

LegalEASE Can Help ALL Employees During this Pandemic with our Legal Corner Package of Services

Amid the COVID-19 Pandemic, we are all facing financial issues and with these financial issues often come legal emergencies and problems. To help your employees who may be suffering through legal problems related to this COVID-19 Pandemic, we are offering, at no cost through 2020, our newly created LegalEASE Emergency Financial Hardship Package of legal services to all employees, both members and non-members.

Everything we do is about getting employees connected to the right attorney, based on their choices, so they can use the full array of LegalEASE benefits available. Our services are for every employee, and they will have access to resources, help around multiple types of law, and access to our online directory for actual help from one of our Network Attorneys that meets our rigorous qualifications if they need to retain an attorney.

[Our Legal Corner](#) has the following highlights:

1. The Legal Corner has Valuable Resources
2. A No Cost Consultation for any Legal Problem
3. Access to our Online Directory of Attorneys

1) LEGAL CORNER RESOURCES - FOR THE ENTIRE EMPLOYEE BASE

This online content offering will include areas of law discussions in easy to read summaries, topical sections such as The Women's Law Section, The Child's Law Section, updated analysis of recent U.S. Supreme Court decisions and other new laws of interest. There is a section designed for easy-to-answer legal questions, podcasts and video clips. We will also offer a monthly Featured Plan Attorney section and a number of topics to help employees better understand the American Legal System.

These resources will provide additional help on all

the legal problems that many of your employees are, or will be, facing soon due to the hardship from COVID-19. New resources are an enhancement to the new Legal Corner and will be rolled out as they come online.

2) NO COST CONSULTATION FOR ANY LEGAL PROBLEM

Employees can obtain an initial, one-half hour consultation on any legal topic (that would be covered under the legal plan if they were a member) to get the advice and guidance they need to know in order to handle these problems. Topics include, bankruptcy, foreclosure, loan negotiation, defaults, credit card debts and consolidation, and all related topics.

These consultations are included at no charge from the attorneys available in our online Attorney Directory (there could be locations where the service is not available). If the employee's situation requires them to retain the services of a lawyer, the Plan Attorney's can represent you at a discounted hourly rate of 15% off their normal hourly rates.

3) ACCESS TO OUR ONLINE DIRECTORY OF ATTORNEYS

When the inevitable legal problems arise for your employees, in the next 4-6 months, lawsuits may not be far behind. With our Legal Corner, all employees will have access to our online directory of Network Attorneys in our Legal Plan Network. When employees go in for surgery, they don't want a surgeon that has a poor track record or only a couple years of experience. So too, with lawyers. The credentialing standards that we

utilize to vet our providers is the most stringent in the country. We focus on years of experience, as well as insurance, review of E & O and Discipline, as well as penalty of perjury submissions with extensive background checks.

Whenever a legal problem arises and employees do not know where to turn, they can access our online directory and if there is an attorney in their area, they can contact that attorney for a no-cost initial consultation.¹

LegalEASE just reached a milestone – now over 20,000 Network Attorneys. This expanded number of Network Attorneys provides expanded network coverage, enabling more employees to have more choices of attorneys closer to their home and work. LegalEASE's network has been the reason that LegalEASE has taken over the legal plans of many companies in the last five years.

With this package of services in this crisis time, many of your employees will be able to get the help they need. We look forward to answering any questions you may have.

¹LegalEASE' online directory does not have a complete Network Attorney listing as many attorneys will not agree to take referrals from the Online Directory and prefer to accept referrals from LegalEASE' proprietary matching system. The Online Directory is the online mechanism we have available for your employees to access attorneys if they need them.
