award 75-80 Truman Scholarships on the basis of merit to junior-level students at four-year colleges and universities who:

- have extensive records of public and community service
- are committed to careers in government or elsewhere in the public service
- have outstanding leadership potential and communication skills

"Scholars are eligible to receive \$3,000 for the senior year of undergraduate education and \$27,000 for graduate studies. Scholars in master's degree programs planning to receive degrees in one to two years are eligible to receive \$13,500 per year. Scholars in law programs are eligible to receive \$13,500 for the second year of law school and \$13,500 at the start of the third year's second semester if they provide evidence that they will enter public service upon graduation or upon completion of any judicial clerkships after graduation. Scholars in graduate programs requiring three or more years of academic study are eligible to receive \$9,000 per year for a maximum of three years. They may attend graduate or professional schools in the United States or in foreign countries."

"In 2007, one state scholarship will be available to a qualified resident nominee in each of the 50 states, the District of Columbia, Puerto Rico, and, considered as a single entity, the Islands: Guam, Virgin Islands, American Samoa, and the Commonwealth of the Northern Mariana Islands. (Residency is generally determined by home address for school registration, family's primary residence, and voter registration.) The Foundation will select up to 30 at-large Scholars in 2007."

A CAREER IN PUBLIC SERVICE:

"The Foundation defines public service as employment in government at any level, uniformed services, public-interest organizations, nongovernmental research and/or educational organizations, public and private schools, and public-service oriented nonprofit organizations such as those whose primary purposes are to help needy or disadvantaged persons or to protect the environment."

"The Foundation has supported Truman Scholars in many fields of study, including agriculture, biology, engineering, environmental management, physical and social sciences, and technology policy, as well as traditional fields such as economics, education, government, history, international relations, law, political science, public administration, nonprofit management, public health, and public policy."

"Former Truman Scholars serve as managers of government programs; legislators and aides for legislative bodies; foreign service officers; school teachers; staff members in policy analysis and research organizations; attorneys for government agencies; public defenders professors; and professional staff in advocacy organizations and not-for-profit institutions."

CONDITIONS OF ELIGIBILITY:

- full-time junior-level student at a four-year institution pursuing a bachelor's degree during the 2007-2008 academic year. "Junior" here means a student who plans to continue full-time undergraduate study and who expects to receive a baccalaureate degree between December 2007 and August 2008, or a student in his or

her third year of collegiate study who expects to graduate during the 2007-2008 academic year, or a senior-level student who is a resident of Puerto Rico or the Islands,

- committed to a career in public service as defined above,
- in the upper quarter of his or her class, and
- United States citizen or United States national from American Samoa or the Commonwealth of the Northern Mariana Islands. Resident aliens (green card holders) are not eligible.

SELECTION PROCEDURES AND DEADLINES:

- Candidates must be nominated by their institution. Applications are not accepted directly from candidates.
- SMU campus deadline for submission of application is **October 15, 2007**.
- The campus nominating committee reviews the preliminary applications and selects candidates for campus interview, held in early November. A maximum of four students may be nominated by the University to the Truman Foundation; nominees must revise and file the final application by February 5, 2008.
- Those selected as national finalists will be interviewed regionally in early March.
- The list of selected Truman Scholars will be posted on March 27, 2008.

Madison Fellowship

<http://www.jamesmadison.com>

JAMES MADISON MEMORIAL FELLOWSHIP FOUNDATION: --- American History, government, politics (for teaching careers)

Junior Fellowships are awarded to students who possess a bachelor's degree or plan to receive a bachelor's degree no later than August 31, 2007. Any previous graduate degree must have been awarded before September 1, 2004. Junior Fellows have two years to complete their degree. Fellowships are intended exclusively for graduate study leading to a master's degree in one of the following areas: Master of Arts in American history or political science; Master of Arts in Teaching concentrating on American Constitutional history or American government, political institutions and political theory; or Master of Education degree or Master of Arts with a concentration in American history or American government, political institutions and political theory.

The maximum amount of each award is \$24,000, prorated over the individual period of study, thus making the James Madison Fellowship the leading award for secondary level teachers undertaking study of the Constitution. Fellowship payments cover the actual costs of tuition, required fees, books, and room and board but cannot exceed \$12,000 per academic year. Normally, Fellows receive less than these maximum amounts.

Eligibility Requirements:

U.S. citizen or U.S. national.

Be a teacher, or plan to become a teacher, of American history, American government, or social studies at secondary school level (grades 7-12).

Possess a bachelor's degree or plan to receive a bachelor's degree no later than August 31 of the year in which you are applying.

After earning a master's degree, each James Madison Fellow must teach American history, American government, or social studies in grades 7-12 for no less than one year for each full academic year of study under the fellowship.

Students apply directly to the Fellowship program. Applications must be **received** on or before March 1 at the following address:

James Madison Fellowship Program
301 ACT Drive
Iowa City, IA 52245
