DASS Link Survey

We need 2 minutes of your time! Please fill out the VERY short survey to let us know how things are going with our new DASS Link system.

Log into DASS Link, select Survey>> Respond and answer the 8 questions and submit!

We appreciate your feedback!

Pizza, soft drinks, and water will be served!

2 Students for New Learning meetings you HAVE to add to your calendar!

Both meetings will be held in A-LEC room 217 from 5-6pm

Next Tuesday, October 22, join us for a roundtable discussion on which instructors work well with DASS

students with learning differences.

We'll also talk about timing your courses to sync with your natural highs and lows of the day, and balancing your Spring 2020 schedule with a mix of class difficulty levels and subjects.

Then, on Tuesday, November 5, we welcome back internationally recognized lecturer, author, and entrepreneur Tiffany Sunday. Fresh off the publication of her most recent book,

How Dyslexics Will Rule the Future, Tiffany promises to lead us in an interactive "fireside-style chat" about the realities of being a person with dyslexia and ADD/ADHD in the current job market.

SNL is a chartered organization for students with learning differences

Testing Protocol at DASS

- ◆ Testing time and day MUST be confirmed with your professor BEFORE a test is scheduled at DASS.
- ◆ If the day and time is different from the class, you MUST get permission from your instructor FIRST before you schedule.
- ◆ Then book your test in DASS Link. Schedule your test at LEAST 7 days out from the date of your test.
- ◆ Show up at the time you have scheduled to take your test. If you are late, you don't get that test time back.
- ◆ 20 minutes late, you may be sent back to your instructor to test
- ◆ **Why?** Concerns over testing security and proctor coverage.

So—Please be Prompt.

The Tricks & Treats for Anxiety

When: October 24th, 4pm
Where: Boaz Commons Classroom
Facilitated by Redefining Mental Illness

DASS Link Test Scheduling Tip!

Lab sections are listed with an "N" in the section #

CHEM 1301-N20 Incorrect course # to schedule a test.

CHEM 1301-801 Correct course # to select when scheduling a test.
