Dallas, TX 75201-2709

Independent Auditors' Report

The Board of Trustees
Southern Methodist University:

We have audited the accompanying consolidated financial statements of Southern Methodist University (the University), which comprise the consolidated balance sheets as of May 31, 2015 and 2014, and the related consolidated statements of activities and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the University's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Southern Methodist University as of May 31, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in accordance with U.S. generally accepted accounting principles.

Cash paid for interest	19,829	20,037

See accompanying notes to the consolidated financial statements.

1. Nature of Operations and Summary of Significant Accounting Policies

Nature of Operations

Southern Methodist University (the University) is a private higher education institution providing undergraduate, graduate, and continuing educational opportunities. In addition to the revenue generated by the tuition and fees charged for these educational services, the University receives support from donations, and revenue from investment earnings, sponsored research, athletic events and other auxiliary activities, and other sources.

The University currently has nine corporations under its control that are included in the consolidated financial statements. Peruna Properties, Inc., Peruna Holdings Corporation, Mustang Mockingbird Corporation, Mustang Mockingbird Properties, Mustang Airline Corporation and Peruna East Corporation are corporations the University established to acquire, own and manage, on behalf of the University, real estate adjacent to or in the near vicinity of the University campus. The University also established the Southern Methodist University Foundation for Research to support academic scholarship and scientific research in the public interest for the benefit of the University and to assist in fulfilling the educational and research purposes of the University, SMU Corp. in connection with the location of the George W. Bush Presidential Library and Museum at the University and the SMU Golf Foundation to participate in a public-private initiative to construct a world class golf facility in southern Dallas that will become the home of the University's Men's and Women's Golf teams and support other community activities. During the fiscal year end May 31, 2015, the University dissolved the Stadium Club, Inc. which operated a private club in the Gerald J. Ford Stadium as well as Pony Properties, Inc. which owned and managed real estate adjacent to the University on behalf of the University.

Financial Reporting

The consolidated financial statements have been prepared in accordance with accounting standards established to provide meaningful information about the financial resources and operations of the University as a whole and to present balances and transactions based on the existence or absence of donor-imposed restrictions. Accordingly, transactions and balances have been classified into three categories of net assets:

Unrestricted net assets include funds that have no donor-imposed restrictions, time restrictions or whose restrictions have been satisfied. The University has determined that any donor-imposed restrictions for currently budgeted programs and activities generally are met within the operating cycle of the University. Therefore, the University's policy is to record these funds as unrestricted.

Temporarily restricted net assets include funds for which donor-imposed restrictions have not been met. This classification includes gifts, annuities and unconditional promises to give for which the ultimate purpose of the proceeds is not permanently restricted.

Permanently restricted net assets include gifts, annuities and unconditional promises to give that are restricted by the donor to be invested or held in perpetuity. Only the income from these funds is made available for program operations specified by the donor.

Basis of Accounting

The consolidated financial statements have been prepared on the accrual basis of accounting. The costs of providing various programs and support services have been summarized on a functional basis in the consolidated statements of activities. Accordingly, expenses such as depreciation, interest, bond issuance costs and the operation and maintenance of University facilities have been allocated among the

Southern Methodist University
Notes to the Consolidated Financial Statements
For the Fiscal Years Ended May 31, 2015 and 2014
(Dollars in Thousands)

functional categories. Fund-raising expenses of approximately \$20,387 and \$20,036 incurred by the University in fiscal years 2015 and 2014, respectively, are included primarily as institutional support expenses reported in the consolidated statements of activities.

During fiscal year 2015, the University undertook to restructure certain administrative processes in an effort to divert more of the University's funding to its primary mission. In accordance with ASC 420, *Exit or Disposal Cost Obligations*, expenses related to severances for employees departing during the fiscal year have been accrued on the 2015 consolidated statement of activities.

Cash equivalents include operating cash investments, U.S. Treasury bills and short-term paper with maturities of three months or less from the date of purchase and certain certificates of deposit with maturities in excess of three months. Such assets when purchased with endowment, loan, annuity and life income assets or trust funds are classified as investments.

Investments in short-term paper, stocks, bonds and funds held in trust by others with readily determinable fair values are recorded at fair value. Equity method investments are valued at the University's percentage of the net asset values reported by the fund managers, which are used as practical expedients to estimate the fair values. All other investments are recorded at cost, with disclosure of most recently reported fair values in Note 5, herein. Management monitors the managers and investment strategies of these and other investments to ascertain whether valuations are reasonable and whether the assets are permanently impaired. Permanent impairment losses are recognized when investments' fair values are below their carrying amounts and verifiable positive evidence does not exist to support the recoverability of the investments within a reasonable period of time. Permanent impairment losses were \$24,604 and \$25,853 as of May 31, 2015 and 2014, respectively. For the year ended May 31, 2015, the University has investments in venture capital funds, real estate and other investments that have fair values lower than cost by \$13,668 that are not reported as permanently impaired. The aggregate related fair value of these 23 investments is \$104,323.

The University has an energy hedge agreement that qualifies as a derivative financial instrument under ASC 815, *Derivatives and Hedging*. These instruments are recorded on the consolidated balance sheets as either an asset or liability measured at the fair value as of the reporting date. Changes in fair value of any derivatives are recognized in the consolidated statements of activities.

Gifts are recorded at fair value at the date of donation or a nominal value if fair value is not readily determinable. Recorded realized and unrealized gains on investments are reported in the appropriate net asset classifications in the consolidated statements of activities. Gifts and income thereon that are restricted in perpetuity by the donors for the purpose of making loans to students are reported as permanently restricted net assets. Refundable advances from the federal government for student loans are reported as long-term liabilities. University resources designated for student loans are reported as unrestricted net assets. Federally funded student loan programs consist of \$2,990 and \$2,929 of refundable government advances and \$381 and \$373 of matching University funds in fiscal years 2015 and 2014, respectively.

Property, plant and equipment (including art objects) are recorded at cost, if purchased, or at the fair value at the time of donation, if donated. During the period qualifying construction projects are in progress, net interest costs are capitalized as part of the basis of capital assets. Capital assets include property, plant and equipment that have an acquisition cost of \$5 and over and have an estimated useful life of at least two (2) years, with the exception of software, where the cost must exceed \$75 before the asset will be capitalized. Property, plant and equipment (except for art objects, land and other assets) are depreciated on the straight-line basis over their estimated useful lives with equipment, vehicles, furniture, software and "other" depreciating in 5 to 15 years; land improvements depreciating in 15 to 50 years; and buildings depreciating in 20 to 40 years.

Contributions of land, buildings and equipment without donor stipulations concerning the use of such long-lived assets are reported as revenue of the unrestricted net asset class. Contributions of cash or other assets to be used to acquire land, buildings, and equipment without such donor stipulations are reported as revenue of the temporarily restricted net asset class. The restrictions are considered to be released when the long-lived assets are placed in service.

The University has adopted an endowment spending policy whereby annually the Board of Trustees authorizes amounts to be spent for the purposes intended by the donors based in part on an index of the prior year allocation for spending and in part on a stipulated percentage of the fair value of endowments participating in the investment pool. If the current income of the endowment investments is not sufficient to cover the authorized level of spending, the difference is taken from the market value in excess of the historical gift value, to the extent available.

The expiration of donor-imposed restrictions on contributions or endowment income is recognized in the period in which the restrictions are satisfied. At that time, the related resources are reclassified from temporarily restricted to unrestricted net assets. Restrictions expire when the stipulated time has elapsed or when the stipulated purpose for which the resource was restricted has been fulfilled. Endowment income and contributions received with donor-imposed restrictions that are satisfied in the same period as received are reported as unrestricted revenues.

Tuition revenue is recognized in the fiscal year in which the predominant portion of instruction occurs. Accordingly, deferred income as of May 31, 2015 includes the amount received from the students prior to May 31, 2015 for the 2015 summer session.

The University receives grant and contract revenue for research and other services it provides pursuant to arrangements with governmental and private entities. For financial statement purposes, grant and contract revenue is recorded at the time corresponding expenses have been incurred.

The preparation of consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from these estimates.

2. Accounting Pronouncements or Laws Affecting Future Year Financial Statements

In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2014-09, *Revenue from Contracts with Customers* (Topic 606), which requires an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The ASU will replace most existing revenue recognition guidance in U.S. GAAP when it becomes effective. The new standard is effective for the University on June 1, 2019. The standard permits the use of either the retrospective or cumulative effect transition method. The University is evaluating the effect that ASU No. 2014-09 will have on its consolidated financial statements and related disclosures.

In April 2015, the FASB issued ASU No. 2015-03, *Simplifying the Presentation of Debt Issuance Costs*, which requires entities to present debt issuance costs related to a recognized debt liability as a direct deduction from the carrying amount of the debt liability. The new standard is effective for the University on June 1, 2016.

3. Cash, Cash Equivalents, and Accounts Receivable

The fair value of cash, short maturity cash equivalents, and accounts receivable is estimated to be the same as carrying (book) value because of their short maturities. Operating funds invested in short-term paper are included as cash equivalents, the value of which may fluctuate based on the financial environment and the type of short-term investment. Approximately \$947 and \$1,276, as of May 31, 2015 and 2014, respectively, of the cash and cash equivalents value relates to certificates of deposit with maturities exceeding three months at the date of purchase. The fair value of these investments may fluctuate with market conditions. The fair value of cash, cash equivalents, and accounts receivable totaled \$201,507 and \$238,969 of which \$5,285 and \$3,582 represent donations restricted for property, plant and equipment as of May 31, 2015 and 2014, respectively. The University reserves accounts receivable determined to be impaired or otherwise uncollectible.

4. Pledges Receivable

Unconditional promises to give are included in the consolidated financial statements as pledges receivable with gifts reported in the appropriate net asset categories. Pledges receivable are initially recorded at their fair value, which is determined by computing the present value of future cash flows discounted at rates ranging from 4% to 7%. The present value and the associated incremental income are reflected as gift revenue in the period the agreement is made and in the period accreted, respectively.

Unconditional pledges receivable as of May 31 are expected to be realized in the following periods:

	<u>2015</u>	<u>2014</u>
In one year or less	\$ 45,399	\$ 34,872
Between one year and five years	93,634	85,549
More than five years	13,564	40,681
Less discount	<u>(21,808)</u>	<u>(34,150)</u>
	<u>\$ 130,789</u>	<u>\$ 126,952</u>

Unconditional pledges receivable as of May 31 have the following restrictions:

	<u>2015</u>	<u>2014</u>
Endowment for departmental programs and activities	\$ 18,313	\$ 20,702
Endowment for scholarships	12,581	6,904
Construction projects	23,032	38,161
Scholarships, departmental programs and activities	42,151	26,621
Purpose restriction met	<u>34,712</u>	<u>34,564</u>
	<u>\$ 130,789</u>	<u>\$ 126,952</u>

Conditional promises to give are not recorded in the financial statements until the conditions on which they depend are substantially met. As of May 31, the University has received pledges contingent on the following conditions:

	<u>2015</u>	<u>2014</u>
Contingent on donor's gift collections	\$ 4,330	\$ 11,890
Matching donation/funding requirement	9,853	8,862
Other	<u>1,500</u>	<u>2,191</u>
	<u>\$ 15,683</u>	<u>\$ 22,943</u>

5. Investments

Total investments as of May 31 are as follows:

	2015		2014	
	Carrying Value	Fair Value	Carrying Value	Fair Value
Short-term paper	\$ 147,328	\$ 147,328	\$ 86,160	\$ 86,160
Stocks	203,323	203,323	204,207	204,207
Bonds	118,631	118,631	120,689	120,689
Venture capital	40,283	69,081	47,101	58,511
Mortgage and other notes receivable, net	7,318	7,563	7,564	7,564
Real estate:				
Real properties	\$ 27,695	\$ 33,593	\$ 75,039	\$ 83,015
Mineral rights	-	57,560	-	49,248
Total real estate	\$ 27,695	\$ 91,153	\$ 75,039	\$ 132,263
Funds held in trust by others	20,992	20,992	21,721	21,721
Other investments:				
Private equity	\$ 151,838	\$ 194,954	\$ 178,348	\$ 246,863
Diversifying strategies	195,442	353,510	209,709	344,769
Equity funds without daily liquidity	351,077	421,691	272,362	325,432
Fixed income funds without daily liquidity	2,967	3,102	510	565
Equity method investments (carrying value is fair value)	10,451	10,451	9,763	9,763
Total other investments	\$ 711,775	\$ 983,708	\$ 670,692	\$ 927,392
Total investments	<u>\$ 1,277,345</u>	<u>\$ 1,641,779</u>	<u>\$ 1,233,173</u>	<u>\$ 1,558,507</u>

The fair value of short-term paper, stocks, bonds and funds held in trust by others is based on quoted market prices. The fair value of the University's interest in venture capital, real estate funds and other investments is based on the net asset value (NAV) reported by the fund managers, which is used as a practical expedient to estimate the fair value of the University's investment therein, unless it is probable that all or a portion of the value is different from NAV. The fair value of real estate mineral rights is estimated based on the income stream those assets generate. Where the fair value of mortgage and other notes receivable and University individually owned and managed real estate surface rights is not available and cannot be determined without incurring excessive costs, the amounts reflected as fair value are the same as carrying value.

Investments include assets associated with split-interest agreements. The University's split-interest agreements consist of perpetual trusts held and administered by others, gift annuities, unitrusts and annuity trusts. Perpetual trusts held and administered by others are recorded at the current fair value of the University's interest in the trust assets.

Southern Methodist University
Notes to the Consolidated Financial Statements
For the Fiscal Years Ended May 31, 2015 and 2014
(Dollars in Thousands)

Under split-interest agreements, the University has the right to receive income distributions that are reported as revenue. The gains associated with split-interest agreements were \$1,926 and \$4,170 in fiscal years 2015 and 2014, respectively. The fair value of split-interest agreements was \$34,427 and \$35,509 in fiscal years 2015 and 2014, respectively.

Assets associated with gift annuities, unitrusts and annuity trusts held by the University are included in the applicable investment classifications. Under these split-interest agreements, the University makes periodic payments to named beneficiaries in return for assets received. Liabilities associated with split-interest agreements are recorded as accounts payable and accrued expenses on the consolidated balance sheets at current fair value by discounting the anticipated future payments to the income beneficiaries based on their life expectancies determined from the actuarial tables published by the Internal Revenue Service using discount rates of 3.98% and 4.16% per annum in fiscal years 2015 and 2014, respectively. As of May 31, 2015 and 2014, the present values of the University's financial obligations to beneficiaries were \$6,773 and \$6,799, respectively.

The University also owns foreign investments that are included in the applicable investment classifications on the consolidated balance sheets. To mitigate foreign exchange risk, the investment managers may purchase foreign currency futures contracts which result in unrealized gains and losses that are reflected in the fair values of appropriate investment categories.

Investment return is comprised of investment income and net realized and unrealized gains. Investment income of \$20,363 and \$25,579 for the years ended May 31, 2015 and 2014, respectively, is net of related expenses, such as custodial fees and investment advisory fees. These expenses are approximately \$11,566 and \$10,098 for the years ended May 31, 2015 and 2014, respectively. Net realized and unrealized gains on investments totaled \$52,901 and \$62,659 for the years ended May 31, 2015 and 2014, respectively. Included in these amounts are realized and unrealized gains attributed to assets reported at fair value of approximately \$13,575 and \$32,809 for the years ended May 31, 2015 and 2014, respectively, and realized gains attributed to assets reported at cost of approximately \$39,326 and \$29,850 for the years ended May 31, 2015 and 2014, respectively.

The University applies the guidance in Accounting Standards Codification (ASC) 970-323, *Investments - Equity Method and Joint Ventures*, on the equity method of accounting for its noncontrolling interests in a for-profit real estate partnership and similar for-profit real estate entities unless those investments are reported at fair value. The University has determined those for-profit real estate investments in which it holds an interest equal to or greater than 5% will be reported using the equity method of accounting. The University has noncontrolling interests in one real estate entity for investment purposes that meets this 5% threshold and has been recorded using the equity method. All disclosures and unrealized gain (loss) adjustments are based on the most recently reported fair values and financial statements of the investment companies.

As of May 31, 2015 and 2014, the University held a 5.4% ownership interest in the Sustainable Woodlands Fund, L.P. The fair value of its ownership using the most recent (unaudited) financial information of the investment company was \$10,451 and \$9,763 as of May 31, 2015 and 2014, respectively.

6. Endowment Fund

The University applies the provisions of ASC 958-205, *Endowments of Not-for-Profit Entities - Presentation of Financial Statements*, which provides guidance on the net asset classification of donor-restricted endowment funds for a not-for-profit organization that is subject to the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA or the Act) and also requires disclosures about endowment funds, including both donor-restricted endowment funds and funds functioning as endowment funds.

The University's endowment consists of approximately 1,600 individual donor-restricted endowment funds and funds designated by the Board of Trustees to function as endowments established for a variety of purposes. Net assets associated with endowment funds, including funds designated by the Board of Trustees to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law

Based on the interpretation of the UPMIFA by the University's Board of Trustees, absent explicit donor stipulations to the contrary, the University classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

The remaining portion of the donor-restricted endowment fund that is not classified as permanently restricted net assets is classified as temporarily restricted net assets until it is appropriated for expenditure by the Board of Trustees in a manner consistent with the standard of prudence prescribed by the Act. In accordance with the Act, the Board of Trustees considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the fund
2. The purposes of the University and the donor-restricted endowment fund
3. General economic conditions
4. The possible effect of inflation and deflation
5. The expected total return from income and appreciation of investments
6. Other resources
7. The investment policies of the University

Southern Methodist University

For the Fiscal Years Ended May 31, 2015 and 2014
(Dollars in Thousands)

Endowment funds classified as temporarily restricted net assets and subject to a time restriction under UPMIFA as of May 31 are as follows (dollars in thousands):

	2015	2014
With purpose restrictions	\$ 66,699	\$ 75,526
Without purpose restrictions	416,456	410,411
Total endowment funds classified as temporarily restricted net assets	<u>\$ 483,155</u>	<u>\$ 485,937</u>

Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level the donor or the Act requires the University to retain as a fund of perpetual duration. There were no deficiencies of this nature as of May 31, 2015 or 2014.

Return Objectives and Risk Parameters

The University has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the University must hold in perpetuity or for donor-specified periods, as well as funds functioning as endowment funds. Under this policy, as approved by the Board of Trustees, the endowment assets are invested in a manner that is intended to outperform over the long term (defined as rolling three and five year periods) a blended benchmark composed of 75% of the Russell 3000 and 25% of Barclay's Government/Credit Index. The University expects its endowment funds, over time, to provide an average rate of return of approximately 9% annually (or 5.5% after an expected average rate of University inflation of 3.5% per year), net of all costs of management fees, trading expenses and custody services over the long term. Actual returns in any given year may vary from this target.

The principal risk to the endowment is the possibility of prolonged or severe asset depreciation that impairs the ability of the fund to preserve the value of the corpus after inflation, fees and the yearly spending distribution. The endowment's broadly diversified portfolio is designed to reduce the volatility of returns. Also, the endowment is invested in asset classes that are projected to perform well and act as a hedge in environments that could cause prolonged or severe asset depreciation such as high inflation or deflation. Risk management is a dynamic process that takes into account general market developments, the proliferation of new investments and the changing nature of correlation across asset classes. The University and its Investment Committee are responsible for this process, monitoring and managing the factors pertaining to credit, liquidity, market and operational risks.

Strategies Employed for Achieving Objectives

To satisfy its long-term return objectives, the University relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized gains) and current income (interest and dividends, etc.). The University targets a diversified asset allocation that places emphasis on global equities, diversifying strategies, private markets, real assets and fixed income strategies to achieve its long-term return objectives within prudent risk constraints.

Spending Policy and the Investment Objectives Relationship to Spending Policy

University Administration is authorized to distribute for spending from all endowment funds invested in the Investment Pool that have sufficient realized and unrealized capital gains, an amount equal to seventy percent (70%) of the spending calculated for the previous fiscal year increased by an inflation

factor to be determined each fiscal year (1% for fiscal year 2015), and a percent determined for each fiscal year (4.65% for fiscal year 2015) of thirty percent (30%) of the four-quarter average of the Investment Pool per share market value for the preceding calendar year multiplied by the number of shares outstanding at the end of that calendar year. In establishing this policy, the University considers the long-term expected return on its endowment. Accordingly, over the long term, the University expects the current spending policy to allow its endowment to maintain its purchasing power by growing at a rate at least equal to planned payouts and inflationary increases. Additional real growth will be provided through new gifts and excess investment returns.

7. Fair Value of Financial Instruments

The University complies with ASC 820, *Fair Value Measurement*. This codification provides a definition for fair value, as well as establishing a framework for measuring it and expanding disclosures about fair value measurements. The financial assets recorded at fair value on a recurring basis primarily relate to investments. ASC 820 establishes a fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entities (observable inputs that are classified within Levels 1 and 2 of the hierarchy) and the reporting entities' own assumptions about market participant assumptions (unobservable inputs classified within Level 3 of the hierarchy).

Additional disclosures are required under ASC 820, including segregating asset values among the three levels that identify how investments are valued. In general, fair values determined by Level 1 inputs utilize quoted prices (unadjusted) in active markets for identical assets. Fair values determined by Level 2 inputs utilize data points that are observable, such as quoted prices for comparable assets, interest rates and yield curves. Fair values determined by Level 3 inputs are unobservable data points for the assets and include situations where there is little, if any, market activity for the assets.

ASC 825, *Financial Instruments*, permits entities to choose to measure financial instruments and other items at fair value. The unrealized gains and losses on items for which the fair value option has been elected would be classified as revenue. For financial statement purposes (balance sheets), the University reports marketable securities, funds held in trust by others and equity method investments at fair value. Venture capital, real estate and other investments (other than equity method investments) are carried on the cost basis.

Annuity obligations are valued for financial statement purposes at fair value using Level 2 valuation techniques. Notes and bonds payable are at the amount of debt incurred, adjusted for principal payments made and premium amortizations. The fair values of annuity obligations, notes payable and bonds payable at the present value of future payments discounted at the prevailing interest rates of comparable debt instruments (Level 2 valuation technique) were \$6,773, \$227 and \$597,267, respectively, as of May 31, 2015 and \$6,799, \$262 and \$614,932, respectively, as of May 31, 2014.

The University entered into an agreement during fiscal year 2015 to hedge a portion of the cost of electricity from January 1, 2018 through December 31, 2026. The transaction allows the University to accurately budget future costs and limit the effect of unexpected changes in utility prices. The estimated fair value of the arrangement was a liability of \$171 as of May 31, 2015. The change in value is reported as institutional support expense on the consolidated statements of activities. The fair value of the agreement is the estimated amount the University would pay to terminate the contract on May 31, 2015.

8. Property, Plant and Equipment

Plant assets include net interest expense of \$3,098 and \$3,631 capitalized for construction bond projects during fiscal years 2015 and 2014, respectively, and included in property, plant and equipment in the following table (dollars in thousands):

	2015	2014
Land	\$ 176,012	\$ 172,990
Land improvements	82,659	75,355
Buildings	922,402	879,494
Equipment	97,010	92,836
Art	37,469	32,550
Other assets	18,077	17,051
Construction in progress	52,217	35,970
Total property, plant and equipment	<u>\$ 1,385,846</u>	<u>\$ 1,306,246</u>
Less accumulated depreciation	<u>(398,608)</u>	<u>(369,947)</u>
Total, net of accumulated depreciation	<u>\$ 987,238</u>	<u>\$ 936,299</u>

Southern Methodist University
Notes to the Consolidated Financial Statements
For the Fiscal Years Ended May 31, 2015 and 2014
(Dollars in Thousands)

The fair value of a liability for the legal obligation for asbestos and lead paint abatement associated with the retirement of long-lived assets is recognized in the period in which it is incurred, at the present value of expected future cash flows and is added to the carrying value of the associated asset to be depreciated over the asset's useful life.

The following table summarizes the change in the asset retirement obligation for fiscal years ended May 31, 2015 and 2014:

	<u>2015</u>	<u>2014</u>
Asset retirement obligations at beginning of year	\$ 15,852	\$ 15,452
Disposal of asset retirement obligations	(448)	(428)
Increase (decrease) in property, plant and equipment, net of accumulated depreciation	(69)	(221)
Current year accretion and depreciation expense	953	1,049
Asset retirement obligations at end of year	<u>\$ 16,288</u>	<u>\$ 15,852</u>

9. Accounts Payable and Accrued Expenses

The University has \$188,809 and \$195,776 reported as accounts payable and accrued expenses as of May 31, 2015 and 2014, respectively. Included in these amounts is the present value of conditional asset retirement obligations and performance on a long-term lease obligation, which are adjusted annually. Due to the use of present value calculations or the short maturity of the obligations included in accounts payable and accrued expenses, the carrying values reflected on the consolidated financial statements approximate their fair values.

10. Notes and Bonds Payable

Included in other liabilities are notes payable as of May 31 which consist of the following:

	<u>2015</u>	<u>2014</u>
Total notes payable include notes due at various dates through 2021, with average interest rates of 0% as of May 31, 2015 and 2014, with \$18 and \$25 secured by equipment and property as of May 31, 2015 and 2014, respectively. The University did not draw on its \$25,000 line of credit as of May 31, 2015 or May 31, 2014	<u>\$ 258</u>	<u>\$ 305</u>

Southern Methodist University
Notes to the Consolidated Financial Statements
For the Fiscal Years Ended May 31, 2015 and 2014
(Dollars in Thousands)

Bonds payable as of May 31 consist of the following:

	<u>2015</u>	<u>2014</u>
1985 Refunding Series ; weekly demand put bonds due July 1, 2015 with a variable interest rate of 0.07% as of May 31, 2015; secured by unrestricted receivables supported by self liquidity	\$ 19,200	\$ 19,200
2007 Serial Bonds ; maturing from 2014 through 2029 with fixed interest rates ranging from 4.00% to 5.25% and Term Bonds maturing in 2032 with a fixed rate of 4.30%; secured by unrestricted receivables	80,870	85,865
2009 Serial Bonds ; maturing from 2014 through 2029 with fixed interest rates ranging from 4.00% to 5.00% and Term Bonds maturing in 2032 and 2036 with fixed interest rates of 4.25% and 5.00%, respectively; secured by unrestricted receivables	133,945	137,845
2010 Serial Bonds ; maturing from 2014 through 2030 with fixed interest rates ranging from 3.00% to 5.00% and Term Bonds maturing in 2035 and 2041 with a fixed interest rate of 5.00%; secured by unrestricted receivables	114,215	116,330
2013A Serial Bonds ; maturing from 2029 through 2033 with fixed interest rates ranging from 3.25% to 5.00% and Term Bonds maturing in 2038 with a fixed interest rate of 5.00% and maturing in 2042 with fixed interest rates of 4.00% and 5.00%; secured by unrestricted receivables	99,195	99,195
2013B Serial Bonds ; maturing from 2014 through 2028 with fixed interest rates ranging from 0.54% to 3.62% and Term Bonds maturing in 2033 with a fixed interest rate of 4.16%; secured by unrestricted receivables	<u>85,130</u>	<u>89,825</u>
Total bonds payable prior to unamortized net premium	\$ 532,555	\$ 548,260
Unamortized net premium	23,732	25,959
Total bonds payable	<u><u>\$ 556,287</u></u>	<u><u>\$ 574,219</u></u>

On April 16, 2013, the University issued Series 2013A and Series 2013B bonds totaling \$189,285. The proceeds of the Series 2013A tax-exempt bonds are being used to complete the construction of the new Residential Commons and related projects, renovate existing educational facilities and housing facilities, replace the PBX system, rebuild what will be the Dr. Bob Smith Health Center, and purchase property on the east side of North Central Expressway for future University growth. The proceeds of the Series 2013B taxable bonds are being used to partially fund the building of the SMU Tennis Center, renovate Moody Coliseum, equip a distributed antenna system, refund a portion of a prior bond issuance, and purchase property on the east side of campus. As of May 31, 2015, \$66,723 of proceeds from the Series 2013A bonds and \$25,082 of proceeds from the Series 2013B bonds are invested in cash and cash equivalents.

Southern Methodist University
Notes to the Consolidated Financial Statements
For the Fiscal Years Ended May 31, 2015 and 2014
(Dollars in Thousands)

Bond issuance costs of \$3,987 and \$4,187 as of May 31, 2015 and 2014, respectively, are capitalized. All bond issuance costs are amortized using the straight-line method over the lives of the bonds.

As required by bond indenture agreements, the University has cash and securities that have fair values totaling \$6,430 on deposit with the trustee bank as of May 31, 2015. These assets are restricted for the payment of principal and interest relating to \$19,200 general obligation demand bonds included in long-term debt which matured and were paid on July 1, 2015.

In addition, the University has cash and securities in escrow with the trustee bank as of May 31, 2015, with a fair value totaling \$2,266 that relates to a donor gift that will be applied to bond principal of \$2,035 on the Series 2007 bonds.

Interest expense on notes and bonds payable was \$17,534 and \$18,417 for the fiscal years ended May 31, 2015 and 2014, respectively. As of May 31, 2015, the University had scheduled principal maturities for the following fiscal years:

2016	\$	35,517
2017		18,432
2018		18,979
2019		19,765
2020		20,785
Thereafter		419,335
	\$	<u>532,813</u>

11. Related Party Transactions

In the ordinary course of business, the University may have business transactions with entities in which University board members or employees have an interest. Although generally such transactions are immaterial, the University does engage in such business transactions that may be material. The University has invested funds totaling \$6,591 and \$6,885 in fiscal years 2015 and 2014, respectively, with investment firms with which board members are affiliated.

12. Postemployment Benefits

The University accrues obligations for certain other future postemployment benefits payable to former or inactive employees, if they are determinable. The University has post-employment benefit obligations of \$703 and \$732 in fiscal year 2015 and 2014, respectively.

13. Postretirement Healthcare Benefits

The University provides postretirement healthcare benefits for employees who meet minimum age and service requirements and retire from the University. These benefits are provided by an insured Medicare supplement product with no lifetime maximum. The funding for the premium of this product is shared between the University and plan participants.

The University accrues the expected cost of providing postretirement benefits, other than pensions, during the years that employees render services. The accumulated postretirement benefit obligation (APBO) initially recognized in fiscal year 1994 was amortized over twenty years.

Actuarial assumptions used to determine the value of the APBO and the benefit costs included discount rates of 3.98% and 4.16% per annum for fiscal years 2015 and 2014, respectively. Health care cost trends are graded from 8.5% in 2015 to 5.0% in 2023.

Southern Methodist University
Notes to the Consolidated Financial Statements
For the Fiscal Years Ended May 31, 2015 and 2014
(Dollars in Thousands)

ASC 715, *Compensation - Retirement Benefits*, requires the funded status of the postretirement benefit plan to be reported as an asset (for overfunded plans) or a liability (for underfunded plans). ASC 715 also requires disclosure of the incremental effect of adopting the standard on certain individual line items of the consolidated balance sheet.

The components of the net periodic benefit cost for the years ended May 31 are as follows:

	<u>2015</u>	<u>2014</u>
Service cost	\$ 777	\$ 908
Interest cost	1,756	1,681
Amortization:		
Transition obligation	-	4
Prior service cost	132	132
Unrecognized loss	932	982
Net periodic benefit cost	<u>\$ 3,597</u>	<u>\$ 3,707</u>

The prior service cost and unrecognized loss for the defined benefit postretirement plan that will be amortized from unrestricted net assets into net periodic benefit cost over the next fiscal year are \$330 and \$949, respectively. The transition obligation has been completely amortized.

Net periodic benefit cost and other changes in plan assets and benefit obligations recognized in unrestricted net assets in 2015 and 2014 are as follows:

	<u>2015</u>	<u>2014</u>
Net periodic benefit cost recognized	\$ 3,597	\$ 3,707
Other changes in plan assets and benefit obligations recognized in unrestricted net assets:		
Net actuarial gain	42	(518)
Prior service cost	(132)	(132)
Transition obligation	-	(4)
Total recognized in unrestricted net assets	<u>(90)</u>	<u>(654)</u>
Total recognized in net periodic benefit cost and unrestricted net assets	<u>\$ 3,507</u>	<u>\$ 3,053</u>

Southern Methodist University
Notes to the Consolidated Financial Statements
For the Fiscal Years Ended May 31, 2015 and 2014
(Dollars in Thousands)

The accrued postretirement benefit obligations recognized in the University's consolidated balance sheets as of May 31 pursuant to the recognition provisions of ASC 715 are as follows:

	<u>2015</u>	<u>2014</u>
Benefit obligation, beginning of year	\$ 43,205	\$ 41,692
Service cost	777	908
Interest cost	1,755	1,681
Plan participants' contribution	1,097	1,060
Benefit payments	(2,593)	(2,600)
Actuarial loss	975	464
Benefit obligation, end of year	<u>\$ 45,216</u>	<u>\$ 43,205</u>

The accumulated postretirement benefit includes a current liability of \$2,210 for the claims and expenses that are expected to be paid out in the coming year and \$43,006 of noncurrent postretirement benefit liabilities.

Healthcare cost trend assumptions have a significant impact on the amounts reported. A one percentage point increase in the assumed healthcare cost trend rate would result in a \$159 increase in the net periodic postretirement benefit cost recognized in fiscal year 2015 and a \$2,710 increase in the accumulated postretirement benefit obligation for healthcare benefits as of May 31, 2015. A one percentage point decrease in the assumed healthcare cost trend rate would result in a \$150 decrease in the net periodic postretirement benefit cost recognized in fiscal year 2015, and a \$2,554 decrease in the accumulated postretirement benefit obligation for healthcare benefits as of May 31, 2015.

As of May 31, 2015, the University had expected benefit payments in the following fiscal years:

2016	\$ 2,210
2017	2,333
2018	2,450
2019	2,572
2020	2,700
2021-2025	15,660
	<u>\$ 27,925</u>

The University also has a defined contribution retiree medical plan intended to replace the University's defined benefit retiree medical plan. Under this program, both the University and employees contribute monthly to the employees' retiree medical accounts. The University contributed \$1,496 and \$1,203 to this program in fiscal years 2015 and 2014, respectively. The current defined benefit retiree medical plan will be phased out concurrently with funding of this defined contribution plan.

14. Retirement Plan

Full-time and part-time benefits-eligible employees are eligible for the 403(b) Retirement Plan at age 21. Full-time employees are required to enroll if age 36 or older. Retirement benefit expenses under this plan were approximately \$16,866 and \$16,250 in fiscal years 2015 and 2014, respectively.

Southern Methodist University
Notes to the Consolidated Financial Statements
For the Fiscal Years Ended May 31, 2015 and 2014
(Dollars in Thousands)

15. Net Assets Released from Restrictions

The sources of net assets released from temporary restrictions by incurring expenses satisfying the restricted purposes or by occurrence of events specified by donors were as follows:

	<u>2015</u>	<u>2014</u>
Acquisition of buildings and equipment	\$ 24,173	\$ 39,261
Instruction, research, departmental support, scholarships and other	73,009	68,655
	<u>\$ 97,182</u>	<u>\$ 107,916</u>

16. Restrictions and Limitations on Net Asset Balances

Temporarily and permanently restricted net assets as of May 31 consist of the following:

	<u>2015</u>		<u>2014</u>	
	<u>Temporarily Restricted</u>	<u>Permanently Restricted</u>	<u>Temporarily Restricted</u>	<u>Permanently Restricted</u>
Donor-restricted endowment	\$ 483,155	\$ 629,639	\$ 485,937	\$ 580,793
Annuity trust and unitrust	614	5,449	633	5,594
Student loan funds	-	20,527	-	20,420
Gifts and other unexpended revenues and gains available for:				
Acquisition of building and equipment	81,293	-	70,320	-
Instruction, research, departmental support, scholarships and other	50,931	-	53,484	-
	<u>\$ 615,993</u>	<u>\$ 655,615</u>	<u>\$ 610,374</u>	<u>\$ 606,807</u>

17. Commitments and Contingencies

The University is contractually obligated for approximately \$69,122 as of May 31, 2015 for construction projects with scheduled completion dates through fiscal year 2018.

The University is party to various lease agreements which requires the University to make future lease payments and other agreements that entitle the University to future independent operations revenues. During the fiscal year, the University incurred \$565 and \$787 in operating lease expenses for facilities and equipment and received \$3,423 and \$3,367 in rental revenue in the fiscal years ended May 31, 2015 and 2014, respectively. As of May 31, 2015, the University has lease commitments and future lease revenue for the following future fiscal years:

	<u>Lease Commitments</u>	<u>Lease Revenues</u>
2016	\$ 658	\$ 3,069
2017	209	2,548
2018	142	2,235
2019	30	1,759
2020	18	1,589
Thereafter	119	2,318
	<u>\$ 1,176</u>	<u>\$ 13,518</u>

Southern Methodist University
Notes to the Consolidated Financial Statements
For the Fiscal Years Ended May 31, 2015 and 2014
(Dollars in Thousands)

Accounts payable and accrued expenses include \$44,615 reflecting the fair value of a ground lease contribution to The George W. Bush Foundation for the location, construction and operation of the George W. Bush Presidential Library Center facilities at the University as of May 31, 2015. This balance is being accreted over the 249 years of the lease, including extensions.

The University has committed to capital draws totaling \$673,545 for venture capital, real estate funds and other investments, of which \$492,298 had been drawn as of May 31, 2015. The University has committed to pay draws as required for the remaining \$170,204 through fiscal year 2026.

The University participates in the federal Title IV student financial aid programs and must fulfill federal requirements to qualify for these programs. Management is of the opinion that the University is in compliance with the federal requirements.

The University enters into contracts with vendors, some of which may have penalties for early termination. It is the University's practice when entering into such contracts to not cancel the contracts prior to the end of their term. If, from a business standpoint, including consideration of the cancellation penalty, the University does cancel any such contract, it does not believe there would be any material adverse effect on the University's consolidated financial statements.

The University is a defendant in several legal actions. The outcomes of these actions cannot be determined at this time, but management is of the opinion that liability, if any, from these actions will not have a material effect on the University's financial position.

The University has entered into four agreements with banks to guarantee the construction loan debt for sorority houses built on University land. Under these agreements if the debtors default on their obligations, the University may be required to satisfy all or part of the remaining obligation. The liability for these guarantees has been recorded as accounts payable and accrued expenses with an offsetting amount recorded as other assets. The following guarantees were outstanding at the end of the respective fiscal years. Unless otherwise noted, the maximum amount of the guarantee is equal to the amount outstanding. The Delta Gamma guarantee was issued during fiscal year 2015.

	2015	2014	Maximum Amount	Expiration
Phi Beta Phi	\$ 638	\$ 768	\$ -	2017
Tri Delta	3,062	3,062	-	2027
Chi Omega	2,895	2,314	4,000	2028
Delta Gamma	1,208	-	2,500	2029
	<u>\$ 7,803</u>	<u>\$ 6,144</u>	<u>\$ 6,500</u>	

During fiscal year 2015, the Board authorized the University to guarantee up to \$5,125 of debt for the Kappa Alpha Theta sorority. The corresponding loan and guarantee agreements are expected to be executed during fiscal year 2016.

18. Tax Status

The University has received a determination letter from the Internal Revenue Service indicating it is exempt from federal income taxes under Section 501(a) of the Internal Revenue Code of 1986 ("Code"), as amended, as an organization described in Section 501(c)(3). Peruna Properties, Inc., Pony Properties, Inc., the Southern Methodist University Foundation for Research, Peruna Holdings Corporation, Mustang Mockingbird Corporation, Mustang Mockingbird Properties, Mustang Airline Corporation, The Stadium Club, Inc., SMU Corp., and Peruna East Corporation are controlled corporations included

Southern Methodist University
Notes to the Consolidated Financial Statements
For the Fiscal Years Ended May 31, 2015 and 2014
(Dollars in Thousands)

in the University's consolidated financial statements and exempt from federal income taxes under Section 501(a) of the Code, as amended, as organizations described in Sections 501(c)(3) and 501(c)(7). The University, Peruna Properties, Inc., Pony Properties, Inc., the Southern Methodist University Foundation for Research, Peruna Holdings Corporation, Mustang Mockingbird Corporation, Mustang Mockingbird Properties, Mustang Airline Corporation, and SMU Corp, and Peruna East Corporation have been classified as organizations that are not private foundations under Sections 509(a)(1) and 509(a)(3), and as such, contributions to these entities qualify for deduction as charitable contributions. SMU Golf Foundation, another controlled corporation, is awaiting a determination from the Internal Revenue Service to be a tax-exempt supporting organization, under Sections 501(c)(3) and 509(a)(3) of the Code. The University and its controlled corporations are exempt from federal income taxes except to the extent they have unrelated business income.

The University complies with the requirements of ASC 740, *Income Taxes*, which prescribes a recognition threshold and measurement requirements for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. In addition, ASC 740 provides guidance on recognition, classification, and accounting in interim periods and disclosure requirements for uncertain tax provisions. The University and its controlled corporations do not have any uncertain tax positions and, therefore, have recorded no liability or benefit for such positions for the years ended May 31, 2015 and 2014.

19. Subsequent Events

On July 1, 2015, the 1985 Series general obligation demand bonds matured and the University paid the outstanding balance of \$19,200. The University has evaluated subsequent events from the balance sheet date through September 2, 2015, the issue date of the financial statements, and determined that there are no other items to disclose.
